From the Editor:

G'day all.

I must add my personal note of appreciation for the uncounted hours of work that Benny Mills gave to this town over many decades. He was a founder member and chair of the Management Committee as well as guiding the Memorial Hall Committee through 30 years of hugely successful Wine Tastings and building upgrades. He also served on the Brinkworth Progress Association Inc. and was instrumental in getting the shower and toilet block at Stockyard Reserve installed. Condolences to Lorraine and family.

.....
Mad March is here! Enjoy!

Special congratulations to Rachael Hampton on becoming a teenager, having celebrated her

13th birthday on February 29th. ☺ -Anne

- Well we are now into March. Progress has been very busy with organising final stages of the **Fair on 18th April**. Progress decided last year to hold this year's Fair at Stockyard Reserve to keep finances down (hire of equipment etc.) Also, to have the Fair in these surroundings we believe will make the day pleasurable and cheerfully relaxing. This is a free to Public event this year so hopefully this will generate plenty of foot traffic.
- There has been much discussion about two events being held on the same day but we have been informed that the Special Projects Committee didn't have a choice of dates. So, as a community we need to support and push forward to make it a successful day to be remembered and make Brinkworth *rock!*
- We are awaiting the **pavers** delivery and hopefully will be able to lay them in the coming weeks.
- More work on the **Mural** on Main St Toilets will soon be commencing. These toilets have been closed temporarily.
- **Seating on the Peppertree Trail** in certain spots will soon be on the way.
- Report on the prospect of having a **dog park** in Brinkworth: the Council have been informed of our interest and hopefully this will be taken into consideration on the Strategic Planning Council are working on at present.
- Work and maintenance at the **Overnight Stay area** and along the trail: this is an on-going task for Progress as is the organising of Australia Day, Country Fair, Town Garage Sale, Brinkworth Birthday, Christmas Party, Raffles etc. We have a membership of 10 at the moment we are an aging group but still enjoy the commitment to making this a pleasant, fun community to live in.

- Norma Hardy, Chairperson.

NEXT MONTH'S MEETING:

Monday April 6th , 7 pm

at Brinkworth RSL Rooms

New members & visitors welcome

CFS Report

The Brinkworth CFS Members would like to pass on our deepest sympathy to Lorraine and family on the passing of Benny. Last year, Benny was awarded the 30 year service medal for his involvement in the local fire brigade. This was one of many things he volunteered his time to in our community.

(Picture: Phil Tapscott from Region 4, presenting Benny with his medal.)

Viterra put out a post-harvest survey recently, to provide feedback to improve their services. There was a total of 3 farmers, in SA who had a chance to win \$1,000.00 towards a community group.

Matt Dare was one of those 3 winners and he chose the Brinkworth C.F.S Brigade.

(Picture: Matt Dare, Bart, David Purdie)

To Matt and his family, Thank-you.

Thanks to those CFS Members who went on deployment.

Fire season will end on the 30th of April this year. As from the 1st of March, burning can be done under permit conditions as in the past.

Best Regards , Steve Welke

Brinkworth Area Group of the Australian Plant Society - President's Report for AGM 26.02.2020.

2019 drew this socially vibrant group together at meetings, on field trips and at the annual camp. **The camp was held this time from Sunday 15th to Friday 20th September on the Fleurieu Peninsula at the Cape Jervis Accommodation and Camping Ground** – about 3km from the sea and close to the Deep Creek Conservation Park. Picturesque with many wildflower walks it was loaded with xanthorrhoeas, in amongst eucalypts, grevilleas and many other species. A visit to the Raywood Nursery brought us very close to the Superb Blue Wren. Informative it was to have **Jeff Reid President of the SA Region of APS** show us the **COOTS (Conservation of our Threatened Species) Land's End Project** near Fishery Beach. Jeff's passion over 25 years has proved vast regeneration of species since the removal of weeds eg. Bridal Creeper, Cape Honey Flower as well as olives, boxthorn, horehound, scabiosa and onion weed.

Meetings are held monthly in the supper room of the Brinkworth Memorial Hall with a variety of guest speakers and presentations. On these occasions 'Tea Meetings' are held beginning at 6.30pm followed by the speaker and meeting and it has given members the opportunity to meet and mingle with our guest prior to the meeting. Other times we commence at 7.30pm. Always, there is an array of native flowering species to identify by lucky persons from our group and some tube stock is available to purchase too. The library has an outstanding collection of books for members to peruse and borrow. Plants donated by members for a raffle are usually drawn by the guest speaker and a hamper of donated items is presented to the guest speaker at the evening meetings.

Guest speakers in 2019 have expanded our interest in the following presentations. **Neville Bonney 'Useful Native plants for the River Broughton region before European settlement'**. Neville spoke on the uses of Lemon Grass, Eremophila, Sheoak, Dianella, Quandong, Nitre bush, Sandalwood, Acacia and Xanthorrhoea, just some of the plants used by Aboriginal people in the River Broughton area. **Katja Hogendoom**

(Adelaide University) whose topic was 'The importance of maintaining the diversity of bees and other insects'. Included in her presentation Katja spoke about native bees in the Adelaide Hills and Mt. Lofty Ranges, European bees gone ferrel and the construction of Bee hotels and gardens. **Ali Ben Kahn (Secretary and Group Liaison Officer of APS SA Region)** spoke of the threat to many small birds eg. The red-capped robin, wrens, pardalotes and scrub wrens and what she had learned about conservation of native birds in gardens. **Peter Hunt (long term member of the Malacological Society of SA)** highlighted the study and identification of native species of snails and encouraged APS members to photograph any species of snails, as they may be of interest to him. **Local group member Coral Dutschke** gave an illustrated presentation on their **trips to WA** illustrating many wildflowers including photos of a Boab Tree which was transported from Northern Australia and doing well in King's Park, Perth.

A Field Trip in August arranged by group member Andrew Clucas explored local areas of interest near Clare including **Neagles Rock, Emu Flat and Brookes Lookout**. It is interesting to note that some plants eg. Scaevola and Goodenia were regenerating at Brookes Lookout since the fire in autumn. **Another project** includes assistance with design and native plants for the Gladstone RSL 'Peace Garden'.

Each year a social gathering and planning meeting for the year's program is hosted by a group member. For the end of the year Wind-up the group met at The Medika Gallery Blyth where Ian Roberts gave a demonstration on grafting after which we met at Padnaindi Park for a BBQ Tea followed by a movie presented by Ian at the Blyth Cinema.

The year was only a success because of the input from willing group members, especially filling in for me in my absence several times. The outstanding and diligent work by our secretary Heather and 'up to the minute' book keeping by treasurer Marian, (both such treasures), enables our group to function efficiently in the interest and love of Australian Plants and the landscape they grow in.

Thank you all. Helen Weckert, President.

NEXT MEETING:

March 25th, 7:30pm Brinkworth Hall Supper room.
Helen and Bruce Weckert, Trips around Australia.
