

### **Shirley Fenton Marley – Class of 1954**

“My most vivid memory is when Kay and I traveled to Lincoln High School with David Morton on his mayoral campaign, and the students telling us we were the only school to stay and have lunch with them. We also won almost everything there was to win our senior year. Teen Town impacted my social life.”

#### **High School Memories**

I lived at 2400 E. 59th St. during high school. My sister Jo Fenton Reid also attended. I participated in Roundtable, Spanish Club, Beta Club, Knightlites, Choir and was a cheerleader.

I spent my time away from school going to dance classes, roller skating, lots of collections, riding my bicycle, sledding at Blue Hills (on Devil’s Hill), ice skating (Brush Creek), Swope Park lagoon, playing canasta and reading books with my dear, dear grade school friends, spent summers at Pershing’s supervised playground.

#### **After Graduation**

I got married and had a son, and I still teach dance. I still maintain contact with my classmates. Every Thursday morning we meet for what I call “Bruncheon Luncheon”. I love them very much. They are very special to me. I’m so happy they are still a part of my life.
