## COMMUNITY MOSQUITO CONTROL SPRAYING

The Arundel Gardens Community will be applying to participate in the mosquito control program for 2018. ULV spray treatment of adult tiger mosquitoes is most effective when conducted in conjunction with community cleanup efforts. The effective way to control mosquitoes in the neighborhood is at the community level. We encourage home owners and communities to be proactive in their efforts to control mosquitoes by becoming aware of backyard breeding sites.

Procedure: Surveillance and control of Adult Mosquitoes: June 1-September 27.

Spraying will not take place during rain, in wind speeds exceeding 12 MPH or temperatures above 89 degrees. You will be notified of the spraying schedule when it comes available.

Residents that wish to have their property excluded from adult mosquito control services must notify the Maryland Department of Agriculture and the community association by submitting a completed exemption form. The Departments policy on objection to adult mosquito control services and the exemption form are available on this website: [http://mda.maryland.gov/plants-pests/Pages/mosquito\\_control.aspx](http://mda.maryland.gov/plants-pests/Pages/mosquito_control.aspx), also you can pick up the form at the community meetings or call 410-868-9557 and I will get the form to you. You can also email Barbara at [ramsbj@cablespeed.com](mailto:ramsbj@cablespeed.com).
