"But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

The Marketplace at SV&A, LLC Present: "The SVM Global Business System (SVMG)"**

Anticipated Launch Date: April 19, 2019. #SVMG4IncomeEquality

INTRODUCTION

The SVM Global Business System (SVMG) is a globally unifying humanitarian effort to provide reliable income for people in crisis until financial stability is achieved, then continues serving as a Universal Basic Income (UBI) for as long as participants remain active within the system. Eighteen years in the making; SVMG is comprised of three business entities and a sponsorship program:

- The **First** entity is The SVM Global Learning Center (SVM-LC-California), a leading provider of "Total Life Make-Over Plans." Provisions include family services, an education in cryptocurrency, trade development, preparation for client status in Sheila V. & Associates, and entering and earning in The Marketplace.
- The **Second** entity is Sheila V. & Associates (SV&A-New York), a professional development and business management consulting firm with a clientele consisting of independent contractors, distributors, freelance professionals, and several other small business owners. SV&A helps its clients determine tax classifications, document filings and oversees logistical responsibilities.
- The **Third** entity is The Marketplace at SV&A, LLC (TMktP-Costa Rica), a privately owned, [affiliate partner program](#), and educational platform where clients of SV&A are entered to become sellers of their trade which may consist of any product, service, talent or art deemed appropriate for the general public.

To enter The Marketplace subscriptions must be purchased via Bitcoin in Peer to Peer transactions among the clients of SV&A. Subscription sales are prepaid weekly, with the first week being provided without charge by SV&A. As well, all subscription sales are facilitated by SV&A. These sales generate revenue shared equally among the members. The median income earning potential for each participant is approximately \$930 a week, establishing the first, ever, globally sustainable Universal Basic Income (UBI).

- The sponsorship program, The SVM Global Freedom Fund, is managed within The Learning Center and provides funding for individuals who are otherwise incapable of affording the opportunity to participate in the system. Initially, funding will be furnished by donations, afterwards, the fund will be replenished by pledges of 10% of all weekly earnings, perpetuating the system until poverty no longer exists.

EXECUTIVE SUMMARY

The SVM Global Learning Center, LLC (SVMG-LC) is a subsidiary of Sheila V. & Associates, LLC (SV&A), and leading provider of “*Total Life Make-Over Plans™*.” Membership registrations consist of Needs Assessments that include the whole family for adequate customization of Members’ Service Packages (MSPs). The Learning Center is a staging point for future small business owners to receive the professional and business development services, and to receive the support needed to transition from social service, or employment dependency to self-sufficiency, and financial independence. Essential within the MSPs, are the means to develop or register a business trade, and options for funding to advance members to client status with a business management consulting firm that oversees logistics, then a marketing platform where members can “**EARN WHILE THEY LEARN TO BECOME SUCCESSFUL**” business owners. *#SVMG4TotalLifeMakeOvers*

PLAN OF EXECUTION

The Learning Center is attempting to raise funds by way of social media, and crowdfunding platforms to complete the final stages of development, and execution of The SVM Global Business System, which consists of customizing the software using blockchain technology, and establishing physical locations in California, New York City and Costa Rica. After staffing, the next step will be to invite survivors of natural disasters, furloughed employees, teachers on strike, migrants, and anyone else in need, to become a member. The sooner everyone is placed through the system, the more rapidly income can be generated to help people restore their lives. *#SVMG4IncomeEquality*

REQUEST FOR DONATIONS

The SVM Global Business System is one of the largest, globally unifying humanitarian projects capable of helping resolve the many economic and social issues our society is facing today. Accepting donations will give us the ability to reach out directly to the individuals and families in need of our support. Internationally, we can accommodate migrants where they are, relieving host nations of financial burdens, and boosting their economies in the process. SVM Global companies are privately owned commercial businesses operating within the laws of free trade. Still, any offers of support by governments, corporations, communities or the private sector will be humbly appreciated! A donation of \$10 for every person in need would give us the ability to end suffering on a massive scale, begin the healing process, and in the next few months, change the world for the better. ***Thank you!***

Donations are accepted into The SVM Global Freedom Fund by Debit/Credit cards to:
