When you need the dependability of a construction grade generator and the power to perform multiple jobs, look no further than the “Big Dog”, Winco’s latest addition to our premium line of industrial generators. With a rugged roll cage built of 1¼” inch steel and a monster 15 gallon fuel tank that will keep you powered all day, the Big Dog is tough to beat. Add to this the performance and durability of a Winco industrial portable that is designed to meet your demands and you’ll see why the Big Dog has truly earned its name.

WL18000VE

18,000 Watt Generator

- 18,000 Surge Watts, 15,000 Continuous Watts
- 120/240 A.C. Output Voltage
- 125/62.5 Continuous Current Rating
- 7.5 hp Motor Starting Capability
- Automatic Voltage Regulated
- Rotating Field Brushless Design
- Briggs & Stratton Vanguard 895cc/OHV 31hp
- 4-20 amp GFCI Straight Blade 120 Volt Receptacles
- 2-20 amp Twist Lock 120 Volt Receptacles
- 1-50 amp Straight Blade 120 Volt Receptacle
- 1-30 amp Twist Lock 240 Volt Receptacle
- 1-NEMA 14-60R 60 amp Straight Blade 120/240 Volt Receptacle
- Dimensions 41 x 26.75 x 29 inches
- Weight 520 lbs
- Warranty 2 yrs Generator, 2 yrs Engine

Standard Features

- Low Oil Protection
- Electric Starting System
- Hour Meter
- 15 Gallon Fuel Tank
- 10.5 Hours Run Time Half Load
- 6.8 Hours Run Time Full Load

Features

- Circuit Breaker Protection
- Key Electric Start
- 4 Wheel Dolly Kit w/10” Pneumatic Wheels
- Collapsible Handle
- 18KW Surge
- Large 15 Gallon Fuel Tank
- Low Oil Protection
- Heavy Duty, Built-In Lifting Eye
- Spark Arrestor Muffler

Benefits

- Protects Generator Circuits from Overload
- Easy Starting Capability with Security
- All-Terrain Mobility
- Easy Transport and Storage
- High Motor Starting Capability
- Will Run almost All Day without Refueling
- Prevents Engine Damage due to Low Oil Levels
- Easy Mobility from One Job to the Next
- Added Safety on the Job
