

# CENTRAL CHRISTIAN ACADEMY WARRIORS

## Employee Benefits

### Tuition Benefits:

Employee benefits are available to all certified and classified employees of Central Christian Academy. These benefits include free tuition and books for children enrolled in your household.

### Healthcare Benefits:

All employees receive a free membership to the Doc Shoppe to meet your primary healthcare needs. This is not traditional insurance, but does have many benefits including unlimited visits for the majority of your primary care needs, at little or most of the time no cost to the employee. If you choose to participate in the family plan, it will only cost you \$100 per month for coverage for your entire family. Central Christian Academy will cover the employee's portion of the coverage.

We have included an information sheet, including a price list for all covered services at the Doc Shoppe as well as an employee/family enrollment form for the Doc Shoppe.
