

Concept to Completion

Arctic Entry Addition Featured in "Alaska Magazine"

If a home's Architecture represents its body, it's Soul is defined by the Design you encounter when walking through the door. Your home is more than a place to rest your head it's a Shelter from a stressful world a place

President

Robert A. Squires
CAPS. Certified

State of Alaska
Residential

Robert has over 25 years experience in the construction industry. At age 10 Robert built cabins and guided fishing and hunting trips in the bush of Alaska at his Families Lodge on Alexander Creek. After high school he worked as a Trim Carpenter for Hagimier Homes, and Michelson & Daughter prior to starting his own Finish Carpentry Business in 1984. During the late 80's Robert went to Hawaii, where he was Foreman and Superintendent of up to 125 employees on multiple million dollar government building projects. He has ran his own remodel business or managed remodels for larger companies since 1994.

Robert is dedicated to Quality workmanship and exceeding the industry standards. He is well respected in the remodeling trade for his knowledge and innovation as well as his attention

"Steady plodding produces prosperity, hasty speculation produces poverty? Pvb 21:6
