

Edith Kaale

Testimony

Edith is a dynamic professional with a successful track record of educational and working experience in the following fields: -

After secondary school education, Edith trained as a nurse (MTC Mombasa) and, following her graduation, worked in the Health industry as a community Health worker. She then pursued and qualified with a Higher Diploma in Medical Health and Psychological Counselling and obtained a certificate in Trainer of Trainers/Trainer of Facilitators. After this she followed with another course and obtained a certificate in voluntary counselling and testing all at Kenya Institute of Professional Counselling/NASCOP.

Edith is SAPTA qualified with a Diploma in addiction Counselling. She went on to obtain a Kenya Certificate Examination for Addiction Counsellor Level 11 with NACADA /KAPCC. She then further extended her education by studying for Bachelor of Arts in Counselling with Kenya Methodist University. She is currently pursuing a master's degree in counselling psychology at the same University.

RiMa Serene Medical Centre

Edith's role will be as Program Consultant and she will work, on a part time consultative basis, with our very qualified team of counsellors, making sure we achieve excellence as a treatment facility. She will provide assurance that protocols are followed and that no stone is left unturned in delivery of our care.
