

## Technical Specifications:

- Designed to be powered by your RV or Caravan's power supply 6 to 40V 98% usage efficiency
- Auto connection when device is in range.
- Tamper secure device communication data encryption.
- Fully Customisable device name pass key and level reference.
- Magnetic compass indicates North relative to the device.
- Mounting face up or face down.
- 100% factory tested and thermally calibrated.
- Precision of  $\pm 0.1$  degree over operating temperature range.
- Wireless Bluetooth® LE v4.0
- Device range up to 30m in open environment
- Ultra wide supply voltage from 6v - 40v @ 95% efficiency.
- Reverse polarity damage protection
- Low operating current < 12 mA @ 12v
- For use with iPhone® 4 and Android™ v4.3.1 (JellyBean) or newer smart devices.
- Day/Night viewing modes.
- Supports landscape and portrait orientation.
- Zoom feature so you can easily determine YOUR level.
- Inclinometer style gauges indicates  $\pm 45$  degrees and  $\pm 4.5$  degrees in zoom mode.
- Lifetime free app upgrades.
- Operating temperature extremes -40 to +65°C
- $\pm 45$  degree pitch and roll in normal operation
- $\pm 4.5$  degree in zoom (x10) mode
- Physical dimensions measures 62 x 62 x 22 mm
