## **Stallion Breeding Contract - 2014**

This contract made between The Driving Training Center (Don and Lisa Eckhardt) and \_\_\_\_\_ (purchaser) for breeding the mare \_\_\_\_\_.

Mares Breed Registration \_\_\_\_\_ Reg Number \_\_\_\_\_.

**Breeding Fee:** \$1500 to pure Friesians, \$1000 to other breeds which includes a non-refundable booking fee of \$250.00, due upon execution of this contract. The balance, plus all other costs are due and payable upon confirmation of the mare's pregnancy at 30-45 days. Any balance due that has not been paid within 60 days may be subject to a service charge of 12% interest each month.

### **Collection and Shipping:**

All semen will be shipped frozen; we do not offer live cover or cooled semen. The cost of semen and the first dose, two straws, is included in your breeding fee. Each additional dose, (two straws), if necessary will be \$250 plus any shipping and container charges. All shipping charges will be handled and paid by the purchaser through the DTC veterinarian, Dr. Paul Haffner 360-568-3972. 48 hours notice is required to ship any semen. Second day return on any shipping container is also required; please inform your vet clinic.

Your veterinarian must certify that the mare specified in this contract was the recipient and that any unused semen was destroyed. This contract is non-transferable without written approval from the Driving Training Center and Don and Lisa Eckhardt and is only for the year of 2014.

### **Live Foal Guarantee**

This contract contains a "live foal" guarantee: defined as a newborn foal that stands and suckles without assistance. If the mare does not produce a live foal, the mare owner will receive a return breeding privilege for the following season provided the mare owner notifies the breeder within 15 days of loss and sends confirmation of death signed by a licensed veterinarian. Collection and shipping fees will apply.

**Mare Owner**

The mare should be healthy and in sound breeding condition. A veterinarian health certificate and uterine culture are highly recommended prior to the shipping of semen. If the mare fails to settle in foal after two cycles, the farm may require the mare owner to obtain a current reproductive exam/uterine culture prior to further shipments.

The mare owner is responsible for obtaining a pregnancy confirmation exam at 30-45 days and forwarding the results to the farm.

The mare owner shall assume all responsibilities for the condition of the mare and shall bear risk of loss or damage to the mare, including but not limited to death, injury, and infection or by any cause whatsoever, including inappropriate or negligent insemination or failure of insemination. The mare owner holds harmless the farm, its owners, employees and agents from any liability for any and all damages.

**Contract Signatures:**

When the mare owner and the Stallion owner sign this contract, it will then be binding on both parties, subject to the above terms and conditions.

Stallion Owner: \_\_\_\_\_ Date Signed \_\_\_\_\_

Mare Owner: \_\_\_\_\_ Date Signed \_\_\_\_\_

Mare Owners Address \_\_\_\_\_

Home Phone: \_\_\_\_\_ Cell: \_\_\_\_\_ e-mail \_\_\_\_\_

Please return contract signed and include the following:

- 1. \$250 Booking fee
- 2. Copy of Mare's papers and photograph
- 3. Mare owners veterinarian information

Executed contract copy will be returned to you.
