## INTRODUCTION

Since its founding in 1851 by Republican Henry Jarvis Raymond, *The NY Times* has been a big player in shaping public opinion. But it was not until 1896 that the *Times* took a turn to the internationalist Left when it was purchased by a German-Jew named Adolph Ochs. In 1897, Ochs himself would coin the paper's now famous self-serving slogan, printed on its masthead every day ever since: "*All the News That's Fit to Print*".

Adolph Ochs

Ochs' daughter married Arthur Hays Sulzberger, who became publisher when Adolph died. Ochs' great grandson Arthur Ochs Sulzberger, Jr. is the publisher of the NY Times today. So, for 1.2 centuries, America's most influential propaganda sheet has been in the hands of the same Zionist-Marxist family. Count on *The Times* to promote big government, Globalism, phony environmentalism, Israel, the Fed, and endless wars.

Just how powerful is what your fighting author likes to refer to "Sulzberger's Slimes"? The erudite writer Gore Vidal may have been a morally degenerate sodomite who was wrong about many things, but his reference to the Slimes as "*the Typhoid Mary of American journalism*" was as spot-on as it was witty. One need only glance at the morning headlines of "the paper of record", and then take note of how the superficial infomercials known as "the Nightly News" will so often pick up on whatever front page fairy-tale that the Manhattan Mendacity Machine spun that very same morning.

Like some journalistic plague; the virus of lies, half-truths and cherry-picked data then infects the unguarded minds of the whole country, and indeed, the world. Such is the indisputable power and undeserved "prestige" of this dreadful "Orwellian" institution.

**The Anti-New York Times** was originally established as, and still is, a pay-to-view daily sub-page of **TomatoBubble.com**. Beginning in 2015, the collected rebuttals to the Slimes' Spin were published in Quarterly book format – which you

now hold in your hands. To best understand the bare-knuckled and often humorous rebuttals, it is recommended that readers also purchase and study, ***Planet Rothschild: The Forbidden History of the New World Order***. That will give you a firm grounding in REAL history while **The Anti-New York Times** informs you of the contemporary world which had grown out of that tragic history.

When gathered in one place, the rebuttals expose The Slimes as a deceitful naked Emperor. If the Slimes is the disease of deception, let **The Anti-New York Times** be your antidote of truth.

## NY Times (Op-Letter): Desegregation at Little Rock

A daughter recalls her journalist father's reporting of the desegregation of the Little Rock, Ark., public schools in 1957.

REBUTTAL BY

# The Anti-New York Times

More than 60 years after the fact and Sulzberger's Slimes is *still* beating the big bad White Man over the head with the story of the forced desegregation of the public schools of Little Rock, Arkansas. This particular remembrance (*the one millionth or so vomited out by The Slimes since 1957*) is brought to us by **Carla Fine**, (*cough cough*). Ms. Fine is the daughter of **Benjamin Fine** -- a Slimes reporter who had been sent down to "the land of cotton" to stir up the usual racial strife back in the day.

A bit of prideful Bolshevik barf from the article:

*"I am so proud of my father's legacy, along with all the other courageous reporters, both then and now, who witness and write the truth even in the face of danger. ... In 1957, my father told Elizabeth not to let the mob see her cry, although her elegant words to me did not stop me from sobbing myself"*

Oh the bloody drama! Where would Black folk be without these oh-so-benevolent yids to fight for them? (*rolling eyes*)

But the subject of the Little Rock affair does offer us a "teachable moment" <sup>TM</sup> -- an opportunity to set the record straight about this ~~misunderstood~~ misrepresented event from history. Sugar, fire up the TomatoBubble Time Machine and set the dial for 1957, please.

***1. Yankee-Jew "reporter" Benjamin Fine inserted himself into the controversy at Little Rock.***

The Communist NAACP (*National Association for the Advancement of Colored People*) had recruited plaintiffs for a class action lawsuit --- the famous **Brown vs Board of Education** case of 1954. **The Warren Court** unanimously ruled that, in regard to public education, the racial segregation doctrine of “separate but equal” was unconstitutional. States and communities throughout the South immediately began to set plans in place to obediently comply with the new edict.

In Little Rock, the capital city of Arkansas, the Little Rock School Board also agreed to comply with the Supreme Court’s ruling. The Superintendent of Schools submitted a plan of gradual integration to the school board in May 24, which the board unanimously approved. The plan would be implemented during the fall of the 1957 school year

This original proposal was scrapped and replaced with one that was more gradual and less shocking to the White communities – with the target levels of forced integration not to be fully achieved until 1960–1962. This drew criticism from the communist NAACP of Little Rock. They criticized the plan on the grounds that it was “*vague, indefinite, slow-moving and indicative of an intent to stall further on public integration.*” But what really triggered the wrath of the Marxists was an alteration to the plan that would have given White students the choice of attending a school that was not previously part of their assigned district.

The NAACP filed another lawsuit in February of 1956. This lawsuit instigated the **Little Rock School Crisis of 1957**. Though the courts ruled against the NAACP’s appeal, the group did ultimately succeed in its legal attempts to force Little Rock to implement integration on its terms and its timetable. **It was the confrontational**

**NAACP, not the local “extremists,” who initiated the heavy-handed tactics** by way of legal harassment and the recruitment of nine Black student-pawns to force immediate, rather than phased-in integration.

White protesters threatened to hold protests at Central High and physically block the black students -- *who had been recruited and organized by the NAACP* -- from entering the school. **Governor Orval Faubus** then deployed the Arkansas National Guard to thwart the NAACP’s staged event. The sight of a line of National Guardsmen blocking out the students made national headlines and polarized the nation. What people did not see was the unreasonable and relentless provocation of the Jewish-led NAACP.

**Woodrow Wilson Mann**, the Democrat mayor of Little Rock, then asked President Eisenhower to send federal troops to enforce integration of the nine students. On September 24, the Tyrant-in-Chief ordered the **101st Airborne Division of the United States Army** to Little Rock and federalized the entire 10,000-member Arkansas National Guard, taking it out of the hands of Governor Faubus. That was the end of Little Rock’s reasonable plan for gradual integration.

*The NAACP and the media vilified Governor Faubus – who called out the Arkansas National Guard to thwart the NAACP’s stunt. Forced integration wasn’t enough. The Marxists wanted it to happen on their time table.*

\*

### *The biggest story of 1957*

The act of military intervention on American soil was so extreme that Ike felt compelled to address the nation by misrepresenting the situation, omitting key details, vilifying the White “extremists” of Little Rock, and citing the Charter of the United Nations as the partial basis for his action!

Some excerpts:

*“Good Evening, My Fellow Citizens: For a few minutes this evening I want to speak to you about the serious situation that has arisen in Little Rock. To make this talk I have come to the President’s office in the White House. I could have spoken from Rhode Island, where I have been staying recently, but I felt that, in speaking from the house of Lincoln, of Jackson and of Wilson, my words would better convey both the sadness I feel in the action I was compelled today to take and the firmness with which I intend to pursue this course until the orders of the Federal Court at Little Rock can be executed without unlawful interference.*

*In that city, under the leadership of **demagogic extremists**, disorderly mobs have deliberately prevented the carrying out of proper orders from a Federal Court. Local authorities have not eliminated that violent opposition and, under the law, I yesterday issued a Proclamation calling upon the mob to disperse.*

*This morning the mob again gathered in front of the Central High School of Little Rock, obviously for the purpose of again preventing the carrying out of the Court’s order relating to the admission of Negro children to that school.*

*... In accordance with that responsibility, I have today issued an Executive Order directing the use of troops under Federal authority to aid in the execution of Federal law at Little Rock, Arkansas. This became necessary when my Proclamation of yesterday was not observed.*

The tyrant Eisenhower thus became the first president since the US Civil War to deploy the military against his own people; and **he did so in support of the trouble-making NAACP -- a front for domestic subversion**. The deployment was as shocking as it was unnecessary. Why didn't Eisenhower use his status, his popularity and his legendary charm to bring the parties around a White House table and work out a face-saving compromise solution for all?

Eisenhower's heavy-handed state intervention on behalf of Marxist-Black agitators established a dangerous precedent that would serve to make these groups even bolder in later years.

**1 & 2. Eisenhower reassures the nation after ordering the 101<sup>st</sup> Airborne division to brandish their bayonets in support of the Communist NAACP's unnecessary demands. // 3. Governor Faubus holds up headline: "Guns Force Integration"**

**NY Times : Biden Is Preparing for 2020. Can He Overcome the Hill-Thomas Hearings?**

REBUTTAL BY

# **The Anti-New York Times**

As Chairman of the Senate Judiciary Committee in 1991, **Creepy Joe Biden** opposed the idea of having the FBI investigate the fake charges leveled at Supreme Court nominee **Clarence Thomas** by the wicked **Anita Hill**. In spite of the nasty slander aimed at the conservative Thomas, his nomination was voted "out of committee" and referred to the full Senate. Biden, along with most of the Demonrat

Party, then voted against Thomas, who was approved anyway by a very narrow vote of 51-48.

By the time **QFS 2020** (*Quadrennial Freak Show*) rolls around, libtarded / Marxist primary voters aren't really going to care about Biden's seeming reluctance to blindly believe Anita Hill three decades ago -- as this article suggests. If in fact he does run, he would have a very good chance at winning the Demonrat nomination -- and then, in the battle against Trump 2020, his skin-crawling sexual creepiness (*and his stupidity*) would surely come out and sink the Demonrats even further. Run Joe, run!

***When the Communist She-Devil Anita Hill falsely accused conservative nominee Clarence Thomas of "sexual harassment"™, Judiciary Committee Chairman Biden remained neutral -- though he did ultimately vote against the Thomas nomination when it went before the full Senate.***

Some of "youse" millennials may not recall, but during QFS 1988, Creepy Joe was forced to drop out of the Demonrat primaries after several embarrassingly blatant incidents of plagiarism came to light. That wouldn't be an issue in 2020, of course, but in this age of universal Internet access and You Tube video, Creepy Joe has a much bigger skeleton in his closet than plagiarism. We are talking about an unmistakable pattern of behavior around very young girls, women (*some married*), and even old ladies which, if fully outed, would shame this sickening swine back into obscurity.

From the "picture-is-worth-a-1000-words" archives, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times**, presents only a partial collection of Creepy Joe images which, when digested collectively, should indeed creep any decent person out of his skin:

*Normal?*

*Normal?*

*Normal?*

*Normal?*

***Normal?***

***Normal?***

In addition to the images above (*and there are more!*), there is also information about Creepy Joe's creepiness that comes from Secret Service agents who alleged that Biden liked to swim and parade around them (*including female agents*) in the nude. And there are numerous rumors about agents having to shield their wives and girlfriends from Biden at social gatherings; and one story about a jealous agent shoving Creepy Joe! Though we normally don't like to traffic in unsourced allegations, in light of the creepy images above ... well.

**Headline: US News & World Report (*August 1, 2014*):**

## **Biden Swims Naked, Upsetting Female Secret Service Agents, Book Claims**

Yes. Please run in 2020, Creepy Joe. Please.

*Then-Senator Jeff Sessions swats away Creepy Joe's hand as  
trues to swoop-in on Sessions adopted grand-daughter.*

\*

**Boobus Americanus 1:** *I read in the New York Times today that Joe Biden may run for President in 2020.*

**Boobus Americanus 2:** *I hate to say it, but unless the economy crashes, it will be very hard to beat Trump in 2020.*

***Sugar:*** Boobuss, even if we crasshed into a frickin' depresssion, Creepy Joe'ss obviouss lusst for children will ssink him.

***Editor:*** And don't think for one minute that Trump and his surrogates wouldn't use these images and videos against him!

**NY Times: Elon Musk Steps Down as Chairman in Deal With S.E.C.**

**NY Times: Pope Francis' Once-Soaring Popularity Has Dropped Dramatically, New Poll Says**

REBUTTAL BY  
**The Anti-New York Times**

Since the rise and rise of Donald Trump and his generals, one untouchable Deep State icon after another after another has either fallen completely, or had the glimmer of his red star greatly diminished. Hollyweird mogul **Harvey Swinestein**, **Eric Schmidt** of Google, PBS / CBS con artist **Charlie Rose**, NBC's **Matt Lauer**, **Tavis Smiley** of PBS, Senator **John McStain**, Speaker **Paul Ryan**, CBS boss **Les Moonves**, 60-Minutes Executive Producer **Jeff Fager**, and a whole bunch of other well known names from the interlocking worlds of politics, media and business are all finished -- caput!

Fed Chair **Janet Yenta Yellen** resigned; and Senators **Bob Corker** and **Jeff Flake** are, for some strange reason, also retiring along with a bunch of other Congress creatures from both parties. Even stars like **Mr. & Mr. Obongo**, **Mark Zuckerberg** and **Killary Clinton** have lost their luster. Meanwhile, over in the

EUSSR, Golden Globalists like the **Frumpy Frau** of Germany and **Boy Toy Macron** of France are suddenly crashing in popularity too. What's going on here?

*Janet Yellen, Paul Ryan, Les Moonves -- just a few of the many chess pieces that have been removed from the board.*

The unexpected and rapid descent of the two sainted charlatans featured in the two Slimes articles which we selected here is something that we could not have foreseen as recently as six months ago. As far as artificially puffed-up Globalist operatives go, you'll not find a pair more one-worldly, more communistic and more over-rated than the Fake Scientist / Fake Inventor / Fake Businessman, **Elon Muskrat** -- and the Fake "Holy Man," **Poop Frankie**.

Ironically, Sulzberger's Slimes, which played a big role in creating, out of whole cloth, both of these CIA imposters -- brings us a bit of good news about thus pair of seditious snakes.

On Poop Frankie:

*"The survey results, which echo two other polls last month also showing steep declines, show that Francis' reputation, which once seemed unassailable, has sustained considerable damage in the wake of the sex abuse scandal. Until recently, the pope appeared to be a rare public figure who attracted broad appeal among Americans."*

On Muskrat:

*"Elon Musk, under pressure from his lawyers and investors of Tesla, the company he co-founded, reached a deal with the Securities and Exchange Commission on Saturday to resolve securities fraud charges. The settlement will force Mr. Musk to*

*step aside as chairman for three years and pay a \$20 million fine.... The whipsaw events of the past few days followed a series of self-inflicted wounds by Mr. Musk."*

Oh how the mighty icons of libtardom are falling!

***1. The secret war on pedo-monsters has taken a heavy toll of the Marxist / Global Warmist Poop Frankie the Fake. 2. The Con-Artist Musk (also an outspoken Global Warmist and an advocate of "Universal Basic Income") would be NOTHING without government handouts, government mandates and free media publicity.***

Pardon us for making yet another excursion to "Crazy Town," but the only plausible explanation for the shocking fall-from-grace of these two rotten swine is that there must be a power somewhere so pervasive and organized that it can now take down top tier evil doers like Musk & Frankie, at will. This is *exactly* what Q-Anon has been forecasting for almost all of 2018. If "The Storm" is to be believed, the structure of **The New World Order** will be dismantled from the bottom up and the inside out.

Does this mean that the "White Hats" are getting closer and closer to the top of the pyramid? We have been and will continue to be very cautious about spreading false hope about what is to come --- but at this point, let's just say that no reasonable person can still claim that this unmistakable pattern of elite take-downs and force-outs is coincidental. No way.

Stay tuned.

**NY Times: Bitter Tenor of Senate Reflects a Nation at Odds  
With Itself**

**BY ALEXANDER BURNS**

**REBUTTAL BY**

**The Anti-New York Times**

Every hour, of every day, of every month for the past three years, the entirety of the Marxist Piranha Press, led by the seditious swine at Sulzberger's Slimes, have attacked candidate, then President Elect, then President **Donald Trump**, his supporters and his policies in the most vicious, dishonest and dishonorable ways that the fiendish mind of Satan himself can devise. And now, the very same "usual suspects" (*cough cough*) who have injected so much venom into the drinking well

of public opinion in the first place, have the "chutzpah" (*Jew-speak for shameless audacity*) to piss and whine about how badly the nation is divided?

Here's the kicker; in a display of classic Judaic "projection," they actually blame *Trump* for the division. From the article:

*"Historic grievances around race and gender are coming to a boil under the eye of a president who is dismissive of the concept of national unity."*

Cheese & crackers! It's enough to make a righteous man want to beat one of these Fake News sons-of-bitches over the head with a tire iron.

\* The ANYT does not advocate violence.

***It was Fake News that divided Americans, not Trump.***

Smell the fear and concern in these excerpts:

*"The great trend in American politics has been not toward muting political disagreements but rather toward confronting them — sometimes detonating them at deafening volume over social media. Mr. Trump, in turn, became president in large part by mastering the existing divisions at the heart of the country's culture, exploiting fissures around identity, ethnicity, sex, religion and class to forge a ferociously loyal coalition that represents a minority of the country but votes with disproportionate power...."*

*"Beyond government, the country's collective institutions — including the news media, the clergy and even professional sports and the entertainment industry — are in turmoil (due to Trump), with no obvious balm within reach."*

You see, the Demonrat Party and The Slimes aren't used to Republican'**ts** actually fighting back; and they don't know how to handle it. A Republican who does fight back against the Demonrat machine is derided for being "divisive" **™** and

contributing to "gridlock" <sup>TM</sup>. But the approval-seeking, virtue-signaling Republican't who gleefully bends over to pick up the soap for the Demonrats gets sainted by the Fake News as "bipartisan" <sup>TM</sup>.

*The Piranha Press can't handle Trump's aggressiveness...*

**Trump Tweet / 10 / 6: "You don't hand matches to an arsonist, and you don't give power to an angry left-wing mob. Democrats have become too *EXTREME* and *TOO DANGEROUS* to govern. Republicans believe in the rule of law - not the rule of the mob. *VOTE REPUBLICAN!*" (caps are his)**

*But the Slimes just luuuuvs mealy-mouthed "bi-partisan" Republicant's who vote like the silly hags Collins (ME) and Murkowski (AK); and the recently deceased McStain (AZ).*

In the bigger scheme of things, unless and until the tragic day arrives when Marxists and Libtards outnumber the saner elements of the electorate, America's deep Left-Right divide still serves the interests of the **PRC (Predatory Ruling Class)** in another way. If the people can be trained to only point the finger of blame laterally, the scum at the top don't have to worry about "the masses" waking up from their slumber, closing ranks and pointing *vertically*. Globalist Georgetown

Professor and mentor to Bill Clinton **Carroll Quigley** once "let the cat out of the bag" on how this game is played. A quote from Quigley himself:

*"The argument that the two parties should represent opposed ideals and policies, one, perhaps, of the Right and the other of the Left, is a foolish idea acceptable only to doctrinaire and academic thinkers. Instead, the two parties should be almost identical, so that the American people can "throw the rascals out" at any election without leading to any profound or extensive shifts in policy."*

Should the day ever come when united fingers of blame start to point *upward*, it will be lights out for the **New World Order**, and right quick too. But can the well-meaning element of the "Left" (*libtards*) and the patriotic conservative "Right" ever figure out the game and unite out of self-interest? That's a very tall order. As far as we know, there is only one man who has ever accomplished such an educational repair job. We yield the balance of our time to **Joseph Goebbels**, Minister of Propaganda and Public Enlightenment under **The Great One** (*that's Hitler for all you newbies and normies*).

*"Germany will become free at that moment when the thirty millions on the left and the thirty millions on the right make common cause. Only one movement is capable of doing this: National Socialism, embodied in one Führer – Adolf Hitler."*

Tell it, Little Joe. Tell it!

***1. Carrol Quigley was a revered Globalist academic who revealed to his academic colleagues how the Left-Right con job works in America. 2. Joseph Goebbels and The Great One skillfully united the German Left and the German Right against the REAL enemies.***

**NY Times: Why New Jersey Democrats Are Suddenly  
Worried About the Menendez Race**

REBUTTAL BY

**The Anti-New York Times**

As far as "blue states" (*Demonrat*) go, few are as blue as our home state -- the People's Republic of Jew Jersey. In fact, about a century ago, it was our Jerseyian fore-bearers who gave America the horrible **Woodrow Wilson Warmonger** of Princeton; who in turn brought "youse guys" the Federal Reserve, the Income Tax, entry into World War I, and darn near got us into The League of Nations.

The Jersey Demonrats of today are kept solidly in power by a polar opposite pincer movement consisting of old-line, snobby Yankee blue-blood elites (*think Princeton*), filthy rich Jews, and "college educated" professional libtards all combining to provide the bulk of the money and connections from one end -- with the easily herded urban-dwelling "minorities" <sup>TM</sup> and assorted Turd World riff-raff providing the bulk of the votes on the other. Every so often, hordes of angry middle class suburban White voters will finally show up and backlash against the Demonrats by electing a conservative-sounding "moderate" Republican't for Governor (*Christine Whitman, Crispy Creme Christie*). But no Republican't, even if he wanted to, would be able to change the state's downward direction due to the dominance of Demonrats in the State Legislature. New Jersey politics is a real freak show.

## ***NOTABLE JERSEY DEMONRAT SCUM***

***1. Senator Bill Bradley was an ultra-libtarded Globalist Oxford "Rhodes Scholar" who parlayed his pro-basketball career into a political career. // 2. 2004: NJ Governor Jim McGreevy was forced to resign when it was discovered that he (a married father of two) was being blackmailed by an Israeli homosexual he had "hooked up" with while visiting Israel (honey-trap) // 3. Newark Mayor (now US Senator) Corey Booker shamelessly stage-managed a dramatic "dog rescue" on a freezing night in 2013. After "tweeting" his intention to go and save the homeless dog, an associate alerted the media -- which was then able to film the fake hero in the act. One year earlier, he had pulled the same stunt with a woman and a fake "kitchen-fire."***

Twelve-year Demonrat incumbent Senator **Robert Menendez** is up for re-election in less than 30 days. Guys like him aren't supposed to lose. Therefore, after so many years of personal demoralization for us, it comes as a pleasant surprise shock to read the following in Sulzberger's Slimes:

*"Democrats in New Jersey, one of the country's bluest states, are growing anxious that the national party is not paying attention to warning signs that Senator Robert Menendez's re-election prospects are shakier than expected.*

*They point out that Mr. Menendez is saddled with high unfavorability ratings caused by ethics troubles; his Senate duties have kept him in Washington for days at a time; and his wealthy Republican opponent, Bob Hugin, has spent millions of dollars hammering Mr. Menendez with negative ads.*

*Two recent polls had the two men essentially in a statistical dead heat."*

A Menendez defeat at the hands of unknown Bob Hugin would be earth-shattering for the Demonrats because no Republican has won a Senate race in New Jersey **since 1972**. Maybe this "Red Wave / Red Tsunami" that Q Anon has been

foretelling will be even more devastating for the Demonrats that had been imagined. Of course, in the case of Menendez, there are other factors at work which, apart from the national trend toward Republicans, may sink him anyway.

***Amazing! NJ Businessman Bob Hugin may actually have a shot at defeating Demonrat Menendez.***

You see, what The Slimes glosses over as "ethics problems" are actually more serious than that. Bob Menendez was actually *indicted* by a Grand Jury for accepting bribes. At final trial, he evaded conviction and possible prison time only because of a hung jury, not an acquittal. Republican Hugin's extremely hard-hitting TV ads have been running A LOT on Jersey's airwaves -- hammering Menendez over the embarrassing indictment. Evidently, Trump's testosterone had dripped down to many other Republicans.

As bad as the bribery scandal smells, there is something else that Marxist Mendendez is alleged, by federal prosecutors, to have been involved with. And if Hugin can find a second ball to go along with the other one that he just recently found, he can *easily* sink this POS with a few attack-ads based solely upon already-published headlines.

*Hugin ad hits Menendez hard, but still misses something. Menendez, now in his sixties, loves his teen-age Dominican hookers -- some believed to have been as young as 16.*

**Boobus Americanus 1:** *I read in the New York Times today that Menendez is in trouble in New Jersey.*

**Boobus Americanus 2:** *That bribery indictment really hurt him.*

***Sugar:*** Red Wave incoming, Boobuss!

**NY Times: Dire Climate Warning Lands With a Thud on Trump's Desk**

**REBUTTAL BY**

**The Anti-New York Times**

Having closely monitored the Globalist "Global Warming" <sup>TM</sup> power-grabbing scam almost since its modest inception in 1978, it is interesting to observe how the marketing of this 40-year-old Fake Science has been modified and repeatedly re-modified in order to remain "credible" to the easily-misled. Originally and

ridiculously dubbed, "The Greenhouse Effect," <sup>TM</sup> the label had to be changed to "Global Warming <sup>TM</sup>," and then again, because there was no "warming," to the catch-all term "Climate Change <sup>TM</sup>." And now that even the most libtarded of libtards really doesn't foresee the Statue of Liberty being drowned due to the melting of Antarctica's mile-thick ice cover, new horror stories -- with new 10-year timetables -- have been invented to replace the old ones.

From the article:

*"While the United Nations warned of mass wildfires, food shortages and dying coral reefs as soon as 2040, Mr. Trump discussed his successful Supreme Court battle rather than how rising seawaters are already flooding Miami on sunny days."*

*(palm to face, sighing, shaking head)*

***1 & 2: Today's mis-educated millennials are too young to recall that the failed doomsday predictions of "Climate Change" were first peddled during the days when "disco" was all the rage! Now that the submerged Statue of Liberty image no longer seems plausible, wildfires & hurricanes have become the new scare tactics.***

Of course, regular readers of **The Anti-New York Times** certainly don't need to be told what the *real* agenda behind the scam is; but for the benefit of any normies and newbies stumbling across this type of analysis for the first time, we'd like to point out the ghoulish game is actually revealed -- albeit inadvertently -- in this very article. The conspiratorial payload is highlighted / bold-lettered for you.

*"The United Nations report paints a far more dire picture of the immediate consequences of climate change than previously thought and says that avoiding the*

damage **requires transforming the world economy at a speed and scale that has "no documented historic precedent."**

Translation: Totalitarian **New World Order** now! Thanks for the truth gem, Sulzberger.

***The "Greening of the Reds" has nothing to do with "saving the planet"™ ...  
The scam has always been about world domination by the Globalists. // Climate  
Bogeyman (by yours truly) exposes the game.***

The article does reveal a promising development (*positive from our perspective, not Sulzberger's*) which also helps to explain the sudden rash of warmist scare tactics being pumped out by the Fake News and the UN.

From the article:

*"Among climate-change scientists, there were increasing fears that Mr. Trump's withdrawal from the Paris accord, which at first seemed a lonely act of defiance, may embolden other countries to leave it as well.*

*In Brazil, voters are on track to elect a new president, Jair Bolsonaro, who has vowed to withdraw his country, the world's seventh-largest emitter of greenhouse gases, from the pact. .... to populists like Mr. Bolsonaro, Mr. Trump's demands that the United States be given a better deal could prove appealing.*

*"To the extent that we get these narrow-minded, so-called nationalist, populist leaders, we could have a big problem," said John P. Holdren, who served as President Barack Obama's chief science adviser."*

If a *huge* state like Brazil joins the U.S, in pulling out of the Paris scam, can others be far behind? It's a very positive development, BUT, we must caution -- unless

and until the scientific hoax is fully exposed; and the schools are forced to stop teaching this crap; and the perpetrators of the scam are arrested -- then "they" will surely continue to play this evil trick upon the world until "they" finally get what they want. In the long term, delaying actions and temporary nationalist spasms will not save the world from these Satanic Globalists and their elaborate deceptions. At some point, "they" must be completely and permanently eradicated --- or else the cancer will return even stronger in a few years.

***Obongo's "Presidential Science Advisor" John Holdren is worried that Bolsonaro might pull Brazil out of the Paris Climate Scam.***

***Boobus Americanus 1: I read in the New York Times today that Trump is ignoring the UN's new report on Climate Change.***

***Boobus Americanus 2: He doesn't understand the underlying science of the phenomenon.***

**Sugar:** *Sscience my ass, Boobuss! It's a frickin' communisst fairy tale -- nothing more.*

**NY Times: The Hurricanes, and Climate-Change Questions, Keep Coming. Yes, They're Linked.**

REBUTTAL BY

**The Anti-New York Times**

Another week, and another "1000 year storm," caused by manmade CO<sub>2</sub>, of course. At least that's what the "scientists" (*bow your head in solemn reverence as you say that word*) are telling us. From the article -- mealy-mouthed qualifications in bold:

*"Scientists are **increasingly confident** of the links between global warming and hurricanes. In a warming world, **they say**, hurricanes will be stronger, for a simple reason: Warmer water provides more energy that feeds them.*

***Researchers cannot say, however, that global warming is to blame for the specifics of the latest storm, Hurricane Michael.... There are already tantalizing suggestions, however, that the warming caused by all those greenhouse-gas emissions has had an impact on Michael"***

As if Florida has never experienced powerful storms before. Newsflash libtards! Hurricanes happen, hence, the mascot for the University of Miami -- the Miami "Hurricanes." Duh. Nothing to see here.

**1. Hurricanes hitting Florida? No way! // 2. The University of Miami doesn't call its football team the "Hurricanes" for nothing.**

So, today's hurricanes are "stronger," eh? You want to see "stronger?" We'll show you something "stronger." Sugar, fire up the Time Machine and set the date for Labor Day of 1935 / Destination: Miami.

Florida's Labor Day Hurricane of 1935 was the most powerful recorded hurricane ever to make landfall in the United States. The storm caused extreme damage in the Florida Keys, as a storm surge of about 20 feet swept over the low-lying islands. Winds of 185 mph combined with the massive surge destroyed hundreds of structures and completely obliterated the town of Islamorada. Portions of the Florida East Coast Railway were severely damaged or destroyed, and trains were knocked off their tracks. At a time when the area was far less densely populated than today, the storm claimed 423 lives, that we know of. Some of the victims were literally sand-blasted to death --- their clothes and flesh being ripped to shreds by grains of windswept sand. The monster hurricane also caused additional damage in northwest Florida, Georgia, and the Carolinas. How's that for "stronger?"

But 1935 was even more "strong" than that. Weeks earlier, a Category 2 (*like Irma*) had hit Bermuda and then made its way far up the Atlantic as a rare *extra-tropical storm* which struck New Foundland (*northen Canada!*). Weeks after the Labor Day disaster, a Category 3 struck Cuba and again grazed Miami. And finally, a very rare *November* hurricane -- a Category 1 -- *again* struck Miami.

# 1935

**1. 1935:** *A Monster Cat 5, a Cat 3, a tropical storm in northern Canada, and a November hurricane.*

**3. Miami:** *Railroad workers housed near the beach were sandblasted to death and tracks were badly damaged.*

Can "youse guys" (*New Jerseyese for the plural of "you"*) just imagine how the breathless Bolsheviks of Sulzberger's Slimes would react today if the city of Miami ever got hit with a Category 5, a Category 3 *and* a Category 1 November hurricane -- along with a tropical storm hitting as far north as New Foundland -- all in the same year? --- *"You see! You see! Climate Change Denier! Climate Change Denier!"*

Our "thoughts and prayers" <sup>TM</sup> go out to those who have indeed suffered property damage and lost loved ones due to Hurricane Michael; and we certainly do not mean to mock nor mitigate the situation. Just thank the God whom the Fake Scientists deny that it doesn't look like 1935 will be repeating itself in Florida.

Unfortunately, **about 90% of the 60 or so reply E-mails that came in were hostile and even hateful**, a few were neutral and only two were grateful for the information sent to them. We already knew that American High Schools were infested with warmist libtards masquerading as "Science" teachers. **NY Times: Migration and the Far Right Changed Europe. A German Vote Will Show How Much.**

REBUTTAL BY  
**The Anti-New York Times**

When Sulzberger's Slimes cautions about the rise of the "far right" <sup>TM</sup> **Alternative for Germany (AfD)** Party, the reflexive sentiment of us "good guys" is one of hope for Germany. Then the cold reality of reason, born out of years of experience and observation, takes hold. You see, this is Marxified Germany we're talking about here -- where "center right" <sup>TM</sup> means borderline Communist (*pink, not red*), and "far right" <sup>TM</sup> means useless wishy-washy "moderation."

It's such a pathetic spectacle. Not only is the "far right" <sup>TM</sup> AfD fronted by key female leaders (*including a lesbian*); but even with the non-menacing female faces at the forefront, AfD is still deemed to be *waaay* too scary for most libtarded-beyond-repair German voters. AfD's high-water mark is about 20%. Absent any potential coalition partners to work with in the screwy multi-party parliamentary system, the best this "far right" <sup>TM</sup> band of weak old men hiding behind the pantsuits of lesbians and butchy-looking divorcees can ever hope to accomplish is to bring some watered-down whining about the Turd World invasion into parliament.

## ***THE "FAR RIGHT" TO THE RESCUE?***

***1. Alice Weidel -- Lesbian Leader of AfD in the Bundestag (Parliament) // 2. .  
Beatrix von Storch - Deputy Party Leader***

***I know, gentlemen. I know.***

Of course, even if AfD were possessed of the heroic manly fighting spirit of **The Great One** (*that's Hitler for all you newbies and normies*), Germany's brutally enforced "hate laws" would preclude it from ever properly defining the origin of and the motive behind the mass invasion of Germany. And if you are unable to define a problem, how are you ever going to solve it? Hmmm?

There is a line in *Mein Kampf* (1924) which concisely summed up the grand game long before most people could even have imagined such a thing. Speaking of France's post World War I importation of occupying troops from its French African colonies, **The Great One** dropped a truth-bomb which still applies:

*"Jews were responsible for bringing Negroes into the Rhineland, with the ultimate idea of bastardizing the white race which they hate and thus lowering its cultural and political level so that the Jew might dominate.*

Tell it Great One. Tell it! Indeed, the decade-long French / French-African occupation of the German Rhineland resulted in the phenomenon of "**The**

**Rhineland Bastards."** With so many young German men having been killed during the first world war, or rendered jobless during the post-war years of hyperinflation and economic chaos, a relatively high number of Rhineland women married soldiers from occupying France. Others had children by them out of wedlock. Estimates of the number of resulting children number from 150,000 to 180,000, mostly with White French soldiers. The number of mixed race children sired by African men is generally estimated to be between five to seven hundred -- some of them probably the result of the rapes that were known to have occurred.

***The Jews' post-war gift to the Rhineland: Children of unmarried German mothers / French African fathers***

Today, it's not only the Rhineland. All of Germany is under invasion as the young women are encouraged both by materialistic feminist culture and by harsh economic realities to go childless --- or, if they must have children, to do so by blending out their German blood with that of foreign migrants. We refer to it as "**The Kalergi Plan**" -- and, like **The Great One** said, it is by design. But if hearing it from **The Great One** is too much for the delicate sensibilities of some, then take it straight from **Count Richard Coudenhove Kalergi** (*half Austrian / half Japanese*) -- an early 20th Century "intellectual" immortalized as a great visionary by European Unionists.

In his book '*Praktischer Idealismus*', Kalergi boldly declares that the citizens of the future "United States of Europe" will *not* be White people anymore. In his own words:

***Kalergi was a front-man for the usual suspects.***

*"The man of the future will be of mixed race. **The races and classes of today will gradually disappear** due to the elimination of space, time, and prejudice. The Eurasian-negroid race of the future, similar in appearance to the Ancient Egyptians, will replace the diversity of peoples with the diversity of individuals.*

Of course, Kalergi's chosenite paymasters will not be replaced or blended out by this "*Eurasian-negroid race of the future*". Writes the hired hack of his paymasters:

*"Instead of destroying European Judaism, Europe, against her will, refined and educated this people, **driving them to their future status as a leading nation** through this artificial evolutionary process. It's not surprising that the people that escaped from the Ghetto-Prison, became **the spiritual nobility of Europe**. Thus, the compassionate care given by Europe created a new breed of aristocrats. This happened when the European feudal aristocracy crashed because of the emancipation of the Jews."*

The Kalergi plan is the **New World Order** plan, and it's not just for Germany or Europe. White genocide is very real and is playing out *exactly* as Kalergi and his handlers envisioned it. But don't expect to *ever* hear such a sobering and necessary analysis from the de-balled "far right" <sup>™</sup> of the perma-minority Afd. Sleep well, Messrs. Soros, Rothschild and Sulzberger. Occupied Germany remains firmly under your control.

***Kalergi's "Nobility": George Soros, "Sir" Evelyn & "Lord" Jacob de Rothschild, Arthur Ochs-Sulzberger***

**NY Times: In Trump's Saudi Bargain, the Bottom Line  
Proudly Wins Out**

**President Trump has resisted pressure to postpone or cancel arms sales to  
Saudi Arabia despite reports that a Saudi journalist was killed and  
dismembered.**

REBUTTAL BY

**The Anti-New York Times**

Since the alleged kidnapping-torture-murder of some Saudia Arabian journalist who contributes to the Washington Post; the Piranha Press has been buzzing with speculation that Trump might now cancel his massive 2017 arms deal with the Saudis. The Saudis have denied any involvement with the alleged murder (*or staged disappearance*) of **Jamal Kashoggi** -- said to have taken place at the Saudi consulate in Turkey. Trump has accepted the denial of the Saudi King and intends to work with both the Saudis and the Turks to "get to the bottom of this."

Given the repeated linkages being made between this event and the 2017 arms deal, reason dictates that the real perpetrators of this murder or faked murder have an interest in derailing the U.S. Saudi deal. Let's follow this line of sound reasoning and see where the road may take us.

*The Kashoggi show, with its "spontaneous" flash-mobs and instant signs, contains all the elements of a staged intelligence operation.*

## **SUSPECT #1: ISRAEL / MOSSAD**

Though the terrorist state of Israel's relations with Saudi Arabia have improved greatly over the past several years, the fact remains that Israel's strategic interests have always led its leaders and their US puppet Congressmen / Senators to stand in firm "bipartisan" <sup>TM</sup> opposition to the arming up of any Arab state.

Flashback:

- **New York Times: (June 25, 1981): Majority in Congress Urge Reagan Not To Sell AWACS to Saudi Arabia**

And six years later:

- **Los Angeles Times: (June 12, 1987): Saudi Arms Deal Is Off, Reagan Says : Planned Missile Sale Shelved Amid Broad Opposition**

But Reagan's capitulation to the Israel Lobby, on missiles, still wasn't enough to please those who can never be pleased. The Israelis wanted other deals scrapped as well.

- **New York Times: (September 29, 1987): 64 Senators Urge Reagan to Drop \$1 Billion Sale of Arms to Saudis**

Though these precedent-setting headlines are from many years ago, the Israeli policy towards arms sales to *any* Arab state still hasn't changed. More recent headlines:

- **Reuters: (May 22, 2017): Israeli Minister Expresses Concern Over U.S.-Saudi Arms Deal**

*1 & 2. Reagan (shown above with Shimon Peres): "It is not the business of other nations to make American foreign policy." (but he caved-in to the Israeli-owned Congress anyway)*

## SUSPECT #2: DEEP STATE GLOBALISTS (CIA)

We don't profess to be experts on internal Saudi politics and intrigue. Not even close! What we do know, however, is that vicious power struggles have been playing out within Saudi Arabia over the past few years, and that Trump has established close relations with the new King / Prime Minister, **Salman bin Abdulaziz Al Saud** (*enthroned, 2015*). Could it be that Deep State Globalists are seeking to destabilize the Kingdom with the intention of installing someone they can control? The fact that Globo-Homo billionaire **Richard Branson**, *without any evidence*, just came out and accused the Saudis of the Kashoggi affair and "temporarily suspended" his space venture partnership with Saudi Arabia ([here](#)) is a strong indicator in support of a Deep State operation against Saudi Arabia and Trump.

Of course, it is also possible that the Israeli faction *and* the sometimes rival Globalist faction are *both*, out of mutual interest, involved in this goofy little stunt -- just as they were with the attacks of 9/11. No doubt about it, boys and girls. Something smells very gefilte-fishy about this circus act. Congratulations to Trump for not allowing himself to be steam-rolled on this, though the same cannot be said for a group of "bipartisan" <sup>TM</sup> US Senators:

## NY Times: What Is NPC, the Pro-Trump Internet's New Favorite Insult?

*Twitter has barred hundreds of right-wing accounts for posing as soulless, "nonplayable" liberal activists.*

REBUTTAL BY

## The Anti-New York Times

In recent days, during the course of our daily scouring of the "right wing" corners of the World Wide Web, ~~Sugar and I~~, er, "The Editorial Board" of the **Anti-New York Times** detected the term "NPC" popping-up more and more. We weren't curious enough to investigate the meaning, until we saw this unintentionally hilarious article in "the paper of record."

It seems the use of the term and, more importantly, the cartoonish artwork associated with it, is driving the Marxists and their libtard dupes *crazy* with anger. This is some really funny stuff, and we thought "youse guys" could use a bit of comic relief as much as we do.

*Libtards -- who take themselves oh-so-seriously and think themselves to be oh-so-"educated," are really getting triggered by the insulting term "NPC."*

From the article, a lengthy excerpt which sums up the NPC phenomenon very well.

### **\*\*\*EXCERPT\*\*\***

#### ***What is an NPC?***

*NPC means “nonplayable character” or “nonplayer character.” It’s a term, borrowed from the world of video games, for a character that is controlled by the computer rather than by a player. An NPC often advances the game’s plot by saying scripted lines, or assisting the playable characters in some way.*

#### ***What does this have to do with politics?***

*Several months ago, users on 4chan and Reddit, the online message forums, started using the term NPC to refer to liberals. These people, they said, join the anti-Trump crowd not because they are led by independent thought or conscience to oppose President Trump’s policies, but because they’re brainwashed sheep who have been conditioned to parrot left-wing orthodoxy, in the manner of a scripted character.*

*As a Reddit user, BasedMedicalDoctor, explains in a thread about the appeal of the meme, NPCs are “completely dependent on their programming, and can’t do or think on their own.”*

#### ***Is there more to the NPC meme?***

*Sort of. There is NPC Wojak — a crudely drawn, gray cartoon avatar with a pointy nose and a blank face.*

*.... Wojak has become a kind of collective mascot for the far-right commenters online. In recent weeks, users on 4chan and Reddit have made all kinds of memes featuring NPC Wojak.*

*Here's one:"*

\*\*\*END OF EXCERPT\*\*\*

Further research reveals that the Left is really concerned about the use of this term of mockery, and the easy-to-make cartoons / memes, catching on -- and with good reason. You see, as **The Great One** (*that's Hitler for you newbies & normies*) once observed, (*paraphrasing here*) the most effective propaganda is that which can reach even the simplest mind. The NPC phenomenon accomplishes exactly that, which is why Sulzberger's Slimes is attacking it and Twitter is banning it. Adding to their concern is the fact that NPC mockery was developed by and primarily spread by *young people*, described in this article as: "*a group of young, extremely pro-Trump Internet trolls*."

Below are some of our favorite NPC "memes" which we just found. Enjoy the laugh, and do make and spread your own memes (*Microsoft Paint will suffice*).

**NY Times: Thousands of Theodore Roosevelt's Papers Are  
Now Online**

REBUTTAL BY

**The Anti-New York Times**

~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** have long said that there's no history like *original source* history. Think about it. If you really want to get inside of the minds of the men who made history; then why rely on an endless, repetitious circle-jerk of academic ass-clowns if you can access the actual writings and speeches of the history-makers themselves? Original source data is *especially* useful if the writing artifact is a *private* one. You see, communications intended for public consumption don't always reveal the true man and his beliefs.

But the stuff that a man inks for personal friends / co-conspirators or private diaries -- well, *that* reveals the true man.

With that investigative maxim (*a \$10 word for a short statement expressing a general truth*) always in mind, this story about the Library of Congress' recently added digital archive of many of **Teddy Roosevelt's** private papers and letters really got our investigative juices flowing. Just a few minutes into this article was all it took to learn something fascinating about Teddy Psycho that we -- in spite of having written a book on the Wretched Roosevelts - didn't know before. We thought we should share it with "youse guys."

***1. Fake historians only know how to follow each other in an endless circle-jerk of orthodox groupthink. // 2. Among the historical files is a 1915 private letter in which TR criticizes President **Woodrow Wilson's** policy of "neutrality" regarding World War I. Of course, regular readers of the ANYT should all know by now that Wilson's early "pacifism" was fake. Evidently, ex-President Teddy did not know *at the time* that Wilson's handlers were waiting until after the back-room Zionist-British verbal deal to steal Palestine was made -- and after Wilson's November 1916 re-election was completed -- to join the European bloodbath. In the letter, TR also reveals his contempt for the millions of German-Americans who sympathized with Germany in its purely, 100% defensive war (*started in August, 1914*) against the aggressive British-French-Russian alliance.

Excerpted from the February 12, 1915 letter, which the Slimes' web version linked us to:

*"My dear Cecil. Do not feel too badly over things. I am bitterly humiliated over what this administration has done. I am not merely humiliated, but profoundly angered by the attitude of the professional German-Americans. But don't forget, there are lots of Americans of German descent who do not sympathize with these men..... who are emphatically against Germany in this fight and resent being called German-Americans.*

*When a President misleads us as Wilson has done, some very good people tend to follow him."*

"Cecil" is **Sir Cecil Arthur Spring Rice** -- a diplomat who served as Britain's Ambassador to the United States from 1912 to 1918. We learn from Establishment historians that "Cecil," in that capacity, was responsible for British efforts to end American neutrality and bring America into the First World War. And, get this -- he was not just a close friend of Psycho Teddy, he had actually served as his best man at his second wedding (*TR's first wife had died*) way back in 1886 when few people had even heard of TR.

***1. Ambassador to the U.S. Cecil Rice --- He and his buddy TR were upset with Wilson (Image 2) for not warmongering against Germany. // 3. Little did they know that Wilson's handlers were actually planning to join the war after his 1916 re-election -- a dishonest campaign which was based on Wilson's "achievement" of keeping America out of the war!***

This letter constitutes clear evidence that ex-President TR -- who was still influential within American elite circles -- was already treasonously "colluding" with foreign agents, for the purpose of dragging the U.S. into the grand war for Globalism -- a full two years before the U.S. officially entered the war. To cover his ass, the sneaky bastard purposely left his name off of the envelope sent to "Cecil."

From the very opening line of that same letter:

*"Dear Cecil,*

*Your two letters have come. My letters to you will hereafter go in envelopes without my name on them, so as to attract as little attention as possible.")*

It doesn't get any more Deep Statish than that! Conspire much, Mr. President?

But the real kicker for us was the date stamped on the letter -- February 12, 1915. That's three full months *before* Lord of the British Admiralty **Winston Churchill** set up the arms-smuggling Lusitania to be sunk by German U-boats. So, even *before* the phony pretext that served to turn public opinion away from Germany, TR and his crowd were already anti-German and pro-war. That's no surprise to us, of course, but oh what a powerful argument it makes in contradiction of the fake history which holds that the U.S. government was originally neutral. No. Both the open-warmlonger Roosevelt *and* the closet warmlonger Wilson wanted to join the war all along -- a war which, ironically, broke TR's heart and may have led to his sudden death soon after the war's end. For it is said that he never recovered after his youngest son's death in the very war that he had so passionately agitated for.

*1. The letter to "Cecil" proves that even before the Lusitania tragedy and other "incidents," TR's crowd was already hostile toward Germany and angling for ways to join the war in Europe. 2. Psycho dad's wished-for war got his own son, Quentin, killed in aerial combat in July, 1918. TR was broken by the news, and died in his sleep just 8 months later, at age 61.*

**Boobus Americanus 1:** *I read in the New York Times today that the Library of Congress is digitally publishing 1000's of documents and images from Teddy Roosevelt's collection.*

**NY Times: Migrants Vow to Rebuild Caravan and Continue Trek to U.S.**

- **NY Times: Trump Seizes On Migrant Caravan to Rev Up Republican Voters**
- **NY Times: Did Democrats, or George Soros, Fund Migrant Caravan? Despite Republican Claims, No**

**REBUTTAL BY**

## **The Anti-New York Times**

By now, it's very clear that the traditional pre-election "**October Surprise**" is coming in the form of this fake-as-can-be Turd World "migrant caravan." By "fake," we don't mean to suggest that there is not a mob of invaders headed for the United States. No, the fakery lies in the ridiculous misconception that this is some sort of spontaneous gathering of desperate Honduran / Guatemalan marchers whose arrival is, coincidentally, projected to happen just before Election Day.

"How *conveeenient*," as the "Church Lady" of old Saturday Night Live fame used to say.

***The crisis is timed to come to a head in late October / early November --- just before the big date of November 6th. --- How comveeenient!***

First of all, the land-route distance between Central America and the U.S. is about 2,100 tough miles. It is self-evident dishonesty for the Fake News to continue -- both in print and in staged photos -- to portray this mob as "swimmers" and "marchers" and "trekkers." From the article:

*"About 2,000 Central American migrants who circumvented the Mexican police at a border bridge and swam, forded and floated across the river from Guatemala decided on Saturday to re-form their mass caravan and continue their trek toward the United States."*

*Gathered at a park in the border city of Ciudad Hidalgo, the migrants voted by a show of hands and then marched to the bridge to urge those still there to cross the river and join them.*

*"Let's all walk together!" and "Yes, we can!" they cried, defying recent warnings from President Trump to turn back."*

How are women and children going to "trek" 2,100 miles, in 90 + degree heat, "swimming" and "rafting" across rivers along the way (*rolling eyes*), across rugged undeveloped and unprotected terrain, in just two weeks? Where and what will they eat? Where will they sleep? Where will they relieve themselves and wash-up? Why were the notorious bad-asses of the Mexican Federal Police (*Los Federales*) so easily overpowered as this mob disobediently crossed into Mexico on their way north?

A bit of critical thinking quickly reveals that the images of long lines of marchers are staged for the boobs watching on TV. The mob only marches for a mile or so, before re-boarding air-conditioned buses destined for the next hotel stop.

***With a land distance of nearly 2,100 miles between Central America and the U.S., the "marching" is obviously all just for show. The grand "trek" depends upon air-conditioned buses and hotels (#3 is an actual image of these invaders boarding buses).***

Knowing, with 100% certainty, that this unfolding event is being staged for the upcoming mid-term elections, the question remains: Who is behind this "October Surprise?" We see only two possibilities here:

### **Theory # 1: Black Hats**

Soros and his evil minions may want to force Trump into making a strong move against "the women and children" <sup>TM</sup>. When that happens, out will come the vials of fake blood and cannisters of fake tear gas. There will be gut-wrenching tears and screams as the Fake News attacks the cruel "authoritarian" <sup>TM</sup> and his "racist" <sup>TM</sup> Republican supporters. The goal of this play, of course, would be to motivate "Hispanics" <sup>TM</sup> and soft-hearted / soft-headed normies to get out and express their displeasure on Election Day. This is a very plausible scenario, notwithstanding the possibility that it could easily backfire and end up actually helping the Republicans.

### **Theory # 2: White Hats**

Trump and the "White Hats" of the various Intelligence Agencies (*military in particular*) may be the ones behind the operation -- the objective being to blame the Demonrats for inviting the illegal invasion; and then contrasting that to a strong move by Trump. Illegal immigration is a winning issue for Trump and this "caravan" may end up being an electoral godsend for the Republicans -- *by design*?

Either scenario makes sense, but we're leaning toward #2. What do "youse guys" think?

*The "caravan" is definitely an "October Surprise" chess move. The question is: Who is behind this strategic operation? --- Soros (Image 1), or Trump?*

**Boobus Americanus 1:** *I read in the New York Times today that the caravan of migrants from Honduras is expected to arrive at the U.S. border just before election day.*

**Boobus Americanus 2:** *Wow, what timing!*

**Sugar:** *All jusst a frickin' coincidence, eh Boobuss?*

NY Times: 'Transgender' Could Be Defined Out of  
Existence Under Trump Administration

REBUTTAL BY

The Anti-New York Times

This is one of those articles that require no rebuttal of its points because it serves as a satire *of itself*. Wethinks that even the Sulzbergers of the early-to-mid 20th Century, as rotten and as dishonest as they were, would never have expected "the paper of record" to come this far. (*or maybe they did?*)

From the article (*bold emphasis added*):

*"The Trump administration is considering **narrowly defining gender as a biological, immutable condition determined by genitalia at birth**, the most **drastic move** yet in a government-wide effort to roll back recognition and protections of transgender people under federal civil rights law.*

*A series of decisions by the Obama administration **loosened the legal concept of gender** in federal programs, including in education and health care, recognizing gender largely as **an individual's choice and not determined by the sex assigned at birth.**"*

These people (*Marxists & Libtards*) are not only evil, they are insane to boot.

***Sorry "ladies" -- but "youse guys" are ... well ... GUYS! (Michael Obongo, Serena Gorilliams, Agnese Renzi (Italy's former First "Lady"))***

To better appreciate the clinical insanity of the opening excerpt quoted above, let's reproduce it, with a few words substituted, to fit the fictional mental condition of "trans-species" -- as in a human who believes himself to be a dog.

*"The Trump administration is considering **narrowly defining species as a biological, immutable condition determined at birth**, the most drastic move yet in a government-wide effort to roll back recognition and protections of trans-species people under federal canine rights law.*

*A series of decisions by the Obama administration **loosened the legal concept of species** in federal programs, including in education and veterinary care, recognizing species largely as **an individual's choice and not determined by the species assigned at birth.**"*

***Sorry, "doggies" -- but you're still human. ... Bats-in-the-belfry crazy, but still human.***

Though this tranny-nonsense always makes for a good laugh, let us never lose sight of the very unfunny and very deadly seriousness of this evil subversive movement to erase the God-given notion of sex/gender which forms the very basis of a healthy and happy society. As it is with the Marxist madness of "modern art"

or "theoretical science," this too serves an important purpose for the Globalist / Marxist Axis of Criminal Insanity.

You see, not only are insane people easier to mislead and oppress; but the subversion of the natural male/female dynamic serves to implode the integrated structures of healthy relations between the sexes, strong nuclear & extended families, and stable societies. Furthermore, although actual tranny-freaks are only estimated to account for less than 1/2 of 1% of the population, the growing "tolerance" <sup>TM</sup> for such manifest insanity may already afflict 25%- 30% of westerners (*our best educated guess*). That adds up to a whole lot of "tolerant" <sup>TM</sup> people, some of them young parents, who really aren't all that less insane than the cross-dressers, and who have already been programmed to accept *anything* that "experts" sell them as being normal.

And as for that tiny percentage of actual trannies; given what the 10-and-under crowd is being bombarded with 24/7 in the media and the communist schools; there is simply no telling how many kids -- their delicate minds having already been twisted with this relatively recent tranny mania -- will, when they hit puberty, "chose" to go down the homo / tranny pink-brick road themselves.

Funny, yes. But also heart-breaking, and maddening when you see how they are targeting children.

***Thanks, Jews.***

**NY Times: A Holocaust Memorial Expands in Philadelphia**

REBUTTAL BY

## The Anti-New York Times

The song that never ends, about the event that never happened, during the war that should never have been fought, takes us to the Jew-heavy city of Filthydelphia, Pennsylvania. Hazmat suits, goggles and hip waders on, boys and girls. Join us for a line-by-line rebuttal of this thankfully brief piece of Holohoax propaganda we just found in the Arts Section of Sulzberger's cesspool near the Hudson.

***In the city where a bunch of fearless Anglo-Saxons birthed Americanism on July 4, 1776, the "usual suspects" now rule.***

**Slimes:** A new downtown plaza built around the “**Monument to Six Million Jewish Martyrs**,” a Nathan Rapoport sculpture that has stood on the site since 1964...

**Rebuttal:** Your roving reporter (*who once lived in south New Jersey*) recalls stumbling across this Philadelphia ~~monument~~ eyesore sometime during the mid-1990's. At a time when yours truly actually believed in the Holohoax (*bowing head in shame*), I still found it offensive for its ugliness --- thinking to myself: *"Couldn't they make something more visually appealing to honor those poor six-million <sup>TM</sup> Jews that Hitler murdered in the Holocaust <sup>TM</sup>?"*

**Slimes:** ... opened on Monday. The plaza adds to the memorial physical items from the Holocaust and uses technology to allow visitors to hear from survivors, some of them now residents of the Philadelphia area.

**Rebuttal:** Wonderful. Now they have added a new plaza with new props to better induce the easily-impressed to weeping and wailing on command.

**Slimes:** The new surroundings include three sections of train track from the Treblinka camp in Nazi-occupied Poland, which are 4 to 6 feet long and have been embedded in the pavement.

**Rebuttal:** Sections of train tracks, eh? -- Which prove, at most, that trains pulled up to the Treblinka internment camps. So what? Unfortunately, the teary-eyed boobs who see these tracks will, because of the original logical sin of **existential fallacy** (*flawed underlying assumption*), swallow it as further confirmation of the Holohoax. *"But, but, but ... we saw the actual train tracks on display in Philadelphia!"*

**Slimes:** There, users of a free app — downloadable at the site — can hear testimonies about people's experiences being deported by train to concentration camps.

**Rebuttal:** Which proves, at most, that some of the internees who were taken to Treblinka by train "survived" the "death camp" and are still alive to tell of their train rides. So what? *"But, but, but ... we heard testimonies about the trains on a downloadable app!"*

**Slimes:** The plaza also features a sapling from a silver maple tree that was planted and cared for by children in the Theresienstadt camp in the former Czechoslovakia before many of them were killed at Auschwitz.

**Rebuttal:** Which proves, at most, that the big bad "Nazis" <sup>TM</sup> allowed the "children" <sup>TM</sup> to plant and care for trees. So what? *"But, but, but... we saw a sapling taken from a maple tree that the Jewish children planted."*

**Slimes:** *"You will be able to access the testimony of a lady who was there as a child and remembers the story of the tree,"* said Eszter Kutas, acting director of the Philadelphia Holocaust Remembrance Foundation....

**Rebuttal:** Who gives a f\*\*\* about some old yenta's fake "testimony?!"

**Slimes:** ... which built the new space and created an endowment for its maintenance at a total cost of **\$13 million**.

**Rebuttal:** Aha! Thirteen million bucks, eh? Ah, show us the shekels, Eszter. Show us the shekels!

You know, the beautiful thing about Holohoaxery (*from (((their))) perspective, that is*) is that it's a "two-fer" -- a two-for-one deal. (((They))) generate lots of undeserved sympathy for the self-chosenites *and* rake in lots of cash for their shady operations at the same time.

***Ghastly eyesores like the one in Filthydelphia induce tears and raise cash.  
There's no business like "Shoah" business!***

**Slimes:** ...The installation also aims to highlight the dangers of totalitarianism and how it can be prevented in America by the Constitution, the foundation said in a statement.

**Rebuttal:** The "dangers of totalitarianism," eh? This coming from the same bunch whose parents openly extolled the wonders of the "worker's paradise" of the monstrous tyrant, Joe Stalin, during the 1930's and 40's -- and whose grand-parents literally danced in the streets of New York, Philadelphia, Warsaw, Budapest, Vienna, Berlin and other cities when news of the Russian Tsar's abdication to the Socialist / Bolshevik coalition in 1917 reached their ears. What frickin' hypocrites!

**Slimes:** ... David Adelman, the foundation's chairman, said that the foundation was warning about any possible drift toward autocracy.

**Rebuttal:** "Drift toward autocracy <sup>TM</sup>," eh? Wethinks we know where Adelman is going with this.

**Slimes:** *"What we're trying to say here is that lessons of the past are easily repeated if people don't pay attention," Mr. Adelman said. "For us, this is about hate and signs of hatred and what that can lead to."*

**Jewspeak-to-English Translation:** Trump, the recently self-proclaimed "Nationalist" and "anti-Globalist" is the new Hitler.

~~Sugar and me~~, er, "The Editorial Board" of **The Anti-New York Times**, truly wish that would turn out be so; but we'll *gladly* settle for even just a half-a-Hitler.

*The cliched warnings about "authoritarianism"™ and the frequent "Trump is Hitler" allegations stink of Marxist Judaism.*

**Boobus Americanus 1:** *I read in the arts section of The New York Times that a Holocaust memorial in Philadelphia just added a plaza space with historical artifacts for visitors.*

**Boobus Americanus 2:** *I'd like to drive down to Philly and see that.*

**Sugar:** *No need to drive down to Filthydelphia, Boobuss!!! I snapped a picture of it for ya!*

**Editor:** *(palm to face, deep breath, shaking head) ---- I must admit, the similarity is striking.*

**NY Times: Robert Faurisson, Holocaust Denier Prosecuted  
by French, Dies at 89**

REBUTTAL BY

# The Anti-New York Times

*But on one man's soul it hath broken,  
A light that doth not depart;  
And his look, or a word he hath spoken,  
Wrought flame in another man's heart.*

*- Arthur O'Shaughnessy / 19th Century English / Irish Poet*

Because of the Fake News and Fake Academia which we have all been deeply steeped in since early childhood, all of us World War II truthers were, at one time, "normies" on the subject. We therefore all owe a debt of gratitude to the researchers and writers whose "light that doth not depart" .... "wrought flame" in our hearts.

According to the touching testimonials of many of "youse guys," ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** and authors of "**The Bad War**" kindled that flame for you. It has truly been our pleasure and honor. But we too were once normies, and would still be so were it not for our own fire-starters.

These brave and "broken" (*though not in spirit*) writer-warriors who served as personal instructors and motivators include **The Great One, Little Joey Goebbels, Willis Carto, William Pierce, Leon DeGrelle, David Irving, Ernst Zundel** and Valhalla's newest arrival, the recently-departed **Robert Faurisson** of France --- whose highly unflattering obituary in "the paper of record" only serves to confirm the unerring nature of his scholarship as well as the heroic content of his noble character.

*Were it not for men like Monsieur Faurisson passing the torch of enlightenment in this dark world of insanity, highly-effective truth tools such as TomatoBubble.com and the "The Bad War" would never have been created.*

The Slimes unloads its filth right out of the gate:

*"Robert Faurisson, a former literature professor turned anti-Semitic propagandist whose denial of the Holocaust earned him multiple prosecutions, died on Sunday at his home in Vichy, France. He was 89."*

As a "Holocaust Denier" <sup>TM</sup>, Faurisson distinguished himself by breaking through the barriers of the mainstream media of France when he managed to get an article published in Le Monde -- the most "respected" newspaper in all of France -- in 1978. Titled "**The Problem of the Gas Chambers, or the Rumor of Auschwitz,**" the article brought immediate and intense Jew heat down upon the newspaper. The controversy had the unintended effect of launching the obscure professor of French Literature from the University of Lyon to "rock-star" status among "anti-Semites" <sup>TM</sup>.

*In addition to demolishing the myth of "zee gas chambers"™, Faurisson also wrote a book dispelling the authenticity of "The Diary of Anne Frank"™.*

In 1989, the very small Faurisson was severely beaten in a park near his home by a cowardly band of thugs calling itself "Sons of Jewish Memory." In 1990, he became the first person in France to be convicted under a law that criminalized "Holocaust Denial"™.

Undaunted, the fearless Frenchmen's bold assertions continued to draw attention in a French press which was evidently far more freer back then than it is today. Growing older and under constant threat of heavy fines, Faurisson faded from view over the last decade -- but not totally. The most recent judgment against him came in November 2016, when a French court fined him 10,000 euros (\$11,400 dollars) for propounding "negationism" in interviews published on the Internet.

Scorned and persecuted at home, in 2012, Faurisson was welcomed and lauded in Iran, where he received a prize for his excellent research from then-President, the feisty **Mahmoud Ahmadinejad**. The much-maligned **David Duke**, another of our personal flame-kindlers and a highly under-rated scholar in his own right, was also welcomed at that "Holocaust Denial"™ conference.

Mr. Faurisson is survived by his wife, Anne-Marie, two sons and a daughter. Au revoir, adieu and merci; grand homme. What you did in life, will echo long after you've departed, right here in the cyber-pages of the ANYT -- in spite of what the filthy slandering vermin at Sulzberger's Slimes have to say about you.

1. Brave Jew thugs beat up the diminutive professor (about 5' 4") pretty badly.
2. Pariahs in their own "free" countries, Messrs Faurisson and Duke were welcomed to speak in Iran.

**NY Times: Living in a Van Plastered With Hate, Bombing  
Suspect Was Filled With Right-Wing Rage**

**REBUTTAL BY**

**The Anti-New York Times**

Surprise, surprise surprise --- the casted actor playing the part of mad mail-bomber of some of the deepest of Deep-Staters turns out to be a rabid, MAGA-hat-wearing Trump supporter. Only one possessed of the gift of prophecy could possibly have foreseen this surprise twist ending, eh? *(rolling eyes sarcastically)*

From the article:

*"The suspect, Cesar Altieri Sayoc Jr., 56, was arrested outside an auto parts store near Fort Lauderdale after a fast-moving investigation in which the authorities said they were able to pull a fingerprint from one of the bomb packages and collect Mr. Sayoc's DNA from two others.*

*Mr. Sayoc, who seemed to be living out of a van in Aventura, Fla., was taken into custody on a day when four more explosive packages were found, including two intended for United States senators, both Democrats."*

*The homeless, jobless "MAGA-BOMBER" lived in a shiny van whose windows were illegally obstructed with shiny new in pro-Trump, anti-media stickers. How did he get the home addresses of people like Soros, Clinton or the former CIA Director?*

At least 14 "explosive" packages were addressed to: **Killary Clinton, Joe Biden, The Obongos, George Soros, Tom Steyer, Robert DiNiro, John Brennan, James Clapper, Eric Holder, Kamala Harris, Maxine Waters (2 places), James Clapper, Corey Booker** -- and just before a major election as Trump and his Republicans were gaining momentum. How *conveeenient!*

This false-flag stunt *could have been* problematic for Trump. Had he been forced to "tone it down" and become more "civil" <sup>TM</sup>, (*as the planners had expected*) it would have watered down Republican enthusiasm just 10 days before a HUGE election. But Trump isn't your ordinary Republican't. He fights! Rather than be cowed into "civility" <sup>TM</sup>, Trump doubled-down and turned the tables on the Fake News -- tweeting the following in the immediate aftermath of the scam:

***By blaming the media for the "mail bombs," Trump took the lemons of the Fake News and made lemonade!***

~~Sugar and~~ I, er, "The Editorial Board" of **The Anti-New York Times** was a bit concerned that this latest CIA stunt (*hatched in the same Florida county (Miami-Dade) in which the fake shooting at Parkland High School occurred earlier this year*) was going to neuter Trump, a least a little. That's clearly not going to happen because Trump understands what **Napoleon Bonaparte** (*The Great One of the 19th Century*) preached about warfare: "***The purely defensive is doomed to defeat.***" General George Patton, a favorite of Trump's, quoting a French proverb, advised the following: "**Audacity, audacity, always audacity!**"

On another positive note, the Deep State is getting so sloppy (*a sign of panic*) that wethinks even many normies aren't buying this bomber story. If we may share an unscientific anecdotal observation, a retired non-political normie who hangs out a local bagel shop here in "Joisey" -- in which CNN is always playing in the background - was heard to remark, "this looks like a set-up." Seizing upon this "teachable moment" <sup>TM</sup>, your roving reporter easily persuaded this real-life Boobus that his hunch was correct.

**NY Times: 11 Killed in Synagogue Massacre; Suspect Charged With 29 Counts**

REBUTTAL BY

## **The Anti-New York Times**

Another day, another pre-election false flag hoax. As was the case with the Sandy Hook Hoax, the Orlando Fag Club Hoax, the Chareleston Church Hoax, the Parkland High School Hoax etc, we see no bodies, no blood, no gurneys but lots of bad acting, breathless reporting, and the fake Leftist arguments about "gun control" <sup>TM</sup> and "extremism" <sup>TM</sup>. Notice how the Slimes, in an indirect way, links the attack to their favorite bogeyman, Donald Trump:

*"The assault on the synagogue unfolded on a quiet, drizzly morning, and came amid a **bitter, vitriolic midterm election** season and against the backdrop of what appears to be a **surge in hate-related speech and crimes** across America. It also took place in the wake of the arrest Friday morning of a man who ... **sent more than a dozen pipe bombs to critics of Mr. Trump, including several high-profile Democrats**"*

***"Oy vey! Oy vey! Not again!" ---- But as it was with the Holohoax, we again ask: Where are the frickin' bodies???"***

This fake false-flag -- said to have been carried out by an anti-migrant madman who (*correctly*) blames the chosenites and "Globalists" for the mass Turd World invasion of the West -- is actually a two-fer (*a two for one deal*). Yes, it can be indirectly linked to Trump (*though ineffectively due to Trump's converted Jew daughter and grandkids*); but we believe that another motive is even more significant. You see, now that Trump and his Internet army have normalized the term "Globalist" and the name "Soros" (*cough cough*) for the public discourse, the men behind the curtain are very concerned. It's time to bust out the "Anti-Semitism" <sup>TM</sup> card, and drop it on anybody who uses terms such as "Globalist" or "America First" with it.

The planners want to create a situation where, in the public mind, criticism of Globalists becomes reflexively equated with the actions of Mr. Bowers -- the mass killer of Jews in Pittsburgh. This excerpt from the article attempts to do just that:

*"Before it was deleted Saturday morning, a social media account believed to belong to him was filled with anti-Jewish slurs and references to **anti-Jewish conspiracy theories**."*

Parallel to this, Republican't Congressional leader **Kevin McCarthy**, who, much like sodomite Senator **Lindsey Graham**, has suddenly acquired an impressive amount of pro-Trumpian testosterone, just kicked-up a mini-storm with a tweet warning about Jews **George Soros, Tom Steyer** and **Mike Bloomberg** trying to buy the coming elections. He didn't use the word "Jews," of course, but the media backlash was still immediate and intense -- so much so that McCarthy's recently-grown single ball quickly deflated and he deleted the tweet.

**Headline: Huffington Post (October 28): Rep. Kevin McCarthy Deletes Tweet Singling Out 3 Jews Helping Bankroll Democrats**

- **Headline: CNN (October 28): Steyer: McCarthy Tweet An Anti-Semitic Move**

***McCarthy's bold tweet (with an image of Soros!) outed three big Globalist Jews funding the Demonrats; but his testosterone could not withstand the media counter-attack, so he deleted the tweet. Definite progress, but time for a higher dosage!***

On a cautiously optimistic note, these sorts of reactions and tactics amount to a clear indication that the Globalists are getting worried about the increasing exposure of the Global Mafia. Stunts such as this are a double-edged sword for them. On one hand, many boobs will indeed begin to equate opponents of Globalism with "that nut who shot up a synagogue." However, other boobs, *for the first time ever*, are being introduced to the idea of international Jewish money powers and the "One-World" conspiracy. Of course, the dumb-as-dirt boobs will stay asleep. **NY Times: Trump's Attacks on the News Media Are  
Working**

BY JIM RUTENBERG

REBUTTAL BY

**The Anti-New York Times**

More so than any other institution, the true power of **The New World Order** crime gang depends upon its wholly-owned CIA Fake News -- with Sulzberger's Slimes being first and foremost among the illusion makers. The press serves as the blindfold and the earplugs which keep scores of millions of normies deaf, dumb and blind to the sad reality of their own oppression. Take away Fake News (*remove the blindfold*), and the whole structure will, in due time, collapse of its own weight. Like the good book says: *"The truth shall set you free."*

It is therefore with great pleasure and satisfaction that we read this concerned admission coming from **Jim Rutenberg** (*cough cough*) of the Jew York Slimes. He writes:

*"Increasingly, the president's almost daily attacks (on the press) seem to be delivering the desired effect, ....It's as if President Trump has hit the journalism industry with a denial-of-service attack. The president has succeeded in casting journalists as the prim foils on his never-ending reality show, much to the delight of those who cheer him on at rallies."*

***1. Libtard geek Jim Rutenberg, and many other journalists, are now admitting that Trump's relentless attacks are badly damaging the media's credibility. // 2. The term "Fake News" was originally invented to attack Internet activists who were exposing the Demonrat child-sex-torture-murder scandal known as "Pizzagate." Trump, in a classic martial arts move, has taken the power of the phrase and redirected it back at the "mainstream media," over and over and over again.***

Trump's repeated attacks involve much more strategy than even most of his supporters might suspect. It's clear not only to ~~Sugar and me~~, er, "The Editorial Board" of **The Anti-New York Times**, but also to Rutenberg that Trump has been *deliberately* inviting the Piranha Press to attack him in order to not only make himself immune to such attacks, but also to get the normies to thinking, "*The media is attacking Trump yet again.*" Rutenberg explains the deviously delightful dynamic:

*"By engaging with his ceaseless attacks and baseless claims, **are journalists falling into a trap?** That's the view of Steven Pinker, a Harvard professor of cognitive science, ... With its saturation coverage of the pipe bombs, Mr. Pinker argued on Twitter, **"The press gets gamed again."***

*In a telephone interview, he said the news media had read too much into the acts of one disturbed person. ... He conceded, though, that the news media cannot ignore Mr. Trump. And there's the conundrum. This president "speaks a lot and tweets a lot without his material being vigorously vetted, and there are many more factual inaccuracies ... But by so often putting his words under a microscope, **journalists may give the impression to Mr. Trump's supporters and even some undecided voters that they are out to get him.**" (emphasis added)*

A conundrum indeed! If the Fake News fights back, they confirm that they are biased. If the jackals don't return Trump's fire, then he'll just keep pummeling them anyway without getting hit back. This is getting to be fun to watch!

***Trump is making journalists lose their minds. If they keep attacking him -- even over a legitimate misstatement of fact -- it confirms Trump's claims of media bias. If they stop attacking him, he will gain popularity.***

If "The Red Wave" (*Republican*) materializes one week from now, the Fake News (*which is currently still selling the coming Blue Wave, at least in the House*) will be further discredited. At that point, there's no telling what Trump and his re-balled Republican majorities can accomplish in 2019 and beyond. Trump has already stated that he'd like to tackle the dangerous accumulation of public debt; invite Putin to the White House (*oh the Globalist butt-hurt!*); make a new trade deal with China; finish a peace deal with North Korea; and address (*perhaps audit?*) the Federal Reserve. And God only knows what bombs Attorney General **Jeff Sessions** and Special Prosecutor **Robert Mueller** (*both working for Trump*) are preparing to drop on The Deep State.

Though there is cause for cautious optimism about the declining influence of the Fake News, there is still one institution which, if not repaired and reformed soon, may render all the other good works useless in the long run -- and that's the educational system, from kindergarten through university. The Communist teachers' unions and Communist college professors are corrupting the minds and souls of our young people and mass-producing stupid, weak and morally degenerate libtards at an alarming rate. If Academia's Satanic sons-of-bitches aren't crushed into dust and scattered to the winds, then the cancer will only come back in due time.

We're getting ahead of ourselves. Let's first see if Q-Anon's predicted "Red Tsunami" actually happens next week.

*A Red Wave on November 6th will further discredit the Marxist Media which has been predicting a Democrat House takeover.*

\*

***Boobus Americanus 1:*** *I read in the New York Times today that Trump's relentless attacks on the media are having their intended effect.*

**NY Times: 'There Is Still So Much Evil': Growing Anti-Semitism Stuns American Jews**

REBUTTAL BY

**The Anti-New York Times**

Well, if that sin of sins known as "Anti-Semitism" <sup>TM</sup> can be described as the growing awareness that the usual suspects are behind much of the trouble and suffering in this country and in this world; then yes, it is definitely "growing." However, in spite of the increasing awareness of "The International Jew" that **The Great One** (*that's Hitler for you newbies & normies*), **Little Joey Goebbels**, **Father Coughlin** and **Henry Ford** all warned us about, the reality remains that the

normies outnumber the "woke" and the partially "woke" by a factor of *at least* ten to one.

Even the odiously despicable Holohoaxer **Deborah Lipstadt** (*cough cough, phlegm phlegm*) agrees with our basic "good news / bad news" assessment, though obviously from a different perspective. From the article:

*"I'm not a Chicken Little who's always yelling, 'It's worse than it's ever been!' But now I think it's worse than it's ever been," said Deborah E. Lipstadt, a professor of Holocaust history at Emory University in Atlanta and the author of an upcoming book on anti-Semitism.*

*Ms. Lipstadt said she did not wish to be seen as alarmist, because in some ways "things have never been better" for Jews in America."*

*From Hitler's Final Testament (Suicide Letter): Centuries will pass away, but out of the ruins of our towns and monuments the hatred against those finally responsible whom we have to thank for everything, international Jewry and its helpers, will grow.*

*From the Slimes article: (Deborah) Lipstadt likened anti-Semitism to a herpes infection that lies dormant and re-emerges at times of stress. It does not go away, no matter how "acculturated" Jews have become in America, because "it's a conspiracy theory."*

What ~~Sugar and I~~, er "The Editorial Board" of **The Anti-New York Times** would like to specifically address in today's rebuttal is the use of the word "stuns" in the headline -- "**Growing Anti-Semitism Stuns American Jews.**" And we truly do believe that many of the self-chosenites are indeed "stunned." You see, thousands of years of victim mentality -- instilled in the minds of the rank & file Jews by the Jewish elites, rabbis and community leaders -- has blinded members of the "persecuted" <sup>TM</sup> flock to the idea that there might actually be a logical reason *why*, in every age, "Anti-Semitism" rises. Now the really rotten ones know damn well what they are doing, and know damn well why some of us get pissed-off about it. But for many of their "lesser brethren" (*a term from the Protocols of Zion*), a finger of blame pointing their way actually "stuns" them.

Let us "unstun" them, with some powerful images:

***Jews, by their own admission, control the media and Hollywood.***

\*

***Jews, by their own admission, were at the forefront of the effort to influence America into fighting wars for Jewish interests.***

\*

***Jews, by their own admission, are at the forefront of the effort to flood the West with Turd World immigration.***

SUPREME COURT GAY MARRIAGE VOTES					
✝ CATHOLICS					
CON	CON	CON	CON	CON	PRO
✡ JEWS					
PRO	PRO	PRO	PRO	PRO	PRO
CON = anti-gay			PRO = pro-gay		

***Jews, by their own admission, are at the forefront of the effort to normalize homosexuality and cross-dressing among the gentiles.***

***Jews, by their own admission, are at the forefront of the effort to influence America's foreign policy in favor of Israel and against its Muslim neighbors.***

***Jews, by their own admission, are at the forefront of the effort to promote vulgarity, anti-Christianity and pornography.***

\*

***Jews, by their own admission, are at the forefront of the effort to water down the single holiday of Christmas by making it part of "Happy Holidays" (plural to include the 8 days of Hanukkah)***

\*\*\*

So you see, dear self-chosenites, nobody gives a flying flip about what religion you practice (*most "reform" Jews are atheists anyway*) or what traditions you keep. And nor is anybody "jealous" of the success and wealth that most of you have legitimately (*some not so legitimately!*) achieved. And the idea that Christians, Catholics in particular, are carrying a 2000 year old grudge against Jews because the ancient Pharisees railroaded Jesus is utterly preposterous!

No. It is all about, and only about, the *behavior* toward your host nations and neighbors. The facts set forth in the above presentation represent the absolute truth about the true and eternal causes of "Anti-Semitism <sup>TM</sup>." And believe us when we say that there is still *sooo* much more to tell -- both in print and in pictures -- about banking, about anti-White racism, about book publishing and censorship, about the "music" industry, about the "modern art" industry, about organized crime, about false-flag terrorism, about feminism, about fake science, about widespread lawsuit extortion, about psychiatric drugs, about abortion, about the arrests of "Holocaust Deniers" <sup>TM</sup> and 95-year old SS Waffen heroes, about Wall Street stock-rigging, about commodity market rigging, about etc., etc., etc.

The only thing that is really "stunning" is the fact that after all these centuries, some of "youse guys" ("*lesser brethren*") who aren't "in the know" about the big picture, cannot, or will not, see it.

***Boobus Americanus 1:*** *I read in the New York Times today that anti-Semitism is on the rise in America.*

**NY Times: Trump's Birthright Citizenship Proposal Is at Odds With Legal Consensus**

**REBUTTAL BY**

**The Anti-New York Times**

It's always amusing to watch slippery slimy scheming Marxists and their libtarded dupes suddenly turn on a dime and become strict constructionists of the United

States Constitution, ain't it? Whatever happened to all that "living document" <sup>TM</sup> talk, eh?

In this particular piece of Sulzbergerian Slime, Fake News combines with Fake Scholarship to completely misrepresent the context and original intent of the 14th Amendment to the U.S. Constitution -- the objective being to claim that Trump cannot unilaterally end the abominable practice of pregnant Turd World invaderettes pumping out their bastard "anchor babies" in a U.S. hospital, thus gaining for them full "rights" of citizenship and all the free stuff that comes with it.

*"I like to leeev in A-mer-ic-a.... everyting free in A-mer-ic-a!"*

The imbecilic article is infected, from headline to opening to finish, with the annoying logical fallacies of **Argumentum ad Populum** (*arguing to consensus*) and **Argumentum ad Verecundiam** (*arguing to authority*). Take a whiff:

*"The words of the 14th Amendment are plain, and the **scholarly and judicial consensus** about what they mean is **nearly uniform**: Children born in the United States automatically become citizens of the United States."*

One academic ass-clown after another after another is quoted in support of this erroneous position. And just like that, millions of Boobuses will shut their minds down and outsource their thinking to the "consensus" of "scholars." Ugh! It's so maddening. Particularly so because any lay person with 8th grade reading and research skills ought to be able to discover, *on his own*, that the 14th Amendment was never intended for the purpose of facilitating the invasion of the United States by illegal aliens.

For the sake of argument, let us put aside the fact that the post civil-war "**Reconstruction Amendments**" (13th, 14th & 15th) were imposed upon the defeated southern states under extreme duress. But even if we accept their

legitimacy long after the fact -- the 14th Amendment of 1868, which grants birthright citizenship, was clearly intended to apply to freed black slaves only -- not to criminal border jumpers!

Here's the language of the clause in question:

*"All persons born or naturalized in the United States, **and subject to the jurisdiction thereof**, are citizens of the United States and of the State wherein they reside."*

You see, invaders are not subject to the jurisdiction of the United States. They are subject to the jurisdictions of the countries they came from. The only thing they and their broods are "entitled" to from us is a red, white and blue jack-boot up their asses and a one way ticket back to their country of origin -- whose jurisdiction they remain under.

***1. Argumentum ad Verecundiam: A single diploma-decorated dick-head says it is so. // 2. Argumentum ad Populum: A whole panel of diploma-decorated dick-heads say it is so. // 3. Sound Socratic Logic: A single simple man seeks out original source data and objectively figures it out for himself.***

Should there remain any lingering doubt as to the original intent of the language, let us consult one of the actual authors of the 14th, Senator **Jacob M. Howard** of Michigan, for clarification. During the debate over the first clause of amendment, Howard argued for including the phrase "and subject to the jurisdiction thereof." He stated:

*"Every person born within the limits of the United State, and subject to their jurisdiction, is by virtue of natural law and national law a citizen of the United States. **This will not, of course, include persons born in the United States who are***

*foreigners, aliens, who belong to the families of ambassadors or foreign ministers accredited to the government of the United States, but will include every other class of person."*

That quote can be found, *and well-sourced to original documents*, right at Wikipedia. So why the frickety-frack do we need "judicial scholars" to spoon feed us? Sadly, Trump's threatened Executive Order would surely be challenged, and likely overturned, by the Ivy League geniuses in black robes that we are all supposed to worship.

### *Who understands the 14th better?*

***Globalist Speaker Paul Ryan: "You cannot end birthright citizenship with an executive order. You know, as a conservative, I'm a believer in following the plain text of the Constitution, and I think in this case the 14th Amendment is pretty clear, and that would involve a very, very lengthy constitutional process."***  
***Amendment co-author Howard: "This will not, of course, include persons born in the United States who are foreigners, aliens.."***

\*

***Boobus Americanus 1:*** *I read in the New York Times today that the consensus among legal scholars is that Trump cannot undo the 14th Amendment with an Executive Order.*

***Boobus Americanus 2:*** *Trump displays a shockingly authoritarian disregard for the rule of law.*

## **NY Times: Trump's Nationalism Is Breaking Point for Some Suburban Voters, Risking G.O.P. Coalition**

**Tuesday's House election may turn on a generational break with the Republican Party among educated, wealthier whites — especially women.**

REBUTTAL BY

## **The Anti-New York Times**

With an election of enormous significance just days away, Sulzberger's Slimes, in addition to playing its daily R-Card (*Race*), today plays the E-Card (*Education*) in conjunction with the W-Card (*Women*) prominently on its front page. From the article:

*"It is easy to see which demographic could shift most fundamentally on Election Day: college-educated white women."*

The E-Card is a manufactured self-fulfilling prophecy constantly played over the airwaves and printed pages of the Piranha Press. We are told, repeatedly, that the majority of "college educated voters" <sup>TM</sup> do not support Donald Trump. Just Google the term "college educated voters" and behold the full extent of the left-wing slant.

The more that this moronic mantra is repeated, the more that conceited "college educated voters" <sup>TM</sup> (*forever wanting to be part of the "in crowd"*) will either move away from Trump and the Republicans, or keep their pro-Trump leanings in the closet. Putting aside the critical fact that college campuses have, for the past 40 years, been infested with Marxist professors whose unholy mission is the brainwashing of their gullible young students, let us address the snobbish use of this term "college educated" <sup>TM</sup> and why it should hold no weight in deciding how one should vote.

*"The media says that college-educated women are voting Democrat. I'm college-educated. Therefore, I will vote Democrat."*

As a 1987 graduate of what is considered a "reputable" eastern University (*Rutgers, NJ*), your humble reporter here can assure you that upon graduating, when compared to the wisdom since acquired, I knew jack-diddly-squat about life, the world in general, and how it all works. I made good (*not great*) grades; demonstrated the capacity to retain many bits of data -- most of which were forgotten just weeks after the exam; and certainly *thought* that I knew it all. So, what did that make yours truly upon graduation? Answer: Nothing more than an unemployed 21 year-old boy in a man's body who could guzzle beer, charm chicks, solve a few math equations and recite a few disjointed factoids about this or that subject. Big frickin' deal! If, by the age of 30, or 40, or 50, that "college education" <sup>TM</sup> is all that you have to brag about, then brother, you have got a serious case of arrested intellectual development.

The word "education" derives from "**educ**" -- to draw out of, to develop the potential of. You see, the art of thinking is already within you -- programmed into your brain by the same Creator which many of these "college educated" <sup>TM</sup> ass-clowns deny even exists. The role of an "educator" therefore is to help bring your potential *out of you* so that you can stand and figure things out on your own two feet. This is the *exact opposite* of what has been taking place at our "institutions of higher learning" <sup>TM</sup> for so many years. Far from "educing," when it comes to matters pertaining to politics, culture, philosophy, history, economics etc, today's commie and libtarded professors know only how to *indoctrinate* -- meaning, to take information (*all of it false*) and implant it, *from the outside*, into the minds of a soon-to-be "college educated" <sup>TM</sup> know-nothing.

***1. True "higher education" is akin to the making of a sculpture. The end-product is already in there, just waiting to be "educated" out by the Socratic Method. // 2. How many of these silly, puffed-up "college educated" <sup>TM</sup> women voters actually understand the wisdom of humility described by Socrates?***

True lasting "education" comes from things like work experience, the raising of a family, and constant self-introspection. And even those forms of "education" are only limited to one's personal life experiences. In my case, a sound understanding of philosophy, history, culture, world affairs, business, politics and economics was not acquired until after age 30 -- thanks mostly to years of Internet based self-study and some seriously deep thinking.

So, as a "college educated" suburbanite who attended a "good school," trust me, repeat, *trust me* when I say that a "college education" <sup>TM</sup>, *at best*, only proves that one has the memory capacity and personal discipline required to retain information and then obediently regurgitate it for an exam. Apart from useful subjects such as engineering and applied science, if the major field of study was a joke and the grades were just barely enough to pass, the "college education" <sup>TM</sup> was an absolute waste of time and money. And if you think that your post-graduate "education" has been enhanced by reading the **New York Slimes**, **The Wall Street Urinal** or the **Washington Compost**, or watching and parroting the talking eggheads of **PBS**, **DeFace the Nation**, **Meet the Depressed**, **This Geek** or **60 Wasted Minutes**, boy-oh-boy are you lost!

In the final analysis, putting aside political ideologies, there is nothing "educated" about voting for Demonrat (*or Globalist Republican*) candidates who, unanimously:

- Support confrontation with nuclear-armed Russia and China
- Support tax hikes and regulation as the way out of our economic decline
- Support the economic and medical disaster that is ObongoCare

- Support windmills and solar panels in order to "save the planet" from non-existent "Global Warming" <sup>TM</sup>
- Support ending the United States and rolling it up into a global political system
- Support wide open borders and generous welfare for illegal aliens
- Support job-killing trade deals

*"Oh, but Donald Trump does not act presidential." -- squeal some of the oh-so "educated" dumbass p-words with a degree. Waaaaa waaaaa! Grow up, grow a pair, and give us a break! All that being said, we suspect that Demonrats may not do as well among "educated" white women as Sulzberger's scribblers expect. We shall know soon enough.*

***Hey Suburban Suzie Soccer Mom! What is so bloody damn "educated" about supporting open borders, degenerate Marxism and confrontation with Russia and China?***

**Boobus Americanus 1:** *I read in the Wall Street Journal that Trump is turning off college-educated women voters to the Republican Party.*

**Boobus Americanus 2:** *Trump's appeal is mainly to ignorant blue-collar rural types who didn't go to college. No true intellectual person would have anything to do with him.*

**Sugar:** *Thosse blue-collar typess were smart enough to ssmell Hillary's communisst bullshit -- which is more than I can ssay for you, college boy.*

**The Great One:** *"It was not the intellectuals who gave me the courage to undertake this task, I found the courage because I've encountered two sorts of people in my lifetime, the German worker, and the German farmer."*

## NY Times: The Faces of Change in the Midterm Elections

K.K. Rebecca Lai, Denise Lu, Lisa Lerer and Troy Griggs

REBUTTAL BY

# The Anti-New York Times

As regular readers of **The Anti-New York Times** well know, the reason why Sulzberger's Slimes loves "diversity" <sup>TM</sup> so much is because it's a code word for anti-White-heterosexual-male. The slogan, "*Diversity is our greatest strength*" is actually an inside joke among that hateful envious crowd (*cough cough*). You see, "diversity" really is *their* greatest strength. Get it?

The self-chosenites figure that once Whitey (*who built this frickin' country from scratch!*) gets knocked off of his lofty perch; the mixed and rootless masses can be easily controlled by the Globalist elites. To that end, with Satanic glee, this Slimes piece -- put together by two Asians, a Black and a Jew -- informs us that this years' Congressional and Gubernatorial races feature an unusual degree of "diversity" <sup>TM</sup> -- the majority of it on the Demonrat side. And when you consider that many of the "White guys" running as Demonrats are Jews, with some probably closeted queers thrown in, the anti-straight-White-male "diversity" <sup>TM</sup> is even more pronounced and puke-worthy.

***There is nothing to celebrate about artificially marginalizing the very White men who built western civilization. This effort will end badly for all but the ruling Globalist-Jewish elite and their loyal henchmen.... but that's the whole point, isn't it?***

From the article / online visual presentation:

*"The candidates in the midterm elections are among the most diverse set to run in the history of the United States."*

The unwritten corollary: *"The candidates in the midterm elections are among the least white male set to run in the history of the United States."*

The irony of this "diversity" <sup>TM</sup> is that most of these diversniks, certainly those on the extremely "diverse" <sup>TM</sup> Demonrat side, aren't really "diverse" <sup>TM</sup> at all. The propaganda piece features Marxist Black candidates, Marxist bi-racial candidates, Marxist Asian candidates, Marxist Hispanic candidates, a Marxist Somali candidate, a Marxist "Native American" candidate, Marxist sodomite candidates, Marxist dyke candidates, and even a Marxist "bi-sexual" candidate. What "diversity" <sup>TM</sup> are they talking about? Certainly not philosophical!

Members of this mixed mob don't self-identify as Marxists, of course, but we all know that today's Demonrat's are a pathetically predictable monolithic bunch of group-thinkers and group-voters.

***Most disturbing is the shocking amount of deluded and angry females seeking office. Image 1: Senate candidate Kyrsten Sinema, (D-AZ) is a proud "bi-sexual" who mocks stay-at-home mothers as "leeches." // 3. Queen Victoria foresaw this dangerous trend as far back as the 1800's, when she warned:***

*"I am most anxious to enlist everyone who can speak or write to join in checking this mad, wicked folly of "Women's Rights", with all its attendant horrors, on which her poor feeble sex is bent, forgetting every sense of womanly feelings and propriety. Feminists ought to get a good whipping. Were woman to "unsex" themselves by claiming equality with men, **they would become the most hateful, heathen and disgusting of beings** and would surely perish without male protection. I love peace and quiet, I hate politics and turmoil. **We women are not***

*made for governing, and if we are good women, we must dislike these masculine occupations."*

Tell it, Queenie. Tell it!

And we can safely assume that the Queen would have felt the same way about the queers and trannies now seeking political office all across America and Europe. Unfortunately, Victoria herself, as sovereign head of Parliament, was asleep at the wheel as the Rothschilds and their evil agent Benjamin Disraeli consolidated the gradual theft of Britain (*begun under King George III*) right from under her royal nose --- but we digress.

*The eternal schemer's plot to agitate and then "empower" women should have been nipped-in-the-bud 100 years ago with a good spanking of the deluded ladies who drank his "progressive" poison.*

**Boobus Americanus 1:** *I read in the New York Times that a record number of women and minorities are running for office this year.*

**Boobus Americanus 2:** *We White men have had a good long run. It's time to give others a chance.*

**Sugar:** *Now that'ss jusst great, Boobuss! Insstead of corrupt Jew-owned White men lording over uss, we will ssoon be controlled by corrupt Jew-owned "minoritiess."*

The combination of Deep State treachery, Piranha Press propaganda, and the appalling immorality and retard-level stupidity of scores of millions of our degenerate "fellow Americans" <sup>™</sup> has slowed down The Trump Train as Repubs gained seats in the Senate, but lost their important House majority. The coming conflict and obstructionism will block much of the Trump agenda and may, should the economy falter, position the Communist Demonrats to knock him out of The White House in 2020.

Meet just a few of the malicious incoming chairmen of powerful House Committees that will be setting the legislative agenda --- each one dumber, and angrier, and nastier than the other:

***1. Maxi-Pad Waters: Financial Services Committee // 2. Suspected rapist of kidnapped Haitian toddlers, Adam Schiff (cough cough): House Intelligence Committee // 3. Elijah Cummings: Oversight and Government Reform***

As we projected yesterday, massive voter fraud occurred in the predominately Black / Hispanic Democrat precincts. If nothing is done about it this time -- then stick a fork in America. We're finished. But if Trump is indeed the historical hero that his hard-core devotees believe him to be, then there is no excuse now for him and AG Sessions not to drop the hammer on this massive fraud that has been going on for a long, long time -- especially with the emergence of damning "**Project Veritas**" undercover videos taken at polling places in Texas and New Jersey just yesterday. See the shocking video clips below. We'll wait here for ya.

The evidence is now in your hands and the next chess move is yours, Mr. President. You had promised to respond with the full force of your office to the voter fraud which you evidently *knew* would be committed on Election Day, and indeed it has been. How you and your generals respond to this blatant commission of federal crimes (*which we all know was happening nationwide*) will tell us if you truly have the stuff of an **Andrew Jackson** or a **Joe McCarthy**; or if you're only just a slightly ballsier version of **Ronald Reagan**. Perhaps Trump will show us, in due time, that he and Sessions set a trap for the Communist scum, and that they took the bait? Perhaps, but don't hold your breath on that theory. In any case, we shall know soon enough.

Gotta cut this one short, boys and girls -- between the monitoring of results and the aftermath of too much coffee, we were up very late last night.

There --- fixed it!

***The Chess Master and his "stealth bomber." --- Mission Accomplished!***

As regular readers of **The Anti-New York Times** all know, we have maintained, and continue to maintain, that the whole "Trump-is-mad-at-Sessions-for-being-so-weak-and-ineffective" routine was all make-believe -- the purpose being to conceal the important work that Attorney General Sessions Justice Department was doing "beneath the radar." Apart altogether from any criminal case material surely gathered but which we do not yet know about; a review of the list of high-level DOJ & FBI criminals whose heads have rolled under Sessions reign at the DOJ (*which also oversees the FBI*) is truly impressive. Someone once dubbed him "the silent assassin," and indeed he was.

Have a look at Q-Anon's reassuring post from October 9, and appreciate the effectiveness of "hit man" Stealthy Jeff.

**How do you navigate around installed corrupt [FBI][DOJ]?**

**USE A STEALTH BOMBER**

*Few understand how Sessions' invisible ax has taken out a whole nest of high-level swamp-dwellers. Nice work, Stealthy Jeff. Now go get that Alabama Senate seat back!*

Already, the buzz down in Alabama is that Sessions is planning to run for his old Senate seat, which he was forced to vacate upon accepting Trump's appointment for Attorney General. The open seat was won in a 2017 freak special election by the Communist **Doug Jones**, who will be highly vulnerable in 2020. Essentially, the seat will, with 100% certainty, belong to Sessions again -- if he wants it.

Now, as for **Matthew Whitaker**, the new Acting Attorney General and "Trump Loyalist" who will replace Stealthy Sessions (*at least for now*), look at what Sugar sniffed out from cyberspace:

- **Headline USA Today (July 5, 2016): I would indict Hillary Clinton**

**By Matthew Whitaker**

That's a real good sign. Here's an even better one, just hours old:

- **Headline The Hill (November 7, 2016): Schumer: Acting AG should recuse himself from Mueller probe**

What Q Anon is saying and what Trump's moves are indicating (*and Trump & Q are definitely connected!*) is that Whitaker will be the "bad ass" who finishes up the important and valuable work that "incompetent" and "weak" Sessions started, as the Alabama assassin quietly slips back into his old Senate seat in 2020.

***1. All of Libtardom is suddenly squealing about big bad Matt Whittaker --- the "Trump Loyalist" named as Acting Attorney General. // 2. The Demonrat Leader Chuck Schumer (cough cough) is clearly afraid of Whittaker. // 3. Theory: Marxist Doug Jones was allowed to win Sessions seat in 2017 -- by massive and carefully documented voter fraud -- because Sessions intended to reclaim it in 2020.***

As always, we caution against too much euphoria --- especially in light of the Demonrat victories in the House. But the more powerful Senate majority not only gained *four more* Trump Republicans for Trump; in addition, two GOP anti-Trumpers (*Corker & Flake*) will be leaving due to forced (*according to Q*) retirement, another GOP anti-Trumper (*McStain*) was, (*according to Q*), secretly executed for high treason, and still another has been flipped over to a scared-shitless Trump-loving and loudly barking puppy-dog (*Graham*). This is Trump's Senate now.

If "the plan" which Q-Anon has been revealing to us (*and remember, it has been proven that Trump & Q are definitely working together*) -- then the Demonrat House will be powerless to stop the coming power plays. Perhaps that's why both Q and Trump are shrugging off the loss of the House as "not a big deal?"

Heads up, boys and girls. There is still hope.... Stay tuned.

We are at war.

Think logically.

Why was winning the House majority the primary goal for them?

To this point, what chamber is currently directing the DOJ/FBI investigations?

To this point, what chamber do they feel most threatened by?

While the focus was on the House for them (due to above), our underlying focus was adding PRO\_POTUS members to the Senate and safely securing a

PRO\_MAJORITY.

THE SENATE IS WORTH SO MUCH MORE.

THE SENATE CONTROLS JUDGES & CABINET POSITIONS W/O HOUSE APPROVAL.

THE SENATE JUDICIARY COMMITTEE HAS DIRECT OVERSIGHT OVER THE DOJ&FBI [**MORE POWER THAN THE HOUSE**].

While we had a senate majority on paper, in reality, we never did, nor could we count on bringing investigations to that body until it was safely in our full control.

THE SENATE WAS ALWAYS THE PRIMARY OBJECTIVE.

Moves & countermoves.

We defied history by picking up Senate seats.

## A Trifecta of Trickery

Voter Fraud, Genital Fraud, Mass-Shooting Fraud

REBUTTAL BY

# The Anti-New York Times

Fakery -- fakery -- fakery everywhere! So much hoaxing to debunk, so many dumb-as-dirt normies to awaken -- and so little time to do it all. But we carry on.

There was actually so much juicy material to address in today's issue of Sulzberger's Slimes that ~~Sugar and me~~, er, "The Editorial Board" of **The Anti-New York Times** decided to publish *three* mini-responses instead of the usual single-story rebuttal. Let's dive in.

### NY Times: Rick Scott Cites Rampant Fraud in Florida, as Senate and Governor Races Tighten

Something unprecedented in American history is happening in the state of Florida. No silly, we're not talking about the blatant, in-your-face, Demonrat voter fraud. That's actually very "normal" in American elections. What's encouragingly new here is that, *for the first time ever*, both a sitting Republican Governor (*Rick Scott*) and a sitting Republican President, (*Trump*) are screaming "Fraud!" from the rooftops.

For nearly 60 years now -- dating back to the out-going President **Dwight Eisenhower's** 1960 behind-the-scenes restraining of an angry Vice President / GOP Candidate **Richard Nixon's** desire to challenge the Chicago voter fraud which swung the election to **John F Kennedy** -- the standard Republican't reaction to inner city voter fraud has always been, out of fear of being labelled "racist" <sup>TM</sup>, to stand down and allow the rigged results of fraudulent election after fraudulent election after fraudulent election to go unchallenged.

The early indications here are that Trump's Republicans, will no longer tolerate this evil corruption. Let us hope that the legal actions will live up to the tough, capitalized rhetoric contained in his recent tweet about the ongoing fraud down in Florida:

**@realDonaldTrump**

**Following Following @realDonaldTrump**

**More**

**As soon as Democrats sent their best Election stealing lawyer, Marc Elias, to Broward County they miraculously started finding Democrat votes. Don't worry, Florida - I am sending much better lawyers to expose the FRAUD!**

***. Both in "Tweets" and on camera, Trump, in unprecedented fashion, has come out swinging hard on the issue of voter fraud.***

## NY Times: Michelle Obama Had Miscarriage, Used IVF to Conceive Girls

Well, well, well! Look at who just admitted to having had to conceive "her" embryonic daughters "in vitro" (*"test tube babies"*). Add yet another piece of compelling data to the "M" column of the "Is-it-a-male-or-a-female?" debate over the true sex (*"gender"*) of former First Tranny, **Mike Obongo**. In her upcoming memoir (*for which ~~she~~, ~~he~~, it received a \$30 million advance!*) the Bolshevik beasts tells of the difficulty of getting pregnant. From the article (*"youse guys" have to read between the lines here*):

*Michelle Obama says she felt alone after a miscarriage 20 years ago and she and Barack Obama underwent fertility treatments to conceive their two daughters.....*

*"We were trying to get pregnant and it wasn't going well," (ya think?) Mrs. Obama, 54, writes in "Becoming," set for release Tuesday. .... "We had one pregnancy test come back positive, which caused us both to forget every worry and swoon with joy, but a couple of weeks later I had a miscarriage, which left me physically uncomfortable and cratered any optimism we felt."*

*The Obamas opted for IVF, one form of assisted reproduction that typically involves removing eggs from a woman, fertilizing them with sperm in a lab, and implanting the resulting embryo. ...*

*Mrs. Obama writes of being alone to administer herself shots to help hasten the process. Her "sweet, attentive husband" was at the state legislature, "leaving me largely on my own to manipulate my reproductive system into peak efficiency," she said."*

Translation: Barack and Mike are both dudes. So, in order to present an image of a normal American family, they adopted (*or had fertilized using a surrogate?*) two daughters.

The famously vulgar and very libtarded comedienne **Joan Rivers** (*cough cough*) -- just weeks before her sudden and mysterious death -- was right when she quite seriously and without malice declared (*and later doubled-down in spite of the media attacks against her*) that "Michelle is a tranny." Maybe that's what Mike

Obongo is telling the more astute among us with ~~her~~, ~~his~~, its book title, "***Becoming***" -- as in, *becoming* a fake woman. Get it?

***Joan Rivers: "You know Michelle is a tranny. ... We all know." (video) --- Six weeks later, she died in a freak medical mishap! // 2 & 3. The former First Beast has had and continues to have more than a few penile mishaps.***

## **NY Times: A Year Apart, Some Country Music Fans Face 2 Mass Shootings**

With so many phony mass shootings, the "Deep State" must be running out of crisis-actors. How else to explain this "coincidence" of numerous "survivors" from last year's "Route 91" fake mass shooting in Las Vegas being shot at, and in one case "killed," at the recent fake event at the Borderline Club in Thousand Oaks, California? From the article -- a tale so bloody damn absurd that no debunking rebuttal is even necessary.

*"Barely a year after surviving a massacre at a country music festival in Las Vegas, Brendan Kelly found himself in a terrifyingly familiar scene.*

*Kelly, 22, said he was dancing with friends at a bar in suburban Los Angeles on Wednesday night when the bullets began flying. When the gunfire was over, 12 people were dead, including a Navy veteran who had lived through the deadliest mass shooting in modern U.S. history a year ago.*

*"I already didn't wish it on anybody to begin with for the first time," Kelly said outside his home in Thousand Oaks. "The second time around doesn't get any easier."*

*The mother of the 27-year-old man killed in the latest attack, Telemachus "Tel" Orfanos, said her son survived Vegas only to die inside Borderline, less than 10 minutes from his home.*

*"Here are my words: I want gun control," said Susan Schmidt-Orfanos, her voice shaking with grief and rage. "I don't want prayers. I don't want thoughts."*

*She said she wanted Congress "to pass gun control so no one else has a child that doesn't come home."*

Is there no limit to what make-believe tales that the normies of America will swallow?

***1 & 2: After again "surviving," Crisis-actor "Brendan Kelly" was very eager to show off his tattoo commemorating his presence at last year's Route 91 fake massacre. // 3. Fake victim Telemachus "Tel" Orfanos wasn't so "lucky" this time around. Like Kelly, he too "survived" Route 91, but was "killed" this time around in California! (The hot dog in the background is a child sex rape symbol, by the way.)***

\*

**Boobus Americanus 1:** *I read in the New York Times today that there were a bunch of survivors from last year's mass shooting present at the shooting in California. One even died this time.*

**Boobus Americanus 2:** *Wow! What are the odds of that! I'm sure the conspiracy theorist nuts are losing their minds over that.*

**Sugar:** *Boobuss, you credulouss cretin! You losst your frickin' mind as far back as elementary sschool!*

**Editor:** *Boobus has been mind-raped so badly and for so long, that the illusion-makers don't even bother to create realistic-looking fiction anymore.*

**NY Times: Macron Hopes WWI Ceremonies Warn of Nationalism's Dangers. Is Anyone Listening?**

**NY Times: Trump's Nationalism Rebuked at World War I Commemoration**

**NY Times: Excerpts of French, German Speeches Commemorating WWI's End**

**REBUTTAL BY**

**The Anti-New York Times**

The worldwide Piranha Press is buzzing over the pre-meditated and classless denunciation of "nationalism" which Globalist traitor **Emmanuel Maricon** (*deliberate typo, Spanish for ?*) delivered before the assembled "world leaders" <sup>TM</sup> at the 100-year commemoration of the end of World War I in Paris. The dastardly purpose, of course, was to specifically humiliate two of his guests -- mainly, the recently self-proclaimed "nationalist," **Donald Trump**, but also **Vladimir Putin**.

Not to be outdone by the French Faggot who currently misleads France, the equally classless **Frumpy Frau of Germany** also delivered scripted cheap shots

aimed at Trump's "isolationism" <sup>TM</sup> -- all as the President of the United States was compelled to just sit there quietly and soak in the public abuse. Let's have a look at just a few of the ridiculous remarks vomited out by these two EU-loving traitors, and correct the really bad Fake History upon which those statements were based.

***1. Females and Fags rule de-balled Western Europe. Trump (thought bubble):  
"Why is this fag touching my thigh?" // 3. Trump & Putin exchanged warm  
greetings.***

## MARICON'S MANURE

**Maricon:** Nationalism is a betrayal of patriotism. In saying 'our interests first, whatever happens to the others,' you erase the most precious thing a nation can have, that which makes it lives, that which causes it to be great and that which is most important: Its moral values.

**Rebuttal:** No. The true definition of nationalism, in the context of today's times, is the refusal to sacrifice the nation's independence and liberty to an all-powerful and unaccountable world body. Therefore, it is Globalism which is "*a betrayal of patriotism.*"

**Maricon:** I know, the old demons are resurging, ready to finish off their work of chaos and death. ... Sometimes, history threatens to retake its tragic course and threaten our heritage of peace that we believed we had definitively settled with our ancestors' blood.

**Rebuttal:** Boy Emmanuel has it exactly backwards. The demons of chaos and death are the *Globalists*, not the nationalists. They were the ones who unleashed

World War I, and their political heirs are behind all the wars of today. The ones working ceaselessly to end wars and maintain the peace are Trump and Putin -- both nationalists!

**Maricon:** For four years, Europe almost committed suicide. Humanity had sunk into a hideous labyrinth of merciless battles, in a hell that engulfed all fighters, whichever side they were on, whatever nationality they had ... 10 million dead, 6 million injured and mutilated, 3 million widows, 6 million orphans, millions of civilian victims.

**Rebuttal:** Yes. It was a horrific war which diminished and wiped out a whole lot of good European DNA. But it was not caused by "nationalism." To the total contrary, "The Great War" was engineered, *decades in advance*, by Globalist and Zionist agents working on both sides -- the dual purpose being to set the stage for an embryonic world government (*The League of Nations*) and also for the British-Zionist theft of Palestine from Ottoman Turks and local Arabs. But in order to get the boobs to fighting, killing and dying, the Globalists, through their wholly-owned press, whipped up a phony nationalist fervor.

*Nationalists??? --- Zionist / Globalist moguls and puppet masters - Bernard Baruch (USA), Jacob Schiff (USA) and "Baron" Lionel Walter Rothschild (UK) all worked hard to start "The Great War" in Europe, and then drag the United States into it.*

## **MERKEL's MADNESS**

**Merkel:** This war, with its senseless bloodshed, showed where national arrogance and military hubris can lead. And it made clear what disastrous consequences a lack of compromise in politics and diplomacy can have.

**Rebuttal:** Yes, indeed "national arrogance and military hubris" were essential elements of that tragedy; but again, symptoms are being mistaken for the true cause. Without the Globalist / Jewish "arrogance and hubris" of the ultimate string-pullers, the "arrogance and hubris" of opportunistic politicians and glory-seeking military leaders would never have surfaced.

**Merkel:** It's anything but self-evident" that Germany and France should have such friendship now, especially after **the suffering that Germans caused to their neighbor, to Europe and the world in two world wars.**

**Rebuttal:** (*palm to face, shaking head, sighing*): Vile traitorous swine! Even Establishment historians have, for a long time now, been permitted to write that World War I was "everybody's fault." Yet here's Angie Kasner (*cough cough?*), on foreign soil, blaming Germany for *both* World Wars?

~~Sugar and I~~, er, "The Editorial Board" is so sick and tired of refuting this "Germany-started-two-world-wars" crap -- best to let some old newspaper headlines refute the rubbish spewed forth by this horrible Marxist hag:

## ***FRANCE & UK WERE THE AGGRESSORS IN BOTH WARS, AS WELL AS THE 1920's!***

**1914:** Before Germany invaded puppet-Belgium to get to France, the French had invaded Germany. // **1923:** "Germans Killed in Ruhr (Germany)" --- When looted-out Germany struggled to make its post-war extortion payments, French & Belgian troops marched in to confiscate resources of the German Ruhr region by force. Germans who protested were abused or even murdered. // **1939:** "French Invade Reich" --- a full 9 months before Germany invaded France!

**Merkel:** The First World War showed us what kind of ruin isolationism can lead us into. And if seclusion wasn't a solution 100 years ago, how could it be so today?

**Rebuttal:** In the ass-backwards code-language of Globalists like Mamma Merkel, "isolationism" <sup>TM</sup> and "seclusion" are propaganda terms intended to smear those of us who hate war and respect the independence of all nations. And by the way, now that the peace-loving presidents of the U.S. and Russia are friendly and openly "colluding," what is this new threat of a European war that Maricon & Merkel are warning us about anyway? Who are the potential adversaries? We're confused here.

\*\*\*\*\*

Sifting through the goofy worn-out platitudes of Globalist agent-scum such as Maricon and Merkel reminds us not of the imaginary dangers of "nationalism" and "isolationism" <sup>TM</sup>, but rather, of the importance of correcting the Fake History of *both* World Wars -- a task skillfully accomplished (*bowing*) in **"The Bad War"** -- which would make a very nice Christmas present for the bewildered normies in your life (*hint hint*).

\*

**Boobus Americanus 1:** *I read in the New York Times today that Macron and Merkel, speaking at a centennial ceremony in memory of World War I, really schooled Trump on the dangers of nationalism.*

**Boobus Americanus 2:** *Good for them! As we all learned in High School, nationalism is what caused that senseless war.*

**Sugar:** *Boobuss, you deluded dipsshit! Globalisstss, Zionists and their international freemason agentss began the prep-work for that war 20 yearss in advance! That'ss a frickin' fact!*

**Editor:** *The Bad War covers that as well. So does Planet Rothschild.*

## Let the People Vote

REBUTTAL BY

# The Anti-New York Times

As if the Demonrat re-capture of the House of Whores and the blatant nationwide voter fraud weren't frustrating and depressing enough, we now come to learn of the success of multiple mobocracy referendums that will make the Republic even more "democratic" <sup>TM</sup> and more fraudulent. From the article:

*"Last week, ballot initiatives to improve the functioning of democracy fared very well. In Florida — more than 64 percent of voters approved restoring the franchise to 1.4 million people with felony convictions. In Colorado, Michigan and Missouri, measures to reduce gerrymandering passed. In Maryland, Michigan and Nevada, measures to simplify voter registration passed. "In red states as well as blue states," Chiraag Bains of the think tank Demos says, "voters overwhelmingly sent the message: We're taking our democracy back."*

- Felons voting = more Demonrat votes
- Reducing Republican "gerrymandering" (*majority White districting*) = more Demonrat Congressmen
- Simplified voter registration = more bums and dead people signed up as Demonrats

And the sad irony of it all is that many dumb-as-dirt *Republican* voters allowed themselves to be conned into voting for this commie crap.

***1. Karl Marx advocated "democracy"™ as a tool for Communist takeover through legal means. // 2. Yo esse, we be voters when we gets out. // 3. Clueless crowds line-up to determine the very course of humanity. What a spectacle!***

There was a time, before the Communists captured the colleges and schools of America, when every child in the land understood that such unlimited democracy was a danger to a free society; and that what the nations' founders had established was not a "democracy"™, (*rule of the manipulated majority*) but rather, a constitutional REPUBLIC (*rule of law enforced by elected representatives and state-appointed U.S. Senators.*) The gradual transformation of the United States into a "democracy"™ means that every uninformed or even brain-dead Tom, Dick and Harry gets to have a say in determining the present and future course of the nation and indeed, mankind as a whole!

Of course, Tom, Dick and Harry -- and also Juan, Margarita y Pedro who just got here from across the Rio Grande -- aren't really expressing their own opinions. Though they may fancy themselves as "informed," their votes are based mainly upon what the Electronic Idiot Box is beating them over the head with night after night after night -- and regular readers of **The Anti-New York Times** all know who is playing the role of "Wizard of Oz" behind the TV screen, right? (*cough cough*).

***1. America's founders -- did not advocate "democracy"™. So-called "voting rights"™ were restricted to men and property owners, and U.S. Senators were appointed by state legislatures, not elected by the mob. // 2. The usual suspects love unlimited "democracy"™ because their wholly-owned media can easily guide the malleable minds (and votes) of the moron masses.***

## **DEMOCRACY AT 40,000 FEET**

Imagine yourself a passenger on a commercial airplane cruising along at an altitude of 40,000 feet. During the flight, the pilot suffers a heart attack and dies at the controls. Upon seeing his long-time friend and colleague expire right before his eyes, the grief-stricken co-pilot suffers a debilitating stroke.

As the plane safely cruises while on auto-pilot, the stewardess calmly informs the 187 passengers plus crew of what has just happened; and asks if there is anyone on board who can safely land the plane when it approaches its destination. A decorated U.S. Air Force "top gun" pilot who has also flown massive bombers just happens to be one of the passengers. He calmly steps forward and reassures the frightened crowd, *"Don't worry, I got this."*

At that moment, a neurotic middle-aged woman presents herself, *"I once drove a school bus. I think I can handle this. Let's put it to a democratic vote! You all do believe in majority rule, don't you?"* To the shock of the veteran pilot, a mini-campaign ensues, during which the Air Force ace calmly tells of his 14 years of flying experience, numerous aerial combat exploits and countless awards received. But it is the ex-bus driver who really steals the show! Finger wagging furiously in the air while screaming at the top of her lungs, she shrieks: *"Free drinks and movies for all when I'm elected! And for all you oppressed passengers in the back, you'll have a chance to rotate places with the greedy millionaires and billionaires in first class!"* The incompetent bus driver wins the election by just a single vote.

***And the winner is --- Barbara Busdriver from Kalamazoo! -- Sorry Maverick, but in a "democracy," ability and honor don't count for shit!***

About an hour into the ridiculous reign of the new pilot, the plane begins to rapidly descend in a most erratic manner. By that time, most of the passengers are too drunk to even notice. *"Get out of that chair you silly fool! Let me have the controls!"* shouts the Air Force vet as he storms the cabin. The crazy captainette responds, *"Shut up, you authoritarian fascist! The people have spoken! Security, remove this Nazi from my cabin!"* As our would-be hero is escorted away, the captainette's deluded groupies spit at him and mock him with their hate-filled chants: *"Racist, Nazi, anti-gay, Air-Force fascist go away! Racist, Nazi, anti-gay, Air-Force fascist go away!... Racist, Nazi ...."* ---- The plane then crashes, killing all on board.

That's "democracy" <sup>TM</sup> for ya, boys and girls. The only difference between that allegorical scenario and the real life lesson is that in the former, only the lives of a couple hundred people were put at risk, and ultimately destroyed. But in the real world, the lives and happiness of *billions* -- plus billions more yet born -- hang in the balance. Think about it.

***Tell it, Mr. Madison, Tell it! --- Founder and 4th U.S. president James Madison is the principle author of the anti-democracy Constitution.***

\*

**Boobus Americanus 1:** *I read in the New York Times today that many states voted in favor of referendums to expand democracy.*

**Boobus Americanus 2:** *That's good. If we don't all participate in democracy, we will eventually lose it.*

**Sugar:** *Hey Boobuss, if 51% of our readers vote to kick your frickin' ass and knock some ssense into your empty head, would you be OK with it?*

**Editor:** *I think that such a referendum would be unanimous on that one.*

**These Races Have Yet to Be Called. When Will We Know  
Who Won?**

REBUTTAL BY

**The Anti-New York Times**

We all have cognitive biases which can distort the overall context of sound thinking. The philosopher's trick is, first, to be aware of how this subconscious phenomenon can creep up on even the best of us, and then, to keep it under control through constant monitoring of external data and deep internal reflection done independently of the bias.

With regard to the ongoing, audacious, in-your-face, shocking (*even to us!*) criminal boldness with which the Communist Demonrats have, days *after* the actual election, already stolen a Senate seat in Arizona and a bunch of House seats across the country -- and are threatening to steal even more House seats, additional Senate seats in Florida and Mississippi, as well as the Governorships of Florida and Georgia -- there are two opposing cognitive biases to guard against if we are to critically interpret these events correctly. One is **habitual pessimism**, and the other is **false hope**. In this case, one of the biases will, in due time, prove to an accurate bias nonetheless. Our purpose here is present the two competing theories born out of each -- without making a final judgement because we're not sure ourselves.

***1. Mammie from 'Gone With the Wind' -- er, Stacey Abrams -- conceded the Georgia Governor's race, but has since "unconceded" as new votes are being discovered." // 2. Proud "bi-sexual" (palm to face, shaking head, sighing) Kyrsten Sinema overcame a substantial deficit after election day and won a Senate seat in Arizona.***

## THE HABITUAL PESSIMISM BIAS

Let's face it, boys and girls, ever since the Globalists robbed candidate **Robert Taft** at the 1952 GOP Convention (*before murdering him (we believe) in 1953*); and then de-fanged **Joseph McCarthy** in 1954 (*before murdering him (we know!) in 1957*), we the good have been getting our asses kicked up and down the football field year after year, decade after decade. Every so often a **Barry Goldwater**, or a **Ronald Reagan**, or a **Pat Buchanan**, or a **Ross Perot**, or a **Ron Paul** would make a ripple, get us all excited -- and then get steam-rolled or co-opted by the Empire. And in the case of patriot JFK -- much worse than that. Damn it! We.Always.Frickin'.Lose!

So, of course, it is only natural that in the face of this historic voter fraud that cognitive bias would lead us to throw our hands up in despair and think to ourselves: *"It's over. Trump did his best but the Empire is too strong. And because he is evidently powerless to stop this bare-faced Communist coup, it will only get worse by 2020 as the vindictive Demonrats permanently take back the White House and both houses of Congress. Get out of America while you can."*

Sad to say, this plausible sentiment, in spite of the negative bias encompassing it, *may* end up being a logical conclusion. But there is another possibility.

1. Broward County, FL: Mystery boxes full of ballots loaded into trucks after the deadline. // 2. Election Commissioner Brenda Snipes (no comment needed) // 3. Florida Republican voters protest the theft.

## THE FALSE HOPE BIAS

It's not easy to accept the prospect of the United States of America being on the brink of Communist takeover and extinction. Clinging to any driftwood of hope is natural, and many good things have happened since 2017. One operating under such a bias would therefore automatically say: *"Trump, Q-Anon and the generals / admirals won't allow it. They got this far and remain in full control. Trump was fully prepared for all this. The unprecedented boldness of the election theft that Trump is allowing to take means that this is a sting operation which will soon lead to mass arrests and the devasatation of the Demonrat Party."*

Hmmmm. This scenario also seems plausible, does it not? Indeed, Q's most recent post was a simple "53-47" --- which was an exact repost of the "53-47" he posted on October 2rd. The score of 53-47 is where the Senate will be now ---- which means that Q *knew* that GOP would lose close races AZ, WV, MT, MI, NJ etc.

According to this theory, with military precision, the goal was to win ONLY enough seats to have a solid pro-Trump cushion in the event those Fake Republican libtard hags Collins or Murkowski act crazy from time to time -- *and* to induce (*and document*) as much fraud (*and losses*) as possible in the other lost Senate races and the House. The power-mad Demonrats swallowed the bait and are in deep trouble now.

***1. Q's "53-47" post from October 2 confused his followers -- but now that he has reposted it after the election, it's clear that Q had foreknowledge of how the Senate races would turn out -- 53-47. // 2. Q's posts about the ongoing election fraud indicate that a sting operation is in the works, and that justice will be done. We shall see.***

~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times**, though 100% convinced that Q Anon is indeed real, we remain 50-50 as to whether or not Trump and friends can actually deliver all of the goods that Q is promising. The

**Boobus Americanus 1:** *I read in the New York Times today that a bunch of races are still undetermined.*

NY Times: What Started the California Fires? Experts  
Track the Blazes' Origins

REBUTTAL BY  
**The Anti-New York Times**

Due to their frequency, inexplicably mysterious burning patterns, and astonishing level of devastation, the rash of California wildfires which we have witnessed over the past two years defy all explanations, except for one. Sugar, tell it please:

*It's a frickin' conspiracy!*

And like all monster plots, this too is accompanied by ridiculous "official" explanations, such as this line from this Slimes article:

*"As investigators try to determine what started the most devastating wildfire in California history, which killed at least 56 people, **the beginning premise** is that human beings — through their mistakes, or their toys, tools and technologies — were probably behind it." (emphasis added)*

You see that? The "experts" have already ruled out deliberate arson, thus establishing an **existential fallacy** upon which data will be manipulated or ignored (*consciously or subconsciously*) to fit the "careless human" accident

theory. Detective Holmes, please school these ass-clowns on the basic logic of sound investigation:

Now, let's hop aboard the "Crazy Train" and follow the hard data to where it leads us -- specifically, to the horrible reality that these hellish infernos are the product of deliberate "Deep State" arson. And we ain't talking about operatives with gasoline cans and lighters setting trees ablaze in the middle of the night. No. These fires manifest laser-like burn patterns because, well, they were initiated, guided and intensified by, well, lasers -- **Directed Energy Weapons (DEWs)**.

These DEW's are no longer the stuff of science-fiction or "conspiracy theory" <sup>TM</sup>. Even the mainstream media has reported on this technology and actual military demonstrations can be seen on You Tube videos. The means to engineer such strange fires from high-altitude planes or even from outer space exists.

***"Star Trek" type, undetectable DEW weapons are NOT science-fiction.***

We use the term "strange" because the blazes ignite from the inside-out --- reducing homes to total ash and molten metal, while leaving nearby trees and trash cans completely intact. Similar oddities were observable at the scene of the Twin

Towers destruction on 9/11. Scoff if you will, but the following images speak for themselves, and one needn't be an "expert" to see the hidden hand of some sinister technology at work.

*Entire neighborhoods reduced to ash while nearby trees remain unscarred?*

*Impossible burn patterns*

*Cars melted -- trees not even singed.*

There's no doubt about this one, boys and girls. California neighborhoods are being blasted from above. Having established the "means," let us move on to the question of motive.

## POSSIBLE SUSPECTS AND MOTIVES

*The intense media-hype of Elon Musk™ is a sure indicator of a conspiracy afoot.*

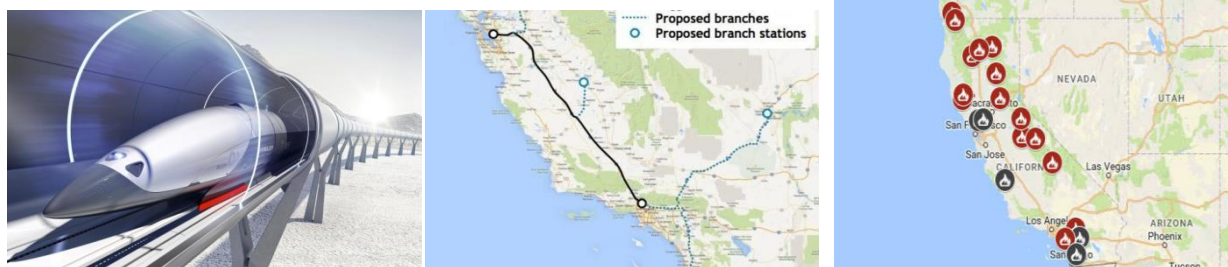

It has been observed that the statewide pattern of the fires which have displaced so many tens of thousands of California suburbanites resembles, "coincidentally," the proposed route for the much-anticipated Los Angeles to San Fagsicko

**"Hyperloop."** Hyperloop is a form of ground / underground transportation currently in development by several companies. The concept involves floating pods within low-pressure tubes that would transport passengers at airliner speeds.

One of leading competitors to build the LA-SF Hyperloop is the **Boring Company** -- headed by the shady CIA front-man **Elon Musk**, of the even shadier **SpaceX**. For the LA-SF loop, "The Amazing Musk," -- who also runs **Tesla Motors**, **Solar City** and **Nueralink** -- estimates a price tag of about \$6 Billion for a system that would provide a 30 minute ride between the two major cities.

Could these DEW fires be a form of "Eminent Domain" --- an "Agenda 21" clearing-out of large inhabited areas (*mainly by Republicans*) to clear the way for Musk's Hyperloop? Are DEW's being fired from Musk's enormous and *fast-growing* fleet of government-approved / government-funded satellites -- some of them known to have some "secret" purpose? Is this why Trump, much to the amusement of the late-night commie comics, added a **Space Force** to the military? If so, when will they act to blow up the space weapons of these mass killers out of space? Or is already too late to stop them?

*The respective routes for the proposed Hyperloop and the depopulating DEW fires from space match up very closely. Coincidence?*

It will be interesting to see if, in the coming months and years, a Musk Hyperloop system is established along the route of these fires. Or, will **"Sir" Richard Branson** -- whose **"Virgin Hyperloop"** is also in the running for the LA-SF project -- be the chosen one. And Branson's **"Virgin Galactic"** *also* has Pentagon-funded satellites in space!

If either (*or both?*) of these two Globalist arch-villains -- who both have assets in space and who both have hyperloop companies -- end up building a system where these homes once stood, you can be 100% certain that it was planned that way. Scary stuff.

*Globalists Musk and Branson --- both founded space rocket / satellite companies, both founded hyperloop companies with a keen interest in the LA-SF project, both are connected to "The Deep State," and both were favorites of the demon Obongo (Branson, frolicking above with Bathhouse Barry, is rumored to be "bi-sexual").*

*Forbes Magazine (December 16, 2013)*

#### *Elon Musk And Jeff Bezos' Not-So-Secret Land Grab*

*"With the Hyperloop in place, SF-to-LA ... the entire center of the state (possibly) becomes **gutted in the center**, as big city living becomes accessible to any and all.... And **one way or another it's coming**. Or something very much like it.*

*"With drone delivery (Amazon), rural residents can get what they need far faster than they can drive into town. So what do you think this means for the future of most small towns?"*

*Like Musk and Branson, Jeff Bezos (Amazon, Washington Post) also founded a space company (Blue Origin), and, with drone delivery of packages, also envisions an end to general stores in small and medium-sized towns.*

**Boobus Americanus 1:** *I read in the New York Times today that investigators now believe that the California fires are the result of human error.*

**Boobus Americanus 2:** *Probably some careless knuckle-head with a cigarette.*

**Sugar:** *Cigarette my asss, Boobusss! Those commie creepss Musk & Bransson are frying California with ssecret sspace-laserss, I tell ya!*

**Editor:** *Well, we don't know that for sure; but they and their handlers certainly would have the motive, the means and the opportunity. Let's just say that we regard them as "persons of interest."*

*People wearing yellow vests, a symbol of a French drivers' protest against higher fuel prices, block the motorway in Antibes, France, on Saturday.*

**NY Times: Hundreds of Thousands in France Protest Taxes by Blocking Roads**

**REBUTTAL BY**

**The Anti-New York Times**

"Sacre bleu! Evidently, there are still a number of men left in Communist France who, unlike their fellow EUSSR inmates of the completely de-balled Nordic states, have still got a few drops of testosterone left in them. Though it's probably too late

for that over-taxed, aging, infertile, and rapidly darkening nation to ever reclaim its former glory, our "hopes and prayers" ™ go out to our tax-protesting European brothers and sisters of *La France Africain*.

From the article:

*"More than a quarter-million people across France joined protests on Saturday against planned hikes in gas taxes. Drivers blocked roundabouts, highway access roads and intersections. The demonstrations have harnessed a broader discontent with high taxes and, for some, with the policies of President Emmanuel Macron.*

*Most of the 2,000 demonstrations were in the suburbs, exurbs and rural areas of France where people rely on their cars to go to work, visit the doctor and do their grocery shopping. Some protesters also blocked access to border crossings. ...*

*'We are not political people; we are citizens,' said Didier Lacombe, a retiree who lives on a fixed income. 'The taxes are rising on everything. They put taxes on top of taxes,' said Mr. Lacombe.'*

***1. Boy Maricon (not a typo) -- a traitor to France -- makes a clownish, undignified spectacle of himself cheering France to victory in this year's World Cup of Football (Soccer) // 2. "Macron, resign!" -- But will these steam-blowing protests ever make any difference?***

Since the days of the inglorious **Jacobin** (*Communist*) French Revolution, through the two decades of on again / off again Rothschild-funded "Coalition Wars" to put down **Napoleon Bonaparte** (*France's version of "The Great One"*), through the recurring revolutionary tumult of the 1800's -- which saw France flip back and forth from a Rothschild-owned Monarchy to a Rothschild-owned Republic to a Rothschild-owned Monarchy and back again to a Rothschild-owned Republic

(while having to wage the unnecessary Crimean and Prussian Wars in between) -- through the horrors of "The Great War" (WW1) for Globalism, through the vicious Allied bombardment of northern France during World War 2, through the post-war dismantling of its empire and its stature, through its total capitulation to the carbon tax and open borders policy of EU Globalism, and finally, through to the current day reign of ruin under Rothschild stooge and sodomite **Emmanuel Maricon** (*not a typo*) -- France has had it almost as bad as Germany, though spread out over a much longer period of history.

Even after 150 years of subversion (1789-1939), it still didn't have to be this way for France. Oh if only the French would taken hold of the olive branch and sincere hand of neighborly friendship that the peace-loving **Great One of Germany** (*that's Hitler for you newbies and normies*) was desperately extending prior to the outbreak and even during the early months of World War II. Had that war been avoided, the French Left could never have risen so far and so fast, and the Communist EU would never have been born. The French would be living in freedom and security today.

***The Rothschild Globalists have been inflicting revolution, Marxism, war, insanity and never-ending instability upon France for more than 200 years now!***

Hear some of Hitler's pleas which France (*under Rothschild's influence*) turned down cold:

**August, 1939 (pre-war):**

*"My dear Minister President (Daladier of France):*

*I understand the misgiving to which you give expression. I, too, have never overlooked the grave responsibilities which are imposed upon those who are in charge of the fate of nations. As an old front line fighter, I, like yourself, know the horrors of war. Guided by this attitude and experience, I have tried to remove all matters that might cause conflict between our two peoples.*

*As you could judge for yourself during your last visit here, the German people, in the knowledge of its own behavior held and holds no ill feelings, much less hatred, for its one-time brave opponent. On the contrary, the pacification of our western frontier led to an increasing sympathy. Certainly as far as the German people are concerned, a sympathy which, on many occasions, showed itself in a really demonstrative way."*

***Daladier (left) meeting with Hitler in 1938 to peacefully diffuse the Sudetenland controversy.***

**October, 1939:** *"I have always expressed to France my desire to bury forever our ancient enmity and bring together these two nations, both of which have such glorious pasts. ... Why should this war in the West be fought?"*

But France (*along with Britain*) went ahead and waged war in the Western theater anyway. By the time that World War II and its aftermath had passed, the proud French had been reduced to vassal status under the United States "Deep State" --- itself a tool of **The New World Order**. The ensuing libtard cancer has since spread to the point where a homosexual Generation-X freak and his demented 65-year-old whore of "First Lady" (*Maricon's High School drama teacher!*) could rise to the pinnacle of French politics -- albeit with the help of massive voter fraud.

Such a tragic fate for such a once-great people -- engineered by the usual suspects (*cough cough*). Sacre blue, indeed!

*Maricon's preference for the pink team is pretty much an open secret in Frafrica. // I know, Monsieur Bonaparte, I know.*

\*

**Boobus Americanus 1:** *I read in the New York Times today about large gas-tax protests taking place all across France.*

**NY Times: In a Walmart Lot, a Rough Refuge for California Wildfire Evacuees**

**NY Times: Bloomberg Gives \$1.8 Billion to Johns Hopkins for Student Aid**

**REBUTTAL BY**

**The Anti-New York Times**

These two stories form a very telling juxtaposition (*a \$10 word for placing two things together for contrast*) which exposes the soul-less, insensitive, elitist mindset of the **PRC** (*Predatory Ruling Class*). As hundreds of thousands of

traumatized Americans continue to suffer from the devastating after-effects of various mega-disasters (*both natural and technologically engineered*) of recent years, the billionaire "philanthropist" class is, for the most part, nowhere to be found.

You see; immediate, direct and substantial aid for the forgotten shelter-dwelling refugees of Hurricane Harvey, Hurricane Florence and the never-ending California "wildfires" would only earn the **Mike Bloombergs** (*cough cough*) of this world the ever-lasting gratitude of countless everyday Joes and Janes. Who the hell cares about them? But dump a few million -- or in this case, **\$1.8 Billion** -- into already over-funded and wasteful institutions such as "modern art" museums, large hospitals, UN-affiliated health agencies, and elite universities -- well now, *that* will win you the adoring accolades of "the great and the good" who think only of their status and their interests.

These ego-maniacal, sick and evil "elites" really are like a separate species unto themselves. The poor burned-out families in California, many of whom fled with just the clothes on their back, mean as little to "philanthropic" titans like **Bloomberg, Warren Buffoon, Bill Gates, Ted Turner, Davis Geffen, Mark Zuckerberg, George Soros** et al as the suffering of thousands of cockroaches being sprayed does to the Terminex man. What would it take for the top 100 members of the Billionaire Boys Club (*Trump included, to be fair -- although he has given up lots of money-making opportunities by being president*) to swoop in after one of these mega-disasters and cut some checks for the true hardship cases described in the other featured article? But no, Bloomturd's legendary "generosity" is only for the lesser members of his own elite class -- those "poor" grasping multi-millionaires who fall short of the billion dollar net worth milestone.

1. **Ted Turner:** "Look at me, everybody! I just wasted \$1 Billion on the America-hating UN!"
2. **Mike Bloomberg:** "Look at me, everybody! I just gave \$1.8 billion to Johns Hopkins!"
3. **Bill & Melinda Gates:** Look at us, everybody! We're funding child vaccinations in Turd World nations!"

\*

***1. Mark Zuckerberg: "Look at me, everybody! I just dumped \$100 million into the failing and wasteful Newark, NJ school system!" // 2. David Geffen: "Look at me, everybody! I just pissed away \$50 million for the ~~House of Horrors~~, er, Museum of Modern Art in New York!" // 3. Warren Buffoon: "Look at me, everybody! I got ya all beat! I'm giving it ALL away .... after I die, of course."***

Meanwhile, back in the Realville, USA --- from the article:

*"After Jarrad Winter escaped on foot from the wildfire that destroyed his home in Magalia, Calif., and then caught a hair-raising ride with a neighbor through the flames and out of the hills to safety in Chico, he was at wits' end. Like dozens of other survivors, he found refuge in the field by the local Walmart.*

*'I never thought I'd live in a tent city," said Mr. Winter, 39, a Marine Corps veteran and software developer who had recently emerged from a stretch of homelessness, only to lose everything he owned in the devastating Camp Fire, the deadliest California wildfire on record. "I mean, this is America; we're not supposed to live this way. But here we are, man, the new normal."*

More:

*"Some who fled from Magalia, Paradise and other burned towns in the forested Sierra Nevada foothills of eastern Butte County are staying in the tent city at the Chico Walmart. Others sleep in their cars over at the Target parking lot. Then there are those who are relying on the kindness of strangers, or going from one shelter to the next.*

*'We were always a paycheck-to-paycheck kind of town,' said Anjeanette Ramey, 30, who was unemployed when the fire hit. 'All I made it out with were the clothes on my back,' she said on Sunday morning, gazing at the Walmart tent city, where she has stayed for several days. "My house, my car, gone. No money, no job. I have no idea what happens next."*

Still more:

*"Some of the tent people say they have not gone to shelters because they find security in numbers at the Walmart; others say they like being near friends and neighbors who also lost their houses.*

*'This is my home now,' said James Reed, 65, a retired tow-truck driver, pointing to his 1968 Chevrolet El Camino. His house in Magalia, bought two years ago, was destroyed, he said, and "being here, in this parking lot, I'm reminded I'm not the only one."*

Countless more sad stories like this from California (*where as many as 1,300 people are still missing!*) and still many more broken lives from all other disasters of recent years. Apart from the absent 400 billionaires of America, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** would like to ask: Where the frickety-frack does all that federal "disaster relief" money go?

\*(Greek: **philo** = love of /// **thropos** = mankind)

### ***BUT NO LOVE, TEARS OR BIG MONEY FOR BURNED-OUT MIDDLE CLASS AND POOR FOLK ACROSS AMERICA***

***1. Jarrad Winter escaped on foot from the wildfire that destroyed his home in Magalia, Calif. // 2. Anjeanette Ramey is staying at a Walmart tent city. "My house, my car, gone," she said. "No money, no job. I have no idea what happens next." // 3. "Being here, in this parking lot, I'm reminded I'm not the only one," said James Reed, whose house was destroyed.***

It's bad enough that a wretched narcissistic fiend like Mike Bloomturd won't lift a finger to *easily* alleviate the suffering of a thousand or so of these mostly White

families. And by the way, we are not in any way advocating that he be forced to do so because, after all, billionaires do pay a shit-load in taxes which should be going to aid these folks in a direct and efficient manner. Rather, it is the spectacle of seeing this putrid little Marxist swine bask in the glory of showering money upon Johns Hopkins -- as Sulzberger's Slimes and the rest of the Piranha Press sing his praises while this level of sudden homelessness and suffering is going on in chilly northern California -- that we find to be truly revolting.

The Prince of Peace, in condemning the shameless, virtue-signalling grandstanding of the Bloombergs and the Zuckerbergs and the Geffens of his day, said it best, 2000 years ago:

*"Be careful! When you do good things, don't do them in front of people to be seen by them. When you give to the poor, don't be like the hypocrites. **They blow trumpets in the synagogues and on the streets so that people will see them and honor them.** I tell you the truth, those hypocrites already have their full reward. So when you give to the poor, don't let anyone know what you are doing. Your giving should be done in secret. Your Father can see what is done in secret, and he will reward you."*

Tell it, Jesus. Tell it! Except in Bloomturd's case, he isn't "blowing trumpets" while "giving to the poor." He's tooting away while showering shekels mainly upon other monied elites who are just less rich than he is!

***Christ had these sleazy "philanthropic" glory-hounds all figured out a long time ago, and told them right to their faces in no uncertain terms --- which is why "Merry Christmas" has been bastardized into the jew-friendly "Happy Holidays."***

***Boobus Americanus 1: I read in the New York Times today that Mike Bloomberg just donated \$1.8 Billion to Johns Hopkins University!***

**NY Times: U.S. and Brazil Chose Similar Leaders. It May  
Lead to Smoother Relations.**

REBUTTAL BY

# **The Anti-New York Times**

In a piece published in the first year of **The Anti-New York Times**, way back in August of 2013, your intrepid reporter here laid out a clear and convincing case that the United States was engaged in a dirty war against Brazil. I closed that investigative expose (*Sugar had not been hired yet*) with this sentence:

*"We wish Brazil all the best in the face of the coming Globalist-CIA-Mossad-Snowden onslaught."*

By combining with the since-departed (*poisoned?*) **Hugo Chavez** of Venezuela, and also with Argentinian President **Cristina Fernandez de Kirchner**, to kill the Globalist's dream of establishing the **FTAA** (*Free Trade Area of the Americas*); then-Brazilian President **Lula DaSilva** and his hand-picked successor, **Dilma Rousseff**, became enemies of the Globalists.

Adding insult to injury, the South American giant then joined **Vladimir Putin's** trade bloc, **BRIC** (now **BRICS**, *Brazil, Russia, India, China, South Africa*). Though Brazil had a left-wing government in those days, they were independent-minded leftists who were not obeying the dictates of the **Council on Foreign Relations** crowd. Relations between the U.S. and Brazil deteriorated to an all-time low. Indeed, many Brazilians were offended when President **Dilma Rousseff** was treated coldly during her 2012 visit to the White House. Obongo didn't even give her the customary State Dinner! ([here](#))

***1 & 2. Big Brazil (along with Venezuela and Argentina) killed the FTAA - a cherished Globalist project that was intended to grow into the Western Hemisphere's version of the European Union. // Dilma of Brazil and Chavez of Venezuela, were neo-Marxists. However, their watered-down brand of communism was independent in nature, and not Globalistic.***

***President Dilma Rousseff's involvement with Putin's BRICS trade bloc has incurred the wrath of the Globalists. During a White House visit, she was deliberately disrespected by Puppet-Boy Obongo. This did not go unnoticed in Brazil.***

We've been of two minds is assessing Brazil's push-back against the CFR Mafia and its scheme to impose the skeletal structure of a regional government upon South America. On the one hand, the manner in which the commie-pinkos of Brazil's "Workers Party" (*rolling eyes*) -- and other assorted Latin American lefties -- stood firm in the face of the **New World Order** pressure was heroic. And yet, former presidents Rouseff and Lula (*both later charged with corruption -- Rouseff impeached and Lula convicted*) were still pinkos and crooks. The good news now is that Brazil's new President, **Jair Bolsonaro**, is, like his predecessors, a Brazilian nationalist. *However*, unlike them, he is a fiery *right-wing* nationalist and moral / cultural traditionalist who has been dubbed by friend and foe alike as, "The Trump of Latin America."

Good news from the article:

*"The United States and Brazil have been uneasy allies during the best of times.*

*Brazilian voters may have put an end to that dynamic by electing as their next president Jair Bolsonaro, a far-right lawmaker who is unabashedly pro-American and strikingly similar to President Trump in temperament, tactics and style.*

*'We might be on the verge of a golden era of relations,' said Fernando Cutz, a former senior White House official who worked on Latin America policy in the Obama and Trump administrations. 'Trump and Bolsonaro will really hit it off. Their personalities are almost identical and their policy views are very similar.'*

Nice! The Slimes article goes on to whine about Bolsonaro's pick for the important position of Foreign Minister, **Ernesto Araújo** -- another ballsy firebrand who correctly states that "Climate Change" <sup>TM</sup> is a "Marxist plot."

*1. President Elect Bolsanaro -- an ex-soldier and staunch anti-homosexual -- has promised to purge Brazil of Marxism and ban the spread of homosexual propaganda via its UNESCO programs. /// 2. Foreign Minister Ernesto Araújo calls "Climate Change" a "Marxist hoax." // 3. Brazil's silent majority has had it with Marxism.*

**Q Anon** has been telling us for the past year now that the "awakening" would be global. Lo and behold, populist governments, in the face of intense Globalist opposition, have since risen to power in major states like Italy and Brazil. Globalist leaders such as **Maricon** (*not a typo*) of France, **The Frumpy Frau** of Germany, **Mamma May** of Britain are all teetering. Even the once untouchable Pinko Pope of Poofterdom has been so rattled by disclosure of sodomite scandals that he is now rumored to be contemplating resignation. With much of eastern Europe plus Russia and China already going nationalist, this trend may soon reach the tipping-point where the mad idea of **The New World Order** itself may soon go the way of the defunct FTAA.

Of course, in the long run, as the great **Joe McCarthy** warned, and as we have stated many times before, unless and until the UNESCO brain-washing of our school children is stopped and the brain-washers removed, the Globalists will eventually win the long game. For that reason, we find this whiny little gem from the Globo-Marxist **Nation Magazine** to be particularly delightful in regard to Brazil:

### **Education is in the Crosshairs in Bolsonaro's Brazil**

*The president-elect seeks to ban from the classroom political opinions, debates, and any issues that could be construed as leftist.*

**By Michael Fox / November 12, 2018**

*"Ana Caroline Campagnolo is a 27-year-old high-school history teacher with thick-rimmed glasses and long, straight, dark hair, parted to one side. For several years she has waged a campaign to rid Brazil's education system of what she believes to be deep-rooted "communist indoctrination." This year, that activism*

*won her a seat in the Santa Catarina statehouse representing the Social Liberal Party of far-right president-elect Jair Bolsonaro.*

*Just hours after the presidential election results rolled in, Campagnolo posted a message on her Facebook page calling on students to film and report teachers who express negative views about Bolsonaro's victory. She set up a hotline where students could send the videos and complaints."*

**NY Times (Opinion): My New Vagina Won't Make Me  
Happy, And it shouldn't have to.**

REBUTTAL BY

# The Anti-New York Times

Getting a new vagina installed, eh? That's great. (*palm to face, shaking head, sighing*) ---

The Slimes' never-ending effort to normalize the abnormal reaches an all-time low with this guest editorial -- and that's really saying something. A time-traveler from even just 10 years ago would probably mistake this for a satirical comedy intended to spoof "trans-genderism" -- but it's real.

Just the madness contained in the opening paragraph alone is all you need to see:

*"Next Thursday, I will get a vagina. The procedure will last around six hours, and I will be in recovery for at least three months. Until the day I die, my body will regard the vagina as a wound; as a result, it will require regular, painful attention to maintain. This is what I want, but there is no guarantee it will make me happier. In fact, I don't expect it to. That shouldn't disqualify me from getting it."*

Lets' have a look at what "Ms." Long is about to do to the body that God gave him.

## MALE TO "FEMALE"

***1 & 2. The testicles are removed, and the sliced skin of the penis is inverted as a flap preserving blood and nerve supplies, to form a "vagina." A "clitoris" fully supplied with nerve endings can be formed from part of the penis. // 3. I know, grandma. I know.***

This is normal? Seriously? This is frickin' normal? Well, "Ms." Long -- in refuting what real doctors and everyday common sense tell us, sure seems to think so. More madness:

*"Many conservatives call this crazy. A popular right-wing narrative holds that gender dysphoria is a clinical delusion; hence, feeding that delusion with hormones and surgeries constitutes a violation of medical ethics."*

You see -- it's not the not the cross-dressing, hormone-injecting, breast-implanting, penis-mutilating lunatics who are crazy. No sir. It's us "right-wingers." So reporteth the "paper of record" -- which in so doing, is deliberately spreading the insanity. And what are we to make of these "doctors" who perform such genital abominations on these wretched souls? Would they give a man rabies and distemper shots if he "self-identified" as a dog? Why not? As the Pinko Pope of Poofterdom once controversially quipped about sodomites, "Who am I to judge?"

***1. Should a doctor be permitted to give shots to a man who thinks himself a dog?  
// 2. At least the former First Tranny kept her junk intact.***

It's all well and good to enjoy a hearty laugh at these freaks and to shake our heads in dismay over the growing "tolerance" <sup>TM</sup> of this demoniacally deviant derangement. But it's important that we go one step further by naming the culprits and defining the *motive* behind this mass madness currently sweeping through the culture and the schools. And that is what differentiates **TomatoBubble.com** from so many other half-truther sites.

The driving economic, "educational," and cultural force behind the LGBT steam-roller is that of the usual suspects, and for the usual motive; namely, Jewish-Marxist Globalists working 24/7 to confuse, confound, stupefy, alienate, demoralize, degrade, destabilize and soften-up "the masses" <sup>TM</sup> in preparation for the final and easy gathering up of the rotted fallen fruits of humanity by **The New World Order** crime syndicate.

But don't just take our word for it. Hear it from Homo-Obongo's former Vice President, known sex pervert / pedo monster, and loyal Globalist operative, **Joe Biden** -- addressing a group of self-chosenite Demonrats in 2013:

**Biden: Jewish Leaders Helped Gay Marriage Succeed  
May 22, 2013**

*"Jewish leaders in the media are in large part responsible for American acceptance of gay marriage, Vice President Biden said Tuesday night.*

*"I believe what affects the movements in America, what affects our attitudes in America are as much the culture and the arts as anything else," he said at a Democratic National Committee reception for Jewish American Heritage Month. He cited social media and the sitcom "Will and Grace," giving Jews a large part of the credit for both.*

*"I bet you 85 percent of those changes, whether it's in Hollywood or social media are a consequence of Jewish leaders in the industry," he said. "The influence is immense, the influence is immense. And, I might add, it is all to the good. "*

\*

In 2017, the same Joe Biden referred to "transgender equality" <sup>TM</sup> as being the "civil rights issue of our time." And have no doubt, boys and girls-- the very same greasy bunch that agent Biden had openly thanked for making "same-sex-marriage" possible are also the ones who have since accelerated the drive to normalize genital-mutilation. In short, "thanks, Jews!" (*as always*)

***Serial groper and filthy pedo-creep Joe Biden openly thanked the Jews of the media and Hollywood for changing public attitudes about sexual insanity.***

## NY Times: Five Countries Slow to Address Nazi-Looted Art, U.S. Expert Says

### REBUTTAL BY **The Anti-New York Times**

Oy frickin' vey!

The "gimme, gimme, gimme" act never ends with these ever-grasping people -- does it? This never-ending-song about "Nazi looted art" offers the usual suspects a money-getting opportunity by allowing them to make hard-to-verify claims against works of art that got shuffled about during and after the chaos of World War II. Before we reveal the main point of today's selected piece of Sulzbergerian excrement, let do a quick review and rebuttal of one of the most enduring -- and annoying -- myths about "The Bad War."

*The song that never ends will be countered by ANYT rebuttals that never end.*

During World War I, under Kaiser Wilhelm II, the highly cultured Germans had gone to great lengths to protect and preserve artworks located in combat zones. The German word to describe this principal of saving Europe's cultural and artistic treasures during wartime is "**Kunstschutz**" (*art protection*). At the end of World War I, rescued artworks were returned voluntarily. Unlike World War II, anti-

German propaganda actually faded away following World War I. As a result, Germany was later praised for "Kunstschutz" / art protection during "The Great War."

***1 & 2: Kaiser Wilhelm tried to avert the war which was forced upon Germany. Even while winning the war, the Kaiser held out an olive branch to the Allies, while his Kunstschutz units protected artworks belonging to enemy nations. // 3. World War I was very destructive. Thanks to Germany, many works of art located in Belgium and France were saved.***

A talented painter himself, Adolf Hitler has a great appreciation for art and culture. He saw Churchill and FDR as uncultured barbarians with merciless disregard for innocent life, architecture, and works of art. As the Germans had done during World War I, Hitler too ordered the protection of artworks throughout the combat theatres of Europe. The task of protecting the art was handed over to **Air Force Marshal Hermann Goering**.

As Allied terror bombing ravaged Europe, thousands of paintings and sculptures from Italy, France, Belgium, Russia, Romania, and Poland were gathered and meticulously inventoried by the Germans. This process only began in the fall of 1943. **Had the Germans wanted to "loot" the art of Europe, they could easily have done so in 1940, 1941, 1942, and the first few months of 1943.** It was only after Allied carpet bombardment was unleashed upon Italy (*later on France*), and the Soviets began advancing from the East, that the German began gathering up the artwork and evacuating cultural centers such as Athens, Rome and Florence so that no battles would take place in them.

***As men of culture, Hitler and Goring placed high priority on art protection. Rescued from Naples: 'Danaë' by Titian (l) and 'The Blind Leading The Blind' by Pieter Bruegel***

After the war, the American Art Looting Investigation Unit (ALIU) of the **Office of Strategic Services (OSS)** issued 13 reports on the German “looting” of artworks. By the way, this is the same OSS (*forerunner of the CIA / "Deep State"*) that also accused the Germans of using dead Jews to make “shrunk heads,” “lamp shades,” and “bars of soap” - allegations which are today universally acknowledged as false. In the decades following the war, endlessly repeated propaganda has elevated the OSS-CIA fable of “looted Nazi art” into a virtual reality in the minds of the brainwashed public.

There is an important financial twist to this lie. See if you can detect the subtle clues in the following excerpts from the Slimes article. We'll even put the hints in bold for "youse guys":

*“We have made giant strides,” said **Stuart E. Eizenstat** (cough cough), an adviser to the State Department, “toward achieving the goals of identifying, publicizing, restituting and compensating for some of the looted art, cultural objects and books, and in so doing, providing **some small measure of belated justice to some victims of the Holocaust or their heirs.**”*

*"Mr. Eizenstat, now a lawyer in private practice, said an estimated 600,000 paintings had been stolen during the war and that **100,000 remain missing.** Here*

*is what he found objectionable about the responses over the decades by the five countries."*

*(\*Hungary, Poland, Italy, Spain, Russia -- all, interestingly enough, leaning populist / nationalist now)*

**Translation:** Like we said -- The Jews came and are still coming out of the woodwork to claim ownership of any valuable relocated piece with a unclear line of prior ownership. Case in point: The article mentions a work on display in a Spanish museum that "a family" has been claiming for 20 years now.

Though the Slimes tells us nothing else of this "family," Sugar was able to sniff out the fact that the California-based heirs of a Jewess named Lilly Cassir have been seeking -- through the courts -- \$40 million for the Pissaro painting which, they allege, their long-since-dead grandmother had to sell cheaply in order to raise enough money to flee Germany in 1939.

Yeah, right. And my Italian-side ancestors once owned the original of Da Vinci's "Last Supper" until the Duke of Milan sent his boys to "loot" it from their home. Pay up, Italy!

***"Gimme, Gimme, Gimme" -- These money-grubbing shysters would lay ancestral ownership claims to the Eiffel Tower and the Roman Colosseum if they thought they could get away with it!***

\*

***Boobus Americanus 1: I read in the New York Times today that five European nations have been singled out for dragging their feet in finding Nazi-looted art.***

***Boobus Americanus 2: That must be very frustrating for the heirs of the rightful owners.***

***Sugar: Rightful ownersss my ass, Boobuss! The true ownerss are all frickin' dead! If the war didn't kill em', old age did a long time ago.***

***Editor: After the war, the usual suspects would claim the homes and even the identities of dead Germans in a similar manner.***

**NY Times: Trump Administration's Strategy on Climate:  
Try to Bury Its Own Scientific Report**

REBUTTAL BY

# **The Anti-New York Times**

Unknown to 30-something Generation X-ers and late teen / 20-something millennials, **forty long years** have passed since the thankfully-deceased Stanford University Professor and international Global Warming <sup>TM</sup> guru, **Stephen Schneider**, (*cough cough*) converted (*in an instant!*) from the ice-age-ism which was the "scientific consensus" <sup>TM</sup> of its day, to "Greenhouse Effect" alarmism -- which soon became the new "scientific consensus" <sup>TM</sup> of the day.

An understanding of the sudden switch, along with the historical scope of the hoax, would cause the house of marked cards to collapse in an instant --- which is why Sulzberger's Slimes and the rest of the Piranha Press / Fake News have erased both the memory of the 1970's ice-age scare, and the 40-year record of failed doom and gloom "warming" predictions.

But that's why **The Anti-New York Times** is here -- to give "youse guys" (*New Jerseyese for the plural of "you"*) the hidden history that the Globalists have flushed down the memory hole. Correct the past, and the present will correct itself.

***1. Unearthed video from 1978: the famous Stephen Schneider (and other "climate experts") caught on an episode of "In Search Of" -- the title: "The***

***Coming Ice Age" // 2. Just one year later, 1979, Schneider had become a warmist alarmist!***

Only by concealing that bit of history from the non-inquisitive mind of *Boobus Americanus* can "the paper of record" and its cherry-picked, government-funded "scientists" get away with peddling the same old recycled garbage (*with a new twist about "wildfires" now*) year after year, decade after decade. Some oh-so-scary excerpts from the article (*with a few personal observations in red italics*):

*"The Trump White House, which has defined itself by a willingness to dismiss scientific findings (fake science) ... on Friday issued a scientific report that directly contradicts its own climate-change policies."*

*"The 1,656-page (fallacy of verbosity & complexity) National Climate Assessment, which is required by Congress, is the most comprehensive scientific study to date detailing the effects of global warming on the United States economy, public health, coastlines and infrastructure. It describes in precise detail (the "precise" predictions have been wrong for 40 years!) how the warming planet (existential fallacy -- the planet isn't even warming at this time) will wreak hundreds of billions of dollars of damage in coming decades." (for four decades now, doomsday has always been projected for "the coming decades")*

*"President Trump has often questioned or mocked the basic science of human-caused climate change, and is now working aggressively to encourage the burning of coal and the increase of greenhouse gas pollution." (plant food is not "pollution")*

*"Under a 1990 law, the federal government is required to issue the climate assessment every four years." (so of course, the kept "scientists" are going to publish what they were hired to publish!)*

*"I'm watching these arguments between politicians and scientists, but I'm on the ground with public works officials who say that argument's irrelevant," Mr. Chinowsky said. **"People are going to get hurt and die if we don't change the policy."** (Oh the bloody drama!)*

## WARMER ARCTIC DISAPPEARING ICE. SCIENTISTS' REPORTS. THIRD LESS IN 50 YEARS.

(By THOMAS R. HENRY.)

WASHINGTON

The ice of the Arctic Ocean is melting so rapidly that more than one-third of it has disappeared in fifty years.

## Preparing the world for a new Ice Age

By NIGEL HAWKES

THE World Meteorological Office has cleverly chosen one of Europe's coldest years to hold a major conference on the climate, now in progress in Geneva.

While day-by-day drought in the thermometer may have told direct conversation with the sun, slower rhythms of climate change, it is an incredible human leap to link them. The conference delayed by almost a century since the meeting in a somewhat different, here is a continuation of the next Ice Age.

But it is necessarily serious. For some experts at the Geneva meeting believe that the possibility of rapid years have been evidence of a climate change towards more severe weather. Drought, floods, the failure of monsoons and the run of hard winters are all evidence, they say, that the world has come to the end of a spell of even-tempered weather which began in about 1870 and lasted about 60 years. This period has even been called "a little tropical age" by one of the more quotable of climatologists. Professor H. H. Lamb, British meteorologist, has said that the more quotable of climatologists. Professor H. H. Lamb, British meteorologist, has said that the more quotable of climatologists.

With 15,000 already gone, it would not be unreasonable to expect another full glaciation within, say, 10,000 years. That is of no immediate concern. But what is likely to happen in the next decade and the next century is of direct importance, and all the important bodies different mechanisms apply.

Two possible mechanisms have been proposed, though neither is yet proved. One is the varying quantity of volcanic dust in the atmosphere, which acts as a veil around the heat of the sun and cooling the Earth.

ACTIVITY of volcanoes varies. Sometimes there are three or four eruptions close to one another in time, pumping large quantities of dust into the atmosphere. At other times there are no eruptions at all, allowing the dust to settle on earth.

Professor Robert Lamb, British meteorologist, has said that the more quotable of climatologists. Professor H. H. Lamb, British meteorologist, has said that the more quotable of climatologists.

This is not a view likely to be widely shared in Geneva, though there is a little more support for another theory which produces the opposite result — the so-called "greenhouse effect".

This holds that the large quantities of carbon dioxide produced by burning fuels will act like the glass in a greenhouse, trapping heat and warming the Earth.

One paper to be presented at the Geneva conference, by Lawrence Gates of Chicago State University, declares that "the carbon dioxide climate problem appears destined to become the major environmental crisis in the future, and its resolution will be a prime factor in the world's future development".

But the main paper on the subject, by a more cautious Sir. Few, if any, scientists believe the carbon dioxide problem is so self-justifying a case, today, in the range of fossil fuels or otherwise. "It is, nonetheless, a subject which needs careful watching over the next decade

possibility — the deliberate modification of climate by massive civil engineering projects, such as diverting rivers, for the Soviet Union has proposed, by creating inland seas, or by reducing ice cover by drilling the Arctic with ice to increase its absorption of solar heat.

Most such ideas are somewhat far-fetched, though the possibility of manipulating weather on a much more local scale is "scientifically possible and within sight" according to an expert panel appointed by the US Department of Commerce, which reported last July.

At least one paper to the climate conference, by the Soviet climatologist E. K. Fedorov, predicts that the climate will be modified deliberately — not to improve it, but to try to stabilize it in a pattern with which we are familiar.

The only trouble with that idea is that we still know so little about what drives the climate that any change would be likely to produce disruption rather than stability.

There is simply no exaggerating the importance of the Global Warming™ / Climate Change™ hoax to **The New World Order** crowd. If the control freaks of the world ever get their system of international "carbon taxes" embedded into the cost of the goods and services which we peasants rely upon just to live even the most basic lifestyle; the mass misery and associated dependency could be ratcheted up, at will, by these sons of Satan. We're seeing it already with the cruel taxes be levied on fuel in Maricon's (*not a typo*) France.

Had that Communist harridan (*a \$10 word for a bossy old hag*) been elected president in 2016, we would already be experiencing the pain intended by the "Paris Climate Accords." Who among the Republican's would have opposed "the first woman president" in her demonic quest to impose carbon taxes? John McStain? Paul Ryan? Ha!

NY Times: George Bush, 41st President, Dies at 94

REBUTTAL BY

# The Anti-New York Times

*\*Because some of you have missed the humor in this piece and think we've gone soft, we wish to clarify that our "restraint" and "respect" for the deceased is purely sarcastic and satirical. Bush was clearly a wicked rat. Read between the lines, people!*

Boy oh boy -- what a rough crowd of loyal subscribers we have here at **The Anti-New York Times**. Within hours of the convenient death or disappearance of **George H W Bush** (*more on that later*), several readers e-mailed us expressing their eagerness to read our brass-knuckled "eulogy" of what one fan referred to as "that evil old bastard." Sorry to disappoint "youse guys," but out of a basic respect for the dead and for the office of the presidency, it's way too early to do a negative expose of Bush 41 -- in spite of his record. Not today. Not today.

*A little weird --- George Bush, wife Barbara Bush, and Bush's heart-doctor, Mark Hausknecht, all dead within seven months of each other (Hausknecht was killed in a drive-by bicycle shooting)*

The appropriate time will come when we might note that Bush 41's snake of a father, Senator **Prescott Bush** (R-CT), was one of **President Eisenhower's** key hatchet men in the Senate that "Ike" used to degrade and finally take down the

great anti-Communist / anti-Globalist fighter, **Joseph McCarthy** of Wisconsin. -- It's just not a fitting time to cite such hard truths.

And someday in the near future, we might remind people that Bush, while at Yale, belonged to the notorious "**Skull & Bones**" -- an elitist secret society whose members are often associated with the New World Order conspiracy. But not today.

And perhaps a few months from now, we might mention the fact that CIA agent Bush (39 at the time) was in Dallas on that fateful day that **John F Kennedy** was assassinated by the "Deep State" which the Bush clan has long served. But not now. It just ain't fittin'.

*1. Behind the scenes, Globalist Eisenhower conspired with Senator Prescott Bush (and others) to betray fellow Republican Joe McCarthy. Prescott Bush's son and grandson will later become U.S. Presidents. // 2. Yale's elitist and super-secretive Skull & Bones has groomed many a conspirator and traitor. (Bush is circled) // 3. It has been confirmed (by old newspapers of the day) that Bush was in Dallas on the day of JFK's murder. The image appears to show him standing in front of the infamous "Texas School Book Depository."*

We might one day mention that Bush headed the CIA at a time (late 1976-7's) when the agency was recruiting terrorists and other assorted mercenaries as part of the preliminary groundwork for staging a bloody, decade-long proxy war against the Soviet Union in Afghanistan. But not now.

We might one day remind people of how, as a Republican primary candidate for president in 1980, Bush ridiculed fellow Republican **Ronald Reagan's** proposals for cutting tax rates as "voo doo economics" -- earning him the praise of

Sulzberger's Slimes and Keynesian Marxist "economists" everywhere. --- But not now.

And when we think the time is right, we might reveal the fact that the Bush Crime Family was directly linked to the Hinckley family which spawned **John Hinckley Jr** -- the almost-assassin (*or patsy?*) of President **Ronald Reagan**. Had Reagan died that day in 1981, CIA-VP Bush would have taken his place. But's it's waaay too soon to even mention such an explosive "conspiracy theory" <sup>TM</sup>.

**1. The bloody and protracted "Afghanistan Bear Trap" was engineered, years in advance, by Bush's CIA. // 2. The commie-pinko press LOVED IT when "Republican" Bush trashed Reagan's tax-cutting proposals as "voodoo economics." // 3. Bush came within inches of becoming President --- Headline: "Bush's son was to dine with suspect's brother."**

And after a proper period of "national mourning" <sup>TM</sup> has passed, we might bring up the multiple tax increases which Bush, as President, eagerly signed into law in 1990. This was after having been elected in 1988 with the oft-repeated and shouted-out slogan, "**Read my lips. No -- new-- taxes!**" --- It's just not a proper time. Decorum, ya know.

In due time, we may talk about the very strange 1989 mini-war that first-year President Bush waged upon Panama for the purpose of shutting up Panamanian leader, **Manuel Noriega**. That mysterious adventure led to the aerial slaughter of several hundred Panamanian citizens, and the senseless deaths of 23 U.S. troops. -- But we won't bring up Panama today --- not good etiquette.

And maybe one day we'll point out how it was President **Bush 41** who -- in a break from the policy of his predecessor, Ronald Reagan -- gave the final kick to the

once prosperous and safe nation of South Africa -- thus helping to usher in the murderous, communist era of **Nelson Mandela** (*one year after Bush left office*) and his even worse successors. -- But not during the mourning period. OK?

***1. Bush's broken promise on tax-hikes caused conservatives to stay home in 1992 as Bush lost his re-election bid to Democrat challenger Bill Clinton. // 2. Senseless carnage in Panama --- probably to silence Noriega about CIA drug-running. // Bush 41 accomplished what no Democrat could have gotten away with. He cleaned up the reputation of the communist terrorist Nelson Mandela in preparation for Mandela's 1994 takeover -- and subsequent destruction -- of White ruled South Africa.***

And after observing a period of respect for the deceased, we could review all of Papa Bush's lies which led to the first Gulf War in Kuwait / Iraq -- a bloody event which was the origin of 30 years (*and counting*) of chaos, severe economic hardship and torrential bloodshed for the various Arab peoples of the region; and the cause of the deaths of thousands of dead U.S. servicemen and tens of thousands more maimed; and the cause of TRILLIONS of dollars in wasted tax-payer resources. ---- Maybe later.

And finally (*though there's plenty more still to talk about, like Bush's connection to the Rockefellers and his membership in the CFR & TriLateral Commission!*), we may eventually cite Bush's back-stabbing of a disintegrated Soviet Union and the new Russian state. It was the Bush / Council on Foreign Relation gang that dispatched an army of economic hit men to begin the rape of Russia which would then intensify during the 8-year reign of Kill & Killary Clinton. -- But now is simply not the time to even bring up such matters.

***1. "The Highway of Death" --- fleeing Iraqi troops and civilians were mass slaughtered in the most cowardly fashion. // 2. Working with the traitor Gorbachev, Bush laid the foundation for the coming rape of Russia -- a period of immense suffering and humiliation for Russia, in advance of what was supposed to be the final conquest of Eurasia for The New World Order. // 3. George Bush getting chummy with arch-Globalist gangster, David Rockefeller. The Bushes and the Rockefellers go back a long way.***

Apart from the points of the Bush record of "service," we would like to mention the very convenient timing of this death. **December 5th** has been declared a "National Day of Morning." The significance of that day -- often referred to, for many weeks now, by Q-Anon as "**D5**" -- is that it was supposed to be the day that the House was to hear testimony from **John Huber**, the prosecutor appointed by former Attorney General **Jeff Sessions** to probe criminal activity by the Clinton Foundation. That hearing will be postponed now because Trump is shutting down the government that day --- which is probably a smart move because we don't want Huber's potentially devastating testimony to be overshadowed by the usual media-circus associated with a state funeral.

Anyway, we hope "youse guys" aren't too disappointed that we, out of respect, chose not to even mention any of the many misdeeds of Papa Bush. Maybe next year.

*September 11, 1990 / Speech before Congress*

*"Once again, Americans have stepped forward to share a tearful good-bye with their families before leaving for a strange and distant shore. At this very moment, they serve together with Arabs, Europeans, Asians and Africans in defense of principle and the dream of a new world order."*

It's official, boys and girls -- Bolshevik bed-wetters in New York, DC, London, Brussels, Paris, Berlin etc. are all in panic mode. That's because -- all across Europe, Asia and Latin America -- the "far right" <sup>TM</sup> is on a roll!

But hold off on popping those champagne bottles just yet. For not only do the Globalists and their henchmen still control the vital institutions of media, culture, finance, social media, book publishing and education; but in the Globalese language, "far right" <sup>TM</sup> can often mean weak, ever-compromising "centrist" P-words who are no match for their aggressive counterparts on the "far left."

Nonetheless, if the international "far right" <sup>TM</sup> can succeed in breaking up or at least neutering the European Union, halting the Turd World "migrant" <sup>TM</sup> invasion, making peace with Russia, and thwarting the nefarious goals of the Global Warming <sup>TM</sup> Climate Change <sup>TM</sup> hoaxsters -- all of which seem doable -- then at

least we can avoid the imminent hell-on-Earth that we had appeared to be heading towards during **Killary Clinton's** seemingly unstoppable drive for the White House in 2016.

Thank you Jesus!

***The "Yellow Vest" protests in France have grown so large and so intense that Le Fag Maricon now wants to sit down and talk with the opposition.***

Speaking of that nasty, murdering, money-grubbing, child-trafficking neo-Marxist harridan (*a \$10 word for a bossy old hag*), her recent acknowledgement of the success of what Sulzberger's Slimes refers to as a European "lurch" to the right -- as well as her "solution" to the trend -- is particularly delightful.

From the stinking hole in the Hildebeast's haggard face:

*"I think Europe needs to get a handle on migration because that is what lit the flame. ... I admire the very generous and compassionate approaches that were taken particularly by leaders like Angela Merkel, but I think it is fair to say Europe has done its part, and must send a very clear message — 'We are not going to be able to continue provide refuge and support' — because if we don't deal with the migration issue it will continue to roil the body politic."*

You see, it's not the demographic destruction of Europe that has got Killary so concerned. No. The only reason she wants to curb the migrant invasion is because it is pushing the "body politic" rightward.

***The rise of populist nationalists like Conti in Italy (#1) and Bolsonaro in Brazil (#2) has got the irrelevant Hildebeast worried.***

One final observation about something which we have suspected for a while now, but weren't 100% certain about -- until now. ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** is now convinced that there is a single hidden hand coordinating the populist uprisings throughout the world. The tell-tale signs are all there: the "spontaneity," the professional marketing, the "spread" of the demonstrations and now, a catchy gimmick / theme --- the yellow vests.

From the article, about the large and violent protests taking place in **Maricon's** (*not a typo*) France:

*"After surveying the destruction, Mr. Macron ordered Prime Minister Édouard Philippe to meet with representatives of the "Yellow Vests" protest movement and with the leaders of the opposition political parties."*

Similar to the history-changing Globalist orchestrated uprisings of 1848, and completely in line with Q-Anon's year-old forecasts of a "worldwide" liberation movement, anti-Establishment Yellow Vest protests are now "spreading" to Belgium, the Netherlands and Germany. The international "White Hat" coalition -- headed by Trump and his generals -- have taken a page out of the CIA / NGO / George Soros book of "color revolutions" -- and its got the seditious scum at Silzberger's Slimes sweating.

The movement is real; but the question remains: Can the bruised but still mighty Evil Empire and its legions of libtards actually be defeated and routed out *in the long term*? We don't know. Stay tuned.

***The orchestrated anti-Globalist "Yellow Vest" movement started in France, and has since "spreads" to Belgium, Netherlands, and Germany***

All of libtardom was once again giddy with hope over the possibility that **Michael Cohen** -- the Trump lawyer who arranged for the hush-money payoff to porn star "**Stormy**" **Daniels** -- would hang Trump with testimony given to **Robert Mueller's** team. We have believed all along, and continue to suspect that "Stormy," Cohen, **Michael Avenatti** (*Stormy's big-mouth lawyer*) and Mueller himself are all part of the stage-managed "storm" which Trump himself said was coming and Q-Anon has been describing.

The object of the great sting operation is to have people like Cohen, **Roger Stone**, **Jerome Corsi**, **General Mike Flynn**, **Paul Manafort** and others -- under the pretext of being "investigated" -- serve as vessels for funneling illegally-obtained (*NSA / WikiLeaks etc.*) evidence into a *legal* investigation so that it can then be used in a court-of-law against REAL evil-doers. This trick is called, "*washing the fruit of the poison tree.*" That's our call, and we're sticking to it with 75% certainty.

- **CNN: December 5, 2018: (General) Flynn has Given 'Substantial Assistance' to the Special Counsel**
- **ABC News, November 30, 2018: Cohen has spent more than 70 hours in interviews with Mueller's team.**

*Supposed enemies of Trump, "Stormy" (get it?) Daniels and attorney Michael Avenatti (Image 1) both ended-up making fools of themselves while opening the door for Trump lawyer Michael Cohen (Image 2) to be summoned by Robert Mueller (Image 3) so that Cohen could give "70 hours of testimony." (washing the fruit of the poison tree?) -- How convenient.*

General Flynn was simultaneously the Director of the Defense Intelligence Agency, commander of the Joint Functional Component Command for Intelligence, Surveillance and Reconnaissance, and chairman of the Military Intelligence Board. After strongly opposing the idea of toppling Assad of Syria, he was fired by Obongo and smeared by the press. Flynn -- through extra-legal channels -- knows EVERYTHING about the pedo-monsters and their dirty works. His son has even tweeted about the "PizzaGate" pedo-monsters. And now, perhaps, ex-Marine Captain Mueller knows it all and has it all *legally* as well?

As for those of you who still doubt the fact that it is Trump and his generals who are using Q-Anon to convey "crumbs" to followers of **"The Storm,"** Trump's recent tweets have got to be the most obvious "in-your-face" clues of the many he has already given us. From the article:

*"Mr. Trump's latest Twitter fusillade came after Mr. Cohen pleaded guilty to lying to Congress about the duration of his work for the Trump Organization on a proposed, but never completed, Trump Tower project in Moscow.*

*'Michael Cohen ... makes up stories to get a GREAT & ALREADY reduced deal for himself, and get his wife and father-in-law (who has the money?) off **Scott Free**. He lied for this outcome and should, in my opinion, serve a full and complete sentence.'*

Immediately after that tweet, the libtardom blogosphere exploded with ridicule over "stupid" Trump's "mistaken" use of the term "Scott Free" (*Caps are Trump's*) -- which was taken as a misspelling of "scot free" -- an idiom from medieval Scotland used to now describe "getting away with something." Articles, bloggers and one snarky twitter poster after another mocked Trump by asking *"Who is Scott Free?"*

Well, dear oh-so-intelligent libtards, the joke is on YOU! Trump, whose mother was from Scotland and spoke with a Scottish accent, surely knows the difference between "scot" and "Scott." And if you had followed Q-Anon's subsequent post explaining, in detail, what Trump had just done -- you all would have known that he was sending a signal. ([here](#))

***1. Intell man Flynn "knows where all of the bodies are buried." // 2 & 3. Silly libtards! Trump's mother (maiden name: Mary Anne MacLeod) came from Scotland at age 18. Don't you think he knows how to spell "scot" correctly?***

It turns out that **"Scott Free Productions"** ([scottfree.com](http://scottfree.com)) is the name of brothers **Tony** and **Ridley Scott's** production company -- best known for the film **Gladiator** (2000). The "Scott Free" company had previously produced **"The White Squall"** (1996) --- a film about a group of late-teen-agers training for manhood aboard a sail ship that is suddenly whacked by a severe storm. The motto of the ship's captain and his young passengers who must quickly come of age is: **"Where we go one, we go all!"** -- the same motto and or acronym (**WWGIWGA**) which Q-Anon has posted about 100 times over the past year. Indeed, Q told us many months ago that the whole theme of "The Storm" was actually taken from this movie -- and even posted the trailer of the film which also includes the line, **"The calm before the storm."** ([here](#))

There's no doubt about this one, boys and girls. Trump, and his "mistake" about "Scott Free" is his latest way of telling us that he and Q-Anon are working together, and that "the plan" to crush the Globalists is proceeding along as scheduled. Whether they can pull it off or not is the only question that remains. As we have said many times before, the Evil Empire is still very strong, and very resilient. The saga continues.

***"Calm before the storm" --- a "Scott Free" production.***

***Scott Free = The White Squall (Storm) = WWGIWGA***

***Boobus Americanus 1: Did you see that Trump tweet in which he mis-spelled the scot in "scot-free."***

***Boobus Americanus 2: What an idiot! He knows that he can't spell. So why doesn't he have someone check his crazy tweets before posting?***

*Sugar: Boobuss, you frickin' cretin! In due time you will realize that Trump iss "crazy" like a sly cat.*

*Editor: Uh ... That's "crazy like a fox," sweetie. Not a cat.*

**NY Times: A Conservative Magazine May Pay a Price for  
Being Unfriendly to Trump**

REBUTTAL BY

**The Anti-New York Times**

The "conservative" (*ha ha ha ha*) **Weekly Standard** was started in 1995 by **William Kristol** (*cough cough*), assisted by **Fred Barnes** and **John Podhoretz** (*cough cough*), with financing from mogul **Rupert Murdoch** of Faux News & Sky News fame, who later sold it to Clarity Media, in 2009. Though the 23-year-old publication was never profitable -- losing as much as \$1 million per year at times -- the WS served as the guiding psuedo-intellectual light for the aggressive "foreign policy" <sup>TM</sup> of the **Dickhead Cheney-John McStain** "neo-conservative" wing of the Republican't Party.

Though often strongly critical of the domestic policies of Presidents Clinton and Obongo, the real reason for the WS's attacks against "the Left" had to do with the fact that Kristol's crowd of "ex-Marxist" neo-cons always favored Israel Firstism and direct war (*like Iraq*) over the restrain-Israel policy and "soft power" maneuvers / proxy wars (*like Syria*) preferred by most Demonrats and "moderate" Repubs.

It is no exaggeration to say that during its heyday, for its leveraged ability to instruct and command key policy-makers, Kristol's low circulation / money-losing magazine wielded as much influence as any media organization in America.

*1 & 2. William Kristol of the Weekly Standard was also the leading architect of the Project for the New American Century (PNAC) "thinktank" group which foretold -- 2 years in advance -- of the coming "New Pearl Harbor" which would dramatically change American foreign policy throughout Asia. This gang had advance knowledge of the false-flag attacks of 9-11-2001. // The "conservative" WS's hatred for Trump is as intense as anything coming out of Sulzberger's Slimes.*

Kristol was very proud of the hidden influence which his war-making propaganda pamphlet once wielded throughout DC. In 2003 -- the first year of the disastrous Bush-Cheney Iraq War -- although the magazine's circulation was only a puny 55,000, guru Kristol boasted:

*"We have a funny relationship with the top tier of the (Bush) administration. They very much keep us at arm's length, but (Vice President) Dick Cheney does send over someone to pick up 30 copies of the magazine every Monday."*

That was then; but now, in the era of the "isolationist" <sup>TM</sup> Trump, the future of the suddenly-irrelevant and viciously anti-Trump WS (*under new editor in chief, Stephen F. Hayes*) is in imminent danger of folding up. Useful gentile operative Hayes earned his honorary Star of David with the absurd 2004 book titled, **The Connection: How al-Qaeda's Collaboration With Saddam Hussein Has Endangered America.**

*Hired hack and current WS Editor Stephen Hayes of the WS concocted a link between the falsely accused Osama Bin Laden and falsely accused Saddam Hussein. He also authored a glowing book about the bloodthirsty political hero of the "neo-cons" -- Dickhead Cheney.*

Kristol, who wanted the U.S. to directly challenge Russia over the 2008 Georgia incident, remains a contributor to the WS and is as aggressive as ever. Just last month, the certifiably insane keyboard warrior, in a truly bizarre tweetstorm, called for "regime change" ™ in China. We kid you not:

*"Yesterday I asked "Shouldn't an important U.S. foreign policy goal of the next couple of decades be regime change in China?" The question implies that I think the right answer is Yes. I gather there's been a bit of a reaction to this suggestion."*

*"I'm glad to have stimulated some debate, and I hope some re-thinking. I'll put my position simply. The case for regime change shouldn't really be controversial. The U.S. at its best has always stood for the proposition that all people everywhere deserve to be free."*

Adding irony to idiocy and irresponsibility, in December, 2017, the fact-twisting "conservative" WS was named an official "fact-checking partner" for **Marx Zuckerberg's** Fakebook (*which recently suspended our account!*) Though Kristol / Hayes' subversive periodical will be gone soon, it is interesting to note who they are promoting for the 2020 **QFS (Quadrennial Freak Show)** -- the former Republican's governette of South Carolina and recently "resigned" U.N. Ambassador, **Nikki Haley**.

Good riddance to these literary lunatics! Thanks Trump.

***In addition to hating Trump, the psychopaths at the WS hate Putin and hate Xi -  
- but they love Nikki Haley -- the slutty, ambitious, back-stabbing mole who we  
believe was forced out by Trump.***

## NY Times: Mourning Not Just George Bush's Death, but the World Order He Helped Build

BY MARK LANDLER

### REBUTTAL BY **The Anti-New York Times**

So, CIA swamp creature **George H W Bush** helped to build a "**World Order**," eh Landler (*cough cough*)? You sound like one of them there crazy "conspiracy theorists" <sup>TM</sup> we're always hearing about. But maybe you're not so crazy. After all, did not Bush himself, on several occasions, while President, use that very term?

Flashback:

When insiders like Bush and Landler use the term "New World Order," they are actually sending a signal to other elites "in the know" or on the periphery of the insiders' circle. Ironically, their use of the term and other insider talk has, over the years, provided us "conspiracy theorists" <sup>TM</sup> with a ton of material to make a solid case against them for conspiring to take over the planet. It can no longer be called a "conspiracy theory" <sup>TM</sup> when they admit to it!

Following are just a few of the damning quotes, coming straight from "them," that ought to really help "youse guys" with the never-ending / often discouraging effort to wake the dumb-as-dirt normies in your life.

**Carroll Quigley** (Georgetown professor, mentor to Bill Clinton): *"The powers of financial capitalism had a far-reaching aim, nothing less than to create a world system of financial control in private hands able **to dominate the political system of each country and the economy of the world as a whole.** This system was to be controlled in a feudalist fashion by the central banks of the world acting in concert, by **secret agreements** arrived at in frequent meetings and conferences."*

**Richard Gardner:** (CFR member, U.S. Ambassador to Italy and Spain): ***The New World Order** will have to be built from the bottom up rather than from the top down...**an end run around national sovereignty**, eroding it piece by piece, will accomplish much more than the old fashioned frontal assault.*

**Strobe Talbott:** (CFR, Oxford room-mate of Bill Clinton, Deputy Under-Secretary of State in Clinton administration): *"Nationhood as we know it will be obsolete; all states will recognize **a single global authority.**"*

## *Quigley -- Talbott -- Gardner*

And some more:

**Walter Cronkite** (*CBS News Legend*): *"It seems to many of us that if we are to avoid the **eventual catastrophic world conflict** we must strengthen the United Nations as a first step toward a **world government** with a legislature, executive and judiciary, and police to enforce its international laws and keep the peace. ... We Americans are going to have to yield up some of our sovereignty. **That's going to be to many a bitter pill.**"*

**Killary Clinton**: (*following Cronkite's treasonous remarks*): *"Good evening and congratulations, Walter, on receiving the World Federalist Association's Global Governance Award."*

*The logo of Cronkite's CBS depicts the same all-seeing eye as the logo for the "Novus Ordo Seclorum" (New World Order for the Ages) found on the back of a \$1 dollar bill.*

\*

*Killary congratulates Comrade Cronkite via live video feed after he accepted his world government award...*

*"For decades, you told us 'the way it is,' but tonight, we honor you for fighting for the way it could be."*

\*

There is a bright spot contained in Landler's article:

*"Mr. Trump has gleefully tried to dismantle the European and global institutions that Mr. Bush and his Cold War-vintage colleagues built.*

*(Quoting 9/11 conspirator / cover up artist **Philip D. Zelikow**): "Now here we are, as the system these leaders created is drifting into great jeopardy. "What exactly is the partnership that is managing this now?" he asked."*

When scum like Landler and Zelikow (*cough cough*) start lamenting about how Trump is putting "world order" in "great jeopardy," it means that the Evil Empire is worried that their One World slave state may not come to fruition -- at least not anytime soon. Let us all hope and pray that "their" wicked scheme to build a global ant farm *never* comes to pass.

**Trump:** *“We will no longer surrender this country or its people to the false song of globalism. My foreign policy will always put the interest of the American people and America security above all else. That will be the foundation of every single decision I will make.”*

*“America First will be the major and overriding theme of my administration,”*

\*

**Putin:** *"What is a unipolar world? However one might embellish this term, at the end of the day it refers to one type of situation, namely one centre of authority, one centre of force, one centre of decision-making.*

*It is world in which there is one master, one sovereign. And at the end of the day this is pernicious not only for all those within this system, but also for the sovereign itself because it destroys itself from within....I consider that the unipolar model is not only unacceptable but also impossible in today's world. "*

So you see, as confirmed by the very words of many high and well-connected people, both pro and con, The New World Order "conspiracy theory" <sup>TM</sup> is no longer a theory after all. It's a reality. And that, boys and girls, is why Trump and Putin are relentlessly attacked by the Fake News / Piranha Press.

\*

***Boobus Americanus 1: I read in the New York Times today that Trump is tearing down the World Order that George Bush 41 helped to build.***

***Boobus Americanus 2: The world will become a much more dangerous place if that happens.***

***Sugar: Oh really, Boobuss brainless? Tell me, after 28 straight years of invasionss, bombingss and CIA proxy warss againsst multiple countriess, what nation has Trump waged war againsst?***

***Editor: Good point. To the contrary, Trump has thawed the cold war with China and Russia, ended the proxy war in Syria, and deactivated the dangerous situation on the Korean peninsula.***

*The centrist Christian Democratic Union elected Annegret Kramp-Karrenbauer to succeed Angela Merkel as party leader. She is sometimes referred to as “Mini-Merkel.”*

**NY Times: Merkel’s Party Picks Successor in Her Image:  
Wry, Moderate and a Woman**

REBUTTAL BY  
**The Anti-New York Times**

As **The Frumpy Frau** of Germany prepares to finally make her grand exit from "the world stage <sup>™</sup>," she has successfully positioned an equally odious beast of a hyphenated "modern" female to succeed her as Party Leader. Dubbed by the German press as "Mini-Merkel," **Annegret Kramp-Karrenbauer** makes Manly Mamma Merkel seem feminine by comparison. Already, the Bolshevik birds of the worldwide Piranha Press are singing the praises of "AKK" -- the presumptive next Chancellor of Germany.

The article gushes:

*"She is a moderate centrist with a humble leadership style and wry sense of humor. She does not boast. But she has a track record of forging unlikely consensus — and winning elections.*

*"Annegret Kramp-Karrenbauer, the new leader of Germany's most powerful political party and likely future chancellor, sounds a lot like the current one.*

*Ms. Merkel's Christian Democratic Union announced its new leader on Friday after a closely watched vote by party delegates who chose from a list of three candidates: Ms. Kramp-Karrenbauer and two men who had vowed to take the party to the right.*

*At a time when voters elsewhere in Europe and the world are clamoring for radical change and are turning to populist — and often male — leaders promising easy answers to complex global problems, Germany's biggest party on Friday opted for the opposite: a woman succeeding another woman with a nuanced political program that above all represents continuity and stability."*

Oh barf! --- In short, meet the new boss-hag -- same as the old one.

***1 & 2. Stick a pair of bolts in this androgynous hag's neck and she's a ringer for another famous German monster of horror film fame. // 3. Deutschland's Douchebags: Merkel's treasonous and tyrannical legacy will live on through Annegret Kramp-Karrenbauer -- her hand-picked "Mini-Me."***

As disturbing as the fact that yet another Marxist-Globalist-European Unionist, falsely advertising itself under the ridiculously deceitful banner of "center-right," may one day soon be holding the position that **The Great One** (*that's Hitler for you newbies & normies -- sorry Tom ;)* ) so capably and honorably held from 1933-1945; ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** is equally troubled by the suicidal and growing trend of domineering, smothering, suicidally altruistic, illogical, spendaholic female nanny-staters serving in

unnatural positions of high political power over men -- albeit mostly useless, corrupt and de-balled men.

It is not out of disrespect for women, but rather, to the contrary, out of the highest respect for them that we can only heap mockery upon this silly spectacle of political bosses in pant suits. A woman's place and her ultimate satisfaction in life is to be found *not* in the bloody, nasty, and intrinsically cunning worlds of politics or corporate board rooms; but rather in the "hearth and home" -- in sweet submission to a benevolent, strong, wise and protective husband whose last name she accepts without the frickin' hypen!

Indeed, British **Queen Victoria** -- though she naively allowed the despicable Prime Minister **Benjamin Disraeli** (*cough cough*) to undermine the long term interests of the Empire -- was spot-on correct when she looked into the future and warned about feminism and women in politics:

*"I am most anxious to enlist everyone who can speak or write to join in checking this mad, wicked folly of "Women's Rights", with all its attendant horrors, on which her poor feeble sex is bent, forgetting every sense of womanly feelings and propriety. Feminists ought to get a good whipping. Were woman to "unsex" themselves by claiming equality with men, **they would become the most hateful, heathen and disgusting of beings** and would surely perish without male protection. I love peace and quiet, I hate politics and turmoil. **We women are not made for governing**, and if we are good women, we must dislike these masculine occupations."*

Tell it Queenie, tell it! And yet, we doubt that even Queen Victoria could have foreseen this idiotic modern feminist freak show that is still rapidly spreading all across the western world.

**YIKES!**

A few of the **"hateful, heathen and disgusting"** finger-waving maniacs that Queen Victoria accurately foresaw: **Killary Rotten Clinton, Senator Elizabeth "Pocahontas" Warren, Congresswoman Maxi-Pad Waters.**

\*

***Boobus Americanus 1: I read in The New York Times today that Merkel's choice to succeed her is very similar to her. She is a women and a moderate centrist.***

***Boobus Americanus 2: Merkel has done a great job.***

*Sugar: Yess, Boobuss! That Bolshevik bitch has done a GREAT job all right --- a great job of jailing real hisstoriansss, hounding 95-year-old SS men to their deathss, running up debt, sspreading the homossexual plague, and flooding Germany with wave after wave frickin' Turd World free-loaderss!*

*Editor: As Merkel falls out of favor with many Germans, the usual suspects are grinning behind the rise of "AKK" -- who is no different. ("For non-auto-donors, it's time for semi-annual renewal. See below)*

## NY Times: Justin Trudeau's Carbon Tax Push Finds Critics on All Sides

REBUTTAL BY

# The Anti-New York Times

Like his butt-buddy **Emmanuel Maricon** (*not a typo*) over in La France, Prime Sinister **Justine Trudeau** of Canada is also facing some push-back over the Globalist scheme to impose a tax on harmless plant food, aka a "carbon tax." In addition to publishing a book on the Greenhouse Effect <sup>TM</sup> / Global Warming <sup>TM</sup> / Climate Change <sup>TM</sup> SCAM, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** has already posted many rebuttals -- some quite recently -- addressing the fallacies of the "science" and the real motive (*world government*) behind the elaborate 40-year-old hoax. So, let's give the "climate denial" <sup>TM</sup> arguments a rest, at least for now.

Instead of debunking the same old crap about "rising temperatures" and "melting ice-caps" and "intensifying hurricanes," we thought we would focus on another important aspect of this "debate" -- namely, the annoying and potentially fatal tactical error which the guys on "our side" continue to make. Can you guess what that is?

*1. Mademoiselles Maricon of France and Justine of Quebec look about ready to French-kiss. // 2. In entertaining and easy-to-understand language, Climate Bogeyman thoroughly debunks the junk-science and also exposes the motive of the great scam. // 3. But too many mealy-mouthed opponents of "carbon taxes" continue to make a fatal error of logic and debating.*

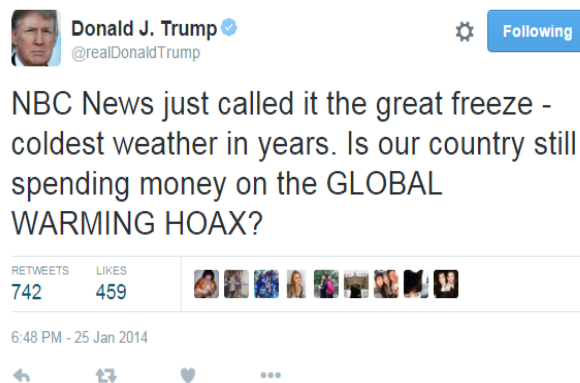

Have you guessed yet as to what this fatal debating error which we speak of is?  
From the article (*we'll even bold-red-letter it for "youse guys"*):

*"Mainstream conservative politicians in Canada **do not deny that climate change is a significant problem, or even a crisis.** But they have pushed back hard against carbon pricing with, among other things, legal challenges to the federal government's right to impose a carbon plan in their provinces."*

Idiots! To use a football metaphor, in admitting that man-made "climate change" is a "significant problem," de-balled pantie-wetting "cuckservatives," ever-fearful of being branded by the Piranha Press as "climate change deniers"™, have handed the ball to the Globalists deep in conservative territory. With the real science totally on our side, supported by numerous proven cases of data-rigging, it is *we* who should be charging *them* with scientific fraud, embezzlement of taxpayer dollars, corruption of school children and full-blown treason. Force *them* to have to explain away "ClimateGate" and the various whistleblowers who will attest to the great global fraud.

Oh what a deep hole, within the shadow of their own goal post, "they" would be confined to if only more "cuckservatives" would grow a pair and stop allowing themselves to be placed on the debating defensive all the time!

***1. Napoleon Bonaparte (The Great One of the 19th Century): "The purely defensive is doomed to defeat." // 2. Trump -- who openly mocks the fake theory every chance he gets, understands Napoleon's advice. // 3. The scandalous hacked E-mails of East Anglia University -- reviewed in "ClimateGate" by author / meteorologist Brian Sussman are all that is necessary to instantly transform the entire debate from defensive to offensive, in a manner that even Boobus Americanus could understand.***

There is a profound quote often attributed (*some say mis-attributed*) to St. Augustine. It goes like this:

***"The truth is like a lion; you don't have to defend it. Let it loose; it will defend itself."***

The usual suspects know this, which is why there is a direct correlation between the degree of truth spoken / written, and the level of hatred and attacks launched against the truther. As a crucifix is to Dracula, so is the truth to the Satanic agents of Globalism and their libtard legions of loons. Hit them hard with the statement -- backed-up by evidence -- that the Greenhouse Effect <sup>™</sup> / Global Warming <sup>™</sup> / Climate Change <sup>™</sup> **scam** is 100% "BULLSHIT," and watch them squeal in panicked agony: ***"Denier! Denier!"***

Conversely, concede the fact that GE/GW/CC is indeed a "significant problem," but that we should consider other alternatives to combating it while taking into account any adverse economic implications as part of a delicate balancing act blah blah -- and see how the Satanic vermin at Sulzberger's Slimes will respectfully publish such an opinion -- as was done in this piece about the "legitimate concerns" of "Canadian conservatives." That's because "they" know that the moment that their fearful opponents admit to the fact that there is a "crisis," they can steamroll them down the field, albeit in a "respectful" manner.

"They" hate fighters. --- "They" love pussies.

***1. Regardless of who said it, it's a damn good quote! // 2. The "crucifix" of truth is the only thing that can stop them. Why water it down with unnecessary concessions? // 3. A clever modification found online.***

\*

***Boobus Americanus 1: I read in The New York Times that mainstream conservatives in Canada, though they accept the reality of Climate Change, have some concerns about the economic consequences of carbon taxes.***

***Boobus Americanus 2: It's a very legitimate concern. We should proceed gradually with such taxes.***

NY Times: Alexandria Ocasio-Cortez: Jewish, Too?

REBUTTAL BY

# The Anti-New York Times

Well, it's official, boys and girls! Poised to become the youngest U.S. congresswoman ever in just a few weeks from now, the intensely hyped-up little 29-year-old communist harlot from the Bronx has just announced her intention to rapidly climb the political ladder as far and as fast as age restrictions will allow her to (*30 to become a senator, 35 for president*).

Now, don't misunderstand. Senorita Cortez didn't actually *say* that in words. But she may as well have. The article reveals her obvious game:

*"Alexandria Ocasio-Cortez, the self-described Puerto Rican "girl from the Bronx" .... added another layer to a complex personal story: She has Jewish heritage.*

*Ms. Ocasio-Cortez, a New York Democrat, made the reveal on Sunday evening at a Jackson Heights synagogue in Queens, telling the crowd that "a very, very long time ago, generations and generations ago, my family consisted of Sephardic Jews.*

*\* Sephardic Jews -- not to be confused with the Ashkenazi converts of Central Asian origin, were the olive-skinned descendents of converts of North African origin. They were booted out of Spain in 1492 for the usual reasons.*

American founding father / philosopher / statesman / scientist / inventor **Benjamin Franklin** once observed that *"cunning proceeds from want (lack) of capacity."* And indeed it does. For as dumb and as incapable as this big-mouthed little girl may be, she certainly does not lack for cunning. The Bolshevik bitch knows damn well that by "revealing" her totally unverifiable microscopic "Jewish heritage" from 500 years ago, she has further ingratiated herself with that terrible Marxist Tribe which can make or break any ambitious politician.

Clever girl!

*1 & 2. Fed up with the usual suspects and their usual tricks, Queen Isabella was forced to crack down on the poor, innocent, ever-"persecuted" Jews. Many ended up in the New World (where they set up the slave trade). // 3. Taking a page out of Liz "Pocahontas" Warren's book, the ambitious and ridiculous Senorita proudly claims to have a droplet of blood passed down to her from some of these banished Sephardics of the 15th Century.*

The announcement delighted the assembled and flattered self-chosenites at the Queens synagogue celebrating Hanukkah. Amid smiles and laughter while standing in the shadow of a menorah, Senorita Cortez, after making her announcement, replied to someone in the crowd with that annoying "Valley Girl" / Millennial vernacular of hers: "He's like: 'I told you! I knew it! I sensed it!'" News of her "Jewishness" has already spread across media outlets in America and Isra-Hell.

-- And we're "like," -- "Who gives a flying rat's ass?!"

Senorita Cortez' reminds us of the cunning Jew worship of another dingbat female politician from the last decade -- the goof-ball **Sarah Palin**. While Governette of Alaska, Silly Sarah displayed a small Israeli flag on her office curtain -- very odd considering the fact that one could probably fit the entire Jewish population of Alaska into an igloo. But Sarah's Star of David did not go unnoticed by the "Neo-Con" Republican't branch of the Judenpresse. It was **William Kristol's** soon-to-be-defunct Weekly Standard that led the Palin for Vice President movement ([here](#)) which culminated in **John McStain** plucking this obscure nobody from nowhere and transforming her into an overnight sensation among conservatards / FOXtards -- and thus making her a multi-millionairess to boot!

Clever girl!

*The amazing rise of low IQ Sarah from the Governorship of sparsely populated Alaska to Vice Presidential nominee, began by flying a tiny Israeli flag (on curtain) as a signal to the Neo-Con bosses of the Republican't Party. After the 2008 election, her political stardom soon fizzled, but not before she could cash in with million dollar book deals (one in 2009 and another in 2010) and \$100,000-a-pop teleprompter-reading, er, "speaking" fees ([here](#)). --- Ah, show us the skekels Sarah, show us the shekels!*

The instant artificial manufacturing of this millennial Marxist moron is unprecedented in American history. By comparison, young **Teddy Roosevelt**, before being "rocketed" (*his words!*) onto the national stage, had his resume built-up over a few years with a police commissioner job, an assistant naval secretary position, and a phony war record which enabled him to successfully run for Governor of New York, from which he was later placed as Vice President and finally, due to the convenient assassination of conservative **William McKinley** (*at the hands of a Red*), installed as President.

Young **Dwight Eisenhower** had to be leap-frogged again and again over hundreds of senior officers before being named Supreme Allied Commander and then, after the war, handed the no-show presidency of Columbia University, from which he was installed into the White House.

And years before his stunning CIA-assisted climb, **Barack Obongo's** resume had to be embellished with fake Ivy League degrees, a fake professorship at the University of Chicago, and a brief stint as a state legislator in Illinois -- and then a freshman U.S. Senator.

But this Ocasio-Cortez babe bypassed all of that. She dead-ended after college (*majored in "international relations" (rolling eyes)* -- working as a bartender, waitress, and teacher for a "Latino" non-profit before suddenly becoming an instant national phenomenon without even having been sworn in as Congressgirl yet! And

if her performance at that synagogue the other night was any indication, bigger (*much bigger!*) positions will be handed to her --- once she is old enough.

NY Times: Tabloid Publisher's Deal in Hush-Money Inquiry  
Adds to Trump's Danger

REBUTTAL BY

**The Anti-New York Times**

While all of loony Libtardia continues to gloat and salivate over the imminent demise of **Donald Trump** -- as many Trump supporters are starting to worry about all of Trump's former friends and associates ratting him out for this or that "crime" -- ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** stands

firm in its belief (*about 80% certainty*) that Special Counsel **Robert Mueller's** latest ensnared fish, **David Pecker** of **National Enquirer** fame, is just playing his role in the "sting" strategy for "**washing the fruit of the poisoned tree**" (*funneling currently unusable or even illegally obtained evidence into a legal investigation*). And oh what bitter fruit that will turn out to be when Libtardia gets a taste of it!

You see, boys and girls, though the pro-Trump National Enquirer may be a sensationalist gutter gossip rag that often publishes unsubstantiated claims, the fact is, Pecker's publication employs some top-notch snoop-investigators who have in the past accurately uncovered scandals which the Fake News media only later picked up on. In other words, Pecker, like Trump allies **Flynn, Manafort, Cohen, Corsi, Stone** and others before him, "knows where the bodies are buried." And soon, Marine Captain Mueller, who, we believe, works for Trump and his generals, will have Pecker's data in his hands -- *legally*. How convenient.

*The National Enquirer's investigators have lots of dirt on lots of people.*

\*

\*

Far from getting weaker due to Mueller "closing in" on him, Trump and Q-Anon are growing bolder and downright boastful about the hammer that is preparing to drop. **Recent Q posts have left zero doubt that Trump and Q-Anon are part of the same team.** A Q-Anon post from December 12 again screamed it in our face -- more so than any other past clue -- while mocking the Fake News.

Q posted a link to a brief video from **Trump Hotels** twitter page ([here](#)). The Christmas video shows a handful of stockings, with a single embroidered letter on them, hanging from a fireplace mantle. A "T" (*Trump*) stocking hangs right next to a "Q" stocking which a child in the video makes a point to calling attention to. Directly above the Q stocking there is a black figurine (*the witch Killary?*) in a closed jar. Above the mantle is a painting of Santa Claus holding a hammer in his right hand. The artist's inscription at the bottom corner is "QA" (*Q-Anon*).

The video is mainly narrated by a baker wearing a frog in her smock (*Pepe the alt-right frog*) in which she describes how the giant gingerbread house at the Trump hotel in Chicago was baked "brick by brick" over a period of months (*a metaphor for the constructed jail cells which will hold various deep-state criminals?*) Could this mean that "Santa Claus" will be giving us the Christmas gift of "dropping the hammer?"

*Unmistakable hidden "Q" messages coming to us from Trump Hotels*

**Q posts in reference to the video:**

**Confirmed.**

**PEPE THE BAKER?**

**Think POTUS Tweet re: PEPE**

**Trolling the FAKE NEWS media IS SO MUCH FUN!**

**Q**

**Confirmed.**

**'QA' > 'QAnon' > Hammer**

**More to find over time.**

**Happy Hunting!**

**Q**

**How many names start w/ a 'Q'?**

**What are the odds of a 'Q' stocking?**

**What are the odds of a 'Q' stocking next to a 'T' stocking?**

**How many stockings in total?**

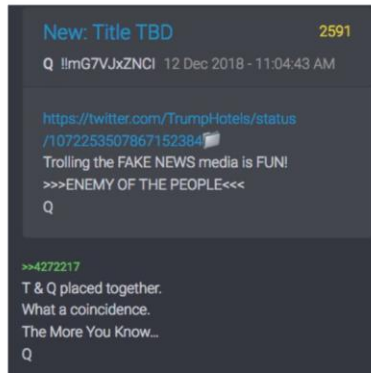

**How many letters used?**

**Logical thinking.**

**A little Holiday Fun for the FAKE NEWS media.**

**Think 'Elf on the Shelf'.**

**Can you find the next one?**

Anyone still doubting that that Trump and Q are working together, hence, making Q a *real* phenomenon, is simply not thinking logically. The clues are as numerous as they are obvious, and getting more and more "in-your-face" by the day. As we have been saying for some time now, the only question remaining is about whether or not the "White Hats" can actually pull off the great "sting" and not merely damage, but completely and irrevocably *crush* the Globalists with a "hammer" blow. To that end, other good signs are Q's posts, also from December 12, indicating that voter fraud will, in due time, be "brought to light" -- and that the Federal Reserve will be also be "destroyed."

For someone who is supposedly, to use a boxing term, "on the ropes" as close associates and friends are supposedly "turning against him," Trump (*through his known partner Q*) has never spoken so confidently to us, while leading the arrogant asses of Libtardia to think it is *they* who have the advantage. This is totally consistent with the genius psych-war principles of **Sun Tzu's** "The Art of War."

Stay tuned.

Hold out baits to entice the enemy. Feign disorder, and crush him.

**NY Times: Pastor Charged With 'Inciting Subversion' as  
China Cracks Down on Churches**

REBUTTAL BY

**The Anti-New York Times**

Aaaaww, look. The atheistic Christ-hating Marxist Jews at Sulzberger's Slimes are sticking up for "persecuted" Christian pastors in China again. How touching! From the article:

*"An outspoken Chinese pastor and his wife face up to 15 years in prison after being charged with inciting to subvert state power, a sign that Chinese authorities are intensifying a crackdown on religious groups, one of the most serious in recent decades."*

Wethinks we're gonna cry. From whence this sudden love for Christ's spokesmen in China coming from the same "usual suspects" who cringe in agony at the mere sight of a crucifix or a Christmas nativity scene? The same greasy bunch that bastardized "Merry Christmas" into "Happy Holidays?" The same intolerant bigots who got the Lord's Prayer (*The "Our Father"*) banished, by force of law, from the ~~communist~~, er, "public schools" of America? The same atheistic fanatics who scream: *"Separation of church and state! Separation of church and state!"* the moment any priest or pastor makes a political comment, even under his breath, that is not Marxist-kosher-approved?

What could have triggered such a miraculous transformation of their dark godless hearts? Perhaps it was the miracle of the Christmas season? Yeah, that must be it. Thank you Jesus! ----- Or is there a hidden angle here?

*Why the sudden concern about "Christian persecution?" It was perfectly fine with the Sulzberger Clan when Lenin, Trotsky, Stalin & Kaganovich were slaughtering, raping, torturing and enslaving millions of Christians during Soviet times. During the brutal oppression and genocide of the 20's, 30's & 40's, the pro Bolshevik Sulzbergers & Ochs praised Soviet "accomplishments" while pretending the horror wasn't happening. Image 2: 1920's painting depicts a Jew-Soviet raid on an "illegal" Easter midnight mass // Image 3: 1939: Moscow's grand cathedral of Christ the Savior being demolished by explosives.*

\*

*1. Pastor Wang Yi stands accused of subversion. // 2. Xi Jinping -- Anti-Christian? Or anti-traitor?*

From what Sugar has been able to sniff out, it appears that the "pastor" in question, **Wang Yi** of the Early Rain Covenant Church, is one of them-there Poop Frankie-type "clergyman" -- meaning, he mixes the "poison-pills" of political commentary and pro-"democracy" <sup>TM</sup> activism in with the spiritual content. Echoing Sulzberger's Slimes and the rest of the Piranha Press, "holy man" Yi has been openly critical of General Secretary **Xi Jinping's** move to stay in office beyond the

fake "term limit" which nationalist China adopted years ago in order to keep the sanctimonious hypocrites of the West of its back.

Pastor Yi:

*"Abolishing the term limit on the leader of state does not make a leader but a usurper. Writing a living person's name into the Constitution is not amending the Constitution but destroying it."*

Yi has no "term limit" as pastor of his church, so why should the *very* popular leader of China be forced out in order to appease the busy-bodies of New York's **Council on Foreign Relations**? The pinko pastor has also denounced China's often misunderstood policy on Tibet and Chinese "materialism." But the kicker for us is the large photo of this suspicious character buddying-up next to the contemptible arch-criminal and traitor **George W Bush** at the White House in 2006. How was that part of his church's mission? And who paid for him and his colleagues to travel to and stay in the U.S. for that visit? Was it parishioner donations? Or U.S. taxpayer money? Either way, it sure seems "sinful" to us.

***Recruiting phony "religious leaders" to manipulate the faithful into following Globalist objectives has long been a key element of the One World agenda. --- 1. GW Bush with anti-China Yi (2nd from right) // 2. With the anti-China Dalai Lama. // 3. Poop Frankie the Globalist has also taken cheap shots at Xi's China (and at Putin & Trump too).***

The **Anti-New York Times** has learned (*it sounds so official when media outlets use that phrase, doesn't it?*) that "Pastor Yi" is also "Professor Yi" (*Law*) at Chengdu University. The purpose of that 2006 White House meeting was, as revealed by "The Christian Examiner," to discuss the promotion of "human rights" <sup>TM</sup> and "democratization" <sup>TM</sup> in China. Professor / Pastor Yi and his crew cited the work of "Reverend" **Marxist Loser King** (*barf*) as an inspiration for the objective of changing (*subverting*) China. (**here**) Need we really say more, boys and girls? Can you smell the wonton soup that the CIA / Deep State was cooking-up with this

ass-clown? Is it any wonder now why the Jew York Slimes is standing-up for this "Christian?"

To make a long story short -- the Chinese authorities ran out of patience with this phony professor/pastor and threw his sorry ass behind the Bamboo Curtain. Bout damn time! Unfortunately -- as has been the case with deliberately misleading reports of China's "Muslim crackdown" and "Buddhist crackdown" (*also CIA-related*) -- many superficial readers will hear this incomplete story and erroneously conclude that "Communist" (*fascist actually*) China is anti-religion / anti-Christianity when, in reality, the government is actively *encouraging* a revival of religious practice (*Confucianism, Buddhism, Islam and Christianity*) and an associated return to the timeless and essential moral values at the core of each of these religions.

It is only the domestic CIA wolves, dressed in pastoral robes, who have anything to fear from Xi Jinping.

***1 & 2. Confucius, Buddha, Jesus and the Koran are similar philosophies for moral and successful living. All, with the full blessing of the government, are spreading rapidly in "repressive" China. // 3. But the CIA "Deep State" -- through the use of Chinese traitors like Yi -- is trying to hijack the revival and turn it into a "democratic" rebellion -- in the "name of Jesus" -- against the Chinese government.***

\*

***Boobus Americanus 1: I read in The New York Times today that China just arrested a Christian pastor who had once met with George W Bush at the White House.***

***Boobus Americanus 2: The Chinese government has always been hostile to independent churches.***

**NY Times: Syria Pullout Tilts Mideast Toward Iran and  
Russia, Isolating Israel  
NY Times: In Afghanistan, Alarm and a Sense of Betrayal  
Over U.S. Drawdown**

REBUTTAL BY  
**The Anti-New York Times**

Speaking on behalf of the "bipartisan" <sup>TM</sup> War Party, Sulzberger's Slimes is clearly unhappy about Trump's plans for a rapid withdrawal of U.S. troops from Syria and Afghanistan. Combined with the back-channel thawing of relations with Russia and North Korea, Trump's "isolationist" <sup>TM</sup> foreign policy is in the process of totally deactivating *multiple* potential World War 3 tripwires.

But don't hold your breath waiting for the Globo-Communist vermin of the Nobel Peace Prize committee to hang any medals around Trump's neck any time soon. You see, in the lexicon of the loony Left, war is actually "peace."

***The CIA / Mossad proxy war against Syria featured phony "beheading" stunts, terrorist mercenaries and mass suffering. Thanks to Putin and Trump, Assad has survived and the "Deep State" has failed in its objectives. Image 3: Syrian woman kisses photo of Putin.***

It isn't just the Globalist wing of the **PRC (Predatory Ruling Class)** that is squealing and scribbling in protest of Trump. Now the generally pro-Trump / anti-Globalist Israel Firsters are openly expressing their "concern" and even a sense of "betrayal" over the "surrender" of Syria to Iranian and Russian influence. The Slimes quotes Putin:

*"The American decision to withdraw from Syria has abruptly scrambled the geopolitics of the Middle East, clearing the way for Iran to expand its influence across the region, leaving Israel virtually alone to stop it...."*

*"Donald's right, and I agree with him," said President Vladimir V. Putin of Russia, whose influence over Syria can only grow more dominant as the United States exits."*

Ha ha ha. Nice to see that Vlad and Donald are on a first name basis, ain't it?

*"We got this, Donald." ---Warm handshakes, thumbs up, pats-on-the-back. To the dismay of the usual suspects, Trump and Putin have been "colluding" for peace all along.*

Meanwhile, over in IsraHell, the panicked reaction to the looming pullout should suffice to finally dispel the notion that ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** once held -- but that a few of "youse guys" still have - - about Trump being "Israel's bitch." Consider this highly hysterical, and very telling, headline and excerpt (*one of many!*) from the "mainstream" Israeli press:

## **(Haaretz Editorial)**

### **Trump's Withdrawal From Syria Is a Slap in the Face to Netanyahu**

*"Trump gave Netanyahu reward and gestures that cost him nothing. In exchange, the president received an obedient prime minister who is no longer capable of opposing a move that is potentially disastrous for Israel."*

You see, boys and girls, all of Trump's public ass-kissing of Satanyahoo; and his shameless groveling at the AIPAC convention; and that "empty gesture" of moving the U.S. embassy to Jerusalem; and the obligatory displays of Holocaustianity --- is what enabled The Donald to quietly outmaneuver the "usual suspects" to a point where Iran, Russia, Turkey and even China have got the mad dog state of Israhell pinned inside of their dog house. Rest assured, there isn't going to be any war-birthed "Greater Israel" -- at least not in the foreseeable future. Thanks Trump!

In contrast to the venom being spewed by the genocidal imperialists of IsraelHell, there are also the reasonable voices of a few "righteous Jews" in IsraHell who are hailing Trump's pullout move for the peace that it may finally bring to the Middle East.

Israeli columnist and author, **Gideon Levy**:

### **Thank You, Trump, for Getting Out of Syria**

*"The decision will force Israel to reduce its intoxication with power. Relying exclusively on military might has never worked in the long run."*

Don't be surprised if The Donald's next act is to broker a final two-state peace deal between the Palestinians and the interloper Israelis. ... And he still wouldn't get a Nobel Peace Prize!

***1. According to Haaretz of Israel, Trump played Satanyahoo like a fiddle, before pulling the rug out from under him. // 2. Israeli Pacifist Gideon Levy sees the pullout as an opportunity to finally change IsraeHell's aggressive policy towards its neighbors. // A Peace Prize for Trump? Why not?***

***Boobus Americanus 1: I read in The New York Times today that Trump's planned withdrawal from Syria and Afghanistan are being viewed as a betrayal by some people, especially in Israel.***

*Rest in Peace  
Sugar the Crazy Conspiracy Cat  
(2003 - 2018)*

*"Where are all the frickin' commies & libtards up here?"*

EULOGY BY  
**The Anti-New York Times**

*"Until one has loved an animal, a part of one's soul remains  
unawakened."*

*-- Anatole France (French poet / novelist)*

When Sherrie and I adopted Sugar on September 15, 2013, she had already turned 10 years old. Prior records indicated that she had been a stray many years ago, before an older woman took her in and named her "Angel" (*ha!*). After a few years, that woman had to give up her cat-child when she entered a nursing home.

The next cat-mother named the cat "Chelsea." That older woman died in early 2013 -- leaving her to a temporary caretaker who worked in a pet store. So, by the time we adopted her, and re-named her "Sugar," this sensitive Turkish Angora -- having essentially lost three prior owner / caretakers -- had some serious insecurity and, shall we say, *anger* issues.

For the first two weeks, Sugar hid behind a corner sectional sofa-- hissing out pure hatred whenever one of us tried to approach her. She would only come out at night to eat and do her bodily business. Eventually, Sugar started roaming about the home, but ignored us as if we were house servants not worthy of her attention. Try to pet her and she'd cut you! This went on for weeks, maybe even a few months.

*"Sherrie, what's the point of having this psycho cat. She's clearly damaged and she hates us. Let's give her back and just get a kitten,"* I said. But Sherrie stubbornly insisted that in due time, Sugar would warm up to us. I remained skeptical, and would joke that Sugar was plotting to slit our throats in our sleep. We later found out from the caretaker who brought her to us that Sugar had also just been recently rejected and returned to her from another adopted family because she was too "nasty."

One day in November of 2013, as I was banging away on the keyboards writing **"The War Against Putin"** (*originally titled, "The Talented Mr. Putin"*), I felt something rubbing against my left knee. When I looked down, there was Sugar doing the classic cat rub and purring. I was finally able to pet her without fear of having a vein slit open. Immediately, I called Sherrie at work and breathlessly delivered the good news. In typical female fashion she replied, *"You see! You see! I'm her mother. I knew it would happen."*

From that day forward, Sugar blossomed into this affectionate, energetic and playful comedian who never ceased to amaze and amuse us with some new and creative antic-of-the-day. However, she always maintained a bit of ferocity and would let us know, with deep hisses, bites and scratches, if she didn't want to be handled at a given moment --- as evidenced by the classic hissing photo that "youse guys" are all familiar with. No groomer would touch the wild thing, so we had to take her to the vet for sedation in order to get her nails trimmed.

As for the decision to appoint Sugar to "The Editorial Board" in 2015, there's a story behind that as well. You see, she had developed the habit of jumping on the desk as I read or researched, and then staring at the screen. To keep her comfortable and away from the keys, a small bed and some snacks were kept next to me on the desk at all times. Sugar became my constant reserach/writing companion and a source of instinctive inspiration -- the emotion-driven "bad cop" to complement my more "reasonable" approach.

By early 2016, ~~we~~, er, Sherrie had adopted two other cats (*Bubbles & Honey*), which killer Sugar never accepted as siblings. Partially for that reason, and partially because my then-recently widowed father enjoyed Sugar's company so much, we let her stay at Pop's place about four days and nights per week. Because I was staying with Pop about three days per week anyway (*my brothers covering on other days*) Sugar became very comfortable with the dual residence arrangement. Pop grew to love his new "grand-daughter" and fellow senior citizen, and the feeling was mutual. Sugar would sometimes climb on his recliner and perch herself on headrest behind him. She was great emotional therapy for the lonely old animal lover.

From the beginning of this new dual residence situation, I was haunted by this weird and recurring premonition that Sugar (*still healthy at the time*), and Pop (*also still healthy at the time*) would leave this world at about the same time. Lo and behold, the light-hearted old timers left us heart-broken, one right after the other, at Christmas time, no less. Dammit Sugar! Couldn't you have given us just a few more weeks to heal-up a bit from Pop's passing?

One week ago, on the morning of my father's final heart failure, my phone was in my car. My brother, who was at Pop's place, had tried calling me but couldn't reach me. At that same exact moment in time, Sugar was meowing away in some type of agitated distress. But her food bowl was full, as was her water bowl. What was she trying to tell me? Her strange attempt at trans-species communication went on and on to the point where Sherrie (*who sleeps in another room due to her bizarre hallucinations of me snoring*) came barging in to see what was wrong. Sugar had *never* acted this way before.

Was the old girl sensing her beloved Grandpop's coronary distress from a few miles away, and trying to alert me? I know it sounds crazy, but one shouldn't discount things we don't understand. God's non-human creatures have powers not known to us.

Sugar eventually calmed down, ate some breakfast, and then groomed herself as usual. I then saw what was on my phone and rushed to the hospital. It wasn't until the very day of pop's funeral that Sugar, after a long battle with kidney problems and cancer, took a really sudden and dramatic turn for the worst. The sad prophecy has been fulfilled. Sugar is on Pop's lap now.

Merry Christmas "youse guys."

*The "Editorial Board" in session at a nearby park.*

\*

*Boobus Americanus 1: I read in the Anti-New York Times today that Sugar the Crazy Conspiracy Cat has passed away.*

*Boobus Americanus 2: Well, I know she abused us horribly, but in a strange way, I'm gonna miss that little Nazi cat.*

***St. Sugar: Father in heaven, forgive these two ass-clowns, for they know not what they frickin' say.***

***Editor: (Palm to face, shaking head, sighing) -- The Boobus Brothers will remain on staff, but the Board's rebuttals will never be quite the same. NY Times: Life After Horrific Death for the Journalist  
James Foley

REBUTTAL BY

The Anti-New York Times

Break out the violins and pass the tissues. From the article:

*"Mrs. Foley has a desperately keen understanding of what happens in a conflict zone. "Jim" was her son, the freelance photojournalist James W. Foley. He was kidnapped in 2012 while covering the Syrian civil war, held hostage for 21 months and brutally murdered in 2014 by members of the Islamic State in an execution filmed by his captors and released online."*

Having just this past week lost a pair of loved ones myself (*Pops & Sugar*), you might expect the remaining member of "The Editorial Board" to be showing a bit more empathy for "**Diane Foley**" -- the eternally grieving mother of the "beheaded" photo-journalist, "**James Foley.**" Well, weep not for "Mrs. Foley," boys and girls, because she, and her "beheaded" son, and her "husband," and her other "children" are all dirty, stinking, deceitful, treasonous, low-life CIA crisis actors. And just like so many of the crisis actors associated with so many fake shootings and so many fake bombings of the past 8 years or so, fake-ass "Mrs. Foley" -- of the fake-ass "**James Foley Legacy Foundation**" (*cha ching!*)-- is, as this article confirms, still collecting shekels for her bad acting.

Let's tear the Marxist mask off this brazen sorceress who is now partnering up with an artist to adapt Jim Foley's photos for a *for-profit* museum exhibit.

*1. The comically fake You Tube "beheading" of Jim Foley and others (produced by CIA & Mossad Studios) succeeded in providing the phony pretext needed for Obongo and friends to deploy troops to Syria. The real target was Assad, not "ISIS." // 2 & 3. "Mr. & Mrs. Foley" act out their "grief" over the news of Jim's "beheading." (Nice Hollywood touch with the "come home Jim" yellow ribbon on the door) --- Dear Lord! These people really need to take some acting lessons!*

\*

*And if you thought "mom and dad" were bad, you should have seen the brother and sister fake-cry, smirk, smile, stutter and laugh their way through a TV interview with Katie Couric! ([Here](#)) ... The Jewish-looking girl playing the part of "Katie Foley" also starred as "Alex Israel" in the Sandy Hook School Shooting Hoax.*

*A "foundation," eh? Ah, show us the shekels, "Diane." Show us the shekels.*

*Incredibly, this was the very same "James Foley" who had been kidnapped in Libya three years prior to his kidnapping in Syria! That event sparked the short-lived "Free Foley" marketing campaign. Evidently, with the fall and subsequent street-murder of Libyan leader **Qaddafi**, that tear-jerking scam from 2011 was no longer needed and Foley was soon "freed" by his scriptwriters, er, captors (rolling eyes) after 44 days.*

Not wanting a good story to go to waste, CIA-Mossad productions did a "spin-off" on 2014 -- "Free Foley II."

*1. Why were the "Foleys" so happy while their son was still in the custody of terrorists back in 2011? That earlier edition of the "Free Foley" show was cancelled when it was no longer needed. Notice that corny yellow ribbon again. //*

It is amazing, isn't it? Almost surreal. Only we the "woke" will ever know how these goofy, amateurish, laughing-our-butts-off black pajama & orange jumpsuit stunts, by succeeding in causing the deployment of U.S. troops to Syria, within close proximity of Iranian and Russian forces, very nearly got us to World War 3.

All that was needed after the "beheading" hoaxes, tear-jerking Syrian migrant videos and subsequent troop deployment was for the *expected* president, **Killary Rotten Clinscum**, to start the fight in 2017 -- and believe you me, that vicious she-devil from the pit of hell damn sure would have!

As it stands now, with Trump pulling the troops out of Syria as Turkey, Russia, and Iran (*much to the increasingly irrelevant Bibi Satanyahoo's dismay*) assume protective control of the region, the multiple media-hyped beheading hoaxes have all come to naught. Oh how (((they))) must hate Trump for this!

*1. As far back as 2013, Trump (and many in the military) warning against Obongo's intervention in Syria. As President, his phony missile attacks of 2017 and his insults of "Assad the Animal" were all just part of a strategic show designed to conceal his ultimate plan of pulling us out and leaving Syria to Russian, Turkish and Iranian protection. // 2. As it was with the tragedy of Libya, former Secretary of State Killary was one of the architects of the horrible proxy war against Syria. Not surprisingly, Crooked Killary is now, via Twitter, condemning Trump's pullout order.*

**NY Times: For Italy's Populists, Everything is a Nationalist Cause. Even Leonardo.**

BY JASON HOROWITZ

REBUTTAL BY

# The Anti-New York Times

This particular piece of anti-Italian journalistic excrement really got my Italian-side "guinea" blood to boiling today. Not surprisingly, the Slimes' Rome Bureau Chuef, **Jason Horowitz** (*cough cough*)-- the sleazy scribbler who pooped-out this anti-nationalist 's' 'h' 'i' 't' -- is a member of the single most ethno-centric and ultra-nationalistic people ever to infest the surface of this planet. You see, only (((they))) get to proudly (*and I do mean, **proudly***) keep their bloodlines, traditions and cultural identity intact for their posterity. But for the rest of us, even the slightest reluctance to hop into the stinking Globalist "melting pot" <sup>TM</sup> is considered "racist" <sup>TM</sup> or "xenophobic" <sup>TM</sup> or "nationalist" <sup>TM</sup>.

Recall that when Italy was headed by Bildeberger **Mario Monti** and Marxist **Matteo Renzi** -- the Globalist Golden Boy with the tranny wife? Sulzberger's Slimes never laid a hand on one of Europe's major countries back then. Only now, with the nation taking a recent turn toward the populist-nationalist "right" has Italy become a regular whipping boy of Sulzberger's Slimes. Hazmat suits, goggles and hip waders on, boys and girls. Let's dig into this filth and clean up some of the worse excerpts.

***1. Pro open-borders Slimes Jew Jason Horowitz hates the Italian nationalism he is witnessing. // 2 & 3. The 'Melting Pot' -- that degrading term for the American Republic -- was coined by playwright Israel Zangwill (cough cough) who produced the "critically acclaimed" Broadway play (1908-09) by that name. Zangwill was very open about his vision of a future world of mixed races (no white folks!). The Jew York Slimes' hatred for the new anti-"melting pot" Italian government fits in with Zangwill's anti-white dream.***

***Globalist Prime Ministers Monti (1) and Renzi (2) were puffed-up very favorably by the Fake News, but notice the unflattering, shadowy, bloated-face cover that Slime Magazine ran on populist-nationalist "La Lega" leader, Salvini. (3)***

**Horowitz:** In a small showroom filled with replicas of Leonardo da Vinci masterpieces, Lucia Borgonzoni, Italy's under secretary for culture and a member of the right-wing League party .... accused France of trying to culturally appropriate Leonardo for a 2019 exhibition at the Louvre celebrating the 500th anniversary of his death.

France had treated Italy like a cultural “supermarket” by “sending a shopping list” of the works it wanted to borrow — essentially everything. “Probably no other country would dare” to behave as France had.

**Rebuttal:** The legendary polymath (*a \$10 word for a person whose expertise and abilities span many different subject areas*) **Leonardo Da Vinci** is Italy's most accomplished son. Is it really so "right wing" and unreasonable for Italy to feel a bit touchy in lending out so many of his works?

**Horowitz:** Not much has been off limits as Ms. Borgonzoni’s hard-right League party pushes its “Italians First” agenda.

**Rebuttal:** "Hard right" and "Italians First" --- Ya know, had Horowitz written this article using the pen-name "Mr. X" , just from those two terms alone, we would still know that he was a Globo Jew.

**Horowitz:** Italian women are encouraged to have more babies.

**Rebuttal:** Oh horrors! After decades ranking near the bottom of the world's birth rates chart, if Italian women don't start having more "bambini" soon, my "paisans" across the pond will go extinct in another generation or so; and their places -- in accordance with the devious design of Zangwill and Horowitz and Soros and Sulzberger and Rothschild et al -- will be taken by Turd World imports and their litters.

**Horowitz:** Migrants are shown the door.

**Rebuttal:** About frickin' time!

**Horowitz:** Matteo Salvini, the party leader, fills his social media feeds with posts about Italian pasta and wine.

**Rebuttal:** What frickety frack foods would you expect an Italian to post about on social media? Matzo ball soup and gefilte fish?!

**1 & 2. Horowitz can't understand why Italy is cautious about casually lending out Da Vinci's scientific drawings and artworks. // 3. Horowitz doesn't believe that Italy's abysmal birth rates are anything to worry about. // Horowitz finds it strange that Italians eat (and post) about eating "Italian pasta" and drinking "Italian wine?" ... What the F is wrong with this little sleazeball? (We know, don't we?)**

**Horowitz:** Nationalism — taboo for half a century following World War II and the fall of Mussolini — is suddenly in, as every possible political dispute is cast in chauvinist hues.

**Rebuttal:** Mussolini, eh? (*palm to face, shaking head, sighing*) How quintessentially kikish of Horrorshits to bring The Great One's Italian ally into this conversation!

**Horowitz:** Along with the bureaucrats in Brussels, the pro-European French president, Emmanuel Macron, has been the target par excellence of an Italian populist government that has repeatedly picked, and won, political fights on everything from migration to trade.

**Rebuttal:** And *that*, dear reader, is the *real* reason why this otherwise un-newsworthy museum spat between the Italians and the French is being featured in the Slimes, and mis-portrayed as some sort of petty, excessive Italian "nationalism."

**Horowitz:** The Uffizi museum in Florence said it would not loan Leonardo masterpieces, including The Baptism of Christ, because they were too fragile.

**Rebuttal:** Is that not a reasonable precaution, Horowitz? Why must you make this into an ultra-nationalist tussle between Italy and France? Would the Israelis lend out delicate artifacts from Old Testament times?

Always instigating trouble (((these people))).

**Horowitz:** The French have responded with furious headlines (*"Franco-Italian Tension Around Leonardo da Vinci" read Le Monde*) and warnings that Italy risked alienating French business and tourism and isolating itself from traditional European partners.

**Rebuttal:** You see, it is actually Globalist Golden Boy Maricon of France (*not a typo*) and his allies in the Fake French News that are being petty and vindictive towards Italy's new government. Just like the two World Wars, the Globalists always start the very trouble that they then falsely blame on "nationalists."

On behalf of my Italian-side ancestors and my for-the-most-part estranged Italian cousins of today, the depleted "Editorial Board" of **The Anti-New York Times** would like to say to Jason Horrorshits, with great gusto and all the essential hand motions: "Vaffanculo!" (*Google it*)

*Not worshipping the EU Beast of Brussels and refusing to needlessly ship fragile artworks makes Italian populists "fascists" and "Nazis" (damn nice complements in our book!)*

***Boobus Americanus 1: I read in the New York Times today that Italian ultra-nationalists are refusing to share Da Vinci's masterpieces with France.***

***Boobus Americanus 2: That's not right. Da Vinci belongs to the world's heritage.***

***Editor: If you read the actual article in full and critically, Boobus, you'll find that the Italian policy -- in spite of how badly biased this story frames it -- is more about art protection and exchange reciprocity than it is about "nationalism."***
