'Home is where the Heart IS'

As we reflect on recent events in Nevada and allow compassion to flow for ALL, the above quote comes to mind. It is a reminder that one can always find their sense of 'home' amidst the energy of change and Transformation no matter what the situation may be.

The 'Human eye' (mind) will **see** 'home' as a physical place; somewhere that is family oriented, comfortable, safe and well known, perhaps a place one can always come/go back to.

The 'Spirit eye' (Heart) will **Feel** 'Home' as a space of resonant frequency, that is safe, comfortable, peaceful, harmonious, and tranquil... a space of freedom to be one's true self and BE.

When we allow both 'eyes' to join in the center of our 'home' through cultivation of the heart and clarity of the mind we become the stillness that allows the energy surrounding us to transform into it's highest potential.

As we embrace our *human* and *spiritual* selves we allow these two 'aspects' to express and merge... thus creating a cooperative state of BEing and Sound mind. During this process we also open to greater awareness through the

willingness to 'see' from both aspects of ourselves and acknowledge that both are integral components of our 'whole' BEing... which eventually leads to Integration and Divine Partnership.

In Divine Partnership our Home and Heart become ONE.

ONE-TLC continues to provide a safe place for those that are ready and willing to Discover, Experience, Integrate and BEcome more of WHO, WHAT, & WHY they ARE...

"No matter what you think you are, You are always more than that."

Joke of the Month

Sooo... Is THIS the Ascension???

Message of the Month

At the beginning of our ONE-TLC Board Meetings, an informative message is usually channeled from an Intergalactic Ascended Master. Following is a message through David:

“‘Emotions/Feelings are neither right nor wrong, they just are’ and it would behoove us to fully embrace our emotions without prejudice, judgment or evaluation. They ALL serve a beneficial purpose... therefore... if anything... allow your present state of BEING to be amplified so as to purge unwanted, unpleasant, and unresourceful emotions and to allow harmonious, pleasant, and enjoyable feelings to have their full expressions as well. This is being fully human and fully Divine.”

12 Ray Consciousness

Ray Four carries the frequency of the color **Green** and is governed by Master Paul the Venetian. We can invoke this Light when we want to develop the right side of our brain, balance masculine and feminine energy, and improve communication. The qualities of the Fourth Ray are **Harmony**, **Beauty**, and **Creativity**.
