

Dock and Dumpster Treatment Cleaner and Deodorizer

Dock and Dumpster Treatment instantly applies a “Knock Down” fragrance and releases enzyme producing bacteria that attack fatty acid malodors and digests spilled food soils and grease that build up in dumpster areas, trash cans and docks. No scrubbing, no rinsing and is easily applied with a garden hose in 60 seconds.

Foam	Moderate to low
pH Use Dilution	6.0 - 8.0
Phosphorus Content	0.0%
Approvals	cRc

Pack Sizes

3041211	4/1 quart case
----------------	----------------

Directions For Use

Equipment: Water hose and sprayer. Disposable hose sprayer is included.

To Spray and Apply Product: Connect spray attachment to hose. Pull back safety latch and rotate dial. Product automatically dispenses at correct dilution.

For dock areas and trash cans: spray three times per week to eliminate and prevent build up of slippery food, soils and grease.

For dumpsters: spray into the interior and surrounding area of dumpster.

1. Spray first when dumpster is emptied.
2. Spray treatment again when dumpster is 1/3 full.
3. Spray the final treatment when dumpster is 2/3 full.
4. Repeat process when dumpster is emptied.

Safety Reminder

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.
