Book for The Family & The Provider

The Family Solution Finder Learning Seminars Study Guide and Workbook

- 32 Learning Seminars, this is the gold standard for family empowerment in SUD's.
- The Family Solution Finder Study Guidebook clearly defines each issue.
- The Family Solution Finder Learning Seminar Workbook. Provides practical exercises, Video Links for extended learning and Family Best Practice and Plan of Action for each issue.

The Pathfinder Certificate of Completion Seminar

- 12 Essential Issues; each family and provider will learn about the family members needs.
- The single book includes both study guide and workbook sections.
- Provides practical exercises, Video Links for extended learning and Family Plan of Action for each issue.

Family Best Practices and Plan of Action

- Provides a Family Best Practices model with worksheet for a family to use in managing how they will respond to these 32 issues.
- This guide is for the family to use in setting up their families "Best Practices" to ensure the best results are achieved.
- The provider can also set their best practice to match the Families Best Practice.

Empowered to Act

When a family clearly understands the issues they will face, the obstacles that are likely to present and the solution to each issue; they will be better prepared to receive support and achieve stronger results.

They will also remember who gave them this knowledge.

Next Step:

Buy a case of the Pathfinder Certificate of Completion Seminar

- Include your organizations information to the inside cover of both books.
- Have a representative go into the community to provide your referrals sources a copy of the book to give to families when they see substance use disorders.
- Make a note to have someone in the follow up process where each book is distributed.
- Ask the family if they have questions about the topics within the book.
