

Soon we'll say goodbye to the month of October you see

It will be remembered as part of our teaching history

We've worked hard so far to prepare our kids, no doubt

So, they can know what each subject is really all about

But we know it's not easy, it requires GRIT every single day

Only a teacher knows what it takes from Aug until May

For now, keep on pushing, only 3 weeks to Thanksgiving Break

Remember you are a part of an incredible profession, and
within your DNA you have whatever it takes!

Happy November!

2018

Love,

Mrs. Bowers
