

Did you know that **GentleMove** offers

TRANSITION MOVING CONSULTING SERVICES FOR SENIORS to simplify their lives.

“I want to thank you again for the great help you have been to us moving my mother to the Sunrise Senior Residence. Your knowledge of the stores and services in the region were an additional definitive asset. When coming from out of town, it is quasi impossible to find relevant places without any glitches. And on the 30th of December!!! I was so happy I had asked you for store advice. Our tasks were made easy based on the information you provided. My mom also mentioned that you re-arranged the pictures on her wall again and she was thrilled with the results...” Marie-Suzanne (Toronto)

AND

RENOVATION PROJECT AND DECORATING CONSULTING

Jane Guest has a magic eye and special touch for the effective and harmonious arrangement of furniture and objects. Having magically de-cluttered and re-arranged my home in view of a sale, I could not resist engaging her to advise me on the design of my new home which consists of a major renovation of an older home. The renovation project has now been ongoing for several months and Jane`s input has gone a long way towards inspiring confidence in some of my own choices, as well as providing excellent advice in the solution of some tricky design and space layout issues. Ezio Del Bello (Baie d`Urfé)
