Specifications

Attribute	Description
Physical Form	Pink liquid
Odor	Tropical
Solubility	Complete in Water
Foam	Moderate-High
Viscosity	Water-like
pH (typical)	13.5
Flash Point	Not Applicable

Dilution Ratios

Use	Dilution
Heavy	5:1 - 10:1
Moderate	10:1 - 15:1
Light	15:1 - 25:1

DOT Classification:
Not Regulated

Available In

Part #	Size
142037	5 Gal
142035	55 Gal.
142039	Bulk

PRO-WASH

Tech Data Sheet

Pro-Wash is formulated to be a 2nd-step soap in touchless vehicle washing on fleets with polished aluminum. Due to its excellent foam profile, Pro-Wash delivers more cleaning power than most conventional friction-wash soaps.

Benefits

- Biodegradable
- No phosphates or butyls
- Safe on polished aluminum at proper dilution
- Oil emulsifying surfactant package
- Good foam profile for friction washing

Applications

- Extra-strength bucket and brush soap
- 2nd-step soap for polish-safe truck washing
- Effective house washing detergent
- Available in superconcentrate for use in automated truck wash systems

Precautions

- Test on an inconspicuous area on polished aluminum surfaces when using with higher temperatures or higher concentrations
- Consult the Safety Data Sheet for general safety guidelines

Note: Cleaning effectiveness is affected by: temperature, concentration, dwell time, water hardness, and soap application pressure. Soap concentration may be adjusted to compensate for changes in these conditions.
