

### **Vicki Young Scott - Class of 1962**

I will always treasure the traditions and values we learned as Knights and Ladies, from Mr. McMillan's "construction gang" speech to the Induction Ceremony.

### **Southeast Memories**

We lived at 2201 E. 72nd Street. My sister, Judi Young Knapp, also attended Southeast and graduated in 1959.

I remember a number of classes and teachers:

- Mary Margaret Johnson - English
- Marvin Langford - Family Living
- Maria T. Feters - Speech and Drama
- Dorothy Canham - Physical Education
- Mr. Powell - Vice Principal

My most vivid Southeast memory is of The Induction Ceremony. I had the honor of playing the Queen of the Castle my senior year.

Some of my other activities included:

- Thespians, Spring Play (I played Annie in "Annie Get Your Gun.")
- Majorette, Cheerleader
- Intramurals, Softball Sports Day Team
- Beta Club, Junior and Senior Class Officer, Girls State

I remember Sputnik was in the news, and we had accelerated classes. Outside of school, I took dancing lessons, participated in Girl Scouts and went to Camp Oakledge.

### **After Graduation**

I attended the University of Missouri for two years and graduated from UMKC.

I got married, and I have two children.

From 1967 to 1969, I taught at Southeast.

Although I have been a Health and Physical Education Teacher, a Gymnastics Coach and a Swimming Teacher, I consider my life's work being a mother.

### **A Final Thought**

The older I get, the more I appreciate the Southeast "experience."
