Preschool: Happy Monday! We had a great first couple of days last week! We are getting used to our routine. There are quite a few of us. We have lots of new friends, so we are playing games to learn names. Mrs. Wisely has been a great help! She will be in and out of our room to help with projects. This week we will begin recognizing our names and counting. Have a great first week of school with a three-day weekend to follow. **-Miss Stacie**

Kind/1st: We are getting into the groove of our routine this week! Homework will be going home each night and we will be starting our content curriculum. Make sure to check your student's red folder and return it to school each day! I hope everyone has a great first full week! **-Mrs. Schenker**

"What makes a child gifted and talented may not always be good grades in school, but a different way of looking at the world and learning" -Chuck Grassley

2nd/3rd: Wow! What an exciting week we have this week! Here's what to expect: **1.** This will be our first full week of school! We're starting spelling this week! **2.** We'll be working in IXL this week and working on some review from last year! **3.** We're beginning to collect pop tabs. Please keep an eye on Class Dojo for upcoming projects and tests! I'll be posting announcements on those! Have a great week! **-Miss Ettlin**

4th/5th: Welcome to all my new students and parents! Our class spent some time last week completing some "Get to Know You" activities and going over classroom rules. This week we will be getting used to our new schedule and our textbooks. Students will begin working in their Spelling books this week and will have their first Spelling test on Thursday. They will also have a Journal topic each week to complete on Tues. and Thurs. In Science, both grades will begin a unit over classifying plants and animals. In Social Studies, 4th graders are reading a unit about the land and regions of the United States and 5th graders will start a unit called "Early Peoples of the Americas". In Math and English, students will work on some review problems and the basic rules before moving on to more difficult units next week. Thank you, parents, for checking your child's planner each night -I really appreciate it! Have a wonderful week. **-Ms. Mott**

6th/7th/8th: Well, it's been a really good couple of days. I'm very encouraged by what I've seen so far. This week, we will jump full-on into all subjects. There won't be any tests this week, other than our weekly spelling test on Friday. If anyone has any shoe boxes they can donate over the next month for an upcoming project, it would be greatly appreciated. **-Mr. Ewing**

INFO: BUCKET FILLING is our theme for the year. This excerpt is taken from the book “Have You Filled A Bucket Today?” by Carol McCloud. All day long, everyone in the whole wide world walks around carrying an invisible bucket. You feel very happy and good when your bucket is full and you feel very sad and lonely when your bucket is empty. A bucket filler is a loving, caring person who says or does nice things that make others feel special. When you make someone feel special, you are filling a bucket. But, you can also dip into a bucket and take out some good feelings. A bucket dipper says or does mean things that make others feel bad. When you fill someone else’s bucket, you fill your own bucket too. **Try to fill a bucket and see what happens!**

MISC: Character Ed Word: Pride

We are extremely excited to have a school website and Facebook page coming soon!

MUSIC: We are doing a bucket filling program for September by Red Grammar (father to pop singer Andy Grammar). Please look for lyrics this week. The program will be here before we know it. – **Miss Stacie**

CHARACTER ED: This year we will focus on filling other people’s buckets with kindness. We will also talk about how to fill our own bucket, and how to keep others from dipping. Have a great first full week! –**Miss Stacie**
