

THANK YOU RON AMITRON; IN WHICHEVER UNIVERSE YOU ARE

*The nature of Truth is such that it never changes. It is always available when you
"Go-within"*

Ron Amitron was the Ambassador to earth from the Creation Lightship. His earthly mission completed on 9-6-2018 and he departed on 9-9-2018.

November 2018

To my brother from another mother:

I extend my eternal gratitude and I honor the many sacrifices that I am (personally) aware you made for ALL of humanity I will continue to honor your gift(s) and not take any of it for granted.

Now, let me begin by stating for the record that Ron did not abandon us. He could not extend his time here as those of you who knew Ron and who were paying attention, are fully aware.

Ron informed us on several occasions that his mission was supposed to complete approximately 2008; but there was so much darkness on the planet he kept getting extensions.

Ron had his personal 'ascension' on 12/21/2017 [he talked about it on the show]. Since then his life became physically very painful for him and he battled daily to endure the darkness that was surrounding him, but he refused to leave until his mission was complete. Those of you who came to visit with Ron at the various expos during that time period can bear witness to this.

There is a reason why true beings of light did not come onto the old earth planet easily. It was literally too painful for them.

And it is why we, who I now call the survivors of old earth are considered so special. We are looked upon by many as not being the worst of the worst, but the best of the best; the strongest of the strong; since only powerful beings could have shifted such a deeply entrenched ancient darkness.

In or around August of 2018 Ron successfully flipped the switch [the term he used] and locked us (his frequent flyers) onto the Creation LightShip (CLS) timeline because earth had successfully reached a point where there was more light than darkness available on the planet and it was a case of “carpe diem” (he seized the day) and successfully completed his mission.

On the lightship (*Ron informed me*) the other light beings considered his mission -- a **Mission Impossible**; because the earth was mired in such a pervasive and ancient darkness.

Well, he completed his Impossible Mission and we are all the beneficiaries of his personal sacrifices and intense labor.

With eternal gratitude for safely navigating us through the valleys of shadows, debt and darkness.

THE FILING CABINETS (your training wheels) ON THE CLS TIMELINE:

THE FACT IS THAT EVEN THOUGH YOU HAVE ACCESS TO THE INFINITE POWER OF THE LIGHT, IF YOU DON'T BEGIN TO CONSCIOUSLY USE IT AND CREATE THE QUALITY OF LIFE YOU DESIRE LIVING; NOTHING WOULD "APPEAR" TO CHANGE FOR YOU.

We are the anchors / light portals who are holding/anchoring and bringing in the light energies onto the CLS new earth timeline. --- It is very important that you begin to create the reality you want to experience.

Before leaving, Ron showed me the CLS "filing cabinet" that are available for us to store our creations while we "perfect" our creations. He used the concept of filing cabinets during our transitional period to make it easier for use to manage our creations.

He said it would be easy for us to enter as well as remove our creations from the cabinet until such time as we gain mastery over our creations.

Ron simply didn't want us anchored to an "external device" (the back-packs) that would prevent us from going within and freely accessing our internal light source and start creating our individualized life stories.

Those of you who are "feeling" the clearings on the old website is actually feeling the energy from your back packs that Ron gifted us all with until such time as the CLS timeline solidified (became grounded) --- which it has. Again, Ron did not leave any of us without resources. --- remember Ron was the ONLY conduit to safely reach the LightShip.

Initially, I thought that the filing cabinets had the creations we would experience but actually they are just there available and waiting for us to fill. There are countless numbers of them waiting for us to put in our desires wishes and dreams.

Ron gave everyone who ever did clearings with him (special) backpacks with enough life force energy to last us for the rest of our life. --- the back packs are no longer necessary as we who are reading this has successfully transitioned onto the CLS time --- whether or not you ever met or knew of Ron.

Those of us who actually knew Ron simply benefited from the energies earlier.

Free will MUST be respected.

The back pack could be used for you and your family, however, if their energy is not compatible with the CLS timeline they may not be able to stay on the timeline mainly because it will be too painful for them.

Negative emotions like Anger, fear, jealousy, lying will take you off the timeline. You can always clear the emotions and get back on, however the urgency Ron felt and one of the main reasons for giving us all back packs is that he became aware of the rapid collapse of the old earth timeline. Actually it has already been removed from our reality.

He saw many people burning up internally from the increased light that is being poured into them.

By December we will experience a complete refinement of the energies. Ron said he felt a sense of “completion” at the time.

I urge you all to start paying close attention to everything around you and see how you are feeling about it. For me personally I have found my feeling body to be my best energy gage.

If you didn't do the feeling body clearing in the past do it now.

How the energy is commanded on the CLS timeline is much easier than on the old earth as there is no densities to work through.

You can still use the Mind to Heart drop which will take you to the CLS timeline but don't do it in fear or desperation. Do it while being conscious as to why you are doing it. You will begin to perceive when you are on the CLS timeline and when you are bi-locating. This takes you there immediately and consciously.

Do the shrink wrap if you are ultra sensitive to energies while bi-locating it keeps you focused.

Do the I now increase my life force energy [after you do the mind to heart] to super charge your manifestations. Again don't do it from a place of fear, desperation, frustration etc as you will not be able to anchor on the CLS timeline. **YOUR MIND MUST BE PEACEFUL.**

ALL OF OUR CREATIONS ARE DONE ON THE MENTAL PLANE but we experience them on the physical plane....that's why there was such competition for control of your thoughts on the old earth.

For those of you who have been asking when ascension will occur the answer is that it already has. All ascension is, is the process of remember who and what you truly are.

You are not light beings, you are beings of light or beings of infinite intelligence. You possess all the light=knowledge you can every desire. And it is available to you as you rise through the dimensions.

You don't need a guru. You are your own guru. Learn to trust yourself. Trust your instincts. Trust your awareness.

Stay conscious. Stay mindful. Stay peaceful. Stay grateful. Stay awake and aware.
