We are committed to performing your procedure with the lowest risk possible. With your safety in mind, either the department of anesthesia and/or Dr. Crenshaw are requesting that you complete the following at least two weeks prior to your procedure (those with a check mark apply to you). If you are unable to complete any of these required consults and/or studies at least one week prior to your scheduled procedure, please contact our office to determine if you can remain on the schedule.

PREOPERATIVE CONSULT(S) /TESTING

- Preoperative medical clearance(s) from Primary Care Physician, Cardiologist, Pulmonologist, Endocrinologist and/or Neurologist.
- Preoperative EKG,
- Preoperative blood tests.
- Preoperative stool studies.
- Preoperative radiology study — CT scan, abdominal US or MRI.
- Preoperative insurance referral.

If you did not receive an order(s) for the requested studies or consults, please contact our office as soon as possible.
