Embracing Nature & Our Elemental Friends

Beautiful... Mother Earth & Nature gifted us with the perfect day to Celebrate and Honor our Earthly friends and families! A Beautiful cleansing rain the night before gave the grounds a purifying bath which added a fresh and crisp feeling to our experience.

Our guided discussion allowed us to further discover that the same Divine Order & Organization within the Cosmos also exists within Earth and is supported by Nature Spirits and Elementals; thus creating a symbiotic relationship between the Cosmos and Earth... AND our human bodies as we are born of the Earth.

We shared insightful information as to how we each consciously connect with all of Nature/Earth and the beneficial outcomes we receive as a result. Then... through meditation, we each met and communicated with one of our Nature Spirit Guides and shared the messages with each other.

Upcoming Event:

**Understanding the Principles of Masculine/Feminine Energy
The Cosmic View ~ The Earthly View**

We invite you to join us on **June 23rd** as we gather together to Connect in Love, Support, & Compassion as we Enjoy Nature in Honor of the Summer Solstice... AND Share, through Guided Discussion, the story of Adam & Isis:

- Understanding Masculine/Feminine Energy
- Understanding Light/Dark
- Soul Mates/Twin Flames
- How to utilize this understanding in our lives now
- How to Balance the Masculine/Feminine Within

Message of the Month

The following was channeled by Jackie
from a ONE-TLC Board Meeting on May 26, 2014:

Acknowledgment~Awareness~Acceptance

"Acknowledging all of life everywhere from the minutest form, like the tiny ant, to the human being, all life, plants, animals have meaning and are here for us. We co-created them into our awareness; they are a part of us. When we acknowledge them we acknowledge all the life that is in each of us. Each time we do this we expand our own awareness and energy and acknowledgement of love.

All of life becomes one big family to which we can nurture through our thoughts and positive feelings. In this nurturing their beingness expands as well. So conscious awareness of all life is expansive and beneficial for our own growth and evolvment. The life that's within you is in another and another and another and so on. This is necessary for creation. This is the creation of the world, which we wish to see, love and enjoy. One in which we call perfection.

Acceptance of one another and all of life, without judgment, is a key allowing those lives to express fully and completely in whatever manner they choose whether you would call it negative or dark, of which there is no such thing. Nurture, love, and play... this is how we create the new world, the New Earth. And so it is." (Isis)
