Smoking

Health!

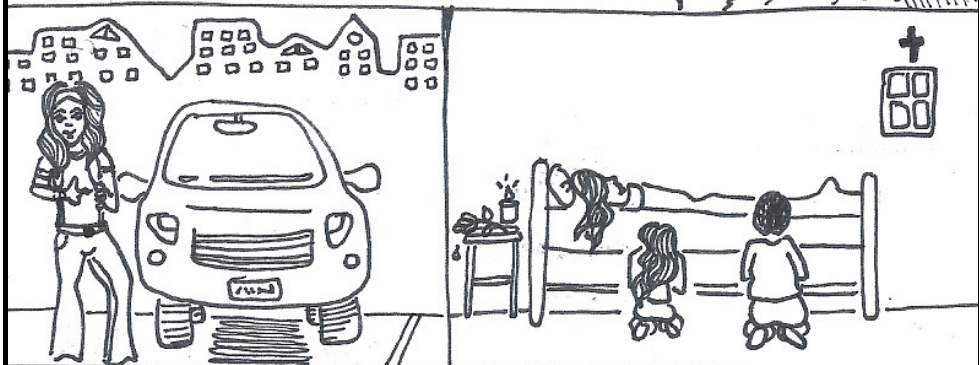

.....
The adventures of Eva Sanchez

EVA
SANCHEZ

In the Sierra region of Ecuador, there are problems. People are suffering from bad health, but there is no one around to help them.

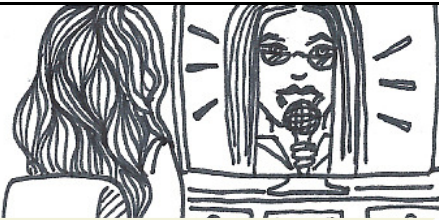

There is one person who can help you and it is Eva Sanchez. Eva was born in the town of Quito. Her mother died when she was very young from sickness.

Her father made sure that Eva never had any type of health problem.

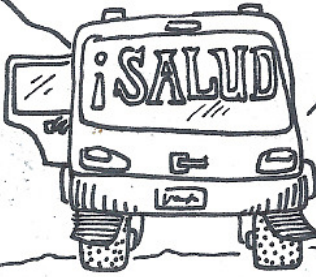

She studied at Universidad Central del Ecuador. Two years in, she went to go study in the United States. She got a certification in health.

Eva saw the health problems in her country.

She decided to return, for her country mattered more than wealth.

She purchased a health car, and goes across the country helping out the people.

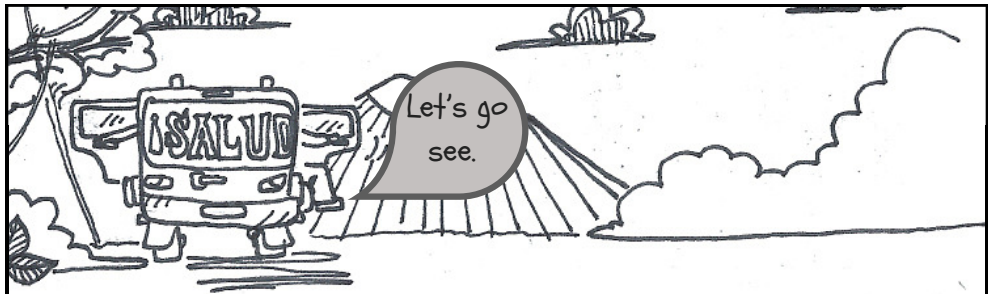

Now, a new challenge awaits her.

Eva? Is that you?

Yes? How you Mr. Rodríguez?

Bien gracias, pero hay un problema con Julio. Él está tosando y no ha podido trabajar. Estoy muy preocupado.

¿Cómo estás Julio? ¿Cómo está la granja?

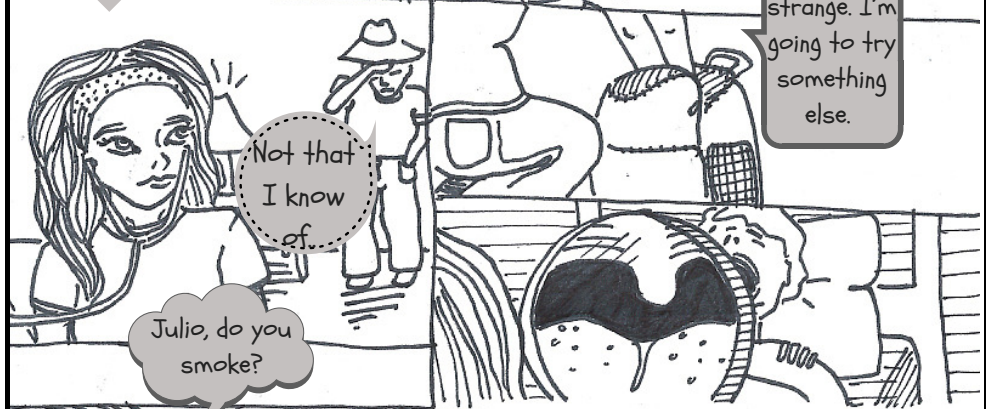

Hi Eva! I don't know, I haven't been there in a while.

Let's look at your problems

Mr. Rodriguez. Did Julio have a cold recently or sickness?

That is strange. I'm going to try something else.

Not that I know of.

Julio, do you smoke?

No of course not!

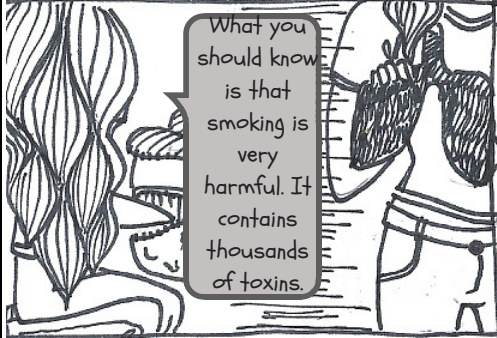

?

No of course not!

Julio, be honest.

It's true.

What you should know is that smoking is very harmful. It contains thousands of toxins.

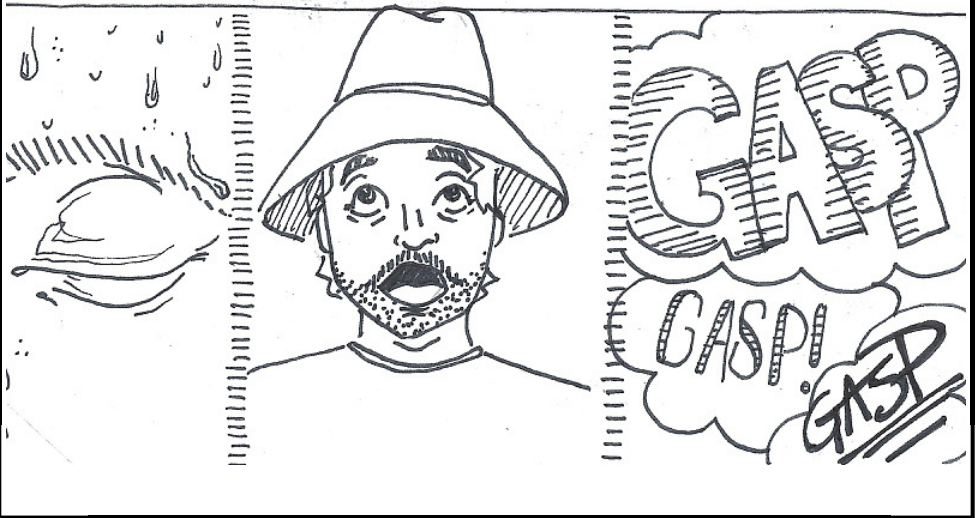

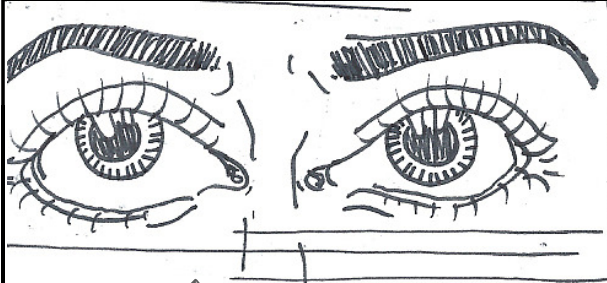

Oh no! I will try and stop

I know. Remember, teens are not allowed to smoke. Who gave it to you?

Mr. Alva

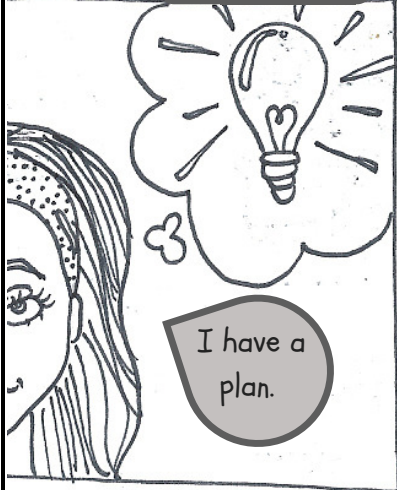

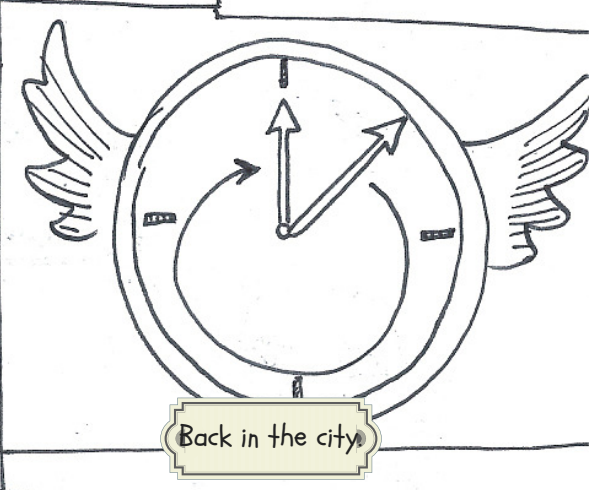

I am going to stop him.

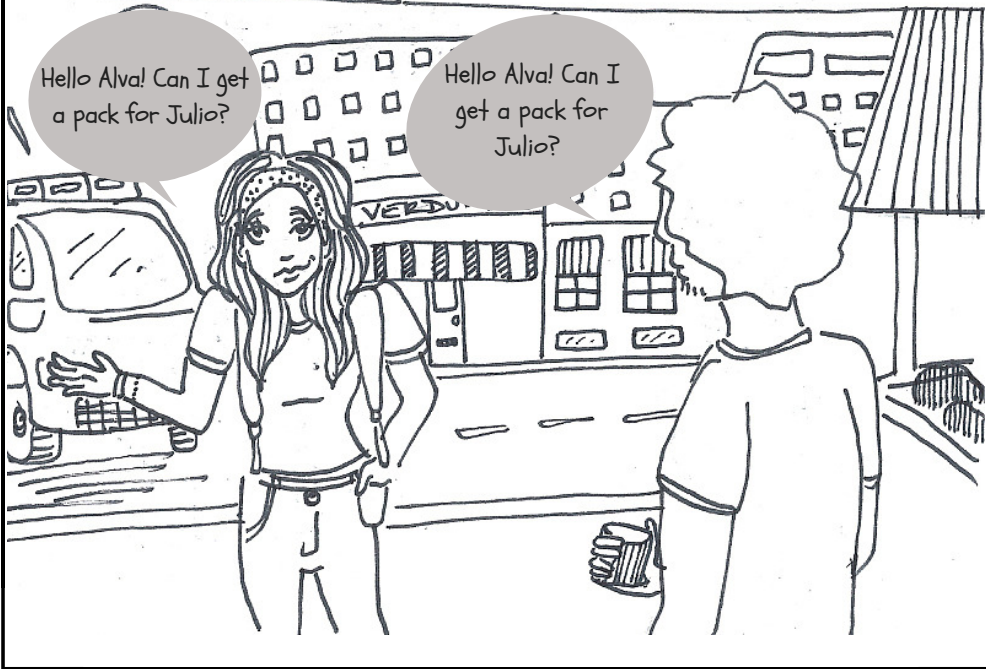

Eva. What are we going to do?

I have a plan.

Back in the city.

Hello Alva! Can I get a pack for Julio?

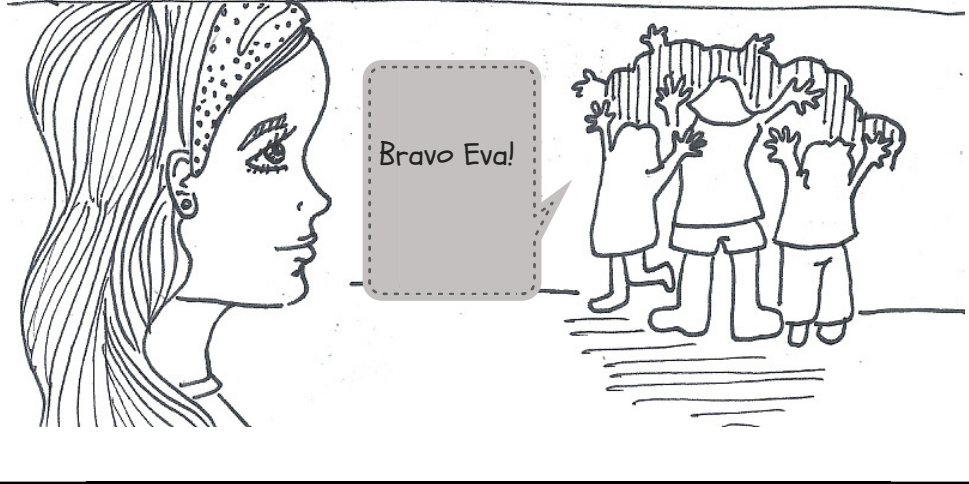

Hello Alva! Can I get a pack for Julio?

Curse you Eva! If you stop me, you can't stop this from happening.

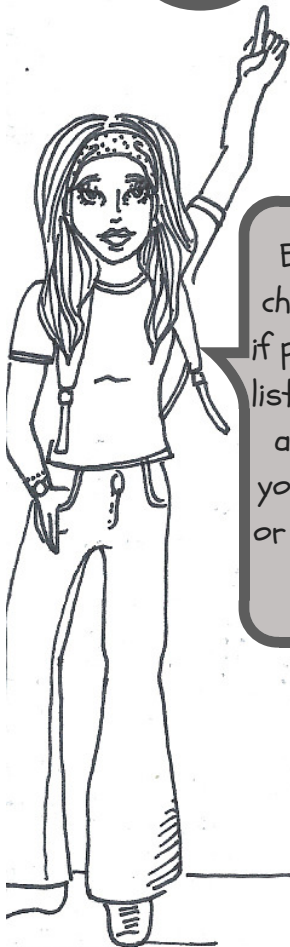

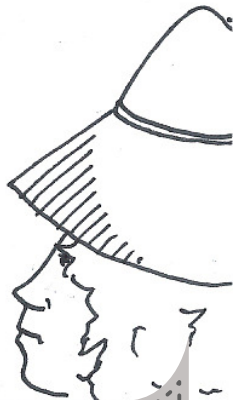

You should have taken the job at your brother's store.

Bravo Eva!

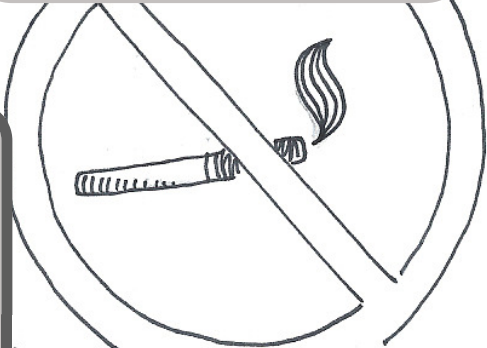

Fantastic!

Ecuador is changing. And if people don't listen, you can always call your parents or the police.

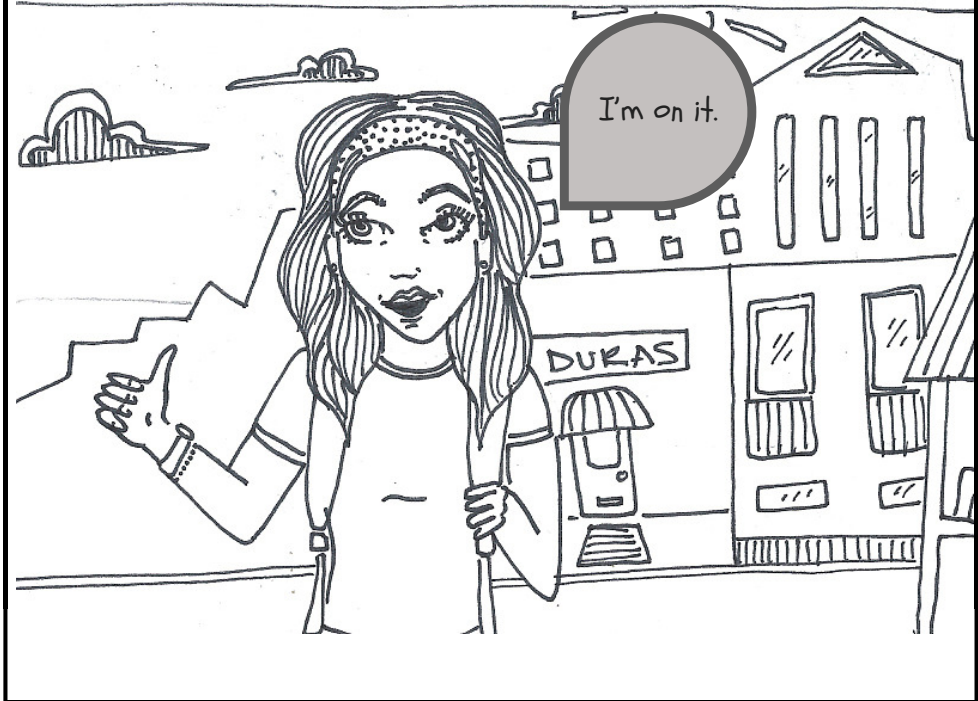

Nice job Eva! But you know he's right. People will keep selling and no one will listen to us.

Cigarettes can hurt you, just like Julia. But you must know your health comes first. You can get major diseases if you smoke.

Eva! The town
of Puembo
needs your
help

I'm on it.
