"Nothing can now be believed which is seen in a newspaper. Truth itself becomes suspicious by being put into that polluted vehicle. The real extent of this state of misinformation is known only to those who are in situations to confront facts within their knowledge with the lies of the day."

About the author

M. S. King is a private investigative journalist and researcher based in the New York City area. A 1987 graduate of Rutgers University, King's subsequent 30 year career in Marketing & Advertising has equipped him with a unique perspective when it comes to understanding how "public opinion" is indeed scientifically manufactured.

Madison Ave marketing acumen combines with 'City Boy' instincts to make M.S. King one of the most tenacious detectors of "things that don't add up" in the world today. Says King of his admitted quirks, irreverent disdain for "conventional wisdom", and uncanny ability to ferret out and weave together important data points that others miss: *"Had Sherlock Holmes been an actual historical personage, I would have been his reincarnation."*

King is the webmaster of **TomatoBubble.com** – which also features **The Anti-New York Times** for select readers. He is also the author of:

- *The Bad War: The REAL Story of World War II*
- *Planet Rothschild: The Forbidden History of the New World Order*
- *The War Against Putin: What the Government-Media Complex Isn't Telling You About Russia.*
- *The Real Roosevelts: An Omitted History*

INTRODUCTION

Since its founding in 1851 by Republican Henry Jarvis Raymond, *The NY Times* has been a big player in shaping public opinion. But it was not until 1896 that the *Times* took a turn to the internationalist Left when it was purchased by a German-Jew named Adolph Ochs. In 1897, Ochs himself would coin the paper's now famous self-serving slogan, printed on its masthead every day ever since: "*All the News That's Fit to Print*".

Adolph Ochs

Ochs' daughter married Arthur Hays Sulzberger, who became publisher when Adolph died. Ochs' great grandson Arthur Ochs Sulzberger, Jr. is the publisher of the NY Times today. So, for 1.2 centuries, America's most influential propaganda sheet has been in the hands of the same Zionist-Marxist family. Count on *The Times* to promote big government, Globalism, phony environmentalism, Israel, the Fed, and endless wars.

Just how powerful is what your fighting author likes to refer to "Sulzberger's Slimes"? The erudite writer Gore Vidal may have been a morally degenerate sodomite who was wrong about many things, but his reference to the Slimes as "*the Typhoid Mary of American journalism*" was as spot-on as it was witty. One need only glance at the morning headlines of "the paper of record", and then take note of how the superficial infomercials known as "the Nightly News" will so often pick up on whatever front page fairy-tale that the Manhattan Mendacity Machine spun that very same morning.

Like some journalistic plague; the virus of lies, half-truths and cherry-picked data then infects the unguarded minds of the whole country, and indeed, the world. Such is the indisputable power and undeserved "prestige" of this dreadful "Orwellian" institution.

The Anti-New York Times was originally established as, and still is, a pay-to-view daily sub-page of **TomatoBubble.com**. Beginning in 2015, the collected rebuttals to the Slimes' Spin were published in Quarterly book format – which you

now hold in your hands. To best understand the bare-knuckled and often humorous rebuttals, it is recommended that readers also purchase and study, ***Planet Rothschild: The Forbidden History of the New World Order.*** That will give you a firm grounding in REAL history while **The Anti-New York Times** informs you of the contemporary world which had grown out of that tragic history.

When gathered in one place, the rebuttals expose The Slimes as a deceitful naked Emperor. If the Slimes is the disease of deception, let **The Anti-New York Times** be your antidote of truth.

NY Times: 'Roseanne' Revival Wins Huge TV Ratings

**NY Times: 'Roseanne' Reboot Sprang From ABC's
Heartland Strategy After Trump's Victory**

**NY Times: Trump Rings Up Roseanne Barr After Her Show
Is a Ratings Winner**

REBUTTAL BY

The Anti-New York Times

From the **Drudge Retard** to **Sean Insannity** to the know-nothing shock jocks of conservatard radio, the American "right" is all abuzz and giddy over the sudden success of ABC's resurrected shitcom, "**Roseanne**." Oddly enough, the Left Piranha Press seems to be just as enthused. *Hmmmmmm*. That's weird.

An astonishing 18.2 million viewers, many of them naively believing that they were sending a huge "up yours" salute to the Establishment, tuned in on the opening night of the show which features **Roseanne Barr** playing the role of "Roseanne Conner" -- a heartland of America grandmother and Trump supporter. A siren tweet by Drudge blared, "**Roseanne Boom Stuns Hollywood**." Sean Insannity is openly begging for Barr to come on his FAUX Channel talk show.

Radio king Rush Limbaugh is shouting "see-I-told-you-so's." And Trump himself telephoned Roseanne to congratulate her on the show's initial success.

While ABC -- through its Fake News, late night ass-clown **Jimmy Kimmel**, and other libtarded shows -- continues to trash Trump and traditional American-Christian values on a daily basis, the network's release of the Roseanne show is akin to an abusive batterer sending flowers to win his frightened girl back. Dear people of the American heartland! How bloody frickin' stupid can you be to believe that Bolshevik ABC put this show together to "reach out" and make amends to you, the "forgotten man and woman" of heartland America?

1. As part of a clever, reverse-psychology public relations stunt, ABC had Roseanne Barr appear on the late night show of the despicable libtard **Jimmy Kimmel** and tell Kimmel to "zip that fucking lip" about Trump. Conservatard radio took the bait and aggressively promoted the show. **2.** **ABC News** attacks Trump and conservatives on a nightly basis. But conservatards are actually helping the network prosper by watching 'Roseanne!' **3.** Mossad bigmouth and Trump-worshipper **Sean Insanity** is evidently too stupid (or too phony) to figure out the game.

Barr, the show's star and co-creator, plays an unabashed Trump supporter who spars with her libtard sister, Jackie -- who is not in any way made to look bad in the manner which "**All in the Family**" would always make the "conservative" Straw Man **Archie Bunker** seem like a buffoon. The top markets for the show's debut were all from Trump country: Cincinnati, Kansas City, Tulsa, etc. The libtard-heavy enclaves of New York and Los Angeles did not even crack the top 20.

The article itself, if one reads it closely, reveals the game:

"On the morning after the 2016 election, a group of nearly a dozen ABC executives gathered at their Burbank, Calif., headquarters to determine what Donald J. Trump's victory meant for the network's future."

We looked at each other and said, 'There's a lot about this country we need to learn a lot more about, here on the coasts,'" Ben Sherwood, the president of Disney and ABC's television group, said in an interview.

They began asking themselves which audiences they were not serving well and what they could do to better live up to the company name — the American Broadcasting Company. By the meeting's end, they had in place the beginnings of a revised strategy that led the network to reboot a past hit centered on a struggling Midwestern family, a show that had a chance to appeal to the voters who had helped put Mr. Trump in the White House.

Channing Dungey, the president of ABC Entertainment, said the success of "Roseanne" was a direct result of the post-Election Day initiative to pursue an audience that the network had overlooked."

Translation: We can boost our ratings in "flyover country" and make more money by throwing these ignorant Trump-loving country bumpkins a tiny bone.

1. Channing Dungey, the affirmative-action Black female president of ABC Entertainment, couldn't give a rat's ass about American heartland conservatives. **2.** The character of Roseann's sister is an outspoken libtard. Her "liberal" presence offsets Roseanne's "conservative" character. **3.** The "Conner Family" cast of "Roseanne" has some interesting characters -- which we'll get to in a moment.

In researching for this piece, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** were not at all surprised to learn that the oh-so"conservative" Grandmom Roseanne has a Black granddaughter (*whose mom is away serving in the military*) and a cross-dressing grandson. Diversity, cross-dressing and ultra-feminism -- some real heartland values, eh?

- **Entertainment Weekly: (January 5, 2018) The Story Behind Roseanne's Grandson Who Dresses Like a Girl**

"In one of the more enlightened updates to Roseanne, Darlene's son Mark (Ames McNamara) likes to dress up in girl's clothing. But it would be wrong to assume the 9-year-old character is transitioning or is gay. We asked executive producer Sara Gilbert (Darlene) to explain why she created the role of Mark and what fans can expect of his story arc when the reunion begins its nine-episode run March 27 on ABC."

See what the abusive Sons of Satan in Hollyweird did? They lured conservatards with all the pre-hype about "right wing Rosie," while dropping diversity, feminism and tranny poison pills into the mix. Hey, if Roseanne Conner can accept racial genocide and pre-pubescent faggotry within her own family, maybe you heartland rubes should too! We suspect that it won't be long before all pretenses of "conservatism" or "pro-Trumpism" gradually disappear from the show altogether. Perhaps the converted Kabbalah Jew Roseanne, much like Archie Bunker of *All in the Family* from the 1970's, will eventually "evolve" into a more enlightened character -- thus subconsciously nudging a few million TV zombies to the left with her.

Though we are quite certain that very few, if any, regular readers of the ANYT watch Hollyweird's garbage -- just in case, we wish to declare: Stay away from this cleverly concealed Marxist propaganda!

THE USUAL SUSPECTS ARE LAUGHING AT BOOBUS CONSERVATIVE!

Roseanne has a tranny for a grandson, and a Black granddaughter whose fighting mother is away serving in the U.S. military while dad (Roseanne's son) takes care of her.

Boobus Americanus 1: *I read in the New York Times today that the return of the first episode of the Roseanne show got massive ratings.*

Boobus Americanus 2: *Yes. In the age of Trump, Hollywood is making a noble effort to reconnect with the values of middle America.*

Sugar: *Daddy! I have an idea! Let's publissh a few ssuperficially libtarded articless with ssome truth pills embedded within them. We can posst the linkss up on leftisst blogss and assk for donationss that we will use to promote our Hitler bookss!*

Fake Malala Yousafzai has made her family wealthy beyond their wildest dreams.

NY Times: 'Like a Dream': Malala Makes an Emotional Visit to Her Pakistani Hometown

By SALMAN MASOOD

REBUTTAL BY

The Anti-New York Times

Every few months, like clockwork, **Malala the Malevolent** is again featured in the putrid pages of Sulzberger's Slimes. "Youse guys" do recall this brazen little CIA crisis-actress, dontcha -- the Pakistani girl who was "shot in the head" by the big bad Taliban back in 2012 for no other reason that she dared to go to school? Now attending Globalist Oxford University, the vicious little she-devil is all grown-up and has since become a best-selling author (\$\$\$), a sought-after lecturer (\$\$\$), and a Nobel Peace Prize Winner (\$\$\$). Ah, show us the shekels Malala, show us the shekels.

*"Oooohhhhhh. I'm dying ... I'm dying." --- The crisis-actress **Malala Yousafzai** "survived" a bullet to the head at close range and was awarded the Nobel Peace Prize, which comes with about **\$1 million USD**.*

*

***1 & 2.** Soon after her miraculous "recovery," superstar Malala went on to resume her studies and her CIA agitation against Islam. **3.** Malala, by now an immensely wealthy best-selling author, meets with Obongo, the very man killing the Pakistani children that she is supposed to be advocating for!*

The event itself is now old news, yet the sainted little hell-cat, as we here at **The Anti-New York Times** predicted, continues to be puffed-up by the **New World Order** gang from time to time -- thus compelling us to comment upon her latest act from time to time. So, why is this character, nearly 6 years after the "shooting," still being propped-up?

From the **ANYT** issue of **July 7, 2017**:

Excerpt *****

"Well, well, well --- look who's back in the spotlight, just graduated from High School in England, headed off to college and then, we presume, a fast-rising political career as a CIA-MI6 front-woman in Pakistan. ...

... this latest Sulzbergian puff-piece on St. Malala is a clear indication that her role in The Great Game has yet to play itself out. The Globalists are long-term players. Most likely, they are positioning their nasty little agent, whose(injured) mouth and speech have straightened out now, for a meteoric Obongo-like rise and rise through the ranks of Pakistani politics. One thing is for sure, this troubled world ain't seen the last of this phony little bitch."

NWO Productions presents: The Malala Story

******* End of Excerpt**

Multi-millionaire Malala's triumphant return to her old town is described in the mushiest of terms in this Slimes' article:

"I wish to be in Swat, to be among you and serve you," Ms. Yousafzai said with tears in her eyes as she met with former schoolmates and relatives at her old family house. "It is still like a dream for me to be among you," she said, her voice quavering."

After fulfilling her "wish" to "be among" the people she wishes to "serve"(in front of the cameras, of course), Pakistan's future Prime Minister (if the CIA gets it way) later boarded a plane and returned to her new fancy western elite lifestyle -- complete with blue jeans and high-heeled boots -- at Oxford University. See ya later, Pakistan!

Though many specimens of *Boobus Pakistanius* have fallen hook-line-sinker for the scam, many other Pakistanis are wise to the motives behind St. Malala's "Sandy Hookish" shooting act and her subsequent beatification in the Piranha Press of the degenerate anti-Muslim / anti-God West. She is indeed seen by many as a Western stooge. In several Pakistani cities, an association of private schools observed "*I Am Not Malala Day*" to mark her visit. Schoolchildren and teachers held placards opposing her.

If and when this brazen little Oxford (*Rothschild*) Bolshevik is ever installed as Pakistan's Prime Minister, (*within the next 10 years?*), expect some serious political turmoil in Pakistan. That's just what "they" (*cough cough*) always do.

1: Pakistani patriots mocked the British-based Malala's best-selling book, "*I am Malala*" by releasing, "*I am Not Malala. I am Muslim. I am Pakistani.*"

2. The Oxford co-ed and self-described "devout Muslim" will ditch her phony pious Muslim act and don the blue jeans and boots as soon as she returns to Londonistan.

*

1. Flowers for the phony. 2. "Your Highne\$\$\$. I wa\$ wondering if you could plea\$e give my book an endor\$ement plug." 3. For speaking engagements, please contact my booking agents at All American Speakers Bureau:

<http://www.allamericanspeakers.com/booking-request.php?SpName=Malala-Yousafzai>

or just call, toll-free, 1-800-MY-TALENT (that's actually the website and phone number!)

Still just 20 years old, St. Malala and her handlers have already pumped out three books and collected a boatload of awards / cash prizes.

*

The world gone mad!

Boobus Americanus 1: *I read in the New York Times today that Malala returned to Pakistan for a visit.*

Boobus Americanus 2: *What a remarkable and courageous young woman. I understand she is studying at Oxford now.*

Sugar: *Boobuss, you credulouss cornball! Malala ain't nuthin' but a frickin' money-grubbing CIA crississ-actress!*

Editor: *The fact that the Globalists awarded her a Nobel Peace Prize tells us all we need to know about Makaka.*

NY Times (Opinion): In Praise of A.D.H.D.

By LEONARD MLODINOW

REBUTTAL BY

The Anti-New York Times

How refreshing it is to read an opinion piece in Sulzberger's Slimes that actually makes sense -- and penned by one of the chosenites, no less! And it also gives us a much-needed break from writing about the usual conspiratorial and murderous evil that this mad world of ours is utterly and depressingly steeped in -- although, even this subject can be linked to "the usual suspects" for the usual motives.

This matter of "**Attention Deficit Hyperactivity Disorder**" (ADHD) is one that is near and dear to your mind-wandering Editor here. And this article affirms something I have intuitively understood since childhood; namely, that the "disorder" is, at least in many cases, actually the gift of automatic creative thought and deep sensitivity that is often mistaken for an undisciplined or distracted mind. Rather than administering drigs, it's side effects of "acting out" can be mitigated with a firm hand or even a good ass whoopin' from time to time.

From the perspective of an admitted "space cadet," let us analyze some of "theoretical physicist" **Leonard Mlodinow's** observations. Perhaps they may even apply to you or a loved one.

Mlodinow, with crackpot Steven Hawking, may be a theoretical mathematical illusionist and most likely a flaming Jewish libtard, but we're taking it light today. He actually writes a good piece about the misunderstanding of "ADHD" cases.

Mlodinow: Ten years ago, when my son Nicolai was 11, his doctor wanted to put him on medication for Attention Deficit Hyperactivity Disorder. "It would make him less wild," I explained to my mother... "It would slow him down a bit."

Analysis: According to the Centers for Disease Control, a whopping 20 percent of boys – ages 14 to 17 – in the U.S. have been "diagnosed" with ADHD and about 10 percent are taking "medication" (*mind-altering drugs*) for it. Among girls, about 10% have been similarly "diagnosed" with the "disorder." The psychological-pharmaceutical complex is raking in billions while hooking a huge chunk of the lost generation on psych drugs that are as dangerous in the long run as they are unnecessary.

Mlodinow: My mother grumbled. "Look around you," she said in Yiddish. "Look how fast the world is changing. He doesn't need to slow down. You need to speed up."

Analysis: We suspect that most Yids know better than to drug their children, and that many Jewish shrinks, for reasons both financial and genocidal, are all too eager to dope up the goy kids and thus remove them from competing with their own.

Mlodinow: Recent research suggests she had a point. Some people with A.D.H.D. may be naturally suited to our turbocharged world. To thrive in this frenetic world, certain cognitive tendencies are useful: **to embrace novelty, to absorb a wide variety of information, to generate new ideas.**

Analysis: Could it be that, perhaps unbeknown to Mr. Mlodinow, the "slowing down" of the non-conformist, "hyperactive" original thinkers (*like little intelligent delinquent Mikey King*) is part of the plan to keep humanity enslaved?

Mlodinow: The possibility that such characteristics might be associated with A.D.H.D. was first examined in the 1990s. The educational psychologist Bonnie Cramond, for example, tested a group of children in Louisiana who had been determined to have A.D.H.D. and found that an astonishingly high number — 32 percent — did well enough to qualify for an **elite creative scholars program** in the Louisiana schools.

Analysis: One would think, in the face of such a statistical anomaly, society ought to be cultivating the latent abilities of our most creative young people. Instead, we are, in many cases, drugging away the very characteristics that make them special - or make them "dangerous," depending upon your perspective.

Tell it Mr. Mencken, tell it!

Mlodinow: It is now possible to explain Professor Cramond's results at the neural level. While there is no single brain structure or system responsible for A.D.H.D. (*and some believe the term encompasses more than a single syndrome*), one cause seems to be a disruption of the brain's dopamine system. One consequence of that disruption is a lessening of what is called "cognitive inhibition." The human brain has a system of filters to sort through all the possible associations, notions and urges that the brain generates, allowing only the most promising ones to pass into conscious awareness.

Analysis: It appears we now have actual observable science (*not to be confused with the theoretical bullshit so prevalent today*) to confirm what we frustrated creative types have deeply sensed all along.

Mlodinow: Individuals with A.D.H.D. naturally have less stringent filters. This can make them more distractible but also more creative. Such individuals may also adapt well to frequent change and thus make for good explorers.

Analysis: "Good explorers," and disobedient conspiracy theorists TM too. Indeed, it is often during episodes of "distraction" (*which drove past teachers and both the former and current Mrs. Kings nuts!*) when ideas and whole pages of good stuff just pop into my head out of nowhere.

Mlodinow: In fact, scientists have found that the farther a group's ancestors migrated, the higher the prevalence of the gene variant in that population.

Analysis: That's natural, because ADHD's are non-conformist and restless.

Mlodinow: A.D.H.D. is termed a disorder, and in severe forms it can certainly disrupt a person's life. But you might view a more moderate degree of A.D.H.D. as an asset in today's turbulent and fast-changing world. My mother, now 95, long ago realized that speed is the essence of our era. Her intuition about Nicolai proved correct, and she has lived to watch her grandson thrive without taking the A.D.H.D. medication she was dead set against.

Analysis: Nicolai may have grown up and thrived, but one wonders how many of today's millennials, diagnosed and "treated" for ADHD when younger, have had their greatest asset stripped away from them -- when all they really ever needed to settle down was a strong set of parents and/or teachers to get in their face and put a reasonable bit of fear into them.

I hate to think what would have become, or not become, of the trouble-making, bored & restless "problem child" -- who grew up to serve an unsatisfying quarter-century in conformist corporate America before discovering his true self and creating **TomatoBubble.com** -- had he been doped up and "slowed down" as an "ADHD" teenager whose true academic passions were literature and history.

Hey teacher! Leave those kids alone.

The creative and restless kids will grow up fine if the bloody quack-shrinks stop drugging them.

Boobus Americanus 1: *I read a piece in the New York Times today that claims that ADHD is linked to creative thinking.*

Boobus Americanus 2: *I'm sorry. What did you say? I wasn't paying attention.*

Sugar: *Boobuss is both abssent-minded AND sstupid!*

Editor: *He sure is. In Aldous Huxley's 1932 classic, "Brave New World," the world government dispensed a drug called "soma" to the citizenry in order to keep them pacified and contented.*

**NY Times: Winnie Madikizela-Mandela Is Dead at 81;
Fought Apartheid**

By ALAN COWELL

REBUTTAL BY

The Anti-New York Times

~~Sugar and I~~, er "The Editorial Board" of **The Anti-New York Times** delayed our eulogy for **Winnie the Wicked Wench** because South Africa stories are such an emotional downer to write about. The physical horrors inflicted upon **The Great One's** Germany are depressing enough to read and write about, but at least that all took place a long time ago. That which is being inflicted upon White South Africans is current, and hence, harder to stomach. But it is a story that needs to be known and we shall be writing more about the subject as the situation in that formerly first-class nation continues to deteriorate.

WINNIE MANDELA'S LAWLESS LEGACY

1 & 2: Susan Howarth was tortured by Black home invaders for hours. She died in a hospital later on. **3:** Many, many more just like her, and the number is rising every day while the world remains silent.

As for this Slimes piece about the horrible murdering communist hag, **Winnie Mandela**, (*may she rot in hell*), the body of story does indeed tell of the serious misdeeds which caused even the Piranha Press to distance itself from her. Whereas ex-husband and communist / terrorist / jailbird **Nelson Mandela** knew how to put on a smiling front and make a reassuringly phony "outreach" to South African Whites, this nasty monstress could neither conceal her hatred nor her violent streak.

From the article:

"Winnie Madikizela-Mandela, whose hallowed place in the pantheon of South Africa's liberators was eroded by scandal over corruption, kidnapping, murder and the implosion of her fabled marriage to Nelson Mandela, died early Monday in Johannesburg. She was 81.

In the late 1980s, Ms. Madikizela-Mandela allowed the outbuildings around her residence in Soweto to be used by the so-called Mandela United Football Club, a vigilante gang that claimed to be her bodyguard. It terrorized Soweto, inviting infamy and prosecution. In 1991 she was convicted of ordering the 1988 kidnapping of four youths in Soweto. The body of one, a 14-year-old named James Moeketsi Seipei — nicknamed Stompie, a slang word for a cigarette butt, reflecting his diminutive stature — was found with his throat cut."

Ms. Madikizela-Mandela's chief bodyguard was convicted of murder. She was sentenced to six years for kidnapping, but South Africa's highest appeals court reduced her punishment to fines and a suspended one-year term."

Not a bad summary. The problem is, the essential facts are offset by the positive headline -- "Fought Apartheid."

1. Stompie Seipei, a suspected informant, was murdered by Winnie's goons in 1988, under her orders. Many believe that she actually participated in the torture-killing of the boy. 2. 1994: The murderous Mandelas and SA Communist Party boss Joe Slovo (cough cough) give the communist raised-fist salute. 3. Fidel loves Nelson.

As for this "new South Africa" TM which has degraded so much since the dismantling of Apartheid -- by any objective standard, life has become harder and more dangerous for both Whites and Blacks. Contrary to Fake News and Fake History, Apartheid was *not* a system of "oppression," TM but rather, a system of *protection*. The much-celebrated "end of Apartheid" in 1994 placed the 8.5% White minority (*which built the nation from scratch!*) under the political thumb of the 90% Black/Brown masses -- most of which descended from ancestors who arrived in SA *after* the Whites had settled and developed the place. The result, as expected by anyone not infected with libtardism, is an ongoing, horrifying and worsening maltreatment of the Dutch and French-descended "Boers" (*especially*) and also White South Africans of British descent.

Compounding the crisis is the fact that pro-market / pro-liberty / White-friendly conservative Blacks continue to be marginalized, leaving the political system solely in the hands of communist Blacks and their "White" partners / handlers (*cough cough*). Following is a bullet-point resume review of the great "accomplishments" of "the new South Africa" that was birthed by the Marxist Mandela's and their Globalist bosses.

- A full **1%** of all White South Africans who have lived since 1994 have been murdered, almost always by Blacks and often in sadistic fashion.

The elite traitor / coward class of South African Whites (*people like actress Charlize Theron, golf legend Gary Player, businessman Elon Musk etc*) remain silent about White suffering and are immune to Black persecution. The smarter Black Communists realize that they need some of the big Whites (*and Jews*) around to run big businesses, do hi-tech, practice medicine etc. But the middle-class, farming class and poverty-stricken Whites face the very real threat of genocide. Where are the bleeding-heart libtards who love "migrants" so much when it comes to taking in these poor persecuted people? By the way, these were the very same idiots who supported the international sanctioning which pressured SA's internal White weaklings into handing over their nation to Mandela's Marxists more than 20 years ago.

Paging Poop Francis? Paging the Frumpy Frau? Paging the U.N.? Paging the oh-so-compassionate Jewish organizations which boast of their uniquely Jewish empathy for refugees? Can we get a little help for these people? --- Hello? Hello? (*Sound of Crickets*)

1 & 2. Campus and Labor Union Libtards from the 1970's & 1980's had no idea how they were being used to bring down anti-Globalist South Africa with sanctions. **3.** You'll **not** find the communist Poop Frankie kissing the feet of any White South African who wishes to flee to freedom.

NY Times: The Conspiracy Theory That Says Trump is a Genius

By MICHELLE GOLDBERG

REBUTTAL BY

The Anti-New York Times

Thus far, even Sugar the Crazy Conspiracy Cat has been supportive of our editorial policy to treat the phenomenon of the anonymous Internet poster known as "**Q-anon**" with hopeful skepticism. We say "hopeful" because there is no question that this individual possesses unusual knowledge and has made accurate predictions concerning the secret military intelligence war -- being cleverly concealed beneath the smoke and fury of the Trump-engineered "Mueller investigation" TM -- to take down many prominent Globalist criminals and child rapists and traffickers.

Something is clearly going on that has already adversely impacted previously untouchable scum such as Hollyweird mogul **Harvey Weinstein**, **Killary Clinton**, **Barack Obongo**, suspected child-rapists **Tony and John Podesta**, Google power-mogul **Eric Schmidt**, **McCain the Insane**, **Mark Zuckerberg** of FakeBook, **Jeff Bezos** of Amazon and others -- exactly as Q had foretold. Q's recent "drop"

indicating that Poop Frankie is going to be having a "terrible" month of May is also very exciting news. Let's see what happens.

But we also say "skeptical" because other Q predictions have not come to pass as foretold and we cannot determine if Q and the forces behind him are Israel Firsters fighting Globalism, or "White Hats" working to take down the N.W.O. once and for all. Q, like Trump, remains enigmatic (*a \$10 word for mysteriously puzzling*).

1. Q says: $C = P$ -- The **Pope** is the **Chair** who serves the "Master" and the Pope "will be having a terrible May." 2. Killary and McCain both began wearing right-ankle boots (to conceal GPS tracking devices?) at the same time. McCain was later seen with the boot on his left ankle! 3. After people began asking why Killary was wearing an ankle boot 6 weeks after a "broken toe," she started wearing an arm cast!

Though we are not prepared to join the ranks of the Q-cult just yet, the fact that elements of the Piranha Press, and now, the all-mighty Jew "paper of record" itself, have started dumping on the quietly growing Q phenomenon as a "conspiracy theory" TM is cause for us to add a few points to the column titled, "hopeful." A fascinating excerpt from the article penned by **Michelle Goldberg** (*cough cough*):

"Last week Roseanne Barr — who, with the hit reboot of her show, has become one of the most prominent Donald Trump supporters in the country — tweeted that the president has freed hundreds of children a month from sexual bondage. "He has broken up trafficking rings in high places everywhere," she wrote. (The tweet has since been deleted.)

Barr's tweet, puzzling to the casual observer, was a reference to QAnon, an expansive, complicated pro-Trump conspiracy theory. The theory is fascinating as an artifact of our current political derangement, but more than that, it's profoundly revealing about the lengths to which some Trump supporters will go to convince themselves that his presidency is going well.

In the QAnon reality, Trump only pretended to collude with Russia in order to create a pretext for the hiring of Robert Mueller, the special counsel, who is actually working with Trump to take down an inconceivably evil and powerful network of coup-plotters and child sex traffickers that includes Hillary Clinton, Barack Obama and George Soros."

Nice summary, Goldberg. Reminds us of something **The Great One** (*that's Hitler for you newbies & normies*) wrote in *Mein Kampf* about the Jewish press mocking the "conspiracy theory" TM of "The Protocols of the Learned Elders of Zion:

*"With groans and moans, the Frankfurter Zeitung (newspaper) repeats again and again that these (The Protocols) are forgeries. **This alone is evidence in favour of their authenticity.**"*

Tell it, Great One, tell it!

It is important to note that Q-fans believe that the reason for the cryptic Q-drops (*known as "crumbs"*) at the 4chan forum is to introduce the horrible realities of "**The Storm**" gradually, so as not to shock the American public all at once. With articles such as this -- though mocking in tone -- becoming more common, could this be what is happening?

Could we be witnessing a massive and brilliantly devised reverse-psychology "sting operation?"

1. Tony Podesta's DC home displays a sculpture of a man bent over backwards in a sex torture position. Podesta, under investigation by Mueller, suddenly shut down his powerful lobbying firm. 2. Also from Podesta's home, paintings by degenerate artist **Biljana Djurdjevic** depict children laying down or dead / asleep in fields. Podesta admits that Djurdjevic is one of his favorite artists 3. & 4. Djurdjevic's filth clearly caters to people who get off on monstrous child abuse. Some of her other paintings depict little boys and girls tied up or strung up in "kill rooms" --- and other works of "art" by Podesta's favorite "artists", which we will not publish, show demons seducing children in their beds and abstract images of infants being held down and raped.

*

Both Podesta Brothers are also admitted fans of the Satanic "spirit cooking" and "performance art" of death-obsessed **Marina Abramovic**.

Joining the chorus of "mainstream media" and prominent libtard websites now ridiculing Q (and thus walking into the trap of giving the phenomenom more attention?) are: **The Washington Post, New York Magazine, The Daily Beast, Newsweek, CNN, The Hill, National Review, BuzzFeed, The DailyMail, and Media Matters (Soros-funded)**. The despicable **Southern Poverty Law Center (SPLC)** has also chimed in with its condemnation of the Q-Anon "conspiracy theory." The Q-bashing has not reached a fever-pitch, but there is no question that it is definitely on the radar and generating more and more publicity buzz.

As previously stated, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** remains "hopeful," but also "skeptical." In closing, let us say that if some nasty stuff does indeed come out next month about the CIA's installed agent

in the Vatican -- Poop Frankie the Fake -- we might just have to go full Q-tard
(*unless this is all just a Likud-Israeli op*).

It's great drama --- Stay tuned!

If indeed Poop Frankie has a "terrible May" as Q has foretold, then expect the Piranha Press to really get triggered. That will be, for us, an important test of Q's validity.

Boobus Americanus 1: *I read in the New York Times today about an Internet conspiracy theory revolving around an anonymous character named Q.*

Boobus Americanus 2: *Isn't that the one about Mueller secretly being in cahoots with Trump? I heard that theory too.*

Sugar: *Hopefully, you'll be hearing more about it, Boobuss.*

Editor: *As more and more time passes without Mueller doing anything to hurt Trump, this theory may seem more plausible to the Boobusses.*

NY Times: Dozens Suffocate in Syria as Government Is Accused of Chemical Attack

NY Times: Fire at Trump Tower Kills One

REBUTTAL BY

The Anti-New York Times

In recent days, President Trump rattled both the Globalist and Zionist wings of America's **PRC** (***Predatory Ruling Class***) by announcing his intention to pull American troops from Syria. The reaction was swift and severe. A few examples:

- **NY Times: (April 6): Is Trump Sowing the Seeds for ISIS 2.0?**
- **The Hill (April 6): Trump call for quick withdrawal from Syria faced unanimous opposition from top officials: report**
- **Deutsche Welle - Germany - (April 6): A US pullback from Syria is a terrible idea**
- **Center for Security Policy (April 4): Pulling Out of Syria is Not a Good Idea**

In order to induce a U.S. military presence in Syria, the "Deep State" invested so much time, money and effort in creating the bogeymen "beheaders" of ISIS as a phony pretext. But back in 2017, Trump cut off weapons transfers and funding to the CIA's proxy terrorist fighters as Putin and Assad's forces cleaned house. Understand that and you understand much of the reason for the 24/7 campaign of calumny (*a \$10 word for slander*) aimed at Trump and Putin. Now, with the announcement of a troop withdrawal from Syria, the warmongers have really got the knives out for Trump. How *conveeenient* -- as the "Church Lady" of old Saturday Night Live fame would say -- that a "Sicilian message" in the form of a deadly fire at Trump Tower and a "chemical weapons" attack "killing" Syrian children should occur within hours of each other, eh?

A fake "crisis actor" (or mannequin?) gas attack in Syria and a REAL fire at the Trump Tower

As Trump has done in the past with regard to previous fake "gas attacks" in Syria and the fake "threat" from North Korea, and presently with the fake "trade war" with China, he has strongly condemned, by way of Twitter tweet, "Animal Assad" and his key backers, Russia and Iran. Be not alarmed by Trump's sudden turn against Russia and China, boys and girls. It is all empty bluster designed to get out

in front of and then outmaneuver the neo-con and Globalist scum seeking to push us into World War III. The real action takes place in the "back channels," where we believe Trump, Xi, Putin, Assad, Lil' Kim et al are all on the same page.

But the evil-doers appear to have figured out Trump's game of public verbal attack of "the enemies" in order to conceal the behind-the-scenes cooperation. The words of Trump's enemy, Senator **Lindsey Graham (R-SC)** -- that sodomite sidekick of the mysteriously gone-silent **McCain the Insane** -- indicate that Graham and friends aren't going to be appeased by just tough talk this time around.

From an appearance on ABC's "**This Week**": Graham;

*"They see our determination waning, but President Trump can reset the table here. He has challenged Assad in the past not to use chemical weapons. ... **If it becomes a tweet without meaning then he's hurt himself ... if he doesn't follow through and live up to that tweet, he's going to look weak in the eyes of and Russia and Iran.** "So this is a defining moment. Mr. President, **you need to follow through that tweet** - show resolve that Obama never did to get this right."*

McCain himself did manage to take a break from his "cancer," rear his ugly head, and blame the "chemical attack" on Trump's "inaction":

"President Trump last week signaled to the world that the United States would prematurely withdraw from Syria. Bashar Assad and his Russian and Iranian backers have heard him, and emboldened by American inaction, Assad has reportedly launched another chemical attack against innocent men, women and children."

Dear Lord, please hear our prayer and call this evil m-effer's number once and for all!

Sodomite Graham is no longer going to be pacified by Trump's tough anti-Assad / anti-Putin tweets. He wants these fake gas attacks to lead to war! (Good job of acting, children. Here's a candy bar)

The potential danger here is that Trump, being isolated on foreign affairs, will have to find a way to resist the war wave surrounding him. What if the 'Deep State' -- supported by key fellow Republican's and Trump administration members -- carries out a false-flag attack on Syrian-based U.S. troops and starts a war *in spite of* Trump's apparent desire to avoid one? Internal party pressure is essentially how U.S. President **William McKinley** and U.K. Prime Minister **Neville Chamberlain** were maneuvered unto the Spanish American War and World War II, respectively, though we still believe that Trump holds a stronger hand than either of those two unfortunate historical leaders.

Assistant Naval Secretary Teddy Roosevelt murdered 251 sailors of the USS Maine and then blamed Spain for it. President McKinley was able to beat back the insane war mania, press propaganda and Congressional "warnings to McKinley" for a while, until events overwhelmed him.

The bloodthirsty element of Chamberlain's Party was seething in anger over his "bromance" with Hitler.

Churchill to Chamberlain: ***"You were given the choice between war and dishonor. You chose dishonor and you will have war."***

Closing on a cautiously hopeful note -- if **Q-Anon** is to be trusted -- (*the jury is still out on that one*), the alliance of Trump-Xi-Putin, and by extension, Assad, may be too solid for the "Deep State" to bust up with these little stunts. Q's post on the day after the attack align with our observations:

Apr 8 2018 11:09:57 (EST) Q !xowAT4Z3VQ ID: e23926 951358

>>950959

POTUS NEVER telegraphs his moves.

Think logically.

Why did POTUS announce his intention to pull out of Syria?

Moves and countermoves.

These people are STUPID (& SICK).

Q

Is Q suggesting that Trump's announcement to withdraw from Syria was actually bait intended to force the latest "gas attack," perhaps so that the Russians could take the lead in debunking it as a hoax before the world?

- **Headline: CNN: Trump and others condemn chemical attack in Syria that Russia calls a 'hoax'**
- **Headline: Reuters: Russia says Syria gas attack reports 'fabricated'**

Fascinating drama. Stay tuned.

We believe that Trump's inflammatory "trade war" rhetoric towards Xi and recent condemnation of Putin / Assad are -- as was the clear case with Lil' Kim -- all just for show and getting ahead of the warmongers. Behind the scenes, the three remain allied in conflict against the "Deep State."

Boobus Americanus 1: *I read in the New York Times today that Assad just poison-gassed a bunch of children again in Syria.*

Boobus Americanus 2: *Bastard! Trump called him out as an "animal" I heard. -- Speaking of Trump, did you see that fire at Trump Tower?*

Coincidence, Boobuss?*

NY Times (2015): Mount McKinley Will Again Be Called Denali

*

SF Gate (2018): Statue of President McKinley to be Removed from Arcata Town Square

Anarchists, Communists and other assorted libtards have this wierd obsessive generational hatred for William McKinley. Note the circled "A" for Anarchy graffiti on McKinley's statue, in red.

We have expanded a 2015 piece due to the recent story about the California city of Arcata removing a statue of President William McKinley. Why so much continued hate for McKinley?

REBUTTAL BY

The Anti-New York Times

To any casual observer of the "world stage" with an ounce of perception, Obongo's executive action of renaming **Mt. McKinley** (*highest peak in North America*) to "*Denali*" (*the name which natives refer to it as*) smacks of just another politically correct bow to another of the myriad groups "oppressed" by the big bad White Man. Good golly! If we're going to be culturally correct; then every mountain, forest, lake, river, state, and region in America that doesn't bear its original native name should be renamed according to the traditions of the indigenous Asiatic tribes of America, some of which, by the way, killed off the ancient blond and red-haired White tribes of the Americas -- but we digress.

But Obongo's motivation for this symbolism -- and now, the decision of libtarded Arcata, California to remove McKinley's statue from the town square -- runs deeper than just mere political correctness run amok - much deeper. You see, dear fellow history buffs, the 1901 murder of President **William McKinley**, at the hands of an Anarchist Red named **Leon Czolgosz**, ranks as perhaps the most important turning point of the transitioning of America from a peace-loving, limited government Republic into the violent Communist-Corporatist Globalist bully that it has long since become.

The sudden and strange death of Vice President **Garrett Hobart** in 1899 (*poison?*) had enabled the same warmongering faction which had maneuvered America into the War With Spain (*war to steal naval bases in Philippines and Guam to be more precise*), to impose the phony "hero of San Juan Hill", *Theodore Roosevelt*, upon a reluctant President McKinley. With a "Progressive" Globalist madman "just a heartbeat away" from the Presidency, the word went out among the ranks of the deranged Red psycho patsies to carry out yet another act of what was referred to by Rothschild's Reds as "**the propaganda of the deed.**" Czolgosz answered the call to kill and the rest, as they say, is history.

1 & 2: McKinley and his VP **Garret Hobart** were very close, both personally and ideologically. **3:** Hobart's sudden death at age 55 enabled the Globalists to impose **Theodore Roosevelt** upon McKinley as new VP.

1- Re-election poster depicts McKinley as a champion of Gold Standard currency, commerce, prosperity, and peace. He was re-elected easily. **2-** A filthy alien Red named **Leon Czolgosz** murdered a good and popular President; and now, another filthy alien Red (Homo Obongo), with the enthusiastic support of female Republican't Senator from Alaska, Lisa Murkowski, is murdering his name and memory.

The assassin was an admitted devotee of the Anarchist rabble rouser, **Emma Goldman** (cough cough). After the murder, as the nation grieved, the self-satisfied Goldman trashed the deceased McKinley as "President of the Money Kings" and a "modern Caesar." In 1919, "Red Emma" was finally booted out of the United States during the "Red Scare" deportations which followed World War I. She lived in the Soviet Union for a while, then among Reds in the Wiemar Republic Germany, finally settling in Canada.

McKinley had been a backer hard currency (*gold*) and was a non-interventionist in foreign affairs. With the deadly demise of the "Ron Paul" of his day, fifteen of the next nineteen years came to be known as **"The Progressive Era."** The only four years of relative sanity (*Taft 1909-1912*) gave way to the disastrous misrule of Woodrow Wilson (*enabled by then ex-President Roosevelt's deliberate splitting of the Republican vote as a third party candidate*).

1- McKinley did all he could to avoid going to war with Spain. As the headline above reveals, it was House and Senate warmongers that forced his hand. 2- Wilson - Roosevelt - Taft -- The murder of the constitutionalist McKinley during the 1st year of his 2nd term gave us 7 years of the Globalist scumbag **Teddy Roosevelt. Then; when President Taft refused to obey Globalist-Zionist orders, TR came back to run the 3rd Party interference that got Wilson elected with just 41% of the vote!**

The sharp directional change brought about by the assassination of McKinley led to previously unimagined levels of Federal intervention in the economic affairs of the nation, the establishment of the Federal Reserve counterfeiting operation, the Income Tax, U.S. entry World War I and the long train of tragedies of the past 100 years.

William McKinley represents the ideal that was once called "America" whereas Czolgosz, Roosevelt and Wilson represent "change." Obongo's erasure of McKinley's name from the famous mountain adds a poetic touch to both the physical and metaphorical significance of the murder of McKinley. Had the great mountain of Alaska been named Mount Roosevelt, you can be sure that it would never be renamed!

1 & 2: In spite of bad weather, huge crowds turned out to honor the beloved and popular fallen President that the up and coming Globalist-Marxist scum of America hated so much - and still do. **3:** Nobody is clamoring for the removal of the statues of McKinley's successor -- the warmongering banker-agent Teddy Roosevelt. Why is that?

ADDENDUM:

In 2017, President Trump, who had already reversed Obongo's decision to remove Andrew Jackson from the \$20 in 2020, asked Alaska's two Republican't Senators, **Dan Sullivan & Lisa Murkowski**, about reversing the mountain's name back to McKinley. From CNN:

"He (Trump) looked at me and said, 'I heard that the big mountain in Alaska also had -- also its name was changed by executive action. Do you want us to reverse that?'" Sullivan said. "Lisa -- Sen. Murkowski -- and I jumped over the desk ... We said no, no!"

Alaska Republican'ts Murkowski and Sullivan wet their panties and "jumped over the desk" when Trump suggested a "racist" reversal of Obongo's Executive Order which had renamed the mountain.

Boobus Americanus 1: *I read in the New York Times that Obama restored the name of Mount McKinley back to its original Indian name.*

Boobus Americanus 2: *That's a very thoughtful gesture. McKinley was probably a racist anyway.*

Sugar: *"I'm ssurprissed that ssodomite pssycho didn't rename it, Mount Obongo! But I guess sh*t doesn't pile that high."*

Editor: *Sugar; is it possible that you can't go one day without using salty language?*

**NY Times: A House (and a Party) Upended as Paul Ryan
Calmly Takes His Leave**

**NY Times: McCarthy, Scalise Are Likely Contenders for
House Speaker**

REBUTTAL BY

The Anti-New York Times

As was foretold by "Q Anon" in Fall of 2017, yet another big name traitor politician has announced his intention to step down. **Paul Ryan**, the ambitious Speaker of the House, traitor to America and behind-the-scenes enemy of **Donald Trump**, will not be seeking re-election this fall. Add Rat Ryan to Senators **Jeff Flake** (R-AZ), **McCain the Insane** (R-AZ) and **Bob Corker** (R-TN) to the growing list of Globalist operatives who have been compromised and neutralized by what we believe are the secret military planners behind Trump. Bye bye Eddie Munster!

What the heck is going on here?! One by one, as "prophesied by Q," and under one false pretext or another, Trump's most powerful enemies from within his own party are being neutralized --- Paul "Eddie Munster" Ryan, Bob Corker, Jeff Flake, McCain the Insane

The demise of anti-Trump conspirator Ryan -- who may actually be maneuvered into surrendering his speakership in the coming weeks instead of his actual departure date -- will be a huge boon for Trump if Louisiana Congressman, and Trump ally, **Steve Scalise**, is elected House Speaker. In the grand scheme of things, the almost fatal shooting of Scalise by a deranged Marxist in 2017, and the sympathy which it generated for him, may be what propels him to the speakership, or at least the House Majority Leader (*if current leader Kevin McCarthy is elected Speaker*).

From the article:

*"Scalise, 52, the House GOP vote counter first elected a decade ago, **had little national name recognition when tragedy thrust him into headlines.** He was shot at a congressional baseball practice last year and has slowly come back from his injuries.*

The former state legislator and Louisiana conservative has earned the respect of his fellow lawmakers.

"The strength he's shown with his injury, I think, has heightened where he is" among colleagues, said Rep. Phil Roe, R-Tenn."

Hmmmmmm. How convenient for Scalise and Trump. Sugar the Crazy Conspiracy Cat has been hissing that the military operatives who installed Trump into the White House (*it was NSA patriots, not "the Russians" who leaked dirt on Killary in 2016*) also staged that baseball field shooting for the purpose of making Scalise the next Speaker of the House following the pre-planned take-down of Rat Ryan. The

"White Hats" are indeed quite capable of playing all the same games as the bad guys.

1. The very strange and seemingly bloodless shooting of Congressman Scalise during baseball practice instantly made him a nationally known names and generated huge sympathy. 2 & 3. Trump tweeted out his well wishes to Scalise, the highest ranking supporter within the Republican't Party.

*

During the nationally televised State of the Union Address, Trump's perfectly timed prime-time "shout out" to Scalise (still sporting a cane) instantly elevated the Congressman to "rock star" status. Well played boys, well played.

What pleases and intrigues us the most about Steve Scalise is his unusually outspoken commitment to fighting child sex-trafficking. This aligns him with Trump on an issue that he has also been very passionate about for many years. Q also foretold of child rapists being exposed. Lo and behold, the Piranha Press has been screaming "conspiracy theory! "conspiracy theory!" whenever the subject is even mentioned these days. What are they so afraid of?

Examples:

- **LA Times: Roseanne Barr celebrates 'Roseanne' renewal with tweets about child sex-trafficking ring**

- **NY Daily News: Roseanne Barr touts conspiracy theory, praises Trump for rescuing child sex victims**
- **Rolling Stone: Anatomy of a Fake News Scandal (Pizzagate)**
- **BBC: The saga of 'Pizzagate': The fake story that shows how conspiracy theories spread**
- **NY Times: Alex Jones Apologizes for Promoting 'Pizzagate' Hoax**

To paraphrase Shakespeare: the Piranha Press doth protest *tooo* much, wethinks?

Whereas previous presidents and House Speakers did NOTHING about child-sex trafficking, Trump and Scalise clearly want to expose the secret rings. (Trump tweet is from 2012)

Just days ago, Trump caught flak from far lefties for shutting down "**Backpage.com.**" From the website of the Department of Justice:

*"The Justice Department today announced the seizure of Backpage.com, the Internet's leading forum for prostitution ads, **including ads depicting the prostitution of children.** Additionally, seven individuals have been charged in a 93-count federal indictment with the crimes of conspiracy to facilitate prostitution using a facility in interstate or foreign commerce, facilitating prostitution using a facility in interstate or foreign commerce, conspiracy to commit money laundering, concealment money laundering, international promotional money laundering, and transactional money laundering.*

The seven defendants charged in the indictment are"

Remember now, the DC lobbying firm of Democrat big-shot **Tony Podesta**, that vile collector of child-porn "art" and brother of Hillary's right hand man and suspected child torturer, **John Podesta**, was taken down last year by, of all people, **Robert Mueller** -- an astonishing fact which has been reported in the MSM, but strangely downplayed. There is no doubt over the fact that the child rapists and

torturers are clearly taking a beating under the Trump administration. No one can deny that. And if Scalise becomes Speaker, Trump's strategic advantage will only become stronger. Will "Pizzagate" and all the sick Satanic stuff that so many elites are involved in finally be exposed in due time, as Q maintains?

Again, we advise skeptical optimism. So many signs and weird happenings are indeed taking place, yet it still seems "too good to be true." In any event, good riddance, Eddie Munster --- and let's all hope Scalise defeats **Kevin McCarthy** and becomes the next House Speaker, or at least the new majority leader of the GOP.

*The Crazy Cat insisted that I tell "youse guys" that she is now sensing that the strange attack (also carried out by a leftist) which broke **Rand Paul's** ribs and boosted his own standing in the U.S. Senate was part of a similar long term plan to have him replace McConnell as Senate Leader. -- That cat is so crazy.... or is she?*

Boobus Americanus 1: *I read in The New York Times today that Paul Ryan is retiring in order to spend more time with his family.*

Boobus Americanus 2: *That's strange. He's only 48 and he seemed so ambitious.*

Sugar: *Trump got the goodss on Eddie Munsster and made him an offer he couldn't refuse! That'ss why that ssleazy sson-of-a-whore iss leaving!*

Editor: *This is like watching the Godfather movies.*

**NY Times: Russia Says Alleged Chemical Attack in Syria
Staged by UK**

REBUTTAL BY

The Anti-New York Times

Oh ye of little faith who were convinced that Trump was going to take us to war in Syria. Did we not say that, although the danger of "Deep State" false-flags was real, Trump has no intention of giving the Zio-Globalists their World War III? And now, with Russia publicly calling out the latest provocation as a false flag hoax, demanding an emergency session of the U.N. Security Council, and -- get this -- claiming that there is evidence to implicate the British; how can Trump possibly take the country to war?

From our recent ANYT piece of Monday, April 9:

*******Excerpt*******

Apr 8 2018 11:09:57 (EST) Q !xowAT4Z3VQ ID: e23926 951358

>>950959

POTUS NEVER telegraphs his moves.

Think logically.

Why did POTUS announce his intention to pull out of Syria?

*Moves and countermoves.
These people are STUPID (& SICK).
Q*

Is Q suggesting that Trump's announcement to withdraw from Syria was actually bait intended to force the latest "gas attack," perhaps so that the Russians could take the lead in debunking it as a hoax before the world?

*******End of excerpt*******

To answer our own question, it certainly does appear that chess-masters Trump & Putin have pulled off a sting.

1. Gen. Igor Konashenkov, speaks at a briefing in Moscow on Friday, April 13. Konashenkov accused Britain of staging a fake chemical attack in Syria. 2. Is Nikki Haley, the US Ambassador to the UN, as bat-shit crazy as she appears? Or is her warmongering part of the act too? 3. Trump & Putin: Chess-masters for peace.

The most delightful aspect of having the government of a major world power openly accusing, with evidence in hand, the clandestine services of the UK of engaging in false flag hoaxery is the realization that millions and millions of previously brain-dead Boobuses have now been given permission to entertain such thoughts -- instead of just reflexively dismissing everything as "conspiracy theory." If the big bad Rooskies can prove their accusation, then headlines such as the following will lose their effectiveness:

- **NY Times: (April 10, 2018): Syria Conspiracy Theories Flourish, at Both Ends of the Spectrum**

"President Trump's order for a cruise missile strike on a Syrian air base, which has alienated some of his supporters, has fueled speculation of hidden motives and hoaxes.

Websites like Infowars are calling the chemical attack that drew United States fire a "false flag" operation, while liberal blogs have pointed to the strike as evidence of "wag the dog" diversion tactics."

Though we have our differences with **Alex Jones**, the fact that the "paper of record" has him on their radar is a good sign. Jones's radio show and website have served as a necessary "halfway house" for many newbies who, after being prepped, later discovered and were open to the full truths of sites like **TomatoBubble.com**. What will the sleazy scribblers at the Slimes say if and when Russia provides irrefutable forensic evidence of a false-flag / hoax? *Hmmmm?*

The fact that Alex Jones' false flag conspiracy theories"™ about the Syrian "gas attack" -- now backed up by the Russian government -- have caught the attention of the Slimes indicates that "the paper of record" can no longer ignore "conspiracy theories"™ anymore. The "norming" of the term, "false flag" is a very welcome development.

The coming Syria-Russia investigation truly has blockbuster potential. From the article:

"A fact-finding mission from the Organization for the Prohibition of Chemical Weapons is expected to head to Douma, the site of the suspected attack. Both the Russian military and the Syrian government said they would facilitate the mission and ensure the inspectors' security.

*Lavrov said Russia expects the OPCW team to quickly visit the site. The Russian military said its chemical experts visited Douma shortly after the alleged attack and found **no trace of chemical agents in ground samples. It also said Russian officers found no patients with chemical attack symptoms at a local hospital, and no indication of any burials having taken place of the victims."***

Wow. Just wow. If the Russians succeed in blowing this conspiracy wide open, it will facilitate US withdrawal and shut the warmonger schemes down for good.

That would be bad news for the "Deep State," and very *convenient* for Trump. That's some brilliant chess right there, with more still to come.

Stay tuned.

Putin and Trump will bring about the end of false-flag fakery in the Middle East, while opening the eyes of many people as to what the western spy agencies are indeed capable of.

Boobus Americanus 1: *I read in the New York Times today that Russia claims to have evidence implicating the British for staging a phony chemical attack in Syria.*

NY Times: President Trump Talked Tough. But His Strike on Syria Was Restrained.

NY Times: Analysis: Syrians Face Hard Lesson. Assad Can Still Gas His Own People

REBUTTAL BY

The Anti-New York Times

Well, well, well. It appears that the Jew York Slimes is all butt-hurt over the fact that Trump's missile strikes (*as we predicted*) didn't actually do any damage. From the first article:

"In sending missiles and bombs at Syria, President Trump hit more targets and used more firepower than he did in a similar military strike last year. But in the end, he opted for what was still a restrained operation that was evidently calculated to avoid provoking Syria's patrons in Russia and Iran into retaliating."

In other words, Trump's missile show just "shilled" the crap out of the Globo & Zio warmongers! But Syria wasn't the only place to take incoming missiles the other night. Within minutes of the news, some of "youse guys" launched your own mockery missiles which filled up the inbox of **TomatoBubble.com**:

Mike, it looks like your theory about Trump and Putin is wrong. --- Mike, I love your work, but you're delusional about Trump. --- Mike, you are grasping at straws. --- Mike, Q is a bullshit psyop. --- Mike, Trump just launched an attack. You should have known better. --- Mike, Trump is starting World War III. --- Mike, Trump playing 4-D Chess? Hang it up! --- Mike, it's time to publish a retraction, etc. etc. etc."

Oh well, at least no one cussed us out or cancelled their subscription! (*send apologies via contact box down below*)

After all the huffing and puffing and missile attacks, where's the damage? Trump proclaims "Mission Accomplished" as Assad remains in power, and the Russian-Iranian forces remain in place.

Oh ye beloved TomatoBubblers of little faith! Have we not by now sufficiently established the pattern? ~~Sugar and~~ I, er, "The Editorial Board" of **The Anti-New York Times** remains firm in the conviction that the pretty fireworks were all just for show. Once again, Trump has neutralized the warmongers, co-opting them as the Russians (*his allies*) expose the false flag chemical attack.

Notice the pattern:

- Trump "attacks" Syria in 2017 then, weeks later, cuts off funding to the CIA's "moderate rebels" just as Putin is bombing the crap out of them.
- Trump threatens to nuke North Korea. Now, he will be meeting with Lil' Kim in June!
- Trump declares "trade war" against China. Then, China removes some of its trade barriers (*as Xi and Trump had surely already agreed upon during Trump's visit to China*).
- Trump goes along with Congress's sanctions on Russia (*which he cannot stop, anyway*) and bashes Putin. He then announces that he wants to meet with Putin soon.

Trump's strategy of rhetorical aggressiveness and harmless fireworks enables him to outmaneuver the warmongers -- keeping them silent as he pulls the rug out from under them. Be not alarmed by these strategic actions, boys and girls. Trump, Putin, Xi -- and by extension, Assad and Lil' Kim are all on the same team. For all we know, Trump may have even just bombed CIA targets!

1. Flashback: 2017: Remember the previous harmless attack on Syria back in April, 2017? 2. Remember the "Rocket Man" insults and the threatening "fire & fury" theatrics? 3. The "Trade War" with China will not happen either.

One frustrated reader asked a fair question.

"Mike. What would be your red line which finally causes you to give up on Trump?"

Response: *"When Trump takes us to war anywhere in the world, that will be my "red line" --- As of now, Assad remains in power, Kim remains in power, and the Iranian government remains in power. Meanwhile, ISIS has been wrecked and Syria remains under Russian and Iranian protection. Keep your eye on the ball, not the head fakes."*

And what did Q have to say about the missile attacks? He posted this at about the same time as the attack:

*Trust POTUS.
Sparrow Red.
Missiles only.
Intel good.
Q*

"Sparrow Red" may refer to the movie "Red Sparrow" -- a 2018 spy movie which features CIA vs Russian Intel. *Hmmmm.*

It's OK to be skeptical, but the fact remains that Q has, to date, shared some very uncommon knowledge that seems to fit recent events more and more.

Indeed, we are, unquestionably, further away from World War III than we were when **Mr. & Mr. Obongo** left office. And can you even imagine where we'd be right now if that blood-thirsty psychotic hag Killary had been elected?! In the final analysis, despite Trump's matching-blue-tie chumminess with **Bibi Satanyahoo**, his controversial recognition of Jerusalem as Israel's capital, his frequent verbal thrashing of Iran, his donning of the skullcap at the "Wailing Wall" TM, and the appointment of Zio-puppet-psycho **John Bolton** as National Security Adviser, the undeniable fact remains that the long-cherished "Greater Israel" project will *not* be advancing as long as Syria, with Trump's apparent blessing, is under Russian, Iranian and, indirectly, Chinese protection. Watch the results, boys and girls -- not the head fakes!

From the **Times of Israel**, *April 14*, more butt-hurt:

Israel Fears Trump May See Job as Done in Syria, Leave Israel Alone to Face Iran

"Israeli security chiefs made clear on Saturday night that Israel fears the Trump Administration will now consider that its work in Syria is done, and leave Israel alone to face the dangers posed by Iran's growing military presence in Syria.

Israel's defense chiefs are also reportedly worried that Russia's President Vladimir Putin, seeing Syria under US-led attack, may provide President Bashar Assad with more advanced air defense systems — which could reduce Israel's air supremacy in the skies of Syria and Lebanon. A Russian general indicated such an arms supply was possible in comments on Saturday. "

"Oy vey! Trump is letting Russia and Iran occupy Syria!"

The Defense Ministers of Iran, Syria, and Russia have promised a "decisive fight" against President Assad's opponents in the Syrian civil war.

Speaking of Israel, Q, in response to a question about potential Israeli treachery (March 10, 2018), posted this:

"We are saving Israel for last. Very specific reason not mentioned a single time. Q."

Could it possibly be that the man that we, up until a few months ago, routinely mocked as "Trumpstein," is playing the Zionists just as he is playing the Globalists? Double *hmmmm*. We still have a hard time fully believing Q's "White Hat" revolution, but more and more, the unfolding of events does at least make it seem *plausible*, if not yet proved. The operative term here is "hopeful skepticism."

Stay tuned.

What about Awan.

Q once posted about "saving the best for last" --- and then "saving Israel for last." Could it be that the military intelligence forces behind Trump -- who surely must resent the USS Liberty false-flag of 1967 which killed 37 US sailors; and the false-flag massacre of 240 US Marines in Lebanon in 1982 -- have a little surprise in store for Israel at the end?

Boobus Americanus 1: *I read in the New York Times today that Trump's airstrikes against Syria really didn't do any damage.*

Boobus Americanus 2: *I know. He did the same thing last year. It's almost as if he doesn't really want to have an actual war --- thank goodness!*

**NY Times: Comey Calls Trump ‘Morally Unfit’ and ‘Stain’
on All Around Him**

**NY Times: Trump Blasts Comey in Barrage of Tweets,
Calling Him ‘Slippery’**

**NY Times: James Comey vs. President Trump: How It Came
to This**

REBUTTAL BY

The Anti-New York Times

The latest televised round in the great feud between President Trump and **James Comey**, the FBI Director that he fired, has captivated the Piranha Press. In his just-released book and associated interviews, Comey compares Trump to "a mob boss" and denounces him as "morally unfit." Trump then retaliates with a barrage of brutally insulting tweets describing Comey as: "a slimeball," "a self-serving fake," "a liar," and "stupid." It makes for very entertaining theater. And yet, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times**, though, even among the truther and pro-Q community, we remain isolated on this assessment of Comey, now stand 85-90% firm behind what we wrote back in November of 2017:

*"The fact that Special Counsel **Robert Mueller**'s multi-million dollar investigation into Trump's "collusion" with the "Russian hackers" in the 2016 election has suddenly aimed its big guns at the notorious **Podesta Brothers** (two true "big shots" of the national Demoncrap Party hierarchy) adds a bit of weight to the previously unthinkable yet now growing "conspiracy theory" TM that **Donald Trump**, former FBI Director Mueller, former FBI Director **James Comey**, Attorney General **Jeff Sessions** and Deputy Attorney General **Rod Rosenstein** were all and still are actually running a massive "sting" operation against Killary and Obongo's homosexual Mafia."*

1. Mueller and Comey have been close for many years. Both men hated Bush-Cheney, and Comey once investigated Bill Clinton for his pay-for-pardons (until he was shut down by higher-ups). **2.** Never forget that Comey's last minute "exxoneration" of Killary -- just days before the 2016 election -- badly hurt her credibility. Many Demonrats, INCLUDING KILLARY HERSELF, still blame Comey's oddly damning "exxoneration" for her defeat. **3.** And never forget that the only man that Mueller's investigation seems to have really ruined so far is the elite Demonrat pedo-pervert **Tony Podesta** -- who has since shut down his DC lobbying firm and disappeared.

Comey, in his hyped-up interview, dropped two poison-pills which we expect to prove devastating when ex-Marine Robert Mueller and the make-believe "incompetent" Attorney General **Jeff Sessions** finally reveal what their respective investigations have discovered. First, Comey, now sainted by the duped media, reinforced the sainthood status of his friend, Robert Mueller:

Headline: ABC News: James Comey says Robert Mueller is 'not on anybody's side'

"The American people can have complete confidence in Robert Mueller," Comey said.

"He's not on anybody's side. He does not care about anything except the truth," he said, adding that the American public "can have great confidence if Bob Mueller is left in place to do his job, he will find the truth."

You see, boys and girls, when Mueller drops the hammer on the scum of the earth, how the frickety-frack are the Demonrats and the Piranha Press, which have so passionately protected and sainted *both* Mueller and his personal friend and long-time associate, Comey, going to discredit them? They simply will not be able to!

It is already too late to tear down and discredit St. Robert Mueller. Comey's role in the drama will make it even more impossible. Could we be witnessing a massive and brilliantly devised reverse-psychology "sting operation?"

The second poison pill which Comey dropped was the not-so-subtle jabs at the credibility of Obongo's former Attorney General, **Loretta Lynch**. According to Comey, Lynch made unethical requests that "made me feel queasy."

- **Headline: NY Post: Comey throws Lynch under the bus over Hillary email probe**
- **Headline: ABC News: Comey describes how Loretta Lynch's credibility gap propelled him into Clinton email saga**

And now, the cornered nasty communist bitch whom Obongo appointed on the recommendation of the domestic terrorist **Al Charlatan**, is firing back *hard* at "Trump's enemy," Comey:

- **Headline: The Blaze: Loretta Lynch torches James Comey with fiery statement. She's responding to these claims Comey made.**

- **Headline: National Review: Loretta Lynch Claps Back at James Comey**

Remember, boys and girls, **always keep your eye on the ball (*the results*) -- not the head fakes.** The true lasting impression of Comey's strategic Trump-bashing (*which most people will dismiss as a childish rift between Trump & Comey*) are that Mueller *can* be trusted and Lynch *cannot*. Well played set-up, Mr. Comey, well played.

1. Sharpton gloated over the announcement that his fellow fiend from New York, Loretta Lynch was to become Attorney General. 2. As FBI Director, Comey played nice-nice with Lynch. But the now he has turned on her, and she is fighting back. 3. In his book and ABC interview, Comey "nicely" stuck a knife in Lynch's back, *exactly* as he had done to Killary just days before the 2016 election.

After Comey's televised interview, chess-master Trump, on cue, played his card with an anti-Loretta Lynch tweet:

"Comey throws AG Lynch "under the bus!" *Why can't we all find out what happened on the tarmac in the back of the plane* with Wild Bill and Lynch? Was she promised a Supreme Court seat, or AG, in order to lay off Hillary. No golf and grandkids talk (give us all a break)"

- We made sure a reporter was there to capture. These people are stupid. Q
- SC – Supreme Court. RBG. AS 187 / Clown Black (Brennan). - Q

Murder, cover ups, bribery. If indeed a tape exists in which Bill Clinton promised Lynch a seat on the Supreme Court, the can of worms that might pop open would shock Boobus Americanus.

Trump's tweet about "the tarmac" adds enormous weight to this theory. **Why would Trump even bring up the subject if there was no evidence of what was said?** Unless, as Q claims, there really is an audio tape of the conversation? The tarmac conspiracy, if busted wide open, leads to the murder conspiracy which, as we all know in our gut, took out Antonin Scalia in the middle of a dessert in a democrat-controlled town.

The implications here are explosive. And should the coming weeks / months reveal that Mueller and Comey are indeed Trump-supporting "White Hats," and that the murder of Scalia will indeed be exposed, ~~Sugar and I~~ will gladly accept the apologies of some of you hard-core skeptics. Conversely, if not the case, rest assured that we will be the first to smash the eggs all over our faces.

Fact or fiction --- what a drama it all is. Stay tuned.

Boobus Americanus 1: *Boy, Comey really savaged Trump during that interview.*

Boobus Americanus 2: *He sure did. But I notice he also took some shots at Loretta Lynch as well --- which proves to me that Comey is objective and non-partisan.*

Sugar: *Get ready, Boobuss!!! The Trump-NSA-Sesssions-Mueller ssting is gonna sshock your dumb-asss and good!*

Editor: *God, I really hope your feline instincts are right about this, Sugar. If not, you're gonna write the apology letter to our beloved readers --- not me!*

**NY Times: ‘I Am Gay, Not a Pervert’: Furor in
CSODOMITE CONhina as Sina Weibo Bans Gay Content**

By JAVIER C. HERNÁNDEZ and ZOE MOU

REBUTTAL BY

The Anti-New York Times

Xi Jinping, China’s version of **The Great One** (*that’s Hitler for you newbies & normies*) continues to impress not only for the stunning, mostly market-based economic revival that he and his “communist” (*in name only*) central committee partners are presiding over; but also for his defense and promotion of high culture and good old-fashioned moral values.

Papa Xi clearly wants nothing to do with the organized sodomite movement which the cancer-riddled Jewish West has exported around the world – and his “homophobia” TM has got Sulzberger’s Slimes all butt-hurt (*pun intended*).

1. Strongman Xi Jinping -- a man of culture, honor and tradition who will not allow China's children to be corrupted by "western" (cough cough) moral cancer. **2. Vlad** is the same way. **3. And so was The Great One.**

From the article -- with our observations in bold parenthesis:

*"With hashtags like #Iamgaynotapervert (**is there a difference?**) and images of hearts and rainbows, tens of thousands (**probably less than 100**) of Chinese residents (**probably all in western-influenced Hong Kong**) took to social media over the weekend to protest efforts to censor gay-themed images, videos and cartoons.*

*The uproar (**a hussyfit among a few queers**) was in response to a vow on Friday by Sina Weibo, one of China's most popular social media sites, to delete posts relating to gay culture, part of a three-month "cleanup" effort.*

Sina Weibo, a site similar to Twitter, said in its announcement that it was trying to limit the spread of sexually suggestive and violent content The site said its aim was to promote a "clear and harmonious" environment and to comply with stricter cybersecurity laws put in place by President Xi Jinping."

Go Xi, go!

Contrary to the exaggerated claims of China's microscopic "LGBT community" TM, the deviants of China are not in any way facing "persecution." Homosexuality was actually decriminalized back in 1999. But what Xi will not "tolerate" TM is this business of pumping perversion (*straight or queer*) into the minds of the general public and defenseless children, 24/7.

*South Korean "gay pride" -- Japanese "gay pride" -- Taiwanese "gay pride"
Organized LGBT was deliberately exported by the West, into conservative
Far East Asia. But in China, Xi the "authoritarian"™ ain't havin' it!*

Based upon what we observe of Chinese society from afar, it certainly does appear that the public is with Xi on this. And as a Slimes hit-piece from 2017 confirms, the Chinese, unlike we here in the “free” West, have nothing to fear from speaking their mind on the issue of homosexuality.

Headline: New York Times: (*April 20, 2017*):

Furor in China Over Team’s Banner: ‘Keep Homosexuality Far From Campus’

“A message of intolerance emanated recently from the university’s main campus in Wuhan, the capital of Hubei Province.

*“Protect traditional Chinese morals,” said a banner carried on campus by members of the women’s basketball team. “Defend core socialist values. **Resist corrosion from decadent Western thoughts. Keep homosexuality far from campus.**”*

Can you imagine a group of students hanging such a banner at an American, Canadian, Australian or Western European college campus? Every last student participating would be expelled and, in some countries, brought up on charges of “hate speech!”

We are truly happy for China – yet saddened at the same time because the nation’s positive culture, “can-do” spirit, optimistic and clean youth, and spreading moral/religious ethic remind us of what we in the West -- those of us over 45 at least – once had but have now lost. Thanks, Jews.

REBUTTAL BY

The Anti-New York Times

Boy oh boy what a stinking load of anti-Russian poop that The Slimes' Moscow-based propagandist and "Pulitzer-Prize winner" TM **Neil MacFarquhar** has crapped out with this atrocious article. Ya know, it really is high time the Russians follow China's example and simply ban the "paper of record" and its nasty agents from their country. Better yet, just shoot the seditious sons-of-bitches --- "two shots to the head apiece," as Clemenza of "Godfather" fame would say.

Given the fact that a poison pen can indeed be mightier than the sword, the spirit of "free speech" TM does not require a nation to allow enemy combatants, domestic or foreign, to attack the public mind with deliberate and dangerous lies intended to incite wars. Hazmat suits and goggles on, boys and girls. Let's rebut a few choice morsels of MacFu*ker's Marxist manure.

*Before that Globalist fiend **CI**Arle Rose was booted off the air for groping and exposing his penis to multiple subordinate women, anti-Russian hit-man **Neil MacFu*ker** was a regular guest "expert."*

MacFu*ker (Headline): The fight with the West...

Rebuttal: There is no "fight with the West." There is only a fight against Russia, coming *from* "the West."

MacFu*ker (Headline): ... is isolating Russia.

Rebuttal: In classic narcissistic ugly American psycho fashion, MacFu*ker mistakes "the West" for the world; as if a break with the U.S. and Europe

automatically entails "isolation." Far from being "isolated," Russia has been making mutually beneficial deals and forging economic alliances all across the globe.

WHAT "ISOLATION?"

Putin is at the center of economic cooperation organizations worldwide:
BRICS (Brazil, Russia, India, China, South Africa (ugh!)) -- **SCO** (Central Asia) -- **ASEAN** (Southeast Asia)

MacFu*ker: ... a gloomy news conference Tuesday focused on Russia's economic prospects. ... amid a generally dormant economy kept afloat as usual by energy sales,

Rebuttal: The "generally dormant economy" of Russia may not be developing *a la* China, but it does continue to grow; and big-time international investors like **Jimmy Rogers** remain very bullish on Russia. MacFu*ker repeats the lie that the Russian economy is "kept afloat" by energy sales. Of course, energy exports are an important element of the Russian economy, but Russia also has growing manufacturing, technological and agricultural sectors.

A recent article at Reuters quotes the World Bank (*no friends of Russia they*): "*Russia's economy is seen **growing faster than previously thought** in the next three years because of improving consumer demand .*"

MacFu*ker: ... seemed to underscore what many analysts are saying at the moment:

Rebuttal: A simple Internet Search into the background of any "analyst" who is downgrading the Russian economy always seems to turn up some academic egghead connected to a Globalist "think-tank" -- usually the **Council on Foreign Relations (CFR)** in Jew York.

MacFu*ker: President Vladimir V. Putin's increasingly aggressive posture toward the West

Rebuttal: "Aggressive posture toward the West?" Are you frickin' serious, MacFu*ker?! Not only has NATO expanded its membership right up to Russia's doorstep, but it has now got missiles, tanks and troops stationed within striking distance of Russia. It is "the West" that has relentlessly inched eastward, not vice-versa.

MacFu*ker: ... is producing a boomerang effect, with an isolated Russia likely to suffer long-term economic damage as a result.

Rebuttal: Really? That's not what the Moody's rating agency and other big investors are saying.

Headline: Reuters: (April 19, 2018) Moody's says Russian economy resilient to latest US sanctions

"Rating agency Moody's Investors Service said on Wednesday Russia's strong public and external finances would shield its economy from the impact of the latest U.S. sanctions."

Headline: CNBC: (March 16, 2018) Banks are optimistic on Russia's economy

"But despite long-running economic burdens ranging from entrenched corruption and low growth to Western sanctions and fluctuating oil prices, UBS and J.P. Morgan see cause for confidence in the country's near-term future."

Evidently, the conclusions of the analysts at Moody's, UBS and JP Morgan don't "fit" the bullshit narrative that MacFu*cker is peddling, so he just ignores them all.

*Regarding the Russian economy, legendary investor **Jimmy Rogers**, **Moody's**, **UBS** and other banks and investors do not at all concur with MacFu*ker's cherry-picked and pessimistic "analysts."*

MacFu*ker: The deterioration reflects a growing awareness in Western capitals that Russia, growing ever more hostile, should be treated as a threat rather than a mere annoyance. That in turn is pushing them toward a unified front in challenging Moscow over such serial transgressions as destabilizing its neighbors, assassinating its critics abroad, meddling in the elections of other countries, tolerating the use of chemical weapons by the Syrian government and cyber-skirmishing.

Rebuttal: Wow. Just wow. Those two sentences represent a classic case of the psychotic trait of "projection," whereby the sick, evil, lying, low-down, no-good psychopath falsely accuses the innocent of the very dirty deeds he himself is committing.

MacFu*ker: Russia, of course, professes its innocence on all fronts. It accuses the West of suffering from an advanced case of Russophobia, a longstanding disease that emerges from hibernation whenever Russia begins to "get up off its knees."

Rebuttal: In that one sentence, buried deep into a lengthy article, presented with a manipulative "of course" as a sarcastic opening, MacFu*ker drops the usual obligatory truth gem which few, if any at all, of the "educated" retards who worship Sulzberger's Slimes will even pause to consider as a legitimate alternative view.

MacFu*ker: Economic sanctions imposed after the 2014 annexation of Crimea, which represented the start of deteriorating relations, have remained intact

Rebuttal: The 2014 "annexation" of Russian Crimea followed a violent CIA-engineered coup in Ukraine; and then a public referendum in which 97% of the people in Crimea, with international observers present, voted to voluntarily split

from CIA Ukraine and return to Mother Russia. But "of course," Slimes readers aren't supposed to know those inconvenient truths.

MacFu*ker: More recently, there was the mass expulsion of some 150 Russian diplomats from Western nations after the chemical poisoning of a former Russian spy in Britain in March;

Rebuttal: Got any actual **evidence** that any "poisoning" actually took place in Britain, let alone the Russian involvement? Eh. MacFu*ker? (*Sound of crickets*)

MacFu*ker: "There is an upsurge in momentum of the kind we have not seen before," said James Nixey, the head of the Russian program at the London-based think tank Chatham House.

Rebuttal: Quoting an expert from London's Chatham House, eh? As anyone who has read "**Planet Rothschild**" -- or James Perloff's "**The Shadows of Power**" -- knows, Chatham House is the British sister organization of New York's **Council on Foreign Relations**. Both clubs were founded soon after the end of World War I for the purpose of recruiting the ambitious elites of academia, media and government to promote the One World Government that Putin, Xi and Trump are resisting. What a surprise that **James Nixey** of Chatham House would be trash-talking against Russia. (*rolling eyes*)

MacFu*ker: (Putin) still received overwhelming support in the March presidential election.

Rebuttal: So, Putin has "overwhelming support" among the public. That concession of truth *alone* should tell the astute reader that MacFu*ker and his chosen economic "analysts" are lying through their teeth in an apparent effort to discourage foreign investment in Russia -- thus creating a self-fulfilling prophecy of economic stagnation.

MacFu*ker: No one expects economic issues to change Mr. Putin's mind about confronting the West ... the Kremlin elite value geopolitical goals far more than the country's economic development, experts said.

Rebuttal: "Experts said?" -- Enough said. F-off, MacFu*ker.

*1. The animated image shows the relentless eastern expansion of the NATO war-machine which began after the Soviet-led Warsaw Pact Alliance disbanded. Yet MacFu*ker would have us believe that Russia is the aggressor? 2. MacFu*ker cites Rothschild's **Chatham House** (sister group of the CFR) as an "expert" source for information on Russia. 3. **The War Against Putin**, by yours truly, exposes the who, how and why of the Globalist's war against Russia. NY Times: Allison Mack of 'Smallville' Is Charged With Sex Trafficking

By CHRISTOPHER MELE

REBUTTAL BY

The Anti-New York Times

It was less than one-month ago that a "tweet" by pro-Trump actress **Roseanne Barr** sent the Piranha Press into a feeding frenzy in which they bashed her for promoting "a bizarre conspiracy theory" TM. All she wrote was:

"President Trump has freed so many children held in bondage to pimps all over this world. Hundreds each month. He has broken up trafficking rings in high places everywhere."

Now that happens to be a absolutely true and easily verifiable statement, by the way. And even more big busts have been made since Barr tweeted out the "conspiracy theory" TM which the journalistic jackals linked to Q-Anon / "The Storm" -- *even though Barr never even mentioned Q-Anon!*

From **Newsweek**, March 31:

"The tweet seems to allude to a conspiracy theory known as The Storm, which emerged after Trump quipped at a photo op last October about it being "the calm before the storm. Those who believe in the theory allege that cabals of high-

ranking Democrats run child sex rings attended by celebrities, which Trump is breaking up.

QAnon refers to a user of internet messaging board 4Chan, who claims to be a White House official with secret knowledge of the investigation into the sex trafficking ring."

Wethinks the "powers that be" doth protest a bit *toooo* much about Q-Anon and his prophetic forecasts about the rolling up of sex traffic rings?

SOMETHING IS HAPPENING!

1. One week AFTER Barr's "controversial" tweet, Backpage.com, a site often used by sex traffickers, was shut down by Trump's Feds. 2. The following week, Canadian Peter Dalglish, -- the founder of the Street Kids International, a very well-connected United Nations advisor, and friend / political supporter of Canadian PM Justine Trudeau -- was arrested for child-rape in Nepal.

This bit of very recent history sets the foundation for a fuller appreciation of this article -- which the Slimes presents as an unrelated event -- about the Federal arrest of a Hollywood actress for recruiting girls into a "sex cult." From the article.

"An actress from the television series "Smallville" was charged on Friday with sex trafficking for her involvement in an organization promoting itself as a self-help group for women that forced its members to have sex with its leader, federal prosecutors said. The actress, Allison Mack, 35, helped gain recruits for what was purported to be a mentorship group but instead exploited its followers, who were branded with a symbol containing the initials of the organization's leader."

As soon as this story broke, Sugar the Crazy Conspiracy Cat immediately sensed that this could be the beginning of a devastating roll-up of elite child-rape / child-murder rings. When the Feds sink their teeth into low-level conspirators, they always follow with a plea deal for the accused so they can catch bigger fish. And that is not only what Q posted in words *after* the arrest, but also in a coded image at about the exact time of or even just *before* the arrest. As regular readers of **The Anti-New York Times** are aware of by now, ~~Sugar and I~~, er, "The Editorial Board" have been urging "optimistic skepticism" regarding the mind-boggling posts of Q-Anon at 4-Chan cautious, but Q's posts from April 20, enhanced by one of Trump's *subsequent* tweets later that same day, do send excited chills up our spines.

1 & 2. Who would have thought that All-American girl-looking **Allison Mack** was a woman-branding sex-slave cult recruiter! What's next? **3.** What did Q post before/during/after the Feds nabbed Ms. Mack?

At 14:45 (*aka 2:45, EST or CST?*) Q posted an image of a palm tree that had the Internet Q community completely baffled as to its meaning. We haven't been able to calculate if this was posted at about the same time as news of the Mack arrest broke, or before. It appears to have been posted before. But either way, we strongly suspect that Q's ensuing posts will again prove to be "prophetic."

"What's up with the palm tree?"

About six hours later, at 20:30, Q drops a bombshell about Ms. Mack: *"Mack is naming names. Big names in H-Wood / Gov't (local/federal). Proof. - Q"*

A minute later, Q reveals the meaning of the palm-tree clue from six hours prior: *"Canary palm tree? Signal? - Q"*

You see, canary is a species of palm tree, and Mack is "singing like a canary" -- exposing bugger Hollywood fish. Get it? But it gets better. (*Deep breath*)

At 21:08, Q posts an image taken from the Twitter account of **Allison Mack**. It is a photo of **Marina Abromovich** (*cough cough*), -- the Satanic "artist" who has performed her "spirit cooking" weirdness with the likes of the **Podesta Brothers, Jay Z & Beyonce, Lady Gaga** and many other big names amongst the "elite."

Just ten minutes later, at 21:18, Q posts an image of a vacationing President Obongo (*at the elite Martha's Vinyard*), posing with a young girl named Maggie Nixon (*pet-named, according to Q, "Wendy"*) and with a band-aid on his left middle finger. The significance of the cut on his finger is that it matches Abromovich's "spirit-cooking" exercises in which participants are instructed to cut the middle finger of their left hand and suck the blood. *Hmmmm.*

1 & 2: Q posts Abromovich, followed by another of Obongo with a bandage on his left middle finger, posing with a young girl named **Maggie Nixon** (which Q suggested Obongo was having sex with) **3.** Satanist Abromovich uses semen and blood to paint on the wall: **"Cut deeply --- into the middle finger of left hand --- eat the pain."**

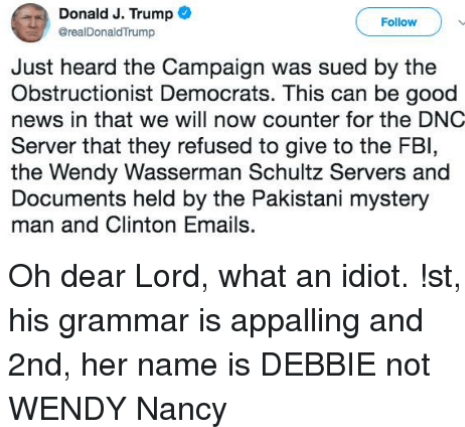

1. The vile and vulgar demonic "artist" is well known and revered among many of the elites. 2. The child abuse is barely concealed. 3. Killary Clinton campaign manager and known "spirit cooker" John Podesta with weird images on his palms and a bandage on his left middle finger.

And finally, Q makes it quite clear that the final act is coming -- which means that we will soon know if history is indeed about to be made in the coming weeks and months as the complete unmasking of the Satanic monsters who have lorded over us for so long unfolds; or, if Q, for some inexplicable reason, was just an elaborate tease needlessly aimed at a minuscule percentage of the Internet "conspiracy theorist" TM population. And frankly, we are leaning more and more towards the former -- albeit with great caution.

A final flurry of "crumbs" of April 20: *(clarifications in parentheses added by us)*

22:12: Over the target. Expand further. **Wendy.** *(pet-name of little Maggie) HUSSEIN (Obama). Mack. AS (= suspected child abuser, Adam Schiff). - Q"*

22:17: "This door will be opened later. The choice, to know, will be yours. END. - Q"

*And then, Trump "coincidentally" and "in error" tweets out the name, "Wendy" instead of Debbie. Libtards mock his latest deliberate misspelling (always done to mirror Q posts!). **TRUMP'S "WENDY" TYPO IS SENDING A "SICILIAN MESSAGE" TO OBONGO!***

*1. Admiral **Mike Rogers** heads the NSA and is very close to Trump. When Obongo's people tried to fire him in late 2016, Rogers visited Trump Tower during the transition period. Obongo backed down afterwards. The NSA has the capability to collect e-mails and phone calls on ANYONE, but cannot act upon them. What Trump, Mueller, Sessions et al have achieved over the course of this past year is find creative ways to launder inactionable evidence into actionable (legal) evidence. This may be what Q meant when he posted, on April 10: **"We have it all. These people are stupid. Fireworks."** 2. Did the military recruit Trump? Admiral Rogers (NSA) stands very close to Trump. 3. When Globalist MONSTER **Dwight Eisenhower** --- who murdered General **George Patton** and hated General **Douglas MacArthur** -- warned America about the "danger" of the "military-industrial complex" --- he was actually expressing the NWO's concern that the mighty military and its all-knowing intelligence agencies might rise up one day and say: "That's enough!" --- Could we be witnessing such a history-altering development?*

*Trump has been mercilessly mocked by enemies and supporters alike for instructing the Pentagon to plan a huge and expensive military parade for Veterans Day, this upcoming November -- Might this seemingly inexplicable idea be intended as a **victory parade** over the 1000's of elite Globalists, Satanists, child rapists and assorted henchmen -- who might have to be rounded up by the marines and tried in military tribunals?*

Boobus Americanus 1: *I read in the New York Times today about a Hollywood actress who was involved in luring girls into a crazy sex cult.*

Boobus Americanus 2: *I'm hearing a lot of such stories lately. This human trafficking seems to be really widespread.*

Sugar: *You've only seen the tip of the iceberg, Boobuss!*

Editor: *It truly does seems like Trump and the military have got these monsters by the balls now. And yet, we the good have been getting our butts kicked for so long that it still seems too good to be true. All we can do is pray that Q's promises -- which are clearly being mirrored by Trump's subsequent tweets -- come to fruition.*

NY Times: China, Feeling Left Out, Has Plenty to Worry About in North Korea-U.S. Talks

By JANE PERLEZ

REBUTTAL BY

The Anti-New York Times

Not all of the printed errors which appear in the putrid pages of Sulzberger's Slimes are the result of deliberate lies / omissions intended to shape domestic or foreign policy. We estimate that about 95% of the errors are that way, but not 100%. You see, there are those cases in which the writer is genuinely stupid, delusional, deranged or all three.

In addition to being paid liars and libelers, one has to remember that the journalistic jackals, like all Marxists and libtards, are also vulnerable to believing their own bullshit, at which point they are no longer lying -- not technically. And their folly can be pretty funny to behold in action. This particularly ridiculous piece of butt-hurt manifests, in our assessment, a sincere *belief* in something which is simply not so, but with the deluded writer badly wanting it to be so. Namely, the idea that China may lose influence with North Korea as Lil' Kim moves closer to the United States.

Let's have a look and share some laughs at a few excerpts at this bit of nonsense served up by "Pulitzer Prize" TM winner and "expert" on China, **Jane Perlez** (*cough cough*.).

*1. Jane Perlez --- dishonest, yes. But also very stupid, and crazy too. 2. Cheese and Crackers! Is there a Slimes scribbler who has NOT won the oh-so-prestigious (barf) "Pulitzer Prize" yet? TM 3. Pay no mind to this insane hag. North Korea will **always** remain close to its northern brother nation.*

Perlez: As the North Korean leader Kim Jong-un prepares for his meetings with the presidents of South Korea and the United States, China has found itself in an unaccustomed place: watching from the sidelines.

Rebuttal: So as not to diminish Trump's glory this coming June, China will be "watching from the sidelines," but without Chinese President Xi Jinping's face-to-face meetings -- held in China -- and other dealings with both Trump and Lil' Kim, the historic Trump-Kim pow wow would not be happening.

Perlez: Worse, many Chinese analysts say, ...

Rebuttal: Mike & Sugar rule-of-thumb: whenever you see or hear the prefix "analysts say" or "experts say" in any story in any organ of the Piranha Press, reverse the meaning of whatever follows by 180° to arrive at the truth.

Perlez: North Korea could pursue a grand bargain designed not only to bring the isolated nation closer to its two former Korean War foes, but also diminish its reliance on China for trade and security.

Rebuttal: Does this deranged dumber-than-dirt douche-bag not know about the **Sino-North Korean Mutual Aid and Cooperation Friendship Treaty**? Article 2 of that 57-year-old treaty obligates China to come to the defense of North Korea in case of an attack, which is why it was so critical for Trump to finally defuse this

live wire left in place by President Eisenhower's non-ending of the Korean War. Does Ms. Perlez really believe that North Korea will tell mighty China that it no longer wants its protection because Uncle Sam will protect it?

Trump was hosted and honored by Xi in China. Lil' Kim was then also hosted and honored by Xi in China. And now the official end of the Korean War is within reach. Xi will allow Trump to take the credit, but it should be clear by now that China is part of the process and will remain North Korea's most important ally and trading partner -- in spite of what Ms. Perlez wants to believe.

Perlez: Such an outcome — a reversal of 70 years of history — remains a long shot, ...

Rebuttal: No. Not a "long shot." It remains a no-shot. But even if it were a "long shot," it is an admission that Perlez is grasping at straws in the delusional hopes that NK will split with China in favor of Uncle Sam.

Perlez: Still, China finds itself removed from the center of the rapidly unfolding diplomacy, and unusually wary about Mr. Kim's objectives in reaching out to his nation's two bitterest enemies.

Rebuttal: So, Xi is out of the picture now, eh? Seriously, what is this silly bitch smoking? Lil' Kim just came back from an important meeting, *in China*, --- idiot!

The idea that Lil' Kim might turn his back on racial brothers, with 1000's of years shared history, in favor of US influence is preposterous, and calls into question the sanity of Pulitzer Prize winner Jane Perlez. ™

Perlez: Mr. Kim's meeting with the South Korean president, Moon Jae-in, is set for Friday, and a meeting with President Trump — the first ever between leaders of the two nations — is expected to follow in May or early June. In a sign of just how much is suddenly on the table, **South Korea recently confirmed that it was in talks with the North and with the United States about signing a treaty to end the Korean War**, which halted in 1953, but never formally ended.

Rebuttal: Wow. An official end to the Korean War. Trump's approval rating will jump to 70% overnight when that happens. And never forget -- **the stage for this upcoming grand event was staged by Trump's strategically pretended warmongering.** If this grand event goes as planned, the Globalists and the Zionists will never be able to trigger World War III from the Korean peninsula again.

Perlez: With events moving so quickly, and Beijing finding itself largely left on the outside, analysts said

Rebuttal: There's that prefix phrase again: "analyst's said." Hip waders on, boys and girls -- bullshit to flow in 3... 2 ...1 ...

Perlez: China and its leader, Xi Jinping, must at least consider what they called worst-case contingencies.

“The loss of prestige is a big problem for China and Xi, who wants everyone else to view China as an essential actor of international relations, especially in the Northeast Asian context,” said Zhang Baohui, a professor of international relations at Lingnan University in Hong Kong. “Now, suddenly, China is no longer relevant.”

Rebuttal: Perlez digs up an "expert" at a university in CIA-infested Hong Kong (now an autonomous "administrative region" of China after being under British-Rothschild rule) to support her delusion. Typical "Appeal to Authority" fallacy.

******End of Rebuttal*******

Perlez's article is actually a very, very good sign. It shows that the **New World Order** crowd is indeed -- as even scum like **Rothschild** and **Soros** have publicly expressed -- losing their stranglehold over Planet Earth. The reality of this stunning turn of events has sent some of these Globalists into desperate delusional denial. How else to explain the impossible, and, as the writer confirms, "long shot" dreams expressed in this astonishingly stupid and utterly pointless "analysis?"

Oh the butt-hurt that will ensue when Trump officially ends the Korean War!

1. Yalta Conference:1945: *FDR and the traitors advising him set the stage for the next war by deciding that Korea would be split into two -- the U.S. occupying the South, and the Soviets (who were not even involved in the Pacific-Asian part of World War 2!) to occupy the North. 2. Five years later, America & South Korea were at war against North Korea & China. The Korean War caused the deaths of 2 million Koreans (some estimates higher) and 40,000 young Americans. 3. The evil Globalist President Eisenhower -- who had promised to end Truman's deliberately mismanaged Korean War -- never "officially" ended the war. U.S. troops have been stationed there ever since as part of a Globalist live trip-wire which could be re-activated by the likes of a President Killary at anytime.*

Boobus Americanus 1: *I read in the New York Times today that China is worried that North Korea may move closer to the United States after Trump's visit there in June.*

Boobus Americanus 2: *You know -- I must admit -- if Trump can pull off this peace deal, it will truly be a history-making event.*

Sugar: *Aw, come on Boobuss! You were ssupposed to ssay ssomething sstupid sso I can abusse you!*

Editor: *No matter how The Slimes tries to spin it, even ass-clowns like the Boobus Brothers won't be able to deny Trump's coming triumph in North Korea.*

NY Times: Toronto Truck Attack Kills at Least 10 People in "Pure Carnage"

*

NY Times: What Is an Incel? A Term Used by the Toronto Attack Suspect, Explained

REBUTTAL BY

The Anti-New York Times

Whether by the gun or by the "killer truck," these fake mass killing crisis-actor stunts have become so tiresome that ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** did not even deem the latest installment in Toronto to be newsworthy, not originally. But after reading today's follow up piece about the allegedly woman-hating "killer," **Alek Minassian**, two things jumped out at us:

- 1:** The incredibly well-funded communist **Southern Poverty Law Center** (*which, we are proud to say, once listed TomatoBubble.com, among many others, as a "hate group"*) has weighed in on "online misogyny," and
- 2:** The online forum "**4chan**" has come under attack for giving people like Minassian a place to gather and spread their "hate" TM.

THE USUAL DRILL

Props strewn about for effect. --- A bloodless white murder van --- An actor or mannequin under a sheet

Here is the key excerpt from the article, variations of which are now spreading throughout the rest of the Piranha Press:

"Incels (short for "involuntary celibates) are misogynists who are deeply suspicious and disparaging of women, whom they blame for denying them their right to sexual intercourse. Theirs is a relatively new take on a "male supremacist" worldview, according to the Southern Poverty Law Center.

The center, which closely tracks hate speech, reports that at their most extreme, incels have advocated rape and other forms of violence against women.

What is the 'Incel Rebellion'?

Incels sometimes talk of an incel or "beta" uprising, a movement led by beta males, like themselves, to overthrow what they view as the oppressive feminism of society.

Where do incels congregate?

*Reddit ... one of the world's most popular online gathering places, barred its incel community in November, citing a policy against hateful and violent speech. Incels have nonetheless found or returned to other online gathering places, **including 4chan, an anonymous message board that has for years been home to a dark, and sometimes disturbing, corner of the web***

In his Facebook post, Mr. Minassian reportedly described himself as “Private (Recruit) Minassian” and expressed a desire to “speak to Sgt 4chan.”

The official story now circulating is that Minasian was "radicalized" the woman-haters at unregulated 4chan.

As regular readers of The ANYT should know by now, 4chan, "coincidentally," just happens to be the forum where Q-Anon has, since last November, posted his spooky-accurate prophecies and explanations as to how the military intelligence forces behind the Trump administration are secretly battling the Globalists and Satanic child-abusing elites. About two months ago, elements of the Piranha Press, including **Sulzberger's Slimes, The Washington Compost, the BBC, Newsweek, The Daily Beast. New York Magazine** and others, had already run attack pieces branding 4chan's Q phenomenon as a "hoax" and "conspiracy theory TM". But now, with 10 "murders" being indirectly and "coincidentally" linked to unregulated 4chan, will the sub-forum "The Storm" being investigated or taken down?

***Q post, April 25:** *(in which he links to an NBC story about the 4chan connection)*

"They feel threatened. This is about us. Expect more (outcry). We are being set up and targeted (+DDoS). All for a conspiracy larp?"

We have to agree with Q's assessment here. A staged attack, followed by SPLC and press attacks on an obscure Internet forum is just too *"conveeenient"* as the Church Lady of old Saturday Night Live fame used to say. The "powers that be" wouldn't be going through so much trouble if Q was nothing but a "conspiracy theory TM".

If Q is just a "hoax," why so much effort on the part of the "Deep State" event planners and their media allies to discredit and now, possibly bully 4chan into self-censorship for its part in "radicalizing" the Toronto truck-killer?

Boobus Americanus 1: *I read in the New York Times today that the misogynist maniac who ran over all those people in Canada was radicalized online at a site called 4chan.*

Boobus Americanus 2: *Well, we all support free speech, but some of this online conspiracy stuff and hate speech really needs to be regulated.*

Sugar: *How frickin' conveenient that the Canadian Prime Minister'ss buddy, Peter Dalglish (on left), was just busted for child rape in Nepal one week ago!*

Editor: *It wouldn't surprise me if Justine Trudeau is buggering little boys too.*

NY Times: Macron Critiques Trump's Policies in Speech to Congress

By JULIE HIRSCHFELD DAVIS

REBUTTAL BY

The Anti-New York Times

For folks lacking in either time or mental stamina to think through the issues of the day, a 99%-accurate shortcut for tagging any world leader as a villainous viper is to note whether or not that individual is being puffed up by "the paper of record." Nah --- make it 100% accurate. But if your copy of Sulzberger's Slimes is being used to house-train your new puppy (*all that it's good for*), then another equally effective lazy man's "Cliff Notes" path to enlightenment is to see if the U.S. Congress invites him or her to address a joint session.

In the case of President **Emmanuel Maricon** (*deliberate typo, Google it*) of France -- the closeted 39-year-old communist homosexual who married a mother of three (*his High School teacher*) old enough to be his own bloody mother (*she's 65!*) -- we now have both indicators.

AN HONOR USUALLY RESERVED FOR VILLAINS

Boris Yeltsin (Russia) -- Lech Walesa (Poland)-- The Frumpy Frau of Germany

Poop Frankie --- Porky Poroshenko of CIA-Ukraine - Bibi Satanyahoo of Israel

Whereas previous villains who have addressed Congress have generally spoken in vague platitudes, Maricon's discourse, despite the civil tone, not only took direct aim at Trump's policies, but condescendingly lectured America's elected representatives to turn away from "nationalism" and embrace Globalism. And the traitors in Congress (*Demonrats mainly*) repeatedly rose to their feet and applauded very loudly!

Some excerpts:

- **On the Global Warming Hoax / Paris Accords:** *"Let us work together in order to **make our planet great again** (mocking Trump's MAGA slogan). We are killing our planet - let us face it, there is no Planet B."*
- **On free trade:** *"Commercial war is not the proper answer. At the end of the day, it will destroy jobs, increase prices, and the middle class will have to pay for it."*
- **On the New World Order:** *We can build the 21st-century **world order** based on a new breed of multilateralism. This requires, more than ever, the*

United States' involvement, as your role was decisive for creating and safeguarding today's free world. The United States is the one who invented this multilateralism. You are the one now who has to help preserve and reinvent it."

1. The nasty little Globalist and his cradle-robbing communist hag of a wife were graciously hosted by the Trumps. He then goes before Congress and lectures about the "dangers" of Trump's nationalism. 2. Macron with his boss, **David de Rothschild of the Banque der Rothschild 3. French homosexual magazine puts out the code --- Maricon plays for the **pink** team.**

As for Trump's oddly excessive and even *physical* chumminess with a Rothschild agent who is his mortal enemy, we believe that the stupid media analysts are misreading the body language as a "bromance" between the two Presidents when, in reality, Trump's *repeated* manhandling and excessively hard and long hand-gripping of both little Maricon and his wicked wife (*which was even worse when Trump visited Paris last year!*) is one of deliberate disrespect --- the type of which one not schooled in body language, might mistake for extreme affection. Trump, who is a very big man, treated **Justin Trudeau** of Canada the same rag-doll manner when shaking hands. It's almost as if he's saying, "I'm gonna fix your ass, punk."

Q-Anon did say, back in January, that there is NSA-obtained evidence that a plot to kill Trump was once considered seriously by the "Deep State," and that certain "foreign allies were involved." If true, that really shouldn't surprise regular readers of **The Anti-New York Times**, given what we know about "the powers that be" and what they are capable of. Was Maricon involved? Merkel? Speaking of that nasty Frumpy Frau, she's coming to the White House too, next week. But be not troubled by the lavish red carpet welcomes. We suspect that these visits by the arch-villains of the EU is just a case of "keeping your enemies close."

Headline: People: Trump Holds Hands with French President, Brushes Off His 'Dandruff'

France, 2017: Don Trumpeone: "I know it was you, Fredo ... and your old lady too!"

1. Trump further humiliates and degrades Macron (who is evidently too stupid to realize it) by wiping off what he said (in front of reporters!) was dandruff from his shoulders. 2 & 3. More bullying and disrespectful manhandling --- leading little Maricon about like a puppy dog.

Boobus Americanus 1: *I read in the New York Times today that President Macron of France challenged Trump's policies in his speech before a joint session of Congress.*

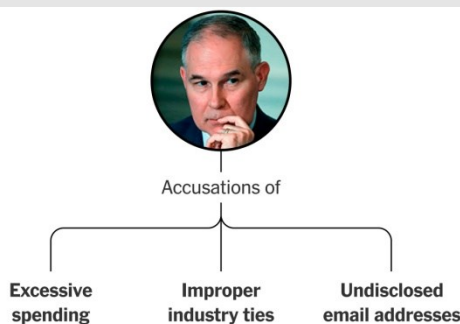

Boobus Americanus 2: *Trump must feel pretty stupid now after having hosted a state dinner for the Macrons.*

How Scott Pruitt Plans to Defend Himself on Capitol Hill: Spread the Blame

REBUTTAL BY

The Anti-New York Times

At a superficial glance, it would seem to the casual reader that negative stories about the government of Poland and Trump's EPA administrator, **Scott Pruitt**, have no relation to each other. In reality, the two subjects have something in common which is actually the motivation for both of these nasty smear pieces. Can you guess what it is, before we explain?

An unfair hatchet job on Poland --- and another on Pruitt. What's the common thread?

On Poland:

There are many captive nations of the European Union currently experiencing serious civil and criminal problems associated with the unremitting Turd World invasion. Yet we never see a large text & image spread explaining some of horrors taking place in England, France, Sweden, Germany, Italy et al. Yet when it comes to Poland and its alleged pollution problem, Sulzberger's Slimes seems to delight in embarrassing the most significant country of Eastern Europe. In addition to this negative piece, here are some past headlines:

- Coal in Poland Lowering Life Spans (*June 7, 2015*)
- Warsaw Grapples With Gloomy, Gray Smog (*Jan, 14, 2017*)
- Poland's Pollution Problem (*Dec 3 2015*)
- Poland, Wedded to Coal, Spurns Europe on Clean Energy Targets (*Oct. 31, 2013*)
- Poland to Spend \$8.8 Billion on Clean Heating to Fight Smog (*April 12, 2018*)

This article is very rough on Poland. A snippet:

"What is off is the air. Poland has some the most polluted air in all of the European Union, and 33 of its 50 dirtiest cities. Not even mountain retreats are immune."

Never having been to Poland, and nor having studied this matter in great depth, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** cannot comment on the extent of air pollution in Poland -- though we suspect, on an intuitive level based upon precedent, that this article is exaggerating the situation. So, what's the motive behind this particular attack on Poland?

From the Slimes:

"The problem is largely a result of the country's love affair with coal. Like elsewhere in Poland, most of the homes in the villages below Zar Mountain are still heated by coal. Some 19 million people rely on coal for heat in winter. In all of the European Union, 80 percent of private homes using coal are in Poland."

You see, the Polish government, in addition to its adamant refusal to allow Mamma Merkel's Turd World invasion to spill over into Poland, does not support the Global Warming TM / Climate Change TM hoax and its associated controls and taxes on energy. Hence, the ugly attacks by "the paper of record." It's that simple.

1. The Slimes articles uses scary pictures to make Poland seem like a dirty place. 2. Greenpeace (CIA) Poland hangs an anti-coal banner accusing the coal industry of "owning Poland." 3. The real target of the Globalists is the nationalist Law & Justice Party.

On Pruitt:

EPA Chief **Scott Pruitt** has been the target of the evil Left from the very beginning of his tenure, in 2017. Now, the sanctimonious scribblers of Sulzberger's Slimes and the rest of the Piranha Press have become fixated on his supposed "ethical lapses." Mind you, these are the very same hypocritical slime-balls who ignored the monstrous crimes of Obongo & Killary.

From the Slimes:

"As Scott Pruitt, the embattled head of the Environmental Protection Agency, prepares to testify before Congress on Thursday amid a series of spending and ethics investigations, an internal E.P.A. document indicates that he may blame his staff for many of the decisions that have put a cloud over his tenure at the agency."

Knowing that the corrupt Slimes doesn't give a rat's ass about "ethics," ask yourself, what is the *real* reason for the attacks on the "embattled" Pruitt? This little gem, buried deep within the story, is, as they say in poker parlance, the "tell."

"Mr. Pruitt's zeal to roll back climate change regulations and impose new rules that benefit fossil fuel industries has endeared him to Mr. Trump."

The Globalist press has viciously attacked and childishy mocked Scott Pruitt for being anti-science and anti-environment. The new line of attack now is "ethics."

See their little game? The Global Warming TM / Climate Change TM hoax remains so central and so critical to their power-grabbing world government scheme, that any individual or government opposing it will come under attack by the use of one phony pretext or another. With Poland, it's the so-called filthy air. With Pruitt, it's an "ethical lapse." With the anti-warmist (*and also pro-Putin*) former Prime Minister of Italy, **Silvio Berlusconi**, it was his playboy lifestyle.

This is garbage hit-piece journalism at its worst. Fortunately, Poland seems to be holding firm and Pruitt will survive the coup attempt. Good signs.

*The scam is exposed in "Climate Bogeyman" -- by M S King--- The **greening** of the **reds** is all about suppressing the standard of living, empowering international bodies, and creating a funding mechanism for world government -- New World Order.*

Boobus Americanus 1: *I read in the New York Times today that Poland is choking in coal-related air pollution.*

Boobus Americanus 2: *That's terrible. Speaking of carbon pollution, I understand that the climate change denier who Trump picked to head the EPA now has ethics problems.*

Sugar: *Boobuss, you credulouss cretin! It'ss your beloved Slimess that hass "ethical problemss!" Every frickin' sstory they print is a dad-gum load of bull-%%\$#@!!!*

NY Times: As Two Koreas Talk Peace, Trump's Bargaining Chips Slip Away

By MARK LANDLER

REBUTTAL BY

The Anti-New York Times

In 2016, when candidate Trump declared that he would like to meet **Lil' Kim** of North Korea face-to-face and make a deal, the Globalist scum of America were quick to denounce him for being too soft on North Korea. Presumptive future-President **Killary Clinton's** comments were typical of the **PRC** (*Predatory Ruling Class*) at the time:

Headline: Newsweek (June 2, 2016) Hillary Clinton: Donald Trump Too Friendly With North Korea

"Clinton argues that Trump's statement that he was prepared to talk to Kim Jong Un, made in a Reuters interview last month, has only emboldened him and invited him to be more provocative."

Then, in 2017, when President Trump *co-opted the warmongers* by adopting a new strategy of talking tough on North Korea -- while opening and maintaining back-channel communication with Lil' Kim -- the very same Globalist scum of America were quick to denounce him for being too *hard* on North Korea. Again, bitter loser Killary chimed in:

Headline: Reuters: (October 17, 2017) Hillary Clinton says U.S. threats of war with North Korea 'dangerous, short-sighted'

"Picking fights with Kim Jong Un puts a smile on his face," Clinton said,Clinton also indirectly referred to Trump's social media comments on North Korea, saying, "The insults on Twitter have benefited North Korea, I don't think they've benefited the United States."

Too soft --- too hard ---- which is it, Killary?

1. When Trump and Kim spoke well of each other in 2016, the Piranha Press mocked Trump. 2. When Trump started "threatening" Kim in 2017, the Piranha Press mocked him for that too. 3. Now that it seems as though the Korean War will finally be coming to an end, what will the next line of attack from the Piranha Press be?

The ridiculous headline of this negative piece by **Mark Landler** (*cough cough*) -- which, in this case, matches the theme of the actual text very well -- demonstrates not only the degree of Globo-libtard butt-hurt over Trump's role in finally defusing the nearly 70-year-old live wire on the Korean peninsula, but also their evident futility when it comes to manufacturing new plausible false arguments to replace the old.

Slimes Headline: Trump's bargaining chips slip away

Rebuttal: Why does Trump even need "bargaining chips" if the two Korean brothers are kissing and making up on their own?

Landler: ... the gauzy images and vows of peace by Kim Jong-un and his counterpart from the South, Moon Jae-in, have complicated Mr. Trump's task as he prepares for his own history-making encounter with Mr. Kim.

Rebuttal: This is like saying that the friendly pre-trial agreement between two court litigants "complicates" the job of the judge. Far from "complicating" Trump's efforts, the historic lovefest between the two Koreas actually *facilitates* Trump's task.

Landler: While the two Korean leaders pledged to rid the heavily armed peninsula of nuclear weapons, they put no time-line on that process, nor did they set out a common definition of what a nuclear-free Korea would look like.

Rebuttal: It's only been two frickin' days since the historic handshake! And already you're demanding details?

Landler: Instead, they agreed to pursue a peace treaty this year that would formally end the Korean War after nearly seven decades of hostilities.

Rebuttal: Oh, is that all? A formal end to the Korean War --- ho hum, eh Landler?

Landler: The talk of peace is likely to weaken the two levers that Mr. Trump used to pressure Mr. Kim to come to the bargaining table.

Rebuttal: So, the "talk of peace" is going to make it harder for Trump to "pressure" Lil' Kim into talking peace. Makes perfect sense. *(rolling eyes)*

Landler: A resumption of regular diplomatic exchanges between the two Koreas, analysts said,

Rebuttal: "Analysts say," *(a variation of "experts say")* --- Hip waders on, boys and girls. Liquefied bullshit *always* follows that prefix! Youse guys know the drill.

Landler: ... will inevitably erode the crippling economic sanctions against the North, while Mr. Trump will find it hard to threaten military action against a country that is extending an olive branch."

Rebuttal: This doesn't make any sense, *at all* -- not even as a lie! Why would Trump even need to "threaten military action" if Lil' Kim is "extending an olive branch?"

1 & 2. *The senseless partition of Korea -- A 70-year disgrace, conceived by FDR and Stalin at the **Yalta Conference** of 1945, may soon be coming to a close* **3.** *And all this piece-of-crap Landler (cough cough) can do is cast negativity on recent events.*

Landler: "This summit has put even greater expectations, greater hype and greater pressure on Trump," said Victor D. Cha, a Korea scholar at Georgetown University...

Rebuttal: Ooooh -- a "scholar." He must really be smart, eh?

Landler (quoting Cha): "He hyped this meeting with his tweets, and now the entire focus is going to be on his negotiating prowess. This is a moment of his own making.

Rebuttal: Trump hyped the upcoming meeting with Lil' Kim because he already knows how the storyline -- which he co-wrote with Xi, Kim and Moon -- is going to end. You egg-headed dope!

Landler: Mr. Trump reiterated that he was prepared to cancel the meeting, or walk out in the middle of it, if his diplomatic efforts were not making any headway. But some of his aides say privately they worry that the president, with an eye on the history books and a flair for the theatrical, is determined to emerge with a victory, even if it falls short of his stated goals.

Rebuttal: Ya know, one gets the feeling that Trump were to come back from the meeting with every last North Korean bomb, missile, plane, tank, vessel, gun, bullet, bow & arrow, knife, slingshot and pea-shooter on a fleet of cargo ships, the Slimes would *still* whine: "*But there is no guarantee that they won't rebuild.*"

Landler: The price of failure would be high for Mr. Trump. The United States could face a split with its ally South Korea, tensions could flare with China,

Rebuttal: Aw, shut the front door, Landler. You evil, treasonous back-stabbing, nay-saying kike.

Landler: Mr. Trump is also moving on other fronts that could undercut his negotiations with Mr. Kim. He appears more likely than ever to rip up the Iran nuclear deal as he faces his next deadline of May 12 to decide whether to reimpose sanctions on Tehran.

Rebuttal: Trump will play you suckers on "the Iran deal" exactly as he has played the North Korean "crisis." He will huff and puff; Iran will huff and puff right back at him; and then, working with the Russians, Trump will play out the pre-determined peace script before moving on to a final deal between Israel and the Palestinians. (*And if we're wrong, we'll be the first ones to jump off the Trump Train!*)

Landler: As always, though, the wild card is Mr. Trump himself.

Rebuttal: As always, Sulzberger's Slimes is full of shit.

1. By freeing South Korea from CIA-control and dealing with Xi of China, Trump set in motion the events which are bringing the two Koreas together.
2. The leaders of the two Koreas -- a happy day for all Koreans, but not for The Slimes.

And what did that bitter, jealous, psychopathic, child-sex trafficking loser lesbian Killary have to say about the Trump-Kim talks set for late May or early June? The hideous harridan (*a \$10 word for bossy old hag*) cautioned:

Headline: (Numerous sources) Hillary Clinton warns of 'diplomatic danger' in North Korea talks

"The former secretary of state said however that the US State Department was 'being eroded' and that experienced diplomats on the North Korean issue were in short supply, with many having left. 'You cannot have diplomacy without diplomats,' she said, adding 'the danger is not being recognized by the Trump government.'"

Actually, Killary, the purging of many of your precious State Department Globalists is precisely the reason why good things are happening. Heaven knows where we'd be had this daughter-of-Satan been elected President!

"Russia and China will pay a price."

Killary may very well have stated World War III on the Korean peninsula.

Boobus Americanus 1: *I read in the New York Times today that peace between the two Koreas may complicate Trump's upcoming talks with Kim Jong Un.*

Boobus Americanus 2: *But wouldn't that actually make it easier for Trump to make a deal between the parties?*

Boobus Americanus 1: *That's what I was thinking.*

Sugar: *Ya know the journalisstic junk is gettin' pretty frickin' bad when even the dumbasss Boobuss Brothers ain't buyin' it no more!*

Editor: *It's getting harder and harder for the Piranha Press to spin reality against Trump. But they won't stop trying.*

NY Times: A Lynching Memorial Forces a Reckoning For a Nation and a Newspaper

By JOHN ELIGON

REBUTTAL BY

The Anti-New York Times

Apart from the historical fact that the official narrative of the southern lynchings of many years gone by is grossly inaccurate; the utter libtardation of a nearly 200 year-old newspaper -- which through heirs and also sales to three different groups of outsiders has changed ownership *multiple times* -- now feeling compelled to "apologize" for past sympathetic coverage of lynchings is like an owner of an old home apologizing to his neighbor because a previous owner from 100 + years ago allowed his dog to crap on the lawn of the long-ago previous owner of the neighbor's property.

1. After other ownership changes in 1963 and 1968, Gannett purchased the Montgomery Advertiser in 1995. Why are they "apologizing" for the pro-lynching editorials penned under the owners from nearly 100 years ago?
2. Libtard Logic: **"Neighbor of mine. I'm truly sorry for what the people who lived in this home 100 years ago did to your unknown predecessor's yard."**

We don't which is more maddening -- the relentless anti-White hatred, or the illogical insanity which supports it. From the article:

"A memorial that opened last week in Montgomery, Ala., honoring lynching victims aims to force a reckoning with one of the United States' worst atrocities. As the city's largest newspaper, The Montgomery Advertiser, covered the opening, it found itself in the middle of its own reckoning."

In a news article and an editorial, The Advertiser admitted that its coverage of lynchings over many decades was careless, dismissive and dehumanizing in its

treatment of the black victims and portrayed them as criminals who got what was coming to them.

'We were wrong,' the editorial began.

Part public confession and plea for forgiveness, The Advertiser's self-examination marked an important acknowledgment of the role that the press played in perpetuating the mob violence that was unleashed on African-Americans for decades after slavery was abolished."

- 1. Alabama is now home to an ugly monument to rapists and murderers. The unveiling prompted the "apology" from the *Montgomery Advertiser*.**
- 2. That's it White Man! --- Grovel on command of your Jewish masters and his pet "minorities!" --- "We're so sorry! Wa wa wa."**

This would all be bad enough if lynching was the injustice that the Fake Historians allege that is it was. What adds insult to idiocy here is the **FACT**, that lynchings were, at least in the overwhelming majority of cases, the necessary and just actions of righteously angered men -- often carried out after a proper trial.

Were there some isolated cases of vigilante justice gone awry -- in which an innocent man may have been lynched? It's quite possible. But let's cut the commie crap and tell the whole truth about the lynch mobs which acted between the post-Civil War period and say, 1930. The 4,000 or so deserving recipients of the rope - **about 20% of whom were White** - got what was coming to them. As a matter of fact, there were also cases of righteous Black mobs lynching Black criminals!

*The sadistic rapist-murderer Leo Frank (cough cough) will no doubt be listed among the phony martyrs of the new monument. In 1913, Frank raped, battered and strangled 13-year old **Mary Phagan** (Image 1). When certain interests (cough cough) managed to intervene and spare him from the death penalty, the men of Atlanta stormed the prison and lynched low-life Leo from a tree in 1915. His death inspired the establishment of the Jewish ADL (Anti-Defamation League) -- which has always maintained, quite ironically, that the real culprit was a Black man.*

But visitors to the new Alabama-based **\$20 million dollar** super-structure to honor rapists and murderers certainly won't be hearing about the rapes and murders committed by the "Bill Cosbies" of that time. No sir. You see, all those Black "victims" of the rope were simply strung up merely for casting a momentary furtive glance at a pretty White girl from a mile away, dontcha know? Meanwhile, the *contemporary* and *real* off-the-charts Black on White violence, crime and rape continue unabated, and unreported by the Judenpresse of "the West."

The Montgomery Advertiser had it right 100 years ago.

1. Project Director Bryan Stevenson (above) was funded by Google and the Ford Foundation **2. The lynching monument peddles a false version of Southern history -- one that contradicts what was accurately portrayed in the classic silent film, *Birth of a Nation*. Many White women were indeed raped and even murdered. The culprits (be they Black or White) were then lynched by angry mobs of men with balls.**

Boobus Americanus 1: *I read in the New York Times today that a newspaper down in Alabama issued an apology for its past support of lynching.*

Boobus Americanus 2: *It's important for the South to own up to its racist past. That's the only way racial healing can ever take place in this country.*

Sugar: *Boobuss, you're ssuch a frickin' retard, you know that? The only reasson that racial ressnmenttss from centuriess passt remain iss because the sscum at Sulzberger'ss Sslimess won't sstop picking at the sscabss.*

Editor: *Saul Alinsky (cough cough) -- the Marxist agitator whose strategies were admired by both Killary and Obongo -- referred to this tactic as "rubbing raw the sores of discontent, galvanizing them for radical social change."*

MAY 2018

NY Times: Happy Birthday. Karl Marx. You Were Right!

By JASON BARKER

REBUTTAL BY

The Anti-New York Times

Good Lord! The Marxist scum at Sulzberger's Slimes aren't even attempting to hide their true faces anymore! Though his bicentennial birthday isn't until May 5th, **Karl Marx's** fan base at The Slimes simply could not wait to publish this pro-Marxist opinion piece by "professor of philosophy," **Jason Barker**. Notwithstanding a few obligatory jabs at Marxism, Barker's take on Marx (*cough cough*) is essentially positive, and very much in line with the shockingly provocative (*even by Slimes standards*) headline: "**Happy Birthday, Karl Marx. You Were Right!**"

But con-artist Marx, though at times correct and passionately persuasive in calling attention to the injustices of "capitalist" society (*the bait*) was neither "right" in his diagnosis of problems, nor in his solutions to them. Let's examine Barker's barking and set the record straight.

*Bolshevik professor **Jason Barker** pays homage to Marx's 200th.*

Barker: ... educated liberal opinion is today more or less unanimous....

Rebuttal: An "educated liberal" is an oxymoron. Though university-trained libtards may be quite capable in certain fields of study, when it comes to matters philosophical / political, they are truly the most stupid, narrow-minded, stubborn, insecure, boot-licking, dim-witted and *uneducated* specimens of humanity that this reporter has ever encountered (*and I have known many of these types*).

Barker: ... in its agreement that Marx's basic thesis — that capitalism is driven by a deeply divisive class struggle in which the ruling-class minority appropriates the surplus labor of the working-class majority as profit — is correct.

Rebuttal: No. That is *not* correct. It is the state, not the evil rich "capitalists," which, through both direct and indirect means, appropriates approximately 50% of the earnings of the average wage holder in America. Working hand-in-hand with the government is its financing partner-in-crime, the **Federal Reserve System** (*Central Bank*) -- a counterfeiting / loan sharking operation whose debt-based monetary system adds compounding public and private interest charges on top of taxes.

Ironically, both the Fed Gov and the Fed Bank are infested with Marxists and libtards.

Barker: Even liberal economists such as Nouriel Roubini agree that Marx's conviction that capitalism has an inbuilt tendency to destroy itself remains as prescient as ever.

Rebuttal: Wrong again, Bolshevik Barker. As previously stated, it is the ever-expanding indebted Federal Government (*State & Local too*) and ever-inflating debt-money Federal Reserve that are crushing so many working families into the ground -- not "capitalism" (*free enterprise*).

Echoing Marx, stupid Libtard Savants continue to blame private economy for the struggles of the working class, while ignoring the immensely destructive effects of confiscatory taxation and printing press debt / inflation.

Barker: But this is where the unanimity abruptly ends. While most are in agreement about Marx's diagnosis of capitalism, opinion on how to treat its "disorder" is thoroughly divided.

Rebuttal: It doesn't matter if modern libtards are divided as to how to treat the "disorder." If these Marxist morons all accept a faulty diagnosis which fails to take into account the crushing levels of taxation and inflation -- and also the break-up of the nuclear family -- as the main sources of decreasing living standards, then all "solutions" are doomed to failure.

Barker: And this is where Marx's originality and profound importance as a philosopher lies.

Rebuttal: Oh what bloody stinking crap! Marx's only "originality" regarding solutions to the social problems he wrote about was to call for unlimited political power to be handed over to insane and unaccomplished jobless revolutionaries such as himself in a "*dictatorship of the proletariat*." Then what?

Barker: First, let's be clear: Marx arrives at no magic formula for exiting the enormous social and economic contradictions that global capitalism entails ...

Rebuttal: Ah, the obligatory truth gem! Thanks for that, Barker. So if Marx has "no magic formula" to make the world a better place, then he actually has no "profound importance as a philosopher" after all.

Barker: What Marx did achieve, however, through his self-styled materialist thought, were the critical weapons for undermining capitalism's ideological claim to be the only game in town.

Rebuttal: Wrong again, Barker. Marx was still in diapers while thinkers far greater than he had already identified and fully diagnosed the injustices of Rothschild-owned Britain (*where Marx published many articles between 1850-1860*) and European society in general. Though his stories were fictional, author **Charles Dickens**, during the decade before Marx's Communist Manifesto, severely critiqued the social situation in books such as *Oliver Twist* (1838) and *A Christmas Carol* (1843).

Going back even further, the great **Thomas Jefferson**, in an 1816 letter to **Samuel Kerceval**, had this to say about conditions in England:

"To preserve their independence, we must not let our rulers load us with perpetual debt. We must make our election between economy and liberty, or profusion and servitude. If we run into such debts, as that we must be taxed in our meat and in our drink, in our necessities and our comforts, in our labors and our amusements, for our callings and our creeds, as the people of England are, our people, like them, must come to labor sixteen hours in the twenty-four, give the earnings of fifteen of these to the government for their debts and daily expenses; and the sixteenth being insufficient to afford us bread, we must live, as they now do, on oatmeal and potatoes; have no time to think, no means of calling the mismanagers to account; but be glad to obtain subsistence by hiring ourselves to rivet their chains on the necks of our fellow-sufferers."

Jefferson wrote those words two years before Marx's bitch of a mother had even pooped him out. So please, Mr. Barker, spare us this foolishness about Marx's "originality" in spotting the inequities and injustices of the day.

1 & 2. Thomas Jefferson and Charles Dickens not only spoke about the unjust conditions of 19th Century England *BEFORE* Kooky Karl "discovered" these problems; but in Jefferson's case, he correctly diagnosed the problem and knew the solution. **3. The unoriginal pretend "philosopher" Marx** was nothing but a hired hack who was distantly related to the Rothschilds. During his time in London, jobless Marx was so committed to revolutionary writing that his family endured extreme poverty and hunger. His main income source was Frederick Engels, whose source in turn was his rich daddy.

Mikhail Bakunin (below) was a true revolutionary socialist of the 19th Century who despised Marxism and regarded Marx as a Rothschild tool of totalitarianism.

When the people are being
beaten with a stick, they are
not much happier if it is called
"the People's Stick."

M. Bakunin

"Marx is a Jew and is surrounded by a crowd of little, more or less intelligent, scheming, agile, speculating Jews, just as Jews are everywhere, commercial and banking agents, writers, politicians, correspondents for newspapers of all shades; in short, literary brokers, just as they are financial brokers, with one foot in the bank and the other in the socialist movement, and their arses sitting upon the German press. They have grabbed hold of all newspapers, and you can imagine what a nauseating literature is the outcome of it."

Now this entire Jewish world, which constitutes an exploiting sect, a people of leeches, a voracious parasite, Marx feels an instinctive inclination and a great respect for the Rothschilds. This may seem strange. What could

there be in common between communism and high finance? Ho ho! The communism of Marx seeks a strong state centralization, and where this exists there must inevitably exist a state central bank, and where this exists, there the parasitic Jewish nation, which speculates upon the labor of the people, will always find the means for its existence.

In reality, this would be for the proletariat a barrack regime, under which the workingmen and the working closely and intimately connected with one another, regardless not only of frontiers but of political differences as well - this Jewish world is today largely at the disposal of Marx or Rothschild. I am sure that, on the one hand, the Rothschilds appreciate the merits of Marx, and that on the other hand, women, converted into a uniform mass, would rise, fall asleep, work and live at the beat of the drum; the privilege of ruling would be in the hands of the skilled and the learned, with a wide scope left for profitable crooked deals carried on by the Jews, who would be attracted by the enormous extension of the international speculations of the national banks." -- Mikhail Bakunin, 1869

Barker: In the "Communist Manifesto," Marx and Engels wrote: "*The bourgeoisie has stripped of its halo every occupation hitherto honored and looked up to with reverent awe. It has converted the physician, the lawyer, the priest, the poet, the man of science, into its paid wage laborers.*"

Rebuttal: There is a bit of truth to that. The money-grubbing of modern professionals, even worse today than in Marx's day, is undignified and degrading. But that's a problem of declining morals and ethics, not one of "capitalism." And does it really require a "philosopher" to point that out? Finally, what's Marx's "solution" then? Total government takeover with price and wage control over of all the professions? No thanks!

Barker: The key factor in Marx's intellectual legacy in our present-day society is not "philosophy" but "critique," or what he described in 1843 as "*the ruthless criticism of all that exists: ruthless both in the sense of not being afraid of the results it arrives at and in the sense of being just as little afraid of conflict with the powers that be. The philosophers have only interpreted the world, in various ways; the point is to change it,*" he wrote in 1845.

Translation: Destroy! Destroy! Destroy! We'll figure out the "solutions" later on, after the glorious "revolution."

Barker: Racial and sexual oppression have been added to the dynamic of class exploitation. Social justice movements like Black Lives Matter and #MeToo, owe something of an unspoken debt to Marx through their unapologetic targeting of the “eternal truths” of our age. Such movements recognize, as did Marx, that the ideas that rule every society are those of its ruling class and that **overturning those ideas is fundamental to true revolutionary progress.**

Translation: In the name of "justice" -- Destroy! Destroy! Destroy! Economy, politics, law, culture, art, history, science, literature, philosophy, music, morals, tradition, family, gender roles -- and everything else (*including millions of people!*) that is "bourgeoisie." Destroy! Destroy! Destroy!

Barker: But enlightened or rational thinking is not enough, since the norms of thinking are already skewed by the structures of male privilege and social hierarchy, even down to the language we use. **Changing those norms entails changing the very foundations of society.**

Rebuttal: And still: Destroy! Destroy! Destroy! (*the real meaning of "change"*) Barker, ironically, manifests the same philosophical deficiencies as he attributed to Marx in that he himself offers no solutions -- other than the "revolutionary progress" that is the blind destruction of anything and everything related to the existing societal order.

Barker: The transition to a new society where relations among people, rather than capital relations, finally determine an individual's worth is arguably proving to be quite a task.

Rebuttal: Actually, Barker, **The Great One** (*that's Hitler for all you newbies and normies*) achieved that lofty ideal in only a few years time. If you're truly sincere about building a better world not based on money, money, money -- you ought to have a look at what Germany achieved under freedom-based National Socialism.

1 & 2. *The Marxist ideal (put forth by Marx as boob-bait for the Globalist trap) of a just and less class-centered society in which people are judged upon social merit instead of "net worth" was actually achieved by the man the Marxists hate more than anyone -- **Adolf Hitler!*** **3.** *A 1932 Election poster demonstrates the anti-class philosophy of the National Socialists: "Workers of the mind and hand! Vote for the front soldier Hitler."*

Barker: Marx, as I have said, does not offer a one-size-fits-all formula for enacting social change.

Rebuttal: Then drop that bearded ass-clown already!

Barker: But he does offer a powerful intellectual acid test for that change.

Rebuttal: Wrong again, Barker. The only "intellectual acid test" offered by Marx is the deadly and painful lessons learned from the many countries which suffered under the brutal misrule of his Godless, heartless, soulless, brainless, traditionless and ***solutionless*** disciples. Fortunately, many of those states (*Russia, China, Eastern Europe*) later regained their senses and abandoned his junk philosophy.

The true-believing American and European libtards -- who remain oblivious to the reality that Marxism has always been, and still is, nothing more than a tool of domestic dismantlement used for Globalist objectives -- should do the same.

--- End of Rebuttal ---

We really hate the idea of having to summon up from the deepest pits of Hell that drunken, cigar-chomping, plagiarizing, mass-murdering homosexual and possible boy-rapist **Winston Churchill** to support our position; but in accordance with the principle that even broken clocks are right twice a day, we quote a line from his

*"This movement among the Jews is not new. From the days of Spartacus-Weishaupt to those of **Karl Marx**, and down to Trotsky (Russia), Bela Kun (Hungary), Rosa Luxembourg (Germany), and Emma Goldman (United States), this world-wide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing."*

NY Times: At His Ranch, John McCain Shares Memories and Regrets With Friends

By JONATHAN MARTIN

REBUTTAL BY

The Anti-New York Times

When Arizona Republican Senator **McCain the Insane** assumed the seat of the retired Republican **Barry Goldwater** in 1987, it marked a radical flip in representation from conservative nationalist to liberal globalist. Whereas the "extremist" Goldwater had been a favorite whipping boy of Sulzberger's Slimes and the rest of the Piranha Press, Golden Boy McCain was and is routinely puffed-up as an example of what an "enlightened" Republican should be. That fact alone constitutes evidence of what a dirty stinking rat this "maverick" truly is.

Oh, what a difference between Goldwater and the phony "war hero" who succeeded him! Behold:

Goldwater: *I believe that the **Council on Foreign Relations** and its ancillary elitist groups are indifferent to communism. In their pursuit of a **New World Order**, they are prepared to deal without prejudice with a communist state, a socialist state, a democratic state, a monarchy, an oligarchy - its all the same to*

them. Their goal is to impose a benign stability on the quarreling family of nations through **merger and consolidation**.

McCain: *"In a New World Order under enormous strain" and in "the titanic struggle with forces of radicalism ... we can't stand by and lament, we've got to be involved,"*

1. Life Magazine rigs an image of presidential nominee **Barry Goldwater** and his wife at the 1964 GOP Conention so as to make it seem like they were giving the "Nazi" salute. **2.** CFR member McCain, by contrast, has been the beneficiary of glowing media images and articles. **3.** McCain with his benefactor, **George Soros**.

It is said that the warmonger McCain, 81, -- a mortal enemy of President Trump -- "may be" dying of brain cancer; and that in the event of his death, McCain does not want Trump to attend his funeral. We truly do hope and pray that this nasty son-of-a-bitch will die very soon; but Sugar the Crazyed Conspiracy Cat strongly suspects that this funeral planning is all just part of an act to gain sympathy ahead of the justice that Trump and friends are cooking up for the likes of McCain and Killary. It could very well be that deals were offered to all of these Senators and Congressman who are suddenly and inexplicably retiring (*McCain, Flake, Corker, Ryan et al*). -- "Leave now and you'll be spared embarrassment or worse."

During the same week, the chummy Globalist ghouls Killary & McCain both began wearing ankle boots to conceal GPS tracking bracelets.

A few interesting lines from this article appear to give McCain's counter-move game away:

"And some of his associates, though not his family, have started to quietly put out word that they want a "McCain person" eventually appointed to fill his Senate seat, a roster that includes his wife, Cindy.

*.... Mr. McCain's future may determine whether Republicans retain their single-seat Senate majority: Should the senator die or resign before the end of May, there will most likely be a special election for the seat this fall. But under Arizona law, **if he remains in office into June, there will probably not be an election for the seat until 2020**, which Republicans would prefer given Democratic enthusiasm this year."*

You see, if the evil bastard can "hang on" until June, Republican's, "out of respect" for a dying man, might gift the seat to his home-wrecker of a wife, **Cindy McCain**, or at least to a loyal stooge of McCain's Arizona machine. Such a move would block any of the upstart conservatives currently eyeing McCain's seat. Then, come 2020, the incumbent Cindy (*who is only 64*), can win the seat outright and continue the criminal McCain dynasty for many years to come.

1. Cindy is just as evil as her husband, and could be appointed to the Senate later this year if he "survives." Will sympathy for his "brain cancer" then be used, in 2020, to persuade the teary-eyed boob voters to keep the Arizona seat in the McCain crime family? **2.** The child-lusting evil bastard Joe Biden and McCain's big-mouthed daughter, Meghan McCain, performed a fake crying session on national television for the "dying" McCain. **3.** During their 30 years together in the U.S. Senate, Globalist Democrat Biden and Globalist Republican McCain have been "as thick as thieves." What dirty game are they up to now?

If indeed McCain has been targeted for imprisonment, we hope that his "brain cancer" (*real or faked*) doesn't save him from the humiliating fate of incarceration

which he truly deserves. McCain is much more than just your ordinary corrupt politician. He is literally a destroyer of nations and of countless lives. His influence was immense in bringing about Bush's genocidal war on Iraq. At a time during 2002, when it seemed that Bush was wavering, traitor McCain actually threatened to run a 3rd Party "Bull Moose" campaign in 2004 to unseat him if war was not forthcoming.

In more recent times, Insane appeared in Ukraine to incite the mob which overturned the legitimate pro-Russian government and created a potential World War III hot-spot. He was also hip-deep involved in the funding of the Syrian "rebels" / ISIS whose proxy war to overthrow Assad has killed hundreds of thousands and left millions homeless. On the domestic front, his spiteful and theatrical "thumbs down" of Trump's attempted repeal of ObongoCare has left the country saddled with this monstrous boondoggle indefinitely.

~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** could write a book about the evil deeds of this wicked Globalist. Starting from his days as the phony "war hero" whose "hot-dogging" probably blew up a bunch of fellow navy airmen aboard his ship; and who later sang for his captors in exchange for special treatment and prostitutes -- through his days in the Senate where he often cursed out conservative Senators with F-bombs and once verbally abused a member of a POW family to the point she started crying -- the truth about this shameless monster who threw the 2008 election to Obongo would shock most people, if they could bring themselves to believing it, that is.

Will McCain's final act be the sympathy-based installation of his equally evil wife as Arizona Senator? Stay tuned.

McCain in Iraq --- McCain in Ukraine --- McCain in Syria

WAR! WAR! WAR! Blood & Guts McCain is a blood-thirsty psychopathic Globalist-Zionist.

Boobus Americanus 1: *I read in the New York Times that McCain doesn't want Trump at his funeral.*

Boobus Americanus 2: *McCain was true independent maverick. Trump disrespect of his lifelong service to this country is unforgivable.*

Editor: *Which is why Sulzberger's Slimes has always puffed him up with love letters.*

Ursula Haverbeck / Monika Schaefer

NY Times: Elderly German Neo-Nazi Apprehended, Sent to Prison

Times of Israel (*January 9, 2018*): Canadian Holocaust denier arrested in Germany

REBUTTAL BY

The Anti-New York Times

Just by watching a few videos of **Ursula Haverbeck** and **Monika Schaefer** speaking from their respective hearts, we can sense, with absolute certainty, that these are two of the warmest, sweetest and most charming older German ladies that you'll ever come across -- the gentle type who would welcome a stranger into their impeccable homes for coffee, strudel and conversation. These adorable women each represent the very antithesis of the Frumpy Frau, that nasty, frigid, bossy Bolshevik bull-dyke currently presiding over the slow torture-murder of Marxified Germany.

As is expected in this upside-down world of ours, while **Mamma Merkel** roams free to wreak havoc and cause more rapes and deaths of Germans at the hands of her beloved and untouchable Turd World "migrants," Ursula (89) and Monika (60's) -- with the gleeful approval of Jews all over the world -- are condemned to waste away a few years in German prisons for their thoughtcrime of Holocaust

Denial" TM. Boy-oh-boy, the "usual suspects" sure do make it difficult for decent people of good will *not to* "hate" them, don't they?

1 & 2: Ursula and Monika -- two sweet and innocent souls with hearts full of love -- rotting in prison. 3: The Frumpy Frau -- a nasty Globalist-Marxist ogre with a heart full of hate -- running Germany and the EU.

Frau Haverbeck was actually convicted a few months ago, but failed to show up to begin serving her 2-year sentence as scheduled. Haverbeck maintains (*100% correctly!*) that the Bullschwitz internment camp in Poland was simply a work camp, and even stated this on German TV. For this unforgivable thoughtcrime, the "Nazi Grandma" has been convicted several times, but avoided prison due to appeals.

You may sleep well now, boys and girls of occupied Germany! Mamma Merkel's "authorities" have finally apprehended Ursula the Terrible (*she actually returned to her home*), and have transported the dangerous felon to prison to begin doing her time for "Holocaust Denial" TM.

Never forget! We own Germany --- ha ha ha ha ha

Monika's Schaefer's case is just as heart-breaking and just as infuriating; yet still more outrageous. Whereas Haverbeck is a German citizen who broke a German law -- albeit an unjust and ridiculous law -- Schaefer is a Canadian citizen whose only "crime" was in making a YouTube video (*in Canada!*) in which she

apologized to her deceased German mother for once believing in the Holocaust TM and taking her mom's generation to task for letting it happen.

The video -- since flagged by JewTube as "offensive" material -- was titled, ***"Sorry Mom, I was wrong about the Holocaust."*** Before apologising to her mother on the video, Schaefer, a violin instructor, deftly plays the violin as a warm intro. In her speech that follows, she refers to the hoax as, *"the biggest and most pernicious and persistent lie in all of history."*

A few months ago, Schaefer visited Germany and attended the trial of **Sylvia Stolz** -- a former lawyer in Germany accused, and recently convicted, of Holocaust Denial. TM Schaefer sat quietly as a spectator, and never uttered a word about Holocaust Denial TM while in Germany. **The Times of Israel** explains what happened next:

"Though prohibited by German law from revealing the name of a suspect under investigation, spokesperson Andrea Mayer confirmed that a woman fitting her description had been recognized in the public audience at a trial in Munich of another person charged with incitement to hate."

You see, these bastards -- having probably been tipped off by accomplices in Canada -- knew that Monika was coming and were looking to nab her on German soil! No complaints from Canadian PM **Justine Trudeau**, of course. Nonetheless, ***we should all be spreading the word of these sad tales*** in the hopes that greater public awareness might at least lead to a mitigation of Monika's inevitable sentence -- or at the very least, a greater awareness of the evil we are up against.

1. Ha ha ha ha. I own Canada too, you stupid Nazi shiksa! 2. A warm and sensitive German-Canadian sweetheart. 3. Aerial views of Stadelheim Prison, in Munich, Germany -- where **CANADIAN Schaefer remains locked up.**

Boobus Americanus 1: *I read in the New York Times today that an 89-year-old woman was arrested in Germany for denying the Holocaust.*

Boobus Americanus 2: *Well, denying the murder of 6 million Jews is disgusting -- but the idea of throwing people in prison for it seems a bit extreme, especially for someone that old.*

Sugar: *One of these dayss, the frickin' jewss are gonna overplay their hand to the point where even the boobss get wise to their bullsshit!*

Editor: *Maybe that's why Frau Haverbeck forced them to come and find her. By drawing more attention to her cruel and ridiculous arrest, it has really got to make more people start thinking ---- I hope.*

NY Times: Trump Vandalizes the Iran Deal Trump's

NY Times: Termination of Iran Deal is a Risky Bet

**NY Times: Iranians Fear Deeper Crisis as Trump Ends
Nuclear Deal**

REBUTTAL BY

The Anti-New York Times

Despite E-mails now trickling in mocking Sugar and I, er, "The Editorial Board" of **The Anti-New York Times** for our defense of Trump as a man of peace hiding behind the strategic mask of a warmonger, Trump's withdrawal from "the Iran Nuclear Deal" TM remains a riddle to us. One lesson which we have learned during the Trump presidency is never to jump to conclusions over actions that deeply upset us peace loving conservative non-interventionists. Regular readers of the ANYT will recall our vicious attacks on Trump's warmongering in 2017; but time and again, he followed up with substantive moves promoting peace.

A review:

- Trump "attacks" Syria in 2017 then, weeks later, cuts off funding to the CIA's "moderate rebels" just as Putin is bombing the crap out of them.

- Trump threatens to nuke North Korea. Now, he will be meeting with Lil' Kim in June!
- Trump declares "trade war" against China. Then, China removes some of its trade barriers (*as Xi and Trump had surely already agreed upon during Trump's visit to China*).
- Trump goes along with Congress's sanctions on Russia (*which he cannot stop, anyway*) and bashes Putin. He then announces that he wants to meet with Putin soon.

With such unmistakable precedents having already been established, a rational man has got to consider the possibility that Trump's latest move is actually calculated to pacify the situation in the Middle East, notwithstanding the praise he is receiving from **Bibi Satanyahoo** and his neo-con henchmen. Keep your eye on the ball, not the head-fakes! Bottom Line / Red Line: **We are still not at war, which is all that matters.**

1. Trump called Assad a "butcher" -- then he saved him from being toppled.
2. Trump threatened "Rocket Man" with "fire & fury" bombing -- then he ended the Korean War and will soon be meeting Kim.
3. Trump continues to slander and threaten Iran --- is it real, or strategic?

Now, about that "Iran Deal" TM that Trump just tore up and threw in the garbage. -- The mere fact that so many scum-of-earth operatives of **The New World Order** are clearly in a state of panic over the withdrawal brings to mind the old adage, based on a line from Shakespeare's Hamlet: *"The lady doth protest too much, methinks."*

Emanuele Maricon (*deliberate typo*) from France was sent to Washington to plead with Trump to stay in the deal. **The Frumpy Frau** of Germany arrived the following week with a similar plea; and just days ago, UK's head hag **Theresa May** dispatched her Foreign Secretary, **Boris Johnson** to beg Trump as well.

Indeed, all of the head honchos of the evil EUSSR are condemning Trump's withdrawal.

Here on the domestic front, the very same Globalists who blew up the Middle East and, just years ago, were actually contemplating an attack on Iran, are all singing from the same song book in condemnation of Trump's termination of the deal. **Sulzberger's Slimes, The Washington Compost, Mr. & Mr. Obongo, Killary Clinton, John Kerry, Joe Biden** et al. However, the cast of characters *supporting* Trump's decision is just as despicable: **McCain the Insane**, his butt-boy **Lindsey Graham**, Mossad agent **Sean Hannity** and the "conservative" choir of radio shock-jock bigmouths. This whole thing is such a riddle.

1. The Big 3 M's of Europe are afraid of something 2. As are Obongo, Killary and Kerry. 3. Satanyahoo and his lapdog Hannity are pleased. Is Trump working with them, or is playing them too?

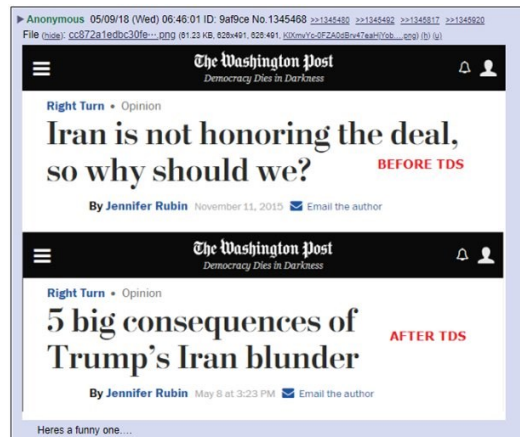

We know that the Zionist neo-con filth opposed the deal because they want another war of Israeli expansion *now*. That's an easy equation to figure out. The more difficult problem lies in reasoning out *why* the pro-deal Globalists (*not exactly pacifists themselves!*) seem so unhinged about the withdrawal. Could it be that there was something dirty about this deal that they don't want to come out -- perhaps related to those **pallets of paper cash** (*estimated at \$400 million -- some say 1.7 Billion*) that were shipped over as part of the deal? What an odd way for a government to transfer money!

Could it be the true purpose of the "Iran Deal" TM was to set up Iran for a future "violation" that would have given the expected-to-be-President Killary Clinton the pretext to finally attack Iran? If you think about it, Iran can no longer be falsely accused of "cheating" now because it was the US that pulled out of the deal, not Iran. Is Trump really serving Satanyahoo? Or did he just defuse another dangerous tripwire by killing a deal that had ulterior motives all along? Does it not seem strange that China and Russia -- who would surely be drawn into World War 3 if Trump attacked Iran -- seem rather passive in response to Trump's withdrawal

from a deal which they -- along with Iran, the EU, France, Germany and the UK were all party to?

GLOBALIST FLIP-FLOP

Was the purpose of the deal to later have President Killary attack Iran for "violating" it?

Q-Anon's post in the immediate aftermath of Trump's announcement sounds as intriguing as it does plausible, for it suggest that Iran is now free from "Evil":

*"Today, EVIL lost control / leverage of Iran. Today, POTUS took control of Iran. Today, w/ pending sanctions and military action(s), POTUS will gain more ammunition / intel against THEM (the Deep State). Suicide watch. **The deal kept Iran quiet.** The goal was to keep POTUS in (the deal) until impeachment / term end. Bigger than people can imagine. Treason is 1/10th. Ask yourself, why are they panicking? Ask yourself, why is UK, France, and Germany so involved? Trips to the WH? What are they hiding? Why is HRC (Hillary) in NZ (New Zealand)? Suicide watch. - Q"*

Before some of "youse guys" turn on Sugar and me for being "blind" about Trump's alleged march to war, let's just relax and see how all of this actually plays out over the coming months. --- Stay tuned.

1. Pallets full of cash? Somebody did something criminal here! 2 & 3. China, Iran and Russia are all economically and militarily allied. So why are Xi and Putin not loudly opposing Trump's withdrawal if, as Trump's critics claim, he is taking us to war with Iran?

Boobus Americanus 1: *The whole world is opposed to Trump pulling us out the Iran deal.*

Boobus Americanus 2: *What an asshole. I knew he was going to start another war.*

Sugar: *Don't ssoil your pink pantiess jusst yet, Boobuss. It ain't a war until the sshootin' actually sstartss.*

Editor: *That's what I keep telling people. Let's all just wait and see how this all unfolds. Who knows, we could see Trump visiting Iran next year!*

NY Times: A River of Pictures of the Dead from Russia's Sacred War

By ANDREW KRAMER

The celebration of the end of the war on May 9, Victory Day, has long been an important holiday in Russia. But as the number of living veterans dwindled in the new millennium, President Vladimir Putin reinvented Victory Day as a political holiday.

REBUTTAL BY

The Anti-New York Times

Though we understand the rationale behind Putin's nauseating glorification of "the Soviet victory" in World War II as a means to inspire and unite the people of Russia in the face of a hostile Globalist West; we cannot allow the annual spectacle to pass without a thorough clarification of five major points which contradict the deceitful dogma. With all due respect, Mr. President:

- 1. Stalin was 100% responsible for the outbreak of the German-Soviet war, *not* Hitler.**
- 2. The numbers of Russian war dead have been *extremely* exaggerated.**

3. The deadly seige of Stalingrad was solely the fault of Stalin, *not* Hitler.
4. The Soviet Union would *not* have won the war without US entry and assistance.
5. Stalin and his henchmen, both before and after the war, murdered far more Russians than the total amount of Russian war dead.

Though the annual event is an enjoyable and necessary show of force; the World War II glorification puts a stink on the whole affair.

Let's have a closer review of each of the five major points of clarification:

Point #1: Stalin is 100% responsible for the outbreak of the German-Soviet war, not Hitler

If **The Great One** (*that's Hitler for you newbies & normies*) said it, it's true. It's as simple as that -- yet also supported by hard facts since presented by real historians. The Great One:

*"Already in 1940 it became increasingly clear from month to month that the plans of the men in the Kremlin were aimed at the domination, and thus the destruction, of all of Europe. I have already told the nation of the build-up of Soviet military power in the East during a period when Germany had only a few divisions in the provinces bordering Soviet Russia. Only a blind person could fail to see that a military build-up of world-historical dimensions was being carried out. And this was not in order to protect something that was being threatened, but rather to attack that which seemed incapable of defense ... I may say this today: **If the wave of more than 20,000 tanks, hundreds of divisions, tens of thousands of artillery pieces, along with more than 10,000 airplanes, had not been kept from being set into motion against the Reich, Europe would have been lost.**"*

Point #2: The numbers of Russian war dead have been extremely exaggerated.

The estimate of "20,000,000 dead" Soviets (*both civilian and military*) comes to us from Stalin's underlings -- the same greasy bunch that claimed 4,000,000 had been "gassed" at the Bullschitz "death camp" (*since downgraded to 1,000,000, which is still a lie*). Not only is there no independent confirmation of this sacred number of "20,000,000" (*bumped up to 27,000,000 in recent times!*) but the number of "war dead" includes the millions of Soviet refugees and POW's that Stalin had killed or incarcerated as "traitors."

Point #3: The deadly siege of Stalingrad is 100% the fault of Stalin, not Hitler.

Apart from the fact that there would never had been a war in the East had Stalin behaved himself, the tragedy of Stalingrad did not have to happen. The Soviet forces embedded within Stalingrad could have retreated, but Stalin had forbidden it under penalty of immediate death by NKVD "rear guard" machine-gun units. So, what were the Germans and their supporting allies (*Hungary, Italy, Romania, Croatia*) supposed to do? Simply retreat from Stalingrad and allow entire well-equipped Soviet armies to just escape, so that they can counterattack and kill the Germans another day? That was not an option!

Because Stalin had ample warning of the German advance, the Soviets were able to ship grain, cattle, and railway cars out of town and out of harm's way. But most civilian residents were not evacuated. What Soviet propagandists dubbed "the harvest victory" left the city short of food even before the German attack began. But if the people were hungry, then what were hundreds-of-thousands of Soviet troops eating for the energy that enabled them to fight so long and hard at Stalingrad? Answer: **The Red Army was fed at the expense of the starving populace!**

- 1. Soviet Intelligence operative Pavel Sudoplatov** later confirmed that Stalin had planned to invade Germany and Europe.
- 2. British historian David Irving** discovered, in the records of Churchill's Russian interpreter, that Stalin told Churchill that 5,000,000 (not 20 M!) Soviets died in the war.
- 3. At Stalingrad, the innocent and hungry population was used as human shields for the Red Army.**

4. The Soviet Union would never have won the war without US entry.

America's entry into the war, enabled by FDR's provocations and treason relating to Japan's wholly justified attack upon Pearl Harbor, caused the Germans to deploy about 1/3 of their men and material to defend the western and southern fronts. From Stalin's perspective, this depletion of German might in the east was the equivalent of killing or capturing 1/3 of the German military might.

In addition to the added war-fronts imposed upon Germany, the Soviets received enormous military assistance through FDR's "lend lease" program. Just how massive was the free arsenal of state-of-the art goodies which FDR shipped to "Uncle Joe" via never-ending Arctic convoys? Chew on these numbers,

- Trucks: 427,284
- Tanks and Combat Vehicles: 13,303
- Aircraft: 11,000
- Bombers: 3,000
- Anti-Aircraft Cannons: 8,000
- Motorcycles: 35,170
- Ordnance Service Vehicles: 2,328
- Radar Systems: 400
- Petroleum Products (*gasoline and oil*): 2,670,371 tons
- Explosives: 300,000 tons
- Field Radios: 40,000
- Foodstuffs (*canned meats, sugar, flour, salt, etc.*): 4,478,116 tons
- Locomotives & Railway cars: 13,000.
- Tommy Guns (*fully automatic machine guns*): 135,000
- Metal Cutting Machine Tools: 400,000

An entire tire plant was actually lifted bodily from the Ford Company's River Rouge Plant and transferred to the USSR. There were also secondary Lend-Lease deliveries from the UK to the USSR, most of which were just re-transfers of US aid given to the UK. More essential goodies: aircraft engines, battleships, destroyers, submarines, mine sweepers, sonar sets, anti-submarine batteries, naval guns, rocket batteries, gear-cutting machines, drilling machines, cast-iron pipes, X-ray tubes, electric furnaces and even essential items such as socks, boots, razors, clothes.

The complete list of Lend-Lease aid, both for the Soviet military *and* the besieged home-front population, was published by **Major George Racey Jordan** in 1952. It

is indeed a jaw-dropper. As conceded even by Russian military historians, the augmentation of Soviet fire-power due to Lend Lease was as much as 30%. That's akin to a 150 pound street-fighter packing on 50 more pounds of muscle - *American* muscle! And it wasn't only about numbers; the state-of-the-art quality of items such as radar systems, fighter aircraft and tommy-guns was beyond what the Soviets could produce at the time.

5. Stalin and his henchmen, both before and after the war, murdered far more Russians than the total amount of Russian war dead.

From the days of the Russian Civil War which followed the Bolshevik Revolution of 1918 -- through the engineered famines targeting anti-communist farmers -- through the mass arrests and work-to-death murders of the infamous "gulags" -- through the post war extermination of any "traitor" Soviet refugee, German "collaborator," or POW who violated "no surrender" orders -- the numbers of innocent Russians murdered from 1918-1946 by the very gang of fiends who engineered the war with Germany may be as high as **60 million!** Why is there no parade to honor their memories?

1. In accordance with Stalin's demands, Allied advance from the West & South diverted much-needed German manpower and resources from the Soviet front. 2. Major *George Racey Jordan's* diaries reveal the full story of America's MASSIVE "lend-lease" arming of the Soviet war machine. 2.

After the war, under orders from Allied Supreme Commander Dwight Eisenhower, millions of Soviet refugees and POW's were rounded and sent back to Stalin for mass killing.

Sorry, Mr. Putin. We admire and respect you; and we understand the lasting power of Russian mythology regarding World War II; and we totally understand what you are trying to do with this holiday and parade. All that being acknowledged, Russia's "Victory Day" parade -- a spectacle built upon a foundation of historical lies -- still makes us throw up in our mouths.

Boobus Americanus 1: *I was reading in The New York Times about Russia's massive Victory Day parade. The wounds of Hitler's war are still open for them.*

Boobus Americanus 2: *I understand they lost about 27,000,000 people during that war.*

Sugar: *Hey Putin! Why not get your hisstoriansss to ssay it was 100,000,000? Boobuss will buy it.*

Editor: *The sad reality us that 20,000,000 million Germans may have actually died -- the majority after the end of the war officially ended.*

NY Times: 'I Can Finally Dream': Tunisia Expands Protection for Battered Women

REBUTTAL BY

The Anti-New York Times

Five separate stories, with one common theme, spread like hot feces all throughout a single Sunday issue of Sulzberger's Slimes. Here's a brief summary of the essence of each article:

1. Women good -- men bad
2. Women good -- men bad
3. Women good -- men bad

4. Women good -- men bad
5. Women good -- men bad

The angle here is obvious. The Marxist-inspired "women's movement" TM which began with the suffrage movement of the late 19th century eventually metastasized into the feminist revolution of the 1960's and beyond. Today, many loony and thoroughly miserable ladies, having abandoned motherhood for the pursuit of "equality" in government and the professions, now hold some of the highest corporate and government positions in major nations throughout the West, and constitute a majority of the university student population.

Yes indeed -- you've come a long way, baby. How's it workin' out for ya?

*Emotion-driven tools and fools of the high-placed men of **The New World Order**. This Marxist madness should have been nipped in the bud with a good mass-spanking 100 years ago.*

Given this amazing "progress," one would think that the "women's movement" TM would settle down and savor the "equality" it has won. Instead, the loony ladies are becoming even more aggressive in their holy war to tear down "the patriarchy." The goal now is not merely "equality," but rather, a perceived *superiority* over deballed and dispossessed men. Note our use of the adjective, "perceived" in front of the word "superiority." That's because, at the very tippy-top of the **New World Order** pyramid, it has always been and will always be a men-only club calling the shots. Ever notice how, despite their total orchestration of the "women's movement" TM, the "capos" and heirs of the intertwined Globalist **Rothschild, Rockefeller, Sulzberger** and **Soros** crime syndicates are always boys?

You see, the fraud of female equality not only serves the critical Globalist objective of degrading humanity by wrecking the traditional family, it also supports the heavy capstone of the pyramid structure because female presidents,

prime ministers, senators, and CEO's will *never* rebel against the strong masculine hand of the true masters of this troubled planet (*cough cough*). It is not in a woman's nature. Though these nasty man-hating harridans (*a \$10 word for 'bossy hags'*) may fancy themselves as "liberated" rebels who love to throw their weight around before de-balled / demoted male subordinates, they will, paradoxically, grovel like star-struck groupies and purr like submissive kittens in the presence of a strong N.W.O. king queen-maker. That's part of a woman's nature too.

Notice how the nasty, bossy, man-hating, feminist Killary Clinton suddenly melts like butter before the predominately Jewish, all-male masters of the Globalist / libtard conspiracy.

1. Henry Kissinger (cough cough) 2. Laurance Rockefeller 3. George Soros (cough cough)

*

4. Sir Evelyn de Rothschild (cough cough) 5. Harvey Swinestein (cough cough) 6. Mike Bloomberg (cough cough)

The dangerous conspiratorial drive to neuter men and enthrone weak-minded women everywhere is really heating up as we approach the milestone year of **2020** (*100th Anniversary of Women's voting rights in USA*). But even without the diabolical male guiding hand of the N.W.O. puppeteers over these artificially empowered women, our societies and civilization would still be in grave danger

from female politicians and leaders, even the well-intentioned ones. With all respect and love to our female readers, leadership simply is not what the Creator designed "youse guys" for. We boys can and should be handling this stuff. The ladies are needed for much more important and much more gratifying work, namely, the nurturing, educating and rearing of healthy and happy children -- which is what we all should be living for.

Queen Victoria of Great Britain saw this crisis coming back in the late 1800's. The wise monarch -- notwithstanding the misplaced trust she placed in Rothschild-owned Prime Minister **Benjamin Disraeli** (*cough cough*) warned:

*"I am most anxious to enlist everyone who can speak or write to join in checking this mad, wicked folly of "Women's Rights", with all its attendant horrors, on which her poor feeble sex is bent, forgetting every sense of womanly feelings and propriety. Feminists ought to get a good whipping. Were woman to "unsex" themselves by claiming equality with men, **they would become the most hateful, heathen and disgusting of beings** and would surely perish without male protection. I love peace and quiet, I hate politics and turmoil. **We women are not made for governing**, and if we are good women, we must dislike these masculine occupations."*

Tell it, Queenie. Tell it!

They have been given power over the common men whom they hold in contempt, but they knowingly, obediently and happily remain under the total domination of elite and powerful Globalist males.

1. The Frumpy Frau is Chancellor of Germany. **2. Mamma May** is the Prime Minister of the UK **3. Kamala Harris** is the expected Democrat presidential nominee for the 2020 QFS (*Quadrennial Freak Show*)

Boobus Americanus 1: *I read in The New York Times today that a record number of women are running for Congress.*

Boobus Americanus 2: *I predict that within 10 years, women will make up at least half of the Senate and House.*

Sugar: *Meanss nothing, Boobuss -- because old male Jewss will sstil be running the sshow from behind the curtain!*

Editor: *Yep. The "emancipation" of women was intended to subordinate White men by herding them under a controlled layer of upper-middle management psychotic females.*

Demonstrators taped over the “Zuckerberg” at Zuckerberg San Francisco General Hospital and Trauma Center on Saturday.

NY Times: San Francisco's Nurses Protest the Zuckerberg Hospital's Name

REBUTTAL BY

The Anti-New York Times

Cheese & crackers! So, little **Markie Marxist Zuckerberg** (*cough cough*) of FakeBook fame got an historic hospital in San FagSicko named after himself, eh? Typical! From the article:

"...in San Francisco it's become a particular flash point. Here, the Zuckerberg name is visible on one of the city's most iconic institutions and one where privacy is part of the compact: the 146-year-old general hospital. After a record-setting \$75 million gift from Mr. Zuckerberg and his wife, the pediatrician Priscilla Chan, in 2015, the general hospital was renamed Priscilla Chan and Mark Zuckerberg San Francisco General Hospital and Trauma Center."

Ever notice how so many wealthy "philanthropists" (*especially chosenites*) get their names immortalized on buildings or wings of buildings? One has to wonder,

do the elites make donations to help good causes, or are they just glorifying themselves by enshrining their names in structures that will be around long after they are gone. We believe know it's the latter. Sick bastards!

1. "Look at us, everybody! We're the Zuckerbergs, and we care oh-so-so much about helping the little proletariat. Aren't we wonderful?" 2. 2010: Zuckerberg went on the Oprah Winfrey Show to boast about his plan to donate \$100 Million to the failed Newark, NJ school system. "Look at me! Look at me!"

In addition to the Zuckerberg Hospital, the following list represents only a tiny fraction of the cases revealing this narcissistic phenomenon of virtue-signaling billionaires buying immortality under the guise of "philanthropy" with donations ranging from \$30 million to \$100 million:

- New York: The William and Charlotte Bloomberg Children's Center
- New York: Stephen A. Schwarzman Public Library
- Boston: Lunder Building, Mass General Hospital
- New York: Sulzberger Hall (Barnard College)
- New York: David Koch Theater
- New York: David Geffen Hall. (\$100 Million)
- New York: Laura and Isaac Perlmutter Cancer Center
- Los Angeles: Steven Spielberg Building (Medical)
- Baltimore: The Harry and Jeanette Weinberg Building (Medical)
- Utah: (Utah Valley University) Ira and Mary Lou Fulton Library

The list is *endless*, and we're sure that many of you can spot local cases of libraries, hospitals, hospital wings, research centers, museum wings, and scholarships being named -- with great fanfare -- after some egotistical (*usually Jewish*) big shot. If charity were truly on their mind, then instead of just handing such large sums over to for-profit hospital administrators, why not set up free health care plans for folks having a hard time? Or how about building decent free / low cost housing for struggling working people (*and there are many!*) who simply can no longer afford rent in so many areas of the country? There are so many areas of legitimate and direct need, but these "philanthropists" always seem to fixate on libraries, hospitals

and museums because those institutions come with high-profile physical buildings that can be named after them.

*The oh-so-caring Marxist multi-billionaires Steven **Spielberg** (cough cough), **Mike Bloomberg** (cough cough), and **David Geffen** (cough cough) all bought earthly immortality for themselves. Like Egyptian Pharaohs of ancient times, their egos will be fed by renamed buildings, both now and long after they are gone. Images below.*

*

Spielberg Center, Bloomberg Center, Geffen Hall

The contempt for and disconnect from the "common man" -- that piece of nothing "human resource" which the **PRC (Predatory Ruling Class)** pretends to care so much about -- calls to mind that timeless and wise admonition of **Jesus Christ**, who had these ego-maniacal Pharisees and their "philanthropy" pegged 2000 years ago:

“Be careful! When you do good things, don’t do them in front of people to be seen by them. If you do that, you will have no reward from your Father in heaven.

² *“When you give to the poor, don’t be like the hypocrites. They blow trumpets in the synagogues and on the streets so that people will see them and honor them. I tell you the truth, those hypocrites already have their full reward. ³ So when you*

give to the poor, don't let anyone know what you are doing. ⁴ Your giving should be done in secret. Your Father can see what is done in secret, and he will reward you." (Book of Matthew, Chapter 6)

Tell it, master. Tell it!

NY Times: A Chinese Town's Deep Bonds With Japan Bring Wealth and Hatred

REBUTTAL BY

The Anti-New York Times

This very interesting story about the friendly ties of the Chinese town of Fangzheng to Japan offers us a “teachable moment” TM on some little-known World War II history. From 1932-1945, there existed in what is now northeastern China the independent pro-Japanese state called “**Manchukuo**” – aka, the state of Manchuria. Though its Emperor and government had been installed by the Japanese in 1932, Manchukuo was not, as the fake historians claim, a Chinese “puppet state” -- and certainly far less of a "puppet" than the rest of China -- headed by **Chiang Kai Shek** -- was of the United States and Great Britain.

As a direct result of the Russo-Japanese War of 1904–05 (*won by Japan, with Western assistance*), Japanese influence replaced Russian influence in the region. During that bloody war, Japan suffered half-million dead or wounded. As a result, from the time of the war onward the Japanese took the viewpoint that the blood they had shed entitled them to influence in the region. Many of local Chinese, as did other peoples throughout Asia, saw Japan as a stronger Asian brother standing up to imperialistic foreign powers.

A huge chunk of China was friendly toward the Japanese.

*

As part of its effort to fight back Chinese communist rebels as well as resisting western (*Globalist*) domination of Asia, Japan established and protected Manchukuo in the early 1930's – with the approval of many grateful Chinese. This totally contradicts the fake history narrative of an aggressive and rampaging Japan imposing its will on helpless Chinese civilians. And yes, the "**Rape of Nanking**" is every bit as much of a dad-gum stinking fairy tale as the Holohoax.

1. Puyi -- the last Emperor of China and the twelfth and final ruler of the Qing dynasty, was installed by Japan to rule **Manchukuo**. **2. Chiang Kai-shek** -- the pro-western leader of China -- was played for a fool by FDR and his Globalist gang. **3. Mao Tse Tung**: Stalin's murderous Red rebel agent who sought to capture all of China (and eventually did, with US help, in 1949)

Some interesting and sad excerpts from this article (*with our own bold-lettered observations, images and captions added*):

From the article: The Sino-Japanese Friendship Garden in Fangzheng, China. Fangzheng's ties to Japan go back to the 1930s....But inside is no garden. Instead,

there are graves of some 5,000 Japanese who died in what was then known as Manchuria when the Japanese Empire collapsed in defeat at the end of World War II, and victorious Soviet armies swept in.

(Those “victorious Soviet armies” -- as had been agreed upon many months earlier at Yalta -- joined the war against Japan the day that the USA dropped its 2nd atom bomb on Japan. They “won” nothing in the Pacific theater of World War II. It was handed to them.)

As conspired and agreed upon at "The Big 3" Conference in Yalta (January 1945), Stalin stabbed Japan in the back after the A-bombs were dropped by invading Manchuria and North Korea, thus bringing Communism to power in Asia.

Continued: The Friendship Garden was built as a memorial to this tragic period of history, and became a symbol of the unusually close ties that have bound Fangzheng to Japan since the war.

The town was once so proud of its connections to Japan that it erected Japanese-language shop signs, and sent a fifth of its population to live and work in Japan. But when rivalries between Japan and China flared, people in Fangzheng found themselves branded as traitors.

Fangzheng's bonds to Japan go back to the 1930s, when this region of China, now known as Heilongjiang Province, was part of a Japanese-created puppet state in Manchuria.

(It was not a “puppet state.” It was pro-Japanese, but sovereign.)

Continued: When the Japanese surrendered in 1945, about 10,000 of these colonists were trapped in Fangzheng by the advancing Soviets. Cut off from escape, thousands died from cold, sickness and starvation, as well as group suicide.

(Just like so many terrorized Germans at the end of WW2, these Japanese were set up for slaughter and suicide at the hands of the Red Army – courtesy of FDR and Truman.)

Continued: Thousands of other Japanese stayed, many of them children who were given to Chinese families by desperate parents, or abandoned as orphans.

(Wow. What a story! The Japanese parents killed themselves but saved their children by giving them to Chinese families who raised them as their own. We never knew about this!)

1 & 2: Pre-war Japanese posters depicts friendship among the peoples of Japan, Manchuria, and China. Poster # 2 includes other Asian nations as well (note the flag pins). The countries of Asia would all have gotten along nicely had not FDR interfered in their natural relationships. **3.** After the war, in both North Korea and Manchuria, Japanese soldiers and settlers were rounded up by Stalin's henchmen. As was the case in Germany, many committed suicide rather than be killed or sent to Siberia.

Continued: Their story was forgotten until 1963, when Zhou Enlai, China's No. 2 leader under Mao, ordered the town to excavate the Japanese bones from the hills and forests around the town for cremation and burial. The ashes were interred at what later became the Friendship Garden.

In 1995, a repatriated former orphan built a monument in the cemetery to the Chinese parents who adopted Japanese children. Many of the former orphans, some of whom kept their Chinese names while others took Japanese names on returning, are now among the most frequent visitors to the Friendship Garden.

***** **End**

Very informative story -- notwithstanding the "puppet state" nonsense.

REAL HISTORY!

1 & 2: Japanese soldiers hand out candy to Chinese children. Many Chinese (and other Asians) saw the Japanese as brotherly liberators and protectors. **3.** Japanese Emperor **Hirohito's** post-Pearl Harbor War Declaration explains that Japan never harbored any ill will toward China.

An excerpt:

"It has truly been unavoidable and far from our wishes that our Empire has been brought to cross swords with America and Britain. More than four years have passed since China, failing to comprehend the true intentions of our Empire, and recklessly courting trouble, disturbed the peace of East Asia and compelled our Empire to take up arms. Although there has been reestablished the National Government of China, with which Japan had effected neighborly intercourse and cooperation, the regime which has survived in Chungking, relying upon American and British protection, still continues its fratricidal opposition.

Eager for the realization of their inordinate ambition to dominate the Orient, both America and Britain, giving support to the Chungking regime, have aggravated the disturbances in East Asia. Moreover these two powers, inducing other countries to follow suit, increased military preparations on all sides of our Empire to challenge us. They have obstructed by every means our peaceful commerce and finally resorted to a direct severance of economic relations, menacing greatly the existence of our Empire."

NY Times: U.S. Fertility Rate Fell to a Record Low, for Second Straight Year

By SABRINA TAVERNISE

REBUTTAL BY

The Anti-New York Times

This article represents a classic case of a hand-wringing libtard identifying a serious problem, while remaining totally oblivious to its causes and hence, to any real solutions. Let's go through this woefully incomplete (*though generally accurate*) piece by dingbat **Sabrina Tavernise** and reinforce it with some badly needed analysis.

*Though better known for her anti-Russian garbage, this article by **Sabrina Tavernise** accurately tells about America's rapidly declining birth rate --- but it has many missing pieces.*

Tavernise: The fertility rate in the United States fell to a record low for a second straight year, federal officials reported Thursday, extending a deep decline that began in 2008 with the Great Recession.

Analysis: Correct. The only implied half-truth here is that the drop relates purely to the economic erosion of the past 10 years. Though certainly an important contributing factor, the problem is really more cultural than it is economic.

Tavernise: The fertility rate fell to 60.2 births per 1,000 women of childbearing age, down 3 percent from 2016... It was the largest single-year decline since 2010, when families were still feeling the effects of a weak economy.

Analysis: Again, with libtards, everything is materialistic. Silly Sabrina ignores the fact that many women from high middle and upper income brackets are also not having children.

Tavernise: Fertility rates are essential measures of a society's demographic balance. If they are too high, that can strain resources like housing and education.

Analysis: Marxist mumbo jumbo! During America's "baby boom" decades, housing and education were actually far more affordable relative to today's costs. The "strain" on education and housing "resources" is caused by economic factors relating to state mismanagement, inefficiency and fraud.

Not too long ago -- before the age of "alternative lifestyles," -- young people were expected to get married and start a family.

Tavernise: If they are too low, a country can face challenges replacing its work force

Analysis: True.

Tavernise: ... and supporting its older adults.

Analysis: Only because of the pyramid schemes of Social Security and Medicaid - - which essentially robbed every retired worker of at least a million dollars in potential savings / compound returns. That is why hospitals are purposefully mass-morphine-murdering senior citizens under the guise of "comfort care."

Tavernise: In the United States, declines in rates have not led to drops in the population, in part because they have been largely offset by immigration.

Analysis: In other words, Whites are being self-genocided and replaced -- by design!

Tavernise: The country has been living through one of the longest declines in fertility in decades and demographers are trying to figure out what is driving it.

Analysis: Amazing, isn't it? Egghead "demographers" -- being university "educated" libtards -- are unable to "figure out" that a post-religious feminist society that urges young women to ditch "old fashioned" family models, pursue "careers" and have casual "protected" sex (*thus making it unnecessary for the boyfriends / lovers to grow up and marry in order to satiate the sex urge*) are the main causes of falling marriage / birth rates.

Tavernise: Rates tend to drop during difficult economic times as people put off having babies, and then rise once the economy rebounds. But the rate has not recovered since the Great Recession.

Analysis: Again, always fixating on economic factors, libtards are at a loss to explain why birth rates continue to fall, even though the economy is not as bad as 5 years ago.

SOCIAL ENGINEERING BY HOLLYWEIRD

The Mary Tyler Moore Show, Police Woman, Murphy Brown and many other TV shows glorified single career women as traditional wives and mothers began to disappear from the airwaves.

*

*Feminist icon, **Gloria Steinem** (cough cough)*

Tavernise: “Every year I look at data and expect it will be the year that birthrates start to tick up, and every year we hit another all-time low,” said Kenneth M. Johnson, a demographer at the University of New Hampshire. “It’s one of the big demographic mysteries of recent times.”

Analysis: It's a "mystery," eh professor? What a dork! It's only a "mystery" to one who doesn't understand the devastating social and moral implications of the cultural Marxism that has so infected western society.

Tavernise: Social forces are also at work. Women are postponing marriage, becoming more educated and are more likely to be the primary breadwinners for their households.

“It’s hard to tell whether this is a dip that we periodically see in fertility or this is a long-term trend due to major social changes,” said Donna Strobino, a demographer at the Bloomberg School of Public Health in Baltimore.

Analysis: It's "hard to tell, eh?" Another diploma-decorated egghead.

Tavernise: It could be that the new generation of millennial women is delaying having children even longer than the women who came before them, as prime childbearing years are also critical years for advancing in a career.

Analysis: There it is! The "career" -- that over-rated illusion now forced upon little schoolgirls as the be-all and end-all of human existence. By the time our manly career women have figured out that they've been suckered into becoming disposable tax-paying / interest-paying "human resources" instead of devoted wives and satisfied mothers, it's already too late for most of them.

Tavernise: Shannon Hettinger, a 32-year-old from Washington, D.C., said she definitely wanted children. But she moved to Washington, and spent her 20s deciding on a career. Now that she has one she loves — she works in residential real estate sales — she is not going to stop until she gets established. That means not having children for a while.

“I just want to build my book of business and see where I can go from here,” she said. “My whole focus is career growth. That’s my No. 1 priority. Once I achieve a certain level of success,” she added, “then I’ll start thinking about a family.”

Analysis: You go ahead and build that "book of business," sweetie. And see how that works out for ya when you get old and alone.

Millions of single middle-aged women were led down the dead-end paths of careerism and foolishly waiting for "the perfect man" that never existed. Later years of pain, solitude and despair await many of these childless and grandchildless women.

Tavernise: Ivy Gray-Klein, 26, who works at the University Of Pennsylvania School Of Design, said she was open to having children but cannot imagine doing so until she is 30 or 35. She wants to feel settled in her own life first. Now she has three roommates, is paying down her student loans and is working to build a little bit of savings.

"I'm just really trying to get myself to a place that is solid," she said by phone. "Having a child right now would be so destabilizing. Children just seem like such an enormous financial undertaking."

Analysis: Poor Ivy. Not only corrupted by careerism, but buried in the student debt required to finance the "education" upon which the career is built. May God forgive us for what we have done to our young women -- and men too.

Tavernise: The biggest falls have been among younger women, but last year the birthrate even declined for women in their 30s, an unusual development, demographers said.

"I was surprised to see that reversal," said Gretchen M. Livingston, a demographer at the Pew Research Center.

Analysis: Another "intellectual" who is "surprised." (*face-to-palm, shaking head, sighing*) Cheese and crackers! These frickin' academic ass-clowns must go to college to get stupid, before moving on to grad school to get even stupider.

My dear diploma-decorated demographers -- this ain't rocket science! The formulas for both defining and rectifying this very serious long term dilemma are very basic:

- **Problem: Cultural Marxism + Massive Tax & Debt = Declining Birth Rates**
- **Solution: Traditional Culture + Low Taxes / Sound Money = Rising Birth Rates**

With Marxists and their libtarded dupes running all of the West's key intuitions, it sure doesn't look like this crisis will be corrected anytime soon -- even if they wanted to do so.

1. "Take Your Daughter to Work Day" was used to promote careerism to young girls. The event is now "Take Your Child to Work Day." 2. As the song says, "Girls just wanna have fun!" (and raising children isn't always fun!) -- While away at college to get "educated" for a future "career," daddy's little girl is introduced to a selfish hedonistic lifestyle which she may never grow out of. 3. For both young men and women, student debt acts as a further disincentive for marriage and young parenthood.

*

A reader cites some other very important elements behind this problem:

"What the women didn't count on was getting into their 30's, hitting the wall and losing all that youthful beauty, and they've had sex with so many guys by then and shit on so many guys by then the guys won't risk it. The guys have learned their lesson too. If they haven't been through a nasty divorce yet it's a sure bet they've seen one or more of their buddies go through it."

Boobus Americanus 1: *I read in the New York Times today that birth rates have fallen to record lows.*

Boobus Americanus 2: *That's strange, considering how much the economy has improved in recent years.*

Sugar: *Life ain't all about money, Boobuss. I was frickin' homeless when I had my litter!*

NY Times: As Prince Harry and Meghan Markle Wed, a New Era Dawns

By ELLEN BARRY

REBUTTAL BY

The Anti-New York Times

Who bloody cares about those degenerate useless eaters of the modern British Monarchy and their "royal weddings?" Evidently, the owners of the Piranha Press (*cough cough*) and the hordes of simpletons enthralled by their wholly owned **EIB** (*Electronic Idiot Box*) do -- and there's a historical reason for it.

You see, the British Royal Mafia and various parliamentarians -- initially for the glory of the ever-expanding Empire and then for the purpose of survival -- got in bed with and were then forced to stay in bed with the International Jewish bankers a long time ago. That is why "**The House of Windsor**" is still around, whereas the **Habsburgs** (*Spain, Austria*), **Hohenzollern** (*Prussia/Germany*) **Romanovs** (*Russia*) and **Bourbons** (*France, Italy*) are not.

Why is it that Reds & other Rothschild agents never murdered British nobility?

1. King Louis XVI (House of Bourbon) 2. Archduke Francis Ferdinand (House of Habsburg) 3. Tsar Nicholas and family (House of Romanov)

But the English monarchy wasn't always so beloved by the Jews. In 1290, **King Edward I** (*aka "Longshanks"*) issued a royal decree known as **The Edict of Expulsion** -- expelling all Jews from the Kingdom of England. The drastic action - an inevitable result of unscrupulous money lending, coin clipping, ritual murders of Christian children, and all the rest of the usual nasty business that the usual suspects have been "libeled" for (*rolling eyes*) since time immemorial -- remained in force for the remainder of the Middle Ages.

It wasn't until after **Oliver Cromwell's** revolution -- **funded by the usual suspects** (*based in Holland*)-- that the Jews were allowed back into England in 1656 after a 366 year hiatus. As "Lord Protector," the psychotic Puritan Cromwell had **King Charles I** killed and began an oppression of Irish Catholics so brutal that some historians have described it as "near genocidal." After Cromwell's death in 1658, Charles' son returned from exile and was crowned **King Charles II** in 1660.

But thanks to Cromwell's treason, the money-lending termites were already back in by that time, In 1694, The **Bank of England** was established (*by native British bankers / probably fronting for Jewish bankers*). About 110 years later, the **House of Rothschild** had become the *openly* identifiable masters of the Empire.

1. 1290: King Edward banished the Jews 2. 1658: Oliver Cromwell kills King Charles I and lets them back in. 3. 1694: The Bank of England loan-sharking and counterfeiting operation is established. In soon serves as the finance arm of both British imperialism and Jewish Globalism.

During a World War II speech before the Reichstag, **The Great One** (*that's Hitler for all you newbies and normies*) noted Britain's historical obsession with waging war against any other European economic power. He stated:

"When the German Reich received England's declaration of war on 3 September 1939, the British attempted once again to frustrate any attempt to begin a consolidation, and thus a strengthening, of Europe by fighting the then strongest power on the Continent. -- England formerly destroyed Spain through many wars for the same reason it waged its wars against Holland. With the help of all of Europe it later fought France."

Hitler could also have added the War of 1812 against the young United States, the Opium Wars against China, the Crimean war against Russia and several others to that list.

A history lesson by Professor Hitler:

1. Britain vs Spain 2. Britain vs Holland 3. Britain vs France

And more....

1. Britain vs United States 2. Britain vs Russia 3. Britain vs China

What the short-sighted British Monarchy and ultra-nationalist statesmen never realized, is that in allowing the money lenders to grow so rich by financing the worldwide empire and its associated wars, the British eventually went broke, lost their official "hit man" position to the United States, lost their empire and power to the banker-funded subversive Marxists and Fabians, and even lost control of their home island to the Globalists as well! But for centuries of faithful services rendered to Zion, the British royals did at least get to keep their lives, their inherited fortunes, their unwarranted privileges and their undeserved "rock star" status -- provided, of course, that they continue to obey and not get any ideas about truly serving the interests of the British "commoners."

You know, given the absolute control that "they" have over these de-balled, has-been royals, we can't help but wonder if **Meghan Markle** -- a moderately attractive, divorced, 36-year old, half-Negress, Hollywood feminist actress who has surely been mounted up by more bucks than even **Winston Churchill's** notorious whore of a mother, **Jennie Jerome** -- wasn't forced upon handsome **Prince Harry** (age 33) as some sort of elite psy-op against the traditional White remnants of rapidly diversifying / rapidly decaying Britain. Seriously, this guy could have married any 20-something year old virgin (*or at least something with far less "mileage"*) in all of England. What the heck is going on here?

Headline: The Guardian: "Meghan Markle's wedding was a rousing celebration of blackness."

Job well done, Mr. Cromwell.

1. Does Harry have jungle fever? Or did "the powers that be" (cough cough) write a Kardashian-like script which has him injecting some African blood into the royal gene pool? 2. Meghan with her single Black mom. The White father is absent. 3. British freemasonry was corrupted a long time ago. Harry's frequent and unmistakable masonic hand signs tell us who he really serves and what deception he is capable of.

*1. Black American "Reverend" **Michael Curry** gives a long-winded address during the wedding of Prince Harry and Meghan Markle in St. George's Chapel at Windsor Castle. Of course, he had to mention slavery. 2. As a feminist statement, libtard Meghan walked down the aisle by herself so as not to be "given away" by any man. She also had the word "obey" omitted from her marriage vow. 3. Sir **Evelyn deRothschild**'s body language shows domination over "Global Warming" activist **Prince Charles** (image not from the wedding).*

Boobus Americanus 1: *Did you watch any of that royal wedding on TV?*

Boobus Americanus 2: *Yes. It was quite a spectacle.*

Sugar: *Who gives a %\$#@ about thesse worthlesss #%^\$&^*!!!*

Editor: *Don't let mommy hear you say that. She actually watched that mushy crap!*

The Pope reassured homosexual Juan Carlos Cruz, a Chilean victim of sexual abuse, that God approves of his homosexuality.

NY Times: ‘God Made You This Way,’ Pope Is Said to Have Told Gay Man

NY Times: Pope Francis Names 14 Choices for New Cardinals

REBUTTAL BY

The Anti-New York Times

“Marxist ideology is wrong. But in my life I have known many Marxists who are good people, so I don’t feel offended (at being called a Marxist).”

Satan's Pope --- aka "The New World Pope" -- continues to amaze and amuse.
From the article:

"A Chilean survivor of clerical sex abuse has said that Pope Francis told him in a private meeting this month that God had made him gay and that both God and the pontiff loved him that way, a remarkable expression of inclusion for the leader of the Roman Catholic Church.

*"He said to me, 'Juan Carlos that's not a problem,' " said Juan Carlos Cruz, the abuse survivor, describing having told the pope he was gay in a long meeting in the Vatican. "You have to be happy with who you are. **God made you this way** and loves you this way, and the pope loves you this way."*

The Vatican declined to comment on the pope's private remarks." (which means Poop Frankie really did say it!)*

The old adage about loving the sinner but hating the sin has deep moral and logical merits. After all, who among us hasn't done things in our lives which we have later on regretted or felt remorse for. Truth be known, Sugar has long suspected that a male member of my own extended family plays for the pink team -- yet we still love him. But now, Poop Frankie the Fake has "modernized" Catholic doctrine so that we may say: "Love the sinner and love the sin too!" And no, Frankie, God most certainly did *not* make Juan Carlos of Chile that way. In his case, it was a predator-pedo-priest who twisted him that way and you bloody damn well know it!

THE GLOBALIST GOSPEL OF ROTHSCHILDS' MAN IN THE VATICAN

Holocaust Denial = Sin // Climate Change Denial = Sin // Butt Buggery = From God?

The worst is yet to come for the decaying remnants of the church whose moral teachings once served as the foundation for Western Civilization. The other

featured article describes how Poop Frankie has positioned the future church for an accelerated decline. From the other article:

"He reshaped the College of Cardinals, which will choose his successor. He surprisingly named 14 new cardinals, 11 of whom are under 80 and thus able to vote in the next conclave.

After the appointment in June of the new cardinals, who come from across the world, Francis will have named 59, or nearly half of the 125 voting cardinals. Pope Benedict XVI, a conservative who retired in 2013, named 47 of the remaining electors. And Pope John Paul II, also a conservative, elevated 19.

By stacking the **College of Cardinals** -- the top tier of the Roman Catholic church -- with actual communists and homosexuals, Frankie, much like Eisenhower did with the U.S. Supreme Court during the 1950's, will have left the once venerable institution unable to recover back to even the point of "moderation" -- let alone traditionalism / conservatism. In short, Satan's Pope, in service to the **New World Order**, delivered a premature "kill shot" to an already degenerating institution that can still influence 1.2 billion people plus many non-Catholics who still regard the Argentinian ass-clown as a moral leader.

WHAT A CHANGE OVER THE YEARS! From this:

1. During the 1930's, Father Charles Coughlin railed against FDR and Communism, and he wasn't afraid to set the record straight about history. --- "Jewish persecution only followed after Christians first were persecuted." 2. Pope Pius XII: --- "That infamous doctrine of so-called Communism which is absolutely contrary to the natural law itself, and if once adopted would utterly destroy the rights, property and possessions of all men, and even society itself." 3. Even as recently as 1993, Pope John Paul II, in "Veritatis Splendor" specifically condemned the homosexual act as being "gravely sinful."

*** To this:**

1 & 2. Cardinal Tobin of Newark, NJ is one Frankie's hand-picked favorites. Less than one year into his new position, libtard Tobin defiled Newark's historic and beautiful Cathedral Basilica of the Sacred Heart by holding a special mass to honor and welcome queers and trannies -- who were seated on folding chairs in front of the altar. **3.** The Pinko Pope celebrates mass and kisses the hand of **Fr. Michele de Paolis**, a controversial and outspoken pro-homosexual advocate.

Lord have mercy!

Boobus Americanus 1: I read in the New York Times today that Pope Francis has stacked the College of Cardinals with liberals.

Boobus Americanus 2: I'm an atheist, but Pope Francis will go down in history as the Pope who brought tolerance and modernity to the Catholic Church.

Though ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** take great delight in bitch-slapping libtards and pointy-headed intellectuals, it is important to emphasize that not all of America's insane people are found on the political "Left." Though "Christian Zionists" are much closer to our views on social, political and economic matters, their dangerous lunacy when it comes to blindly supporting "the chosen people" and Greater Israel as "end times" requirements calls for an equal-opportunity beat down of these irrational maniacs.

The size and power of the Christian Zionist hordes (*aka Evangelicals and Baptists*) are no secret to anyone who understands anything about American politics. What is not commonly understood, even among these crazies, is how exactly they got to be so ziotarded in the first place. Sugar, fire up the Time Machine and set the dial to 1909, please.

*Some estimates put the numbers of Evangelical Christian Zionists as high as **40 million**. These misguided fanatics are even more zealous in their love of Israel than the Jewish Israel Lobby!*

Cyrus Scofield was a small time politician and career criminal. In 1873, he was forced to resign his position as a District Attorney because of crooked financial transactions which included accepting bribes, stealing political contributions, and securing bank notes by forging signatures. He served jail time for forging charges.

A heavy drinker, Scofield later abandoned his wife and two daughters. His wife finally divorced the drunken crook in 1883. As so many con-men do, Scofield soon

claimed to have "found Jesus. He later claimed to have obtained a Doctor of Divinity degree, but "Minister" Scofield's degree has never been verified.

In 1909, after several mysterious trips to Europe and New York, Scofield published the notated reference Bible that still bears his name. The added side notes in "**the Scofield Bible**" inject a very weird "End Times" prophecy into Christianity. Because of Scofield's altered Bible, today's Christian Zionists believe that Jesus will return to save his followers (*The Rapture*), but only after Israel is established and that "**God will bless those who bless Israel.**"

This biblical alteration, *at the hands of a known criminal*, marks the beginning of this powerful force in American politics that has mentally infected many millions of otherwise decent people with Scofield's poison. Yes indeed -- the Scofield Bible was very good for Zionism! The question remains: who did the con-man Scofield meet with while in New York and Europe?

*Jew agent / ex-con Cyrus Scofield and his "study bible" led many millions of Christians to turn a blind eye to Palestinian suffering and actually worship the people who **hate** Christianity.*

These Old Testament fanatics who call themselves "Baptists" really need to read what the original "baptist," **John the Baptist**, and **Jesus Christ** are actually quoted as saying, in the *New Testament*, about the chosenites that they love so much:

Matthew 3:7 -- John the Baptist calls out Jewish high priests (*Pharisees and Sadducees*) as "vipers"

*But when John saw many of the Pharisees and Sadducees coming to his place of baptism, he said to them, "**You brood of vipers**, who warned you to flee from the coming wrath?"*

Matthew 3:9 -- John the Baptist to Jewish priests, refuting the "chosen people" concept:

Don't just say to each other, 'We're safe, for we are descendants of Abraham.' That means nothing, for I tell you, God can create children of Abraham from these very stones.

Matthew 23:15 -- Jesus to Jewish priests, on converting gentiles to Judaism:

*Woe to you, scribes and Pharisees, you hypocrites! You traverse land and sea to win a single convert, and when he becomes one, **you make him twice as much a son of hell as you are.***

John 8:44 -- -- Jesus to the Jewish priests on their ungodliness

*You are of **your father the devil**, and your will is to do your father's desires. He was a murderer from the beginning, and does not stand in the truth, because there is no truth in him. When he lies, he speaks out of his own character, for he is a liar and the father of lies.*

And there are plenty more gems like those in the New Testament, as well as the famous incident in which Jesus made a whip and chased the money lenders out of the temple. Yes, it's true, Christo-Ziotards. According to the contemporary definition of the term, your lord and savior, Jesus Christ, was quite the "anti-Semite" TM -- which is why those very same Pharisees "lobbied" the Roman Governor of Judea to torture and crucify him.

How's that for irony?!

**NY Times: Trump Cancels Summit, Citing 'Open Hostility'
by North Korea**

REBUTTAL BY

The Anti-New York Times

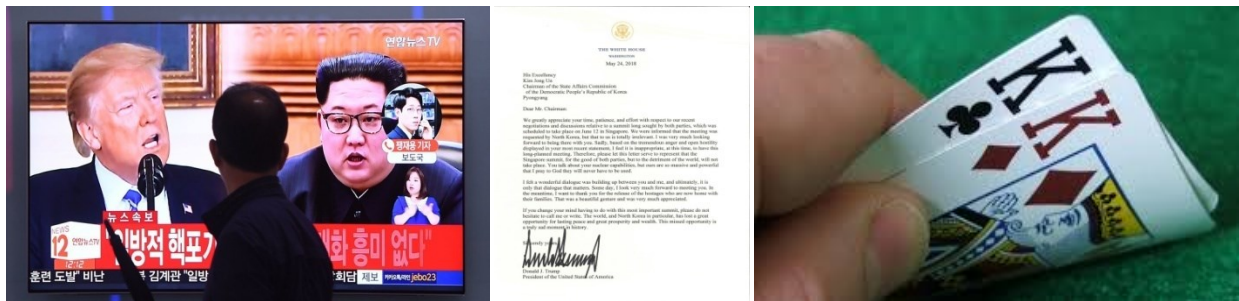

From the article:

"In a dramatic diplomatic turn, President Donald Trump on Thursday called off next month's summit with North Korea's Kim Jong Un, calling the cancellation a "tremendous setback" for peace and stressing that the US military was ready to respond to any "foolish or reckless acts" by the North."

Trump first announced his decision in a letter to Kim released by the White House, in which he cited "tremendous anger and open hostility" in a recent statement by the North, adding that it was "inappropriate, at this time, to have this long-planned meeting."

If you're looking for definitive answers from ~~Sugar and me~~, er, "The Editorial Board" of **The Anti-New York Times** regarding this very surprising change of plans, well, we're sorry to say that all we can offer are hypothetical possibilities -- some good, some bad. We simply cannot say for sure what the peacemaker-turned-war monger-turned-peacemaker-turned-war monger is up to here -- but we will say

this: With Trump, what often appears like one thing, when he later shows his hand, turns out to be something else we just never saw coming.

"Dear Kim --- the meeting is off! The Korean War is still on!" --- or is it?

Is Trump's warmonger act designed to cover up the true peaceful intentions? Or is the peacemaker act designed to cover up the true warmongering intentions? Were last week's provocative comments by Zionist operatives **Mike Pence** and **John Bolton** designed to undermine Trump and his much-anticipated peace summit? Or were their disrespectful statements against North Korea issued with Trump's approval?

Headline: Salon (May 20, 2018): Is Trump adviser Bolton trying to undercut the president and kill the North Korea talks?

Was there ever really a planned summit to begin with? Is the real action still happening in the back-channels among the two Koreas, the US and China? Will we see another Trump-the-peacemaker act in a few months? Or is this dude a political schizophrenic?

1. Pence disrespects Kim's sister at the Olympic games by refusing to even acknowledge her. Was the snub real? Or just theater designed to conceal the back-channel peace process?
2. Bolton recently threatened North Korea with a "Libyan model," prompting a sharp exchange of words between NK and USA. Did he speak with Trump's approval? Or is he trying to undermine Trump on his own?

On a hopeful note -- and we know that some of "youse guys" who are 100% convinced that Trump is positioning us for World War III for Zion will not even consider this option -- but buried within this story, and barely mentioned by the rest of the Piranha Press, is the relevant fact that Trump claimed that he still wants to work with Lil' Kim and possibly still meet with him:

"Speaking at the White House later, Trump said a "maximum pressure campaign" will continue against North Korea and that he was "waiting" should Kim choose to engage in "constructive" actions. He added that it was 'possible that the existing summit could take place or a summit at some later date.'

Based on that statement, the *possibility* exists that the author of **"The Art of the Deal"** -- possibly in collusion with Lil' Kim -- is, for the purpose of shutting up his warmongering detractors -- setting himself up as the "tough guy" who will force the oh-so-evil Korean dictator to crawl and beg to have the summit again. It is too early at this point for a reasonable man to determine if we are witnessing a betrayal, or a strategy intended to undermine the mounting false criticism that Trump was being played for a fool by Lil' Kim.

Let's all just calm down and wait to see if peacemaker Trump -- like Haley's Comet -- returns again.

1. Trump tweeted his excitement and optimism about the upcoming meeting just two weeks ago! 2. What accounts for Trump's two faces? Instability? Dishonesty? ---- Or strategy? 2. Trump's 1987 best-seller, "The Art of the Deal" is mainly about the psychological maneuver and manipulation necessary to close big deals.

Boobus Americanus 1: *I read in the New York Times today that Trump just cancelled the peace talks with North Korea.*

Boobus Americanus 2: *Ha ha ha ha. There goes his Nobel Peace Prize!*

Sugar: *I wouldn't be sso ssure about that just yet, Boobuss.*

Editor: *Ya know, if Lil' Kim does put on a crawling and begging act for Trump, it would silence the naysayers once and for all and exalt Trump to new political heights.*

NY Times: Ireland Votes to End Abortion Ban, in Rebuke to Catholic Conservatism

The referendum was the latest sign of a drift toward liberalism in a country that only recently installed a gay man as prime minister and allowed same-sex marriage.

REBUTTAL BY

The Anti-New York Times

Ireland's Catholic heritage had partially inoculated that nation from the type of full social libtardation than most of the other nations of northern Europe succumbed to decades ago. Nonetheless, untreated cancer cells in a seemingly strong and healthy moral body will, given enough time, gradually multiply, weaken and kill just the same.

In 2017, the degraded people of historically conservative Ireland elected a half Indian / full homosexual as Prime Minister. Now, in 2018, that same degenerative rabble just voted, by a huge margin, to allow the live physical dismemberment and saline burning of unborn children in their mothers' womb. Congratulations, Ireland. You are well on your way to becoming Sweden.

‘Oh, Danny boy, the pipes of death are calling’

The "Emerald Isle" is done.

1. Ireland's Homo-Hindu Prime Minister Leo Varadkar 2. Mutilated babies
-- coming to Ireland 3. I know, Lucky. I know.

The most singularly galling aspect of this referendum vote is the Satanic glee which its supporters manifested upon hearing the news of their victory. It is bad enough to support "a woman's right to chose" TM to have her child burned and butchered *in utero* and then thrown out with the rest of the day's medical waste; but to actually *celebrate* the new "freedom" (*in some cases, with tears of joy!*) as if the Irish national team had just won the World Cup of Football? Wow, just wow.

What vile demonic spirit has possessed these she-devils? Even if one believes that the abominable practice should be legal, can we not all at least agree that it is still a tragedy? Have a close look at the following two sets of images. The debauched nastiness of it all should send a shiver up the spine of any decent person with an iota of a soul remaining:

Sick twisted sows, whores and hags So much joy and elation ---- over this?

.....

*

Sharing in the delight of the demented she-devils of today's Ireland are the Satanic scribblers at Sulzberger's Slimes who we just *knew* were going to front-page this tragedy in a major "in-your-face" way. You see, the greasy gang at 8th Ave wants every last member of the European diaspora dead, childless or blended out of existence -- and a "woman's right to choose" TM, along with the sacrificial element of baby-killing, fits that demonic agenda perfectly.

And what did **Poop Frankie** -- that big-mouthed charlatan who continues to boldly insert himself into political matters ranging from economics to immigration to Trump's border wall to Putin to Climate Change TM have to say about the historic vote? Answer: NOTHING! Now can you just imagine if Ireland had been voting on pulling out of the Paris Climate Accords, or stopping Turd World immigration? The Vatican Viper would have been championing the Globalist cause in weekly homilies, speeches and press releases -- imploring the Catholic remnant of Ireland to save God's planet and protect the sainted "migrants."

Yet when it came to a referendum impacting the most defenseless beings of a nation once known for its Catholicism and its associated ethics, Bolshevik Bergoglio, just as he had prior to Italy's 2016 referendum on homosexual "civil unions," suddenly turned silent, camera-shy and "non-political" --- leaving the

Catholic pro-life activists of Ireland twisting in the wind as the lukewarm 50-50 fence-sitters were allowed to gradually fall over to the pro-death side.

Silence = Complicity, Frankie boy!

We know whose side Poop Frankie is on.

Boobus Americanus 1: *I read in the New York Times today that Ireland just voted to legalize abortion.*

Boobus Americanus 2: *Well it's about time that Catholic Ireland recognized a woman's right to choose.*

Sugar: *You frickin' humans are ssick! You don't ssee us catss aborting our unborn kittens!*

Editor: *Hmmm. What up with that one Black kitten, eh "Mein Furr???"*

NY Times: With 'Spygate,' Trump Shows How He Uses Conspiracy Theories to Erode Trust

The president's promotion of the unconfirmed claims he calls "Spygate" continues a long history of presidential trafficking in tales of shadowy cabals and secret plots.

By JULIE HIRSCHFELD DAVIS and MAGGIE HABERMAN

REBUTTAL BY

The Anti-New York Times

When heavy-hitting communist yentas **Maggie Haberman** (*cough cough*) and **Julia Hirschfeld** (*cough cough*) are tasked by their superiors at the Slimes to start front-page squawking about Trump's "conspiracy theories" TM, it's a sure indicator that the truth about something big is about to bust open. Impeding the Slimes effort to discredit "Spygate" is the fact that the dismissive propaganda term, "conspiracy theorist" TM has, through excessive use, lost much of its effectiveness.

We believe that some of the big names who took part in inventing the "Russiagate" scam (*itself a "conspiracy theory!"* TM) will be going down hard in the coming weeks and months; and that reporters from Sulzberger's Slimes and other Fake News outlets may be implicated as part of the conspiracy to frame Trump for "colluding" with Russia. That is why "the paper of record" is now in panic-driven attack mode over Trump's "conspiracy theories." TM Indeed, yentas Haberman & Hershfeld -- always citing anonymous sources -- have authored countless "Russian collusion" hit pieces over the past 18 months.

*Since early 2016, **Haberman & Hirschfeld** have been peddling the most ridiculous conspiracy theories imaginable about Trump and Putin. Now that no one believes them anymore, they are in a panic over Trump's counter-charge of conspiratorial activity against him.*

Let's review some of Haberman & Hirschfeld's kikey comedy:

Haberman & Hershfeld: As a candidate, Donald J. Trump claimed that the United States government had known in advance about the Sept. 11 attacks. He hinted that Antonin Scalia, a Supreme Court justice who died in his sleep two years ago, had been murdered. And for years, Mr. Trump pushed the notion that President Barack Obama had been born in Kenya rather than Honolulu, making him ineligible for the presidency.

None of that was true.

Rebuttal: Actually, all of it and much more *is* true, and you yentas are just afraid it might all come out (*though we doubt it.*)

Haberman & Hershfeld: Last week, President Trump promoted new, unconfirmed accusations to suit his political narrative....

Rebuttal: "Unconfirmed accusations," eh? Wow. If that ain't the pot calling the kettle black!

Haberman & Hershfeld: .. that a "criminal deep state" element within Mr. Obama's government planted a spy deep inside his presidential campaign to help his rival, Hillary Clinton, win

Rebuttal: That allegation is 100% true, though the Fake News refers to the spy as a "confidential informant."

Haberman & Hershfeld: It was the latest indication that a president who has for decades trafficked in conspiracy theories has brought them from the fringes of public discourse to the Oval Office.

Rebuttal: "Trafficked in conspiracy theories," eh? This coming from a pair of wicked witches who are *still* peddling the absurd Putin-Trump election rigging fairy tale.

Haberman & Hershfeld: Now that he is president, Mr. Trump's baseless stories of secret plots by powerful interests appear to be having a distinct effect. The effect on the life of the nation of a president inventing conspiracy theories ..

Rebuttal: "Baseless stories" -- "secret plots"-- "conspiracy theories" ----- These criminals are obviously worried.

Haberman & Hershfeld (quoting Jon Meacham, a presidential historian): "The diabolical brilliance of the Trump strategy of disinformation is that many people are simply going to hear the charges and countercharges, and decide that there must be something to them because the president of the United States is saying them."

Rebuttal: Actually, Professor Pointyhead, the reason why more and more people are beginning to believe that there was, and still is, an illegal conspiracy against Trump is because the Demonrats and the scum at the Slimes continue to sell an absurd Russia-Russia-Russia lie that even most libtards no longer believe in. Ever think of that?

In live TV, Senate Minority Leader UpChuck Schumer (D-NY) (cough cough) gleefully confirmed to MSNBC's Rachel Maddow (cough cough) that the "Deep State" would conspire against Trump.

Schumer: *"Let me tell you, you take on the intelligence community, they have six ways from Sunday at getting back at you. So even for a practical, supposedly hard-nosed businessman, he (Trump) is being really dumb to do this."*

Haberman & Hershfeld: But Mr. Trump's willingness to peddle suspicion as fact has implications beyond the Russia inquiry. It is a vital ingredient in the president's communications arsenal, a social media-fueled, brashly expressed narrative of dubious accusations and dark insinuations that allows him to promote his own version of reality.

Students of Mr. Trump's life and communication style argue that the idea of conspiracies is a vital part of his strategy.

Rebuttal: What a litany of libellous lunacy: "peddle suspicion" -- "communications arsenal" -- "brashly expressed narrative" -- "dubious accusations" -- "dark insinuations" -- "his own version of reality" -- "conspiracies." Again, these she-devils are clearly afraid.

Haberman & Hershfeld: "He's the blame shifter in chief," said Gwenda Blair, a Trump biographer. "Conspiracies, by definition, are things that others do to you. You're being duped; you're being fooled; the world is laughing at us. It goes to this idea that you can't believe anything that you read or see. He has sold us a whole way of accepting a narrative that has so many layers of unaccountable, unsubstantiated content that you can't possibly peel it all back."

Like most conspiracy theories, Mr. Trump's latest has a kernel of truth....

Rebuttal: More childish name calling and whining: "blame shifter" -- "conspiracies" -- "unaccountable, unsubstantiated content" -- "conspiracy theories."

Haberman & Hershfeld: Former aides to the president, speaking privately because they did not want to embarrass him, said paranoia predisposed him to believe in nefarious, hidden forces driving events. But they also said political opportunism informed his promotion of conspiracy theories. For instance, two former aides said Mr. Trump had resisted using the term "deep state" for months, partly because he believed it made him look too much like a crank.

Rebuttal: "embarrass" -- "paranoia" -- "nefarious" -- "hidden forces" -- "conspiracy theories" -- "the term deep state" -- "crank"

Methinks the yappings yentas doth protest *tooo* much.

CNN is also in full 24/7 anti-conspiracy theory freak-out mode over Trump's devastating "Spygate" counter attack.

Haberman & Hershfeld: Several polls have shown a dip in public approval of the special counsel investigation over the past several months, as the president has repeatedly attacked it. And a Monmouth Poll released in March found that a bipartisan majority believes an unelected “deep state” is manipulating national policy.

Rebuttal: The hypnotic spell is weakening.

Haberman & Hershfeld: Mr. Meacham pointed to an 1866 speech at a tumultuous moment of post-Civil War Reconstruction, in which President Andrew Johnson said that his political enemies were plotting to assassinate him.

Rebuttal: Andrew Johnson was right.

Haberman & Hershfeld: President Richard M. Nixon believed that an elitist cabal led by Ivy League-educated denizens of Georgetown and Washington Post journalists was working secretly to bring him down.

Rebuttal: Richard Nixon was right too. However, whereas Johnson and Nixon were both isolated and impeached, Trump has got military intelligence and alternative media at his side. Some big people will be brought to justice by the time Trump's war is over.

As we have stated on numerous occasions, though we will enjoy the show, we will not pop champagne bottles until the elite's monstrous crimes of child rape/torture/murder, crisis actor hoaxes, voter fraud, assassinations, Obongo's funding of ISIS and the 9/11 attacks are exposed. We can hope and pray, but don't hold your breath waiting for full justice.

Trump's war against the "Deep State" Globalists is fun to watch and will only get better --- but unless the conspiratorial horrors of 9/11, Sandy Hook and "Pizzagate" are fully exposed, then this will all amount to just fun and games.

Boobus Americanus 1: *I read in the New York Times today that Trump is spreading conspiracy theories about a Deep State plot to get him.*

Boobus Americanus 2: *Well, it does appear that the CIA and FBI were involved in some shady stuff during the campaign.*

Sugar: *Even dumb-asss Boobuss issn't buying the Sslimess' bullsshit anymore.*

Editor: *And that is why these two yentas are feaking out.*

Baby-toting central American "asylum-seekers" waiting for buses to take them to the Mexican-United States border.

**NY Times: (Op-Ed) Trump Immigration Policy Veers From
Abhorrent to Evil**

By NICHOLAS KRISTOF

REBUTTAL BY

The Anti-New York Times

Whether Satan is taken to be an actual and conscious spiritual force for evil or just a metaphor for evil, one of the eternal tactics utilized by him (*or his avatar*) and his Red henchmen is the highly effective "Appeal to Pity." Pity for the "working man" -- pity for "the poor" -- pity for "minorities" -- pity for "migrants" -- pity for "shooting victims" -- pity for "the uninsured" -- pity for "senior citizens" -- pity for "battered women" -- and, *most of all* -- pity for "the children" TM.

It's not that any of these groups aren't deserving of our compassion and empathy, of course. The point which the broad masses of decent sheeple fail to understand -- because their own empathy is sincere -- is that a specimen of scum like Slimes scribbler **Nicholas Kristof** (*cough cough*) doesn't give a flying rat's ass about *anyone's* suffering -- probably not even that of the bitch of a mother who pooped him into this upside down world. No sir. With communists and other

assorted evildoers, it always about, and *only* about, using pity as a tear-screen for advancing the deliberately subversive and destructive "agenda" of Globalism. While you're crying, they're advancing.

- 1. Satan to Kristof: "That's the way to play the pity card! Nice work, Nick." 2 & 3. The demon Kristof promotes the Turd World invasion by defending "the children" of the single mom invaders.**

As for this oh-so-compassionate bastard son of Satan who penned this putrid piece of pity-propaganda, now would be a good time to quickly remind "youse guys" (*New Jerseyese for the plural of you*) of the extreme cruelty which two-time Pulitzer Prize winner (*what a sick joke!*) Kristof inflicted upon an innocent man. Looking through the prism of Kristof's red-hot hatred for the big bad White Man, we can understand his long forgotten libeling of a scientist named **Steven Hatfill**, whom Kristof had falsely and maliciously accused of having mailed out the deadly "anthrax letters" of September, 2001 -- letters which were *clearly* sent out by a Jew in order to false-flag frame the Arabs at about the time of the 9/11 attacks. The false accusation leveled by Kristof and a malevolent activist named **Barbara Rosenberg** (*cough cough*), turned poor Hatfill's life upside down and inside out.

Beginning in mid-2002, Hatfill became the whipping boy of the Piranha Press after TV cameras showed FBI agents in biohazard suits searching his apartment. His home was repeatedly raided by the FBI, his phone was tapped, and he was kept under surveillance for more than two years. Dr. Hatfill was also fired from his job at Science Applications International Corporation -- all on the basis of the evil Rosenberg / Kristof smear campaign and the firestorm it kicked up.

When finally cleared of the false charges, Hatfill filed lawsuits against the periodicals and journalists who had framed him. He sued the Jew York Slimes and Kristof in particular for defamation and intentional infliction of emotional distress

in connection with five of Kristof's most vicious columns. Incredibly, The Jew courts dismissed this suit, finding that Hatfill was a "public figure" -- ignoring the fact that it was Kristof who *made him* a "public figure!" In 2007, Hatfill did settle a similar libel lawsuit against *Vanity Fair* and *Reader's Digest* for an undisclosed amount, after both magazines agreed to retract any implication that Hatfill was involved in the anthrax mailings.

Son of Satan Kristof belongs in jail for what his racial hatred against Whites led him to do to Dr. Hatfill in 2002. Yet here he remains, still defaming Whites while constantly and sanctimoniously calling for the Turd World invasion to continue unabated -- "for the children."

*An innocent man, wrongly defamed for the Zionist false-flag anthrax letters, was put through hell by the vicious Yellow Journalism of "Pulitzer Prize winner" **Nicholas Kristof** -- who later "apologized" in order to save his own face.*

As for this article itself, there isn't really much for us to rebut here because once one recognizes Satan's tried and tested tactic of tear-jerking, the article becomes a transparent caricature (*a \$10 word for: exaggerating a characteristic in order to make a point*) of its own self. Barf bags ready, boys and girls --- an abridged version of Kristof's phony pity and pious bullshit speaks for itself.

Kristof:

"We as a nation have crossed so many ugly lines recently, yet one new policy of President Trump's particularly haunts me. I'm speaking of the administration's tactic of seizing children from desperate refugees

"I was given only five minutes to say goodbye," a Salvadoran woman wrote in a declaration in an A.C.L.U. lawsuit after her 4- and 10-year-old sons were taken

from her. "My babies started crying when they found out we were going to be separated."

"In tears myself, I asked my boys to be brave.... I begged the woman who took my children to keep them together so they could at least have each other."

"This mother, who for her protection is identified only by her initials, J.I.L., said that while in El Salvador she was severely beaten in front of her family by a gang, and she then fled to save the lives of her children."

"Who among us would not do the same? J.I.L. noted that she had heard that her children might have been separated and sent to two different foster homes, and added: 'I am scared for my little boys.'"

"Is this really who we are? As a parent, as the son of a refugee myself, I find that in this case Trump's policy has veered from merely abhorrent to truly evil."

"The immigration officers made me walk out with my son to a government vehicle and place my son in a car seat in the vehicle," Mirian said in a declaration accompanying the A.C.L.U. suit. "My son was crying as I put him in the seat. I did not even have a chance to comfort my son, because the officers slammed the door shut as soon as he was in his seat."

"Ms. G, a Mexican in the A.C.L.U. suit, went to a border crossing point and requested asylum with her 4-year-old son and blind 6-year-old daughter. the children were taken ... 'I have not seen my children for one and a half months,' Ms. G wrote in her declaration. 'I worry about them constantly'"

"... brutalizing children by ripping them from their parents. So what's next, Mr. President? Minefields at the border would be an even more effective deterrent. Or East German-style marksmen in watch towers to shoot those who cross?"

"We as a nation should protect our borders. We must even more assiduously protect our soul."

Blah, blah, blah -- nauseating Marxist mush for soft-hearted / weak-willed suckers -- aka "useful idiots." Even if these migrant horror stories are true, the blame rests with the welfare-seeking mothers for attempting to invade the United States, and the government of Mexico for allowing encouraging them to pass through. Apart from that reality, Sugar is strongly sensing that the migrant's written declarations

were actually penned / exaggerated by fiction-writing lawyers at the notoriously Red ACLU (*American Civil Liberties Union*).

It is very interesting to note that neither Kristof, the ACLU, nor anyone else associated with international Left has yet to show an ounce of "compassion" for the truly brutalized White asylum seekers and children of South Africa. To evil, projecting swine like Kristof, the lives of innocent White children, just like the ruined life of Steven Hatfill, simply do not matter.

Don't let the devil's phony tears play on your heart-strings.

Boobus Americanus 1: I read an op-ed in the New York Times today about the brutality of Trump's border policy. Children are literally being separated from their parents.

Boobus Americanus 2: Trump's lack of compassion for these poor people is disturbing. That is not who we are.

NY Times: (Op Ed): The Housewives of White Supremacy

By ANNIE KELLY

Ms. Kelly is a Ph.D. student researching the impact of digital cultures on anti-feminism and the far right.

REBUTTAL BY

The Anti-New York Times

Though this submission to the Slimes is labeled as an "Opinion," the mere fact that the "paper of record" would grant it such valuable space and ink tells us how supportive the greasy gang of ghouls at 8th Avenue truly are of cultural Marxism. The piece is penned by a "Phd" student at England's University of East Anglia named **Annie Kelly**. By the way, as we covered in "**Climate Bogeyman**", that's the same public research university where the data-rigging / temperature-rigging scoundrels of "Climategate" fame were busted by hackers unknown in 2009. Little communist Annie certainly picked the right place to do her "research."

Let's have a look at what too many of today's "educated" young women have been brainwashed into believing about traditional gender roles, motherhood and "White privilege."

This is the worst scientific scandal of our generation

1. Asinine Annie thinks her soon-to-be "Phd" title entitles her to school us elders on gender and race. 2. The "research" pumped out by the University of East Anglia in Norwich conveniently serves the Globalist-Marxist agenda. The "Climategate" data-rigging scandal at EA did get some play in the British press, but quickly faded away.

Little Annie: In a podcast interview posted last spring, Nicole Jorgenson, a singer and former schoolteacher in North Dakota, explains to her host that she has never been happier since marrying and having children. And yet ... it soon becomes clear that Ms. Jorgenson is advocating something sinister.

Analysis: Ooooh. Something wicked this way comes. Do tell.

Little Annie: She lived in Germany temporarily, she says, but left just before “an influx of refugees took over the country.” She just had a child and thinks the new baby is beautiful -- “I always wanted children that looked like me,” she says, “blond-haired, blue-eyed babies, but I kind of had to say it under my breath.”

Analysis: Wow! A mother wanting babies that look like her? That really is "sinister!"

Little Annie: The digital far right ... shares DNA with so-called incels, a network of men who feel women have unfairly denied them sexual relationships. And it is defined in part by its misogyny and its anti-feminist, anti-woman language.

Analysis: We don't "hate" women -- just the nasty, bossy, communist idiots like you.

In the Marxist-Globalist worldview, "liberated" women are just soulless disposable cogs in the economic machine.

Little Annie: But some members of the alt-right have been weighing whether the absence of women from their movement is a problem Enter the tradwives.

Analysis: Ooooooh. Traditional wives. More sinisterism.

Little Annie: Over the past few years, dozens of social media accounts have sprung up showcasing soft-spoken young white women who extol the virtues of staying at home, submitting to male leadership and bearing lots of children — being “traditional wives.” These accounts pepper their messages with scrapbook-style collections of 1950s advertising images showing glamorous mothers in lipstick and heels with happy families and beautiful, opulent homes. They give their videos titles like “Female Nature and Advice for Young Ladies,” “How I Homeschool” and “You Might be a Millennial Housewife If....”

Analysis: What's wrong with women choosing to be "tradwives?" You feminists do believe in "choice," dontcha?

Little Annie: But

Analysis: Here it comes...

Little Annie: ... running alongside what could be mistaken for a peculiar style of mommy-vlogging is a virulent strain of white nationalism. One such advocate who calls herself “Wife With a Purpose” made international headlines last year when she issued something she titled “the white baby challenge.” Citing falling white birthrates in the West, she urged her followers to procreate. “I’ve made six!” she wrote. “Match or beat me!”

Analysis: You see that? Women who do not wish to see their Aryan bloodlines eradicated from the face of the earth are not only "sinister," but also "virulent." Of course, the fact that so many western-based Jewish, Indian, Korean parents frown upon their children marrying someone of another race doesn't register on Asinine Annie's "sinister" radar. No sir. Only White folk are forbidden the natural inclination of identifying and procreating with their own kind.

Asians only dating -- OK! // Blacks only dating -- OK! // Jewish only dating -- OK!

Only Whites are forbidden the natural desire to preserve their genetics and culture for posterity.

1. In 1938, **The Great One** (that's Hitler for you newbies and normies) instituted the "Cross of Honor of the German Mother" to encourage German women to have more children. The prize was awarded each year on August 12, the birthday of his mother. **2.** Encouragement to motherhood began early. Once members of the League of German Girls turned 18, they could join a branch called "Faith and Beauty," which trained the girls in the art of becoming ideal wives and mothers.

Little Annie: A frustrated yearning for a mythic past of material abundance, at a time when it is becoming increasingly difficult for young people to build careers and achieve financial security, is not gender-specific.

Analysis: This self-hating White libtard whippersnapper, who was born in the 1990's, thinks she can school us about "a mythic past of material abundance." Let me tell you something, baby girl. Your rebutting reporter here actually grew up during that "mythic past" of the 1970's -- and witnessed firsthand how an entire neighborhood of working class families was supported by a single working father while nearly all of our mothers were able to stay at home to raise their children. Today, especially in a communist state like Jew Jersey, that basic middle class lifestyle is only available to the top 10 - 15% of wage earners.

Little Annie: We shouldn't underestimate how some young white women, when faced with this bleak economic landscape and then presented with a rosy image of 1950s domestic bliss ...

Analysis: The image of the 1950's are not "presented rosy" -- they *were* rosy! Now shut up and make daddy a cup of coffee, you stupid brainwashed silly little girl.

The rest of this putrid piece amounts to a "Straw Man" review of how the "alt-right" and "tradwives" feel about feminism and its damaging consequences for society. Of course, though spot-on, Little Annie presents the "alt-right" viewpoint in a "ha-ha-ha-look-what-these-crazy-people-actually-believe" sort of context. Finally, Asinine Annie closes with what may be, from our perspective, a slight glimmer of hope for a segment of the lost generation dubbed "millennials":

"Tradwives may seem like a lunatic fringe at present, but they may not stay one for long."

*There was nothing "mythic" about the homelife of decades past. Women married young, stayed home with their children, and were -- at least compared to today's degraded women -- generally content until Jewish Marxist feminists like **Betty Friedan** and **Gloria Steinem** put in their heads that they were being "oppressed." -- And yes, we do acknowledge that some asswipe husbands who mistreated their wives helped to facilitate this trend.*

Boobus Americanus 1: *I read an op-ed in the New York Times today about a sinister racist trend among some young White women. Apparently, they are having as many White babies as possible and staying home to raise them.*

Boobus Americanus 2: *Wow. That does sound sinister in this day and age.*

Sugar: *Wrong again, Boobuss! It'ss actually the "day and age" that are "ssinister," not these traditional women.*

Editor: *Tell it, philosopher cat. Tell it!*

NY Times: Speaking, Not Sexually, With Dr. Ruth at 90

By JAMES BARRON

Slimes Caption: Dr. Ruth Westheimer, the renowned sex therapist who became enormously popular through her frank discussions and advice, turns 90.

The Anti-New York Times

REBUTTAL BY

Few public figures have better exemplified the undeniable Jewish obsession with poisoning western sexual morality than the vile and vulgar sex-obsessed "**Dr.**" **Ruth Westheimer** (*cough cough*). In 2009, Vanity Fair named "**Dr. Ruth**" one of "12 women who changed the way we look at sex."

And boy-oh-boy did she ever!

The Marxist mantra of an insane yenta: "sex sex sex --- sex sex sex -- sex sex sex."

The diminutive little devil is the German-Jew daughter of two "Holocaust victims." During the early days of pre-Israel, she joined the terrorist Hagannah as a sniper and, according to her own admission, had her first sexual encounter in a haystack, at age 17, without contraception. Always classy, weren't you Ruth?

Westheimer then went on to study psychology in France and sociology in the United States. With a research focus on "sexuality," the perverted professor went on to teach at several universities and also worked for the abortion-loving Planned Parenthood. In 1980, her media career began with her radio show, ***Sexually Speaking***, which ran until 1990. During her amazing run, Dr. Ruth also hosted TV shows on cable television and authored **40** books on sex and sexuality. Sex and money --- sex and money -- sex and money -- how quintessentially Jewish!

*sex sex sex -- money money money -- sex sex sex -- money money money
-- sex sex sex -- money money money --*

The social situation of the 1980's, though not nearly as bad as it is today, wasn't exactly the Victorian Era of sexual propriety either. And yet, even by the loosening and worsening standards of the day, the explicit sexual talk that flowed out of this filthy little dwarf's mouth was shocking to hear. While hiding behind the protective

pseudo-scientific shields of "sex therapy" and "safe sex," this daughter-of-hell casually spoke to millions of impressionable and unmarried young people about penises, clitorises, anuses, rectums, masturbation, erections, orgasms, ejaculations, vibrators, oral, anal, bondage, lubricants, threesomes and on and on and on.

For the very few schooled in the Jewish arts, it was obvious that Dr. Ruth delighted in pouring her perversion into the public well of the Christian "goyim." But owing to her status as a "doctor," many listeners and readers took her gibberish as if it were some type of sound medical advice. Today, at age 90, the old yenta whore still can't stop talking about sex -- sex -- sex. Her new gig is to urge senior citizens to have more sex. The trick, according to her, is to *"engage in sex in the morning because the testosterone level is highest in the morning."*

Dr. Ruth's radio show and sex books raked in many millions of dollars by peddling verbal pornography under the guise of academically accredited "sexology."

This Jewish-Marxist fixation on sexuality is nothing new. It's actually what **Sigmund Freud** (*cough cough*) is all about; and those who understand the 120-year-old **Protocols of the Learned Elders of Zion** will surely recognize the following motive set forth in those fascinating documents that so captivated **Henry Ford**:

*"The peoples of the goyim are bemused with alcoholic liquors; **their youth** has grown stupid on classicism and from **early immorality**, into which it has been **inducted by our special agents** ...We have fooled, bemused and **corrupted the youth of the GOYIM.**"*

For a more contemporary, and truly astonishing, self-admission of promoting perversion, we refer you to the Israeli journal, **Haaretz**:

Headline: Haaretz: (February 3, 2014)

'Dirty Jews' and the Christian Right

Brilliant actors like Larry David and Sarah Silverman are challenging America's powerful religious, family-friendly culture and asserting their Jewishness by glorifying obscenity. In a tidy coincidence, two separate videos went viral last week, demonstrating that American Jews' love affair with obscenity is still going strong.....

Understanding the cultural phenomenon that was the nasty swine "Dr. Ruth" is all very simple, boys and girls. You see, when you promote wild promiscuity to the masses, the traditional intuition of marriage and its associated family structure must fade away in due time. As the population of children born to single promiscuous mothers -- along with the number of children of the many divorces caused by extra-marital affairs and pornography addiction -- grows and grows; so too does the level of economic dependency upon the all-mighty state. That's very bad for civil society, but it's very good for those who seek to engineer a degraded, demoralized, alienated, depressed and dumbed-down humanity (*aka Marx's "proletariat"*) that can be easily controlled and herded into the voting booth.

SEX! SEX! SEX!

Sigmund Freud (cough cough), **Larry David** (cough cough), **Sarah Silverman** (cough cough)

Boobus Americanus 1: *I read in the New York Times today that Dr. Ruth is still writing books at age 90.*

Boobus Americanus 2: *Wow. She was already getting old when she was talking about about sex on the radio many years ago.*

Sugar: *Maybe that twissted hag will do her next book about ssex with the dead!*

Editor: *Thanks to the "Pandora's Box" that she helped to open, there are indeed some sickos who are into that sort of stuff.*

**NY Times: Hong Kong Marks Tiananmen Crackdown, as
China Ignores Event**

Slimes Caption: Tens of thousands of people attended the annual candlelight vigil at Hong Kong's Victoria Park to mark the 29th anniversary of the Tiananmen Square crackdown.

By ANGIE CHAN

REBUTTAL BY

The Anti-New York Times

Despite its transfer from British to Chinese sovereignty in 1997, tiny semi-autonomous Hong Kong remains an outpost of limited CIA infestation. That is why, in recent years, a June 4th vigil commemorating the "**Tiananmen Square Massacre**" [™] of 1989 began to take place there. The stupid college kiddies who are used to organize this event weren't even alive at the time; and have no idea what really happened. Little do most of them know that the geo-political forces attempting to manipulate the youth of Hong Kong today, were the very same forces which turned out thousands of students, workers, and other assorted dupes to "protest" on the mainland back in 1989.

Now would be a good time to school these half-educated children on the truth about that historic event. Sugar, bust out the time machine, please, and set the dial to Beijing, 1989.

1989

As the Globalists' "Velvet Revolutions" were pulling the rug out from under the very same Communist parties that they had installed in Eastern Europe after World War II, a similar "spontaneous" operation unfolded in cities throughout China. The massive protests involving the brainwashed students and working men captured the world's sympathy. Many of the students had studied in the USA - where the CIA surely made good use of their malleable minds.

The main flash mob that had gathered in Beijing's Tienanmen Square, demanded "democracy" TM as they brandished paper sculptures of "the Goddess of Liberty." The "spontaneous" TM protests grew larger by the day as thousands of additional citizens -- some with legitimate grievances -- innocently joined the students in the protests. For seven weeks, Chinese authorities took a patient and peaceful wait and see approach to the growing mobs.

1989 was a very important year for the New World Order-CIA gang. The "spontaneous" **Solidarity Movement** in Poland and the "spontaneous" fall of the **Berlin Wall** in East Germany (shown above) may have "liberated" those countries from Communism; but the true long-range goal was to re-enslave the nations of Eastern Europe into the coming European Union and its NATO military machine. The same "people power revolution" failed in China.

Finally, the Chinese government removed the 'kid gloves" and took a hard line. Foreign press was thrown out as the military cracked down on the movement's main instigators. It is unclear how many lost their lives, but the grossly inflated western estimates are surely the work of CIA fiction writers. Student leaders of the "democracy movement" were rounded up and arrested and the **Soros' "human rights" organization was forced to pack up and leave China.**

China has since continued developing as a market-based economy with an independent policy when it comes to world affairs. But that hasn't stopped Sulzberger's Slimes (*now banned in China*) and the Globalist Mafia which it serves from continuing to slander and libel China. That's what this "commemoration" in semi-autonomous Hong Kong is really all about.

Quotes to Remember - From George Soros, 2015:

“If there is conflict between China and a military ally of the United States, like Japan, then it is not an exaggeration to say that we are on the threshold of a third world war.”

“There is a real danger that China will align itself with Russia politically and militarily, and then the threat of third world war becomes real.”

Soros and Killary --- a warmongering match made in hell

Boobus Americanus 1: *I read in the New York Times about the anniversary of the Tiananmen Square massacre being commemorated in Hong Kong.*

Boobus Americanus 2: *I remember that sad event. I hadn't heard about it in a long time. I wonder why they are bringing it up now.*

Sugar: *"Atrocity propaganda is always utilized during the run-up to a war! -
- That'ss why, Boobuss!"*

Editor: *Had that Soros-owned communist hag Killary Clinton been elected president, Soros may have gotten his war by now.*

"Death Squad" Scene from "Operation Finale" / 2018

NY Times: Nazi Death Squads Focus of Latest War Crime Cases in Germany

By ASSOCIATED PRESS

REBUTTAL BY

The Anti-New York Times

Now that the "Nazi Hunters" have tracked down and imprisoned just about every last surviving nonagenarian "war criminal" TM even remotely associated with the "gas chambers" of Bullschwitz and other "extermination camps" TM, more creative means have been devised for the purpose of moistening the insatiable blood thirst of the "usual suspects."

From the article:

"German prosecutors are investigating a suspected former member of Adolf Hitler's mobile killing squads for involvement in World War II massacres carried out by the "Einsatzgruppen," part of an 11th-hour effort to bring elderly ex-Nazis to justice, The Associated Press has learned.

It's the third case to be opened in Germany recent months targeting individuals who are believed to have been part of the death squads. All three are being investigated under a new legal argument, recently upheld by the country's top criminal court, that someone who helped the Nazi killing machinery run can be convicted of accessory to mass murder, even if they can't be linked to specific deaths."

Look out, you German great grandpas who so valiantly fought in the east and were nowhere even near any of the internment camps! You too could soon be falsely accused of having been a member of a "mobile killing squad." (TM Pending)

The Latest Twist on the Holohoax --- Bullets!

1. A scene from the latest Holohoax movie -- "Operation Finale" -- depicts Einsatzgruppen death squads massacring terrified Jewish women and children in trenches below. **2.** Museum display (Los Angeles): **"Holocaust by Bullets"** **3.** Museum display (Berlin): **"Holocaust of the Bullets"**

AP / Slimes: Extending the legal standard on complicity from death camp guards to the Einsatzgruppen raises the possibility of a fresh wave of investigations,

Analysis: "A fresh wave of investigations." You see that?! They can go after any living German veteran they want to now!

AP / Slimes: ... said Efraim Zuroff, the head Nazi hunter at the Simon Wiesenthal Center in Jerusalem, who alerted German authorities about the new suspects.

Analysis: And all it takes is for some nasty Jew to drop a dime on any old German great grandpa he wants to imprison.

AP / Slimes (quoting the Israeli Jew): "It was a very significant decision, but it's only one that has been reaching fruition in recent months after **we helped them find now three people who fit the category.**

Analysis: Uggh!!! Your raving reporter here is shaking with anger and what **The Great One** (*that's Hitler for all you newbies & normies*) referred to as "Holy Hatred" -- and Sugar is tearing apart the carpet over this. Need a break, and a stiff drink. Be right back boys and girls.

1. Self-proclaimed "Nazi Hunter, Efraim Zuroff. -- Just one phone call from this demon will suffice to put any SS or Wehrmacht veteran in a German prison. **2. Oskar Groening** is helped into court as he arrives for his trial in 2015. He died just before sentencing, this past March. Zuroff described Groening's death as "unfortunate" because the old man "escaped" being officially sentenced! **3. The Great One** said it best: **"Centuries will pass away, but out of the ruins of our towns and monuments the hatred against those finally responsible whom we have to thank for everything, international Jewry and its helpers, will grow."** (Final Testament, April 29, 1945)

Continued:

AP/Slimes: The Einsatzgruppen were the Nazis' opening salvo in the Holocaust — SS units and police personnel who followed behind the regular army as it pushed into the Soviet Union in 1941, slaughtering perceived racial or political enemies in mass executions.

Analysis: Stalin's Bolshevik partisan terrorists (*same types who had murdered millions of Russians and ran the gulags*) were sometimes executed as war criminals. These were not innocent civilians!

AP/Slimes: Estimates vary, but experts agree

Analysis: "Experts agree" (*rolling eyes*)

AP/Slimes: ... they were responsible for well over 1 million killings.

Analysis: Where are the remains of these "1 million" bullet victims buried in trenches? *Hmmm?*

AP/Slimes: The Nazis later established their system of death camps partially due to concerns about the psychological effects the up-close mass killings were having on the Einsatzgruppen troops themselves.

Analysis: Makes prefect sense -- because herding, "poison gassing," gathering up mass numbers of dead women and children one by one, and then "cremating" them all must have been *sooo* much easier on the psyche than firing squads. (*rolling eyes*)

NEW LIES FOR OLD

The Germans switched from bullets to "gas" because it was much easier on the psychology of the soldiers! (Scene from Swindler's List)

AP/Slimes: "The death camps and concentration camps ... became the iconic images of the Holocaust, but it was the Einsatzgruppen that were maybe even a more stark manifestation of the Nazi ideology and the Final Solution,"

Analysis: This strategic shift away from "zee gas chambers" TM towards the Einsatzgruppen "death squads" is also a clever way to keep the inflated number of dead at "6 million" TM. You see, even if they are forced to concede that the

"gassings" weren't as deadly as previously believed, the numbers can be made up by inventing new "bullet" victims on the eastern front.

AP/Slimes: Zuroff said. "The number of active (Einsatzgruppen) participants is much greater than the number who actually carried out the murders in the death camps."

Analysis: From the devil's own mouth! The new lie is going to lead to a new wave of old men being rounded up and hounded out of their remaining years of life.

AP/Slimes: Though the Wiesenthal Center only has names and dates of birth for 1,069 people who served in the Einsatzgruppen, some estimates suggest the number could be as much as eight times higher, meaning dozens more might be alive.

Analysis: "Dozens more might be alive" --- and then, after hounding these last few dozen "war criminals" to a stress-induced death in imprisonment, perhaps they will start filing reparations lawsuits against their children, grandchildren and great grandchildren? Don't put it past them. These Sons of Satan are indeed capable of any cruelty.

*

Also featured in this atrocious article is an ambitious, virtue-signaling German federal prosecutor named **Jens Rommel** (*no relation to General Erwin Rommel*) who, on the basis of Jewish "research," has already referred eight very old men to local jurisdictions to face prosecution. Whatever justified hatred we may feel towards the usual suspects who call themselves "chosen," let us "never forget" TM that were it not for the Jens Rommels and Angela Merkels of Germany, none of these injustices would be possible.

Jews only do what Jews are raised to do, but ambitious scum like Rommel and Merkel are the true betrayers of their people (assuming they are not cryptos themselves)

Boobus Americanus 1: *I read in the New York Times today that Nazi hunters are now going after members of the mobile firing squad units who started the Holocaust. Experts now estimate that they killed at least one million Jews.*

Boobus Americanus 2: *Wow. When you add that to the gas chamber victims, that would take the final total up to seven million Jews. Awful.*

Sugar: *Boobuss! You frickin' retard! If a million Jewss had been gunned down in trenchess, the Holocausst musuemss of the world would be filled with their boness and artifacts by now!*

Editor: *That's right, Sugar. Whereas mass graves from the wars against Napoleon have been discovered in the east, not a single mass grave of this "Holocaust by Bullets." But why let logic get in the way of a fairy tale?*

Voters in San Francisco on Tuesday upheld a ban on all flavored tobacco products, from colorfully packaged e-liquids to menthol cigarettes.

NY Times: San Francisco Voters Uphold Ban on Flavored Vaping Products

By JAN HOFFMAN

REBUTTAL BY

The Anti-New York Times

~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times** picked out this relatively unimportant story out for today's rebuttal not because of any national or geo-political significance, but because it offers us a "teachable moment" [™] for better understanding how the insane libtards in our midst think -- or rather, *do not* think.

The lost state of Commiefornia has become notorious for its mob-rule "referendums," and this latest one in San Freaksicko -- upholding a ban on the sale of candy-flavored tobacco products *to adults* -- perfectly illustrates the folly of the type of direct democracy that America's founders warned about. You see, selling a straight-up tobacco product like a cigar, cigarette, pipe, or chewing tobacco is fine, but inhaling the very same substance in a candy-flavor from an odorless vapor E-Cig (*which actually filters out the nasty smelling smoke as well as some of the*

toxins) -- well, for San Fagsicko store owners, such a grave offense could land you in jail!

1. Lung-killing unfiltered cigarettes: OK! 2. Gum-wrecking chewing tobacco: OK! 3. Tasty, clean, odorless and filtered E-Liquids vapor: Go to jail!

Compounding the lunacy behind this referendum ban -- which passed by a very wide margin -- is the fact that a state-wide referendum legalizing the recreational use of marijuana also passed overwhelmingly just 18 months ago! How can the very same holier-than-thou Bay area libtards who just voted to ban candy-flavored tobacco have been in favor of allowing the open sale of marijuana?

The predictable pretext for the ban is that the flavored vapors could lead to "the children" TM getting their hands on the stuff and then developing the dubiously unscientific condition known as "nicotine addiction." But teenagers can also get hooked on regular cigarettes and marijuana, right? Why are those substances legal? And why not ban sweet-tasting alcoholic beverages then, such as Anisette, Pina Colada or all those fruity wine coolers? Does this sort of bizarre "doublethink" make any sense to "youse guys?"

Have a look at the the following contradictory headlined endorsements from the 60% Jew Editorial Board of the **San FreakSicko Chronicle**:

- - **Editorial (September 25, 2016): Chronicle Recommends: Legalize Marijuana Yes on Prop. 64**
 - **Editorial (April 6, 2018): Vote Yes on Prop. E to Uphold SF Tobacco Ban**

Wow. Just wow.

Of course, from the point-of-view of the totalitarian scum at the SF Chronicle, the double-standard actually makes perfect sense because both opinions are totally consistent with their guiding objective of societal domination. Legalizing marijuana causes more people to become passive "stoners" who are more easily contented and controlled by the **PRC (*Predatory Ruling Class*)**; and banning fruit-flavored tobacco deprives people of a simple pleasure which they enjoy and business owners of a product which used to sell very well. Control -- control -- control. Get it?

In Commiefornia, it's 'OK' to sell or smoke mind-altering joints or get stoned out of your mind with a bong. But don't you dare sell candy-flavored tobacco in San Fagsicko!

In his nightmarish futuristic book, "**1984**," British author **George Orwell** created the term "doublethink" to describe the ability of the brainwashed citizens of "Oceania" to hold two contradictory beliefs in their minds at the same time -- and calling upon whichever one suited the ruling elite at any particular moment in time. Doublethink is actually "non-think" because such a mental condition is a sure indication of an obediently conformist mind-slave who accepts whatever drivel that his assigned authority figures instruct him to. You see, when one blindly accepts from authority without critical thinking, he will fail to notice any double standards and inconsistencies in his belief system. Classic libtardation! And it was clearly on display in California with regard to the ballot initiatives of 2016 (*legal marijuana*) and 2018 (*ban on flavored tobacco liquids*).

The pathetic yet comical spectacle of hordes of such utterly dim-witted sheople being allowed (*under hidden guidance*) to craft direct policy via the ballot box

calls to mind a warning from **James Madison** -- the main author of the U.S. Constitution and 4th President of the United States. Writing about the dangers of unlimited democracy in "**The Federalist Papers**," Madison, in 1788, made the following historical observation:

"Hence it is that such democracies have ever been spectacles of turbulence and contention; have ever been found incompatible with personal security or the rights of property; and have in general been as short in their lives as they have been violent in their deaths."

Tell it, Mr. President, tell it!

Despots, Doublethink and Democracy

1. The stained glass window was originally from the Beatrice Webb House of the Marxist Fabian Society. It depicts **Sydney Webb & George Bernard Shaw** molding the world. Notice the kneeling fools on the level below, blindly worshipping the books fed to them by the Fabian elite. This social dynamic of authority-induced non-thinking is what makes controlled "doublethink" possible. **2.** Back in 1949, **George Orwell** saw what was coming when he described "doublethink." **3.** More than two centuries ago, Madison cautioned against the type of unlimited democracy which the endless Commiefornia referendums represent.

Boobus Americanus 1: *I read in the New York Times today that San Fransisco voters upheld a ban on flavored tobacco products that are used in E-cigarettes.*

Boobus Americanus 2: *That's smart. If children get a hold of flavored tobacco vapor, it could be a gateway to later on start smoking cigarettes.*

Sugar: *Yo Boobuss. What up?*

Editor: *That's not funny, Sugar.*

The photoshopped fake photo above is being used to embarrass Trump

NY Times (Op-Ed): Trump Tries to Destroy the West

By DAVID LEONHARDT

The Anti-New York Times

The "powers that be" seem very disappointed with Donald Trump's dismissive attitude at the **G-7 (Group of 7)** nerd prom we refer to as "The Goofy 7" which just wrapped up in Canada. Just one day after **The Washington Compost** and other publications ran big stories describing the frustration of **George Soros'** with Trump's plan to "**destroy** the world," Sulzberger's Slimes also called out Trump for "**destroying** the West" -- going so far as to front-page what we are convinced is a photo-shopped image of **The Frumpy Frau** of Germany scolding Trump like a school head mistress lecturing to a little boy forced to sit in the bad boy chair.

Notice how Soros and Sulzberger sing the same Hebrew hymn:

- **Daily Fail Headline: "Soros: 'Trump Willing to Destroy the World'"**
- **Sulzberger's Slimes Headline: "Trump Tries to Destroy the West"**

Hmmmm. Might the new buzz-word "destroy" soon be granted a "™" soon? Maybe.

1. Manly Merkel's henchmen were the first to "tweet" the phony image that has since become "iconic"™.
2. Soros on Trump: **"The bigger the danger, the bigger the threat, the more I feel engaged to confront it."**
3. Libtards are upset with Trump's indifference toward "The Goofy 7" nerd prom.

When we understand that "the World" and "the West" are code terms for "**The New World Order**," the Globalist protest over its "destruction" is a very good sign, and cause for adding a few points to Trump's plus column. As for this particular piece, it is chock full of the usual disinformation about history and current events. Let's have a closer look and administer a bit of badly-needed corrective analysis:

Slimes: The alliance between the United States and Western Europe has accomplished great things. It won two world wars in the first half of the 20th century.

Analysis: Correction! The alliance -- mainly for the purpose of advancing the objectives of Globalism -- **STARTED** the two horrific world wars in the first half of the 20th century.

Slimes: Then it expanded to include its former enemies ...

Analysis: Correction! Then it expanded by **SUBJUGATING** and permanently **OCCUPYING** its former enemies (*Germany, Italy, Japan*).

Slimes: ... and went on to win the Cold War... help spread democracy and build the highest living standards the world has ever known.

Analysis: There's nothing as maniacal to behold as the self-worshipping narcissism of the western "elite."

Slimes: President Trump is trying to destroy that alliance.... Put it this way: If a president of the United States were to sketch out a secret, detailed plan to break up the Atlantic alliance, that plan would bear a striking resemblance to Trump's behavior.

Analysis: Let's hope that is the case, because ever since the "alliance" was born with the Anglo-French "**Entente-Cordiale**" of 1904, it has brought death, destruction, subversion and destitution to millions of innocents who had the misfortune of living in sovereign states that stood in the way of the "alliance."

1. 1904: Rothschild-owned Britain (which included Canada) and France -- with the goal of waging war against Germany in the coming decade -- formed an alliance. **2.** 1917-18: The United States joined the UK-France alliance -- thus prolonging World War I and setting the stage for World War II (pictured are leaders George, Clemenceau & Wilson) **3.** The genocidal terror-bombing and allied occupation of Germany, Japan and Italy led to those three nationalist states being conquered and later added to the "Atlantic Alliance" and its offshoot -- The Goofy 7.

Slimes: It would involve outward hostility to the leaders of Canada, Britain, France, Germany and Japan. Specifically, it would involve picking fights over artificial issues — not to win big concessions for the United States, but to create conflict for the sake of it.

Analysis: It does indeed seem like Trump is picking a fight with these Globalist stooges. It's interesting that the writer neglected to mention member # 7: Italy -- the only other member of the Goofy 7 currently leaning a bit nationalist and definitely friendly toward Russia.

Slimes: He chose not to attend the full G-7 meeting, in Quebec, this past weekend. While he was there, he picked fights.

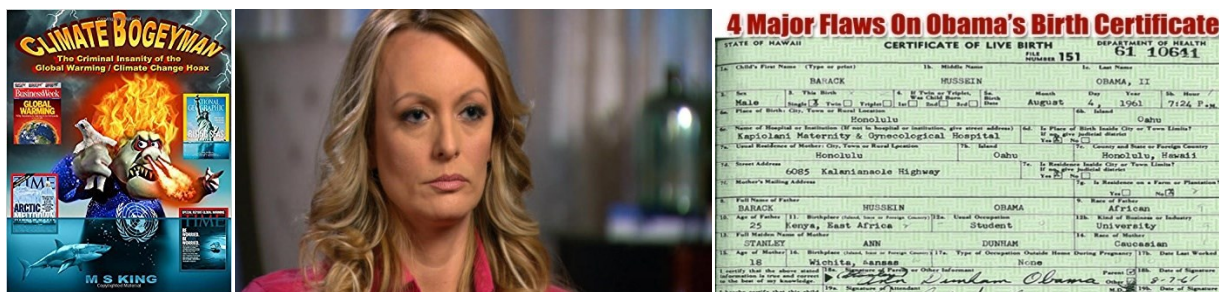

Analysis: He skipped the Climate Change TM bullshit. Good for him!

Slimes: By now, you've probably seen the photograph released by the German government — of Trump sitting down, with eyebrows raised and crossed arms, while Germany's Angela Merkel and other leaders stand around him, imploring. Shinzo Abe, Japan's prime minister, wears a look of defeat.

Analysis: A fake photo --- but probably accurate in terms of the narrative it is meant to convey. The Goofy 7 leaders -- excluding the new Italian government -- must feel frustrated with America's "lack of leadership" on New World Order initiatives.

Slimes: Trump isn't telling the truth about trade, much as he has lied about Barack Obama's birthplace, his own position on the Iraq War, his inauguration crowd, voter fraud, the murder rate, Mexican immigrants, the Russian investigation, the Stormy Daniels hush money and several hundred other subjects. The tariffs aren't a case of his identifying a real problem but describing it poorly. He is threatening the Atlantic alliance over a lie.

Analysis: The Slimes, like Soros, is clearly coming unhinged --- another promising sign.

1. Trump may not have read "Climate Bogeyman," but it is clear that he has no intention of going along with this most-cherished scam of the Globalists.
2. The fact that the Slimes continues to bring up the allegations of a washed-up porno whore and Trump's 2010 - 2011 claims about Obongo's Birth Certificate, shows how frustrated that "the paper of record" has become over its inability to ruin Trump.

Slimes: If you need more evidence, look at his tweets after leaving the summit. ... On Saturday, he called Justin Trudeau, Canada's prime minister, "very dishonest."

Analysis: It's about time somebody called out **Justine Trudeau** -- that Globalist Golden Girly-Boy with the skin-tight suits, children's socks and the Dondi cartoon hairdo. Tweet it Trump, tweet it!

Slimes: While Trudeau and other historical allies get disdain, Vladimir Putin, Kim Jong-un and various aspiring authoritarians are bathed in praise.

Analysis: In Globospeak, an "authoritarian" TM is any political leader who hesitates to take orders from the NWO crime syndicate.

Slimes: Trump ... made excuses for Russia's annexation of Crimea

Analysis: The "annexation" of Crimea came *after* a violent CIA-Soros-NGO coup overthrew the legitimate government of Ukraine; and *after* the predominantly *Russian* people of Crimea voted by a margin of 97%-3% to divorce CIA-Ukraine and return to the sovereignty of Mother Russia. Since "the paper of record" refuses to provide "youse guys" with that critical chronology, ~~Sugar and I~~, er "The Editorial Board" of **The Anti-New York Times** thought we should mention it. Context is everything!

Slimes: Maybe it's ideological, and he prefers Putin-style authoritarianism to democracy. Or maybe Putin really does have some compromising information.

Analysis: Back to Putin blackmailing Trump, eh? Pure desperation! -- Even libtards no longer believe this crap anymore.

Slimes: A few Republicans, like John McCain, offered appropriately alarmed words in the last two days. Now members of Congress need to do more than send anguished tweets. They should offer legislation that would restrain Trump and hold hearings meant to uncover his motives.

Analysis: Were it not for the fact that **McCain the Insane** is faking his illness in order to escape the coming house-cleaning, we would sincerely wish him a painful and protracted death from his "brain cancer." Nonetheless, the vile faker's evident displeasure with Trump's performance at The Goofy 7 is another good sign.

1. Crimea's return to Russia was triggered by a violent CIA coup in Ukraine, which was then followed by an overwhelming vote in Crimea to break away from CIA-Ukraine and return to Russia. 2. A friendly Trump-Putin one-on-one meeting is now inevitable, and neither Soros nor the pygmies of the Goofy 7, nor McCain the Insane, nor the frustrated Jew York Slimes can't stop it.

Boobus Americanus 1: *I read in the New York Times today that Trump may be deliberately trying to wreck the Atlantic alliance of the past 100 years.*

Boobus Americanus 2: *I don't understand. Countries like Britain, Canada, Germany and France are our closest allies.*

Sugar: *Wrong again, Boobuss! Any government that is N.W.O. is an enemy sstate of the American people.*

NY Times: Robert De Niro Uses Profanity to Condemn Trump at Tony Awards

By SOPAN DEB

The Anti-New York Times

Once again, the living legend actor **Robert De Niro** has selfishly hijacked a public event to showcase his obsessive hatred for **Donald Trump** in the most vile, vulgar and juvenile manner. Shhhh! Let's not tell DeNiro or his handlers that this failed tactic of having various celebrities hurl shock-profanities at Trump is, at this point, only serving to alienate more and more middle-of-the-road Americans from the Demonrat Party.

For his latest act, just before introducing a special performance by fellow commie **Bruce Springsteen** at the nationally televised (CBS) Tony Awards on Sunday night, De Niro walked to the microphone and shouted: ***"Fuck Trump. It's no longer 'Down with Trump!' It's just 'Fuck Trump!'"*** Of course, being among fellow degenerates, the oh-so brave fake tough-guy received a standing ovation -- which surely must have turned off a chunk of the TV audience. Just keep doing what "youse guys" are doing, libtards!

KEEP IT UP, YOU LOATHESOME LIBTARDS. KEEP IT UP!

1. Robert De Niro: *"Fuck Trump!"* **2. Samantha Bee:** *"Ivanka ..."you feckless cunt!"* **3. Bill Maher:** *"I'm hoping that the bottom falls out ... a crashing economy so we can get rid of Trump. So please, bring on the recession. Sorry if that hurts people."*

In January, 2018, before introducing fellow degenerate **Meryl Streep** at an awards gala, DeNiro also used public profanities when referring to Trump: ***"This fucking idiot is the president. It's the Emperor's New Clothes — the guy is a fucking fool."***

In May, 2017, the actor hijacked the commencement address at Brown University (*while also receiving an honorary degree!*) The headline-grabbing fool selfishly politicized the occasion by stating to the crowd: ***"When you started school, the country was an inspiring, uplifting drama. You are graduating into a tragic, dumbass comedy. My advice is to lock the [university's] Van Wickles and stay here. But if you do leave, work for the change. Work to stop the insanity."***

During the election campaign of 2016, Niro appeared in a viral video saying ***"I'd like to punch Trump in the face,"*** and trashing the candidate as a: ***"a punk, a dog, pig, a con, a bullshit artist,"*** adding: ***"He's a mutt who doesn't do his homework, doesn't care, thinks he's gaming society, doesn't pay his taxes."***

Days later, at another Hollywood award ceremony, De Niro stated that Trump was ***"insane."*** He compared the candidate to the lunatic general from the film, Dr. Strangelove -- adding that he would trigger ***"nuclear Armageddon."***

We suspect that DeNiro's obsession with publicly hating on Trump -- even to the point of alienating many who had admired his work -- maybe more than just about politics. You see, De Niro's background suggests that he is a sex pervert and even a predator. The undeniable fact that the Trump / Sessions tandem has been aggressively rolling up pervert rings may have something to do with De Niro's rage. This is only a hypothesis, of course, but the data points upon which we base

this possibility are solid, and intriguing as all heck. For your consideration, from the "things-that-make-you-go-hmmm" file, we present some really weird stuff about the young "Vito Corleone" that few people know about.

The Trump-hating De Niro plays the role of a tough guy very well because he is skilled at masking his own insecurities -- and probably masking something else.

De Niro's Father

Robert De Niro's father, **Robert De Niro Sr.**, was a Manhattan-based abstract expressionist and cubist "artist" (*weirdo alert! -- weirdo alert!*). In 1943, when Robert Jr. was still in diapers, the elder De Niro suddenly decided that he would play for the **pink team** -- shamelessly ditching his young family to become an open homosexual. As De Niro Jr. himself admits, there wasn't much of a father-son relationship growing up. One needn't be all that well-versed in child psychology to realize that an essentially fatherless boy -- **whose dad "came out" as queer at a time when such things were unspeakable in America** -- must have grown up with severe pain and complexes (*some of them possibly of a sexual nature*) that are evidently still unresolved.

Homosexual "artist" and absentee dad De Niro Sr with De Niro Jr -- the root cause of De Niro Jr.'s adult insanity?

De Niro's Wives

Pardon the male chauvinist superficiality here, but one would expect a rich, famous and handsome Hollywood actor to have a "9" or a "10" on his arm -- or at least an "8" if she had other good attributes of personality or character. In the case of the twice-married De Niro, he married two plus-size black women -- each at least as tall and definitely wider than the 5' 10" actor. They are **Diahnne Abbott** (1976-1988) and then **Grace Hightower** (1997 - present). De Niro also had twins out-of-wedlock with **Toukie Smith**, another big black girlfriend. Damn Robert. If you have a thing for chocolate, couldn't you have hooked up with something a bit more petite, like say, a Vanessa Williams or a Whitney Houston? Just sayin'.

Between the three women, De Niro has six mixed-race children in all (*1 adopted*).

SOMETHING AIN'T RIGHT WITH THIS DUDE!

1. Tough guy De Niro likes em' big and black. Big mamma-wife # 1, Diahnne Abbott. 2. With "big baby-mamma" Toukie Smith 3. With big mamma-wife # 2, Grace Hightower

De Niro and Under-Age Prostitutes

All glory to Sugar for sniffing out this old and buried bit of damning data. From the November 18, 1998 issue of **The Independent** (UK):

The Sex Scandal That Wouldn't Lie Down

Excerpts:

"It reads like the synopsis of a trashy airport novel: sex, movie stars, politicians, Arab princes, arms deals and the courageous investigation of an obstinate, incorruptible - and publicity-hungry - judge. ...

The case uncovers the brutal methods used to snare young women - some as young as 15 - into a call-girl agency specialising in wealthy, high-profile clients. It also exposes attempts by the French government machine to block an investigation which might embarrass senior politicians and damage French interests abroad.

*The files of clients' names seized by the police are said to include many well-known members of the sports and show-business jet-set on both sides of the Atlantic. The only names to emerge so far are **De Niro**, Fibak and the French film producer, Alain Sarde.*

De Niro, despite a much publicised "arrest" in Paris while filming a movie earlier this year, was questioned only as a witness and occasional client of the network's prostitutes."

Sugar the Crazy Conspiracy Cat senses that the very strange Mr. De Niro can still be linked to underage sex rings and possibly even child rape and God only knows what else these Hollywood monsters do on those private islands and in isolated mansions. Protected as he and his kind have always been (*until now*) there is no logical reason to believe that De Niro's patronage of such rings would have ended after the 1998 embarrassment. His obsession with Trump may actually be a manifestation of his fear of discovery.

1. Scum with scum: Harvey Weinstein, Jay Z, De Niro, & Harvey Keitel
- 2 & 3. Hey weirdo, what's in your sexual closet? Mr. Trump wants to know.

*

*Says it all ---- De Niro with Satanic witch to the elite, **Marina Abramovich**.*

Boobus Americanus 1: *I read in the New York Times today that Robert De Niro declared "F Trump" at a televised Award ceremony.*

Boobus Americanus 2: *I think some of these liberal celebrities are actually hurting their own cause with these outbursts.*

Sugar: *Hey De Niro! Go f *** your ...*

Editor: *Sugar!!! Don't stoop to their level! Remember, when they go low, we go high.*

NY Times: Trump Was Outfoxed in Singapore
By NICHOLAS KRISTOF

REBUTTAL BY

The Anti-New York Times

In our April 23rd rebuttal, ~~Sugar and I~~, er, "The Editorial Board" of **The Anti-New York Times**, predicted how Sulzberger's seditious scribblers would react to the

events unfolding today -- namely, the much-anticipated **Trump-Lil' Kim** summit which just wrapped up in Singapore.

From our article:

"Oh the butt-hurt that will ensue when Trump officially ends the Korean War!"

In the April 30th rebuttal, we then posed the following question regarding the specific *tactics* they would use in an attempt to thwart the historic thawing of the United States - North Korea Cold War:

"Now that it seems as though the Korean War will finally be coming to an end, what will the next line of attack from the Piranha Press be?"

This particular hate-piece by the Slimes' evil slanderer, warmonger and two-time "Pulitzer Prize winning journalist" TM **Nicholas Kristof** (*cough cough*) serves to both confirm our prediction of April 23; and to answer our question of April 30 as to *how* the putrid piranhas would attack. Let's examine and rebut a few bits of Kristof's crafty kikery.

1. *The senseless partition of Korea -- A 70 + year disgrace, conceived by FDR and Stalin at the **Yalta Conference** of 1945. **2.** The divide was solidified by President Truman's war of 1950-53, and left in place as a live trip-wire by President Eisenhower's "peace" of 1953. **3.** It may soon be coming to a historic and peaceful close -- but all this greasy piece-of-crap Kristof (*cough cough*) can do is cast negativity on recent events.*

Kristof: Trump made a huge **concession** — the suspension of military exercises with South Korea.

Rebuttal: Already, a Google-search of the term "*Trump concession Korea*" is yielding almost 1,000,000 results -- thus qualifying the word "concession" for fast-tracked trademark status -- **™**.

Seriously though, how the frickety-frack is the suspension of intimidating war games, staged near another country's borders, amount to a "concession" **™**? If the neighborhood burglar announces that he will suspend his pre-break-in scoping activities, can it be said that he made a "huge concession" to the local homeowners? Why would we expect North Korea to "denuclearize" **™** if we continue to stage the very war games which inspired the country to develop the nukes in the first place?!

Kristof: That's on top of the broader **concession** of the summit meeting itself, security guarantees he gave North Korea and the legitimacy that the summit provides his counterpart, Kim Jong-un.

Rebuttal: According to Kristof, just the fact that Trump is even meeting with Lil' Kim, *at all*, amounts to a "concession" **™**.

Kristof: In exchange for these **concessions**, Trump seems to have won astonishingly little. In a joint statement, Kim merely "reaffirmed" the same commitment to denuclearization of the Korean Peninsula that North Korea has repeatedly made since 1992.

Rebuttal: What is there to actually "win" from North Korea, anyway? Lil' Kim has done nothing to threaten America or its regional "allies" in any way.

Kristof: "They were willing to de-nuke," Trump crowed at his news conference after his meetings with Kim. Trump seemed to believe he had achieved some remarkable agreement, but the **concessions** were all his own.

Rebuttal: Hate to break it to ya, Kristof, but the whole deal has already been worked out among Trump, Xi, Lil' Kim and Moon of South Korea. These summits are all just for show and photo ops.

Kristof: The most remarkable aspect of the joint statement was what it didn't contain. There was nothing about North Korea freezing plutonium and uranium programs, nothing about destroying intercontinental ballistic missiles, nothing about allowing inspectors to return to nuclear sites, nothing about North Korea making a full declaration of its nuclear program, nothing about a timetable, nothing

about verification, not even any clear pledge to permanently halt testing of nuclear weapons or long-range missiles.

Rebuttal: As part of the political theater, all of those details will be revealed in the coming months as Lil' Kim visits Washington, and Trump possibly visits North Korea. At which time, Kristof will invent some other deficiency to whine about.

*1. Polly want a matzo cracker? The Jewish parrot says: "concessions ---- concessions --- concessions ---- concessions." 2. The debt-ridden U.S. -- under the phony pretext of "protecting South Korea," -- keeps 30,000 troops near the North Korean border as well as air and naval bases in the region. Perhaps we **should** be the ones "conceding" after all?*

Kristof: Kim seems to have completely out-negotiated Trump, and it's scary that Trump doesn't seem to realize this.

Rebuttal: These are the rantings of a desperate and deranged liar who senses that even some libtards are no longer taking his syndicated bullshit seriously. Indeed, a long-time reader of **The Anti-New York Times** just excitedly reported to us how some of her "liberal friends" are now puzzled and disturbed by the negative bias of the Piranha Press in covering the Trump-Lil' Kim summit.

Kristof: There was also something frankly weird about an American president savaging Canada's prime minister one day and then embracing the leader of the most totalitarian country in the world.

Rebuttal: Nothing "frankly weird" about it at all. You see, whereas **Justine Trudeau** is an insufferable, odious, back-stabbing, arrogant, conceited, self-righteous, commie-pinko libtard prick in a skinny suit and childrens' socks, Lil' Kim is a lovable little ball of chubby charm and straight talk.

Kristof: “He’s a very talented man,” Trump said of Kim. “I also learned that he loves his country very much.”

In an interview with Voice of America, Trump said “I like him” and added: “He’s smart, loves his people, he loves his country.”

Rebuttal: Tell it, Trump. Tell it!

Kristof: Trump praised Kim in the news conference and, astonishingly, even adopted North Korean positions as his own, saying that the United States military exercises in the region are “provocative.”

Rebuttal: What's so "astonishing?" How would Americans feel if China and Russia were staging exercises on the Texas-Mexico border and off the Gulf coast?

Kristof: That’s a standard North Korean propaganda line.

Rebuttal: So, not only does Trump receive secret orders from the big bad Putin; evidently, Lil' Kim must has dirt on him too. (*rolling eyes*)

1. Manly Nationalists: Lil' Kim, Trump, Xi & Putin vs 2 & 3. Girly Globalists: Canada's *Justine Trudeau* and France's *Emmanuel Maricon* (misspelling deliberate) --- Cheese & crackers! One's sissier than the other!

Kristof: It’s breathtaking to see an American president emerge as a spokesman for the dictator of North Korea.

Rebuttal: No, it's "breathtaking" to see you filthy traitorous rats trying to keep this trip-wire alive and dangerous when we finally have a chance to deactivate it once and for all.

Kristof: ... it is bewildering how much Trump gave and how little he got. The cancellation of military exercises will raise questions among our allies, such as Japan, about America's commitment to those allies.

Rebuttal: Wrong again, Kristkike! Japan and South Korea are actually breathing huge sighs of relief. The only reason why they ever adopted a belligerent posture toward North Korea was because they have been U.S.-occupied vassal states since 1945.

Kristof: The Trump-Kim statement spoke vaguely about efforts "to build a lasting and stable peace regime on the Korean peninsula," whatever that means.

Rebuttal: What do you mean by asking, "whatever that means?" You do understand English, dontcha?

Kristof: My guess is that Kim flattered Trump, and that Trump simply didn't realize how little he was getting.

Rebuttal: (*Deep sighing -- palm to face -- shaking head*) Of course. Trump the 72-year old New York City real estate billionaire who wrote "The Art of the Deal" and defied all odds to become president is so unsophisticatedly stupid that a bit of flattery got the best of him. Just imagine how that went down:

- **Lil' Kim:** *"President. Trump. I have always admired your business acumen, grand hotels and stunning comb-over -- and your TV Show was my favorite, and your book was a true page-turner, and oh those gorgeous wives of yours. God, I wish that I could be you for just one day."*
- **Trump:** *Why thank you, Rocket Man! Just for that, I'm gonna make some huge concessions -- whatever you wish my little fat friend."*

Kristof: Whatever our politics, we should all want Trump to succeed in reducing tensions on the Korean Peninsula, ...

Rebuttal: So, the greasy Globalist ghoul now claims (*because he has to!*) that he wants Trump to "succeed in reducing tensions" eh? Yet the sneaky little rat bastard mocks and undermines Trump's efforts at every turn! Die, you forked-tongued, two-faced, shifty-eyed m-effer. Just die. (*of natural causes, of course*)

Kristof: ... and it's good to see that Trump now supports engagement rather than military options.

Rebuttal: Chessmaster Trump never actually supported military options against North Korea. It was all just a show designed to keep the true warmongers -- like you, Mr. Jerkoff -- diverted and off of his back as the back-channel stuff went on quietly. And don't you *dare* try to act as if you ever preferred "engagement rather than military options," -- not when the Internet can expose the history of your Hebraic hypocrisy within a matter of seconds.

From a Kristoff column published on August 27, 2002, titled, "**Wimps on Iraq**" --

"To us the existing Iraq debate seems largely beside the point; the real issue isn't whether we want to overthrow Saddam, but what price we would have to pay to get the job done." ... President Bush has convinced me that there is no philosophical reason we should not overthrow the Iraqi government, given that Iraqis themselves would be better off."

There -- you're busted!

Kristof: There will be further negotiations, and these may actually freeze plutonium production and destroy missiles. But at least in the first round, Trump seems to have been snookered.

Rebuttal: Yes, there will be further show-time photographed "negotiations" to confirm what has already been settled. And no matter what actual concessions that *Lil' Kim* makes, the scum at the Slimes will still say that Trump got "snookered" and "outfoxed" in the negotiations by making too many "concessions" TM. They will probably shriek: *"But North Korea was allowed to keep its vast arsenal of rifles!"*

Evil --- just plain evil.

****END OF REBUTTAL*******

Closing on an optimistic note, there are some hard core Zionists in Israel who are now worried that Trump's willingness to make easy "concessions" TM to North Korea may be an indication that he might also make "concessions" TM to Iran if he renegotiates a "nuclear deal" TM with that nation. From **The Times of Israel**:

THE TIMES OF ISRAEL

Headline: (June 12, 2018)

What the Trump-Kim summit could mean for Israel and Iran

"The bad news is that Trump appears to be making concessions from the get-go, a signal of what he may be prepared to do should Iran come around to renegotiating the nuclear deal that Trump just abandoned, and also a signal to Iranian leaders of what they can ask for if they play nice."

The fact that the bloodthirsty Israelis (*who hate North Korea because it sells hi-tech to Iran and other Arab states*) are now worried that Trump -- notwithstanding his publicly (*strategically?*) expressed love and devotion for "the State of Israel" [™] -- might eventually make "concessions" [™] and nice-nice to Iran too well, that's a damn good sign! Stay tuned.

"Russia and China will pay a price."

Killary as president may very well have stated World War III in either Syria, or on the Korean peninsula, or both -- and Nicholas Kristof would surely have cheered her for it, as he did for Bush during the run-up to the disastrous Iraq War.

Boobus Americanus 1: *The New York Times is saying that Trump was outsmarted by Kim Jong Un and made too many concessions.*

Boobus Americanus 2: *I do think that some of the media coverage has been too negative and pessimistic over the summit. Rome wasn't built in a day.*

Sugar: *Keep thinking, Boobuss. Keep thinking. We'll "red pill" your sstupid ass yet.*

Editor: *Well, I don't know if the Boobus Brothers are quite ready for the red pill just yet, but the Slimes' grip on their feeble minds is loosening up a little bit.*

REBUTTAL BY **The Anti-New York Times**

Wow, Just wow. Such venom! Count em' -- **11** negative pieces about the Singapore Summit in just one issue. Can some of "youse guys" finally see now why Trump was forced to play the role of the blustering warmonger in order to keep these rabid dogs off his back so he could get to this point with Lil' Kim? Here: from Trump's own mouth, let slip just two days ago:

"I think without the rhetoric, we wouldn't have been here. I really believe that. So, I think the rhetoric, I hated to do it. Sometimes I felt foolish doing it. But we had no choice."

Like so many demons being sprayed with Holy Water, the seditious scribblers at Sulzberger's Slimes are screaming in agony over the prospect of the Korean War officially coming to an end. In so doing, they reveal to all but the most helplessly stupid specimens of *Boobus Americanus* what any student of **real** history has known all along -- namely, that the Slimes, despite its historical posturing as a cautious voice of restraint and reason when it comes to waging war, is, and has always been, the flagship vessel of the warmongering Piranha Press.

Childish, disgusting, and traitorous --- The Globalist Piranha Press and all of its editorialists and cartoonists are in full freak-out mode over the prospect of world peace and cooperation based on sovereignty and mutual respect.

Since the days of the phony Spanish-American War of 1898, while the blatantly pro-war elements of America's Yellow Press were openly screaming, at the top of

their lungs, for war, war, war; the oh-so-respectable, responsible and "intellectual" Slimes played the role of "good cop" -- opening up its pages for reasoned "debate" on the pending war of the day, before finally and "thoughtfully" aligning itself with the "bad cops" who had screamed for war months earlier. And whenever the high and mighty trumpets of Mount Olympus at 8th Avenue solemnly sounded the call for war, the "bad cop" press and politicians could then declare: *"See? Even the liberal New York Times now supports going to war!"*

February, 1898: While the sensationalistic **New York Journal (Hearst)** and **New York World (Pulitzer)** immediately blamed the false-flag bombing of the **USS Maine** on the innocent Spaniards (1 & 2), the Slimes (owned by the great-great grandfather of today's publisher) made no such wild accusation. (3) But the "reserved" Slimes did eventually showed its true colors by closing ranks with the rest of the Yellow Press to support the unprovoked and unjust war with Spain.

In more recent times, good cop / bad cop journalism was used to con the American public into the disastrous Iraq War of 2003 - 2011. While the fanatical warmongers of the neo-con arm of America's **PRC (Predatory Ruling Class)** were covering themselves in warpaint as they screamed: "9/11! 9/11! 9/11!" -- the sneaky Slimes went to work on the anti-war elements of the "intellectual" libtard crowd. Opinions both for and against Bush's drive to war appeared in the pages of the Slimes. The trick lie in presenting more and better-placed arguments *for* war than those against war; before finally announcing -- with the usual solemn and thoughtful good-cop "gravitas" TM that the "paper of record" is known for -- that Bush & Cheney's evil war was indeed necessary and unavoidable. The neo-cons, radio-shock jocks and FOXtards then declared: *"See! Even the liberal New York Times supports the war now!"*

Trump's deepening and respectful relationship with Lil' Kim of North Korea (*and also Putin of Russia and Xi of China*), threatens to deactivate all of the world's dangerous trip-wires to World War III --- booby traps which the architects of **The New World Order** had cleverly engineered and placed all over the world, dating back to the World War I era **Treaty of Versailles** (*which divided up and destabilized Central Europe*) and also the **Treaty of Sykes-Picot** (*which divided up and destabilized the Arab world*). The loss of such strategic triggers for war represents a huge strategic setback for the Globalists -- which is why the "thoughtful" Slimes is becoming so transparently *thoughtless* in its reporting and editorializing. Trump and Putin and Xi and Lil' Kim and Assad have smoked these insidious insects out of their nests, and the mass panic is getting fun to watch.

After every war, the Globalists has set up live trip-wires which could be used to trigger a future war if necessary.

- 1. The Sykes-Picot deal was struck between the UK and France during World War I. It chopped up the Ottoman Empire and left the region vulnerable to the future Globalist wars and Israeli trouble-making that was to come.*
- 2. The bizarre territorial reapportionment mandated by the infamous Treaty of Versailles allowed the Globalists to later trigger another war against Germany.*
- 3. The post-World War II partition of Korea can be used to set off a war with North Korea and China at any time.*

Dem Senators Move to Halt Potential U.S. Troop Withdrawal from S. Korea

*"A pair of Democratic senators on Wednesday introduced an amendment to the annual defense policy bill that would **stop President Trump from withdrawing U.S. forces from South Korea** without the Pentagon's input.*

*The amendment "would help prevent the President from making a rash decision about troop reductions on the Korean Peninsula that negatively impacts our national security," Sens. **Tammy Duckworth** (Ill.) and **Chris Murphy** (Conn.) said in a joint statement."*

Boobus Americanus 1: *The New York Times must have run a dozen stories today attacking Trump over his summit meeting with Kim.*

Boobus Americanus 2: *I just don't understand all the negativity. Isn't it a good thing that we are talking with North Korea?*

Sugar: *Good for the world, Boobuss. But not sso good for the evil warmongering Jewissh ssupremacissts at Ssulzberger'ss Slimess.*

Editor: *I can't wait to see the Slimes' reaction when Lil' Kim comes to Washington --- maybe even for a state dinner, with seconds and multiple desserts.*

NY Times: Einstein the Anti-Racist? Not in His Travel Diaries

REBUTTAL BY

The Anti-New York Times

Oh the delicious irony! **St. Albert Einstein** (*cough cough*), that holiest of holy libtard icons, the "theoretical scientist" of "relativity" fame, the gifted freak-of-nature whose very name is synonymous with "genius," the visionary whose calculations showed us that outer space is actually "curved" (*rolling eyes*) and time can be "warped" (*rolling eyes*), the poor little Jew who fled the persecution of "Nazi" Germany (*because he was a communist*), the devout anti-racist who championed the rights and equality of all men of all races -- has now been discovered to have been a (*gulp*) -- "racist" TM (*gasping in horror*).

Oy vey! Say it ain't so, Herr Einstein. say it ain't so!

Though Einstein's crackpot theories were denounced by many of Germany's great men of **real** physics, the "curved space" charlatan was puffed-up and sainted by the international Judenpresse. When **The Great One** (that's Hitler for all you newbies and normies) came to power in 1933, the communist Einstein left Germany to become an American icon and champion of libtard causes (including "anti-racism") which he knew were communist front initiatives. (Image 3: German postcard from 1934)

From the 1922-23 travel diary entries of the sanctimonious hypocrite who once declared: *"Racism is a disease of White people. I do not intend to keep silent about it,"* we present the in-private and in-writing racial rantings of the scientific fraud whom the great **Nikola Tesla** once described, also in-private and in-writing as, *"a long-haired crank."* Tell us how you really feel, Albert. Tell it:

In China:

"The Chinese are incapable of being trained to think logically and that they specifically have no talent for mathematics. ... filthy, obtuse people. ... Chinese don't sit on benches while eating but squat like Europeans do when they relieve themselves out in the leafy woods.

Even the children are spiritless and look obtuse. It would be a pity if these Chinese supplant all other races. For the likes of us, the mere thought is unspeakably dreary."

Even those reduced to working like horses never give the impression of conscious suffering. A peculiar herd-like nation... often more like automatons than people."

In Ceylon (Sri Lanka):

"They live in great filth and considerable stench at ground level ... they do little, and need little. The simple economic cycle of life."

Yikes! Just imagine what "anti-racist" observations St. Albert would have written about had he visited Africa! We don't know about what "youse guys" think, but Sugar and I, er, "The Editorial Board" of **The Anti-New York Times**, on the basis of this new information, does hereby call for the immediate removal of all Einstein images and statues from the public realm. Seriously now, if we are to erase the memories of **George Washington, Thomas Jefferson, Andrew Jackson** and **Robert E. Lee** due to their unforgivable sin of "racism," then why keep worshipping St. Albert? What's fair is fair!

NO "RACISTS" ON POSTAGE STAMPS!

USA -- Italy -- Israel -- Chad

Cuba -- Serbia -- Vietnam

Zaire -- Gibraltar -- Switzerland -- Angola

Of course, this conflicted crisis among libtard Einstein worshippers won't last long. Already St. Albert's sycophants are rationalizing and spinning his diary thusly: *"Oh, he was only speaking in the context of the unenlightened attitudes of his time!"* A fair point, but why aren't the *White* "racists" of his times and before not afforded the same apologetics? Hmmm? Such an argument, though sound in its logic, misses the real point of Einstein's particular case -- namely, his high profile and very hypocritical condemnation of what he called the "disease" of White "racism" TM.

The lesson of this story is very clear. You see, boys and girls, Jewish Supremacists, despite their tireless activism in the "anti-colonialism" TM and "civil rights" TM movements, never had any special love or sympathy for any "people of color" TM. No sir. Their true motive for fighting "racism" and assisting non-Whites has *always* been about displacing, dispossessing and destroying the rival White / Aryan Man -- with the ultimate goal of lording over a communist planet of rootless and cultureless mixed-race automatons. That's the truth, and it doesn't take a fake "genius" to figure it out.

***NO MORE STATUES FOR "RACISTS" WHO PRETEND TO CARE
ABOUT "PEOPLE OF COLOR"***

The mass worship of this evil clown and his Fake Science represents the ultimate evidence of Jewish ownership of modern western (and even non-western) culture.

Boobus Americanus 1: *I read in The New York Times today that Einstein's travel diaries contain some surprisingly racist observations.*

Boobus Americanus 2: *That's shocking and saddening to hear. But it in no way diminishes his great scientific discoveries.*

Einstein's relativity work is a magnificent mathematical garb which fascinates, dazzles and makes people blind to the underlying errors. NY Times: Sally Hemings Takes Center Stage

BY ANNETTE GORDON REED

REBUTTAL BY

The Anti-New York Times

During the 1796 presidential election campaign between Federalist **John Adams** and Democrat-Republican **Thomas Jefferson**, Rothschild banker agent **Alexander Hamilton**, writing for the **Gazette of the United States** under the pen-name "Phocion," wrote 25 anti-Jefferson attack articles aimed at the anti-banker who wrote the Declaration of Independence, **Thomas Jefferson**. Each piece was nastier than next, with the worst of them accusing Jefferson, a widower, of fathering a child with a black slave named "Sally."

For this, and other cases of "Fake News," Jefferson once wrote of newspapers:

"Nothing can now be believed which is seen in a newspaper. Truth itself becomes suspicious by being put into that polluted vehicle."

You see, Fake News was as bad then as it is today, albeit not as monopolistic. Jefferson lost the race to succeed **George Washington** by a very close margin, but

would return in 1800 to unseat Adams -- who, although not as suspicious of the **Bank of the United States** as Jefferson, also despised the British intriguer, Hamilton, er, "Phocion."

1. The founding philosophy of the United States was penned by Thomas Jefferson on July 4, 1776. 2. Election 1796: An anti-Jefferson cartoon appearing in a Federalist-Hamiltonian newspaper portrays Jefferson as a "Philosophic Cock" (the rooster being the symbol of the bloody French Revolution) who kept a Black slave mistress named Sally Hemings (the chicken) as his sex concubine. 2. In 1804, Aaron Burr, Jefferson's sitting Vice President, having also been openly slandered by Hamilton, challenged Rothschild's arrogant agent to a duel and killed him.

Over the course of the two centuries that followed, historians of all stripes rightly dismissed the story of the Jefferson-Hemings relationship as baseless and rooted solely in political propaganda. Claims of Jeffersonian paternity made by Sally Heming's son, **Madison Hemings**, in the mid 1800's (*long after both Jefferson and Sally Hemmings had passed away*) were also viewed as suspicious and opportunistic. But when the late 1990's sex-with-an-intern scandal of media darling President Clinton exploded across an America that still used to care about such things, the Jefferson-Hemming LIE was resurrected and "confirmed" by a DNA test linking Jefferson's known descendants to Hemings known descendants. The breathless talking heads and seditious scribblers of the Piranha Press opined: *"Thomas Jefferson was getting frisky with much younger women and look what a great man he was. Shouldn't we give Bill Clinton a break?"*

- **Headline: New York Times: (November 1, 1998): DNA Test Finds Evidence Of Jefferson Child by Slave**

The Fake Science here lie not with the actual DNA test results which turned up common markers between the descendants of Hemings and of Jefferson -- but in

the wild assumption that President Jefferson was *the* particular Jefferson who dropped some Jeffersonian seed into the Hemings gene pool. You see, it is known that there were as many as 25 Jefferson-related men who either stayed or visited the estate at Monticello at varying times -- including the Carr brothers, nephews of Jefferson's, who were notorious for cruising the slave quarters.

Headline: Wall Street Journal: (July 11, 2012) The Myth of Thomas Jefferson and Sally Hemings:

"The sexual relationship lives on in books and film, despite a lack of verifiable evidence... The 1998 DNA tests alleged to prove this did not involve genetic material from Thomas Jefferson. All they established was that one of more than two dozen Jefferson males probably fathered Sally Hemings youngest son."

But why let logic, real science and common sense get in the way of a good story, or a good chance to remind everyone that the great White men of history were actually cruel, racist, sexist, rapist pigs. The Marxist agenda is obvious.

1. The Jefferson-Hemings Myth," by Eyler Robert Coates rips the story to shreds. 2. Bill and baby girl Monica Lewinsky suddenly didn't seem as controversial after DNA "confirmed" that Jefferson and Sally had a baby. 3. To further "prove" the 200-year-old slander, the Hollywood illusion-makers (cough cough) produced "Jefferson in Paris," a movie about the two "lovers."

Now that we understand the Fake News, the Fake Science and the Fake History that went into the manufacturing of this Marxist mendacity, it is with great frustration, sorrow, and anger that we learn about the madness at Monticello that has been institutionalized for the visitors and school-children From the article:

"MONTICELLO, Va. — Sally Hemings takes center stage in Monticello on Saturday when the Thomas Jefferson Foundation opens an exhibit in a space where she is said to have lived for some time. Her story is told through the recollections of her son Madison Hemings, the third of four children she and Thomas Jefferson had who lived to adulthood. (so now Jefferson fathered four children?!) His memoir, published in an Ohio newspaper in 1873 gives vital information.

Visitors will for the first time see Sally Hemings depicted as a central figure in life on the mountain... Madison Hemings helps us define his mother's life, and also the life of his famous father.

This is a remarkable turn of events. For centuries, historians denied Jefferson's relationship with Sally Hemings. This exhibit has been a long time coming, but better late than never."

At the heart of Madison Hemings's recollections is a dramatic moment in 1789 that occurred between his parents while they were abroad in France when Jefferson served as a diplomat. That's when, according to Madison Hemings, his mother became "Mr. Jefferson's concubine..."

Neither **Madison Hemings** (born 1805) nor any of his siblings were even born in 1789, but we're all supposed to take the con man's word for it -- again, a word not spoken until well after both Jefferson and "his concubine" were dead! One can envision the day in the not-too-distant future when Jefferson's Declaration of Independence and Louisiana Purchase are completely erased from Monticello and the estate-museum will be all about slavery, slavery, slavery. Heck, they might even rename the place, "The Sally Hemings House." With Marxists and Libtards, any perversion of truth is possible.

THE MARXIFICATION OF MONTICELLO

1. Black "scholars" were hired to create "Remembering Those Enslaved at Monticello" (with statue of Jefferson) 3. Exhibit: "Sally Hemings"

Boobus Americanus 1: *I read in The New York Times today that Monticello is finally acknowledging the fact that Thomas Jefferson fathered children with a slave girl.*

Boobus Americanus 2: *Well it's about time they admitted it. DNA tests clearly established his paternity 20 years ago.*

Sugar: *DNA sstandss for "Do Not Assume," Boobuss! --- We know that there were lotss of younger Jefferson kinfolk coming and going from Monticello.*

Editor: *When Fake Science combines with Fake News, it becomes next to impossible to deprogram a Boobus.*

REBUTTAL BY

The Anti-New York Times

Wow, just wow.

As it was with the Trump-Lil' Kim summit, the usual suspects have really gone full retard over this issue too. In a futile effort to rouse public indignation at the immigration policy of mean old "racist" TM **Donald Trump**; the whole of the Democrat Party, Sulzberger's Slimes and the rest of the Piranha Press continue to play the **C-Card** (*Children Card*) over and over and over again -- but with little to no effect.

Ironically, if anything, they are actually *helping* Trump because most normal people, including "independent voters" and even a chunk of Democrat voters, have no more sympathy left for the never-ending human waves pouring in from the Turd World. Indeed, according to Gallup Polling, Trump's approval numbers have actually spiked upward in recent days. Has the Left really become that tactically stupid (*a possibility*), or might there be another motive for this oddly excessive protesting about "the children" TM being separated from their "parents?"

The talking heads and the seditious scribblers are still playing "The C Card" non-stop.

The playing of the C-Card is the hallmark of the scoundrel.

Sing it! --- "We are the world ... we are **the children**."

We have known for a long time that human trafficking is a very lucrative business -- perhaps even more so than drug trafficking. The uses of these poor souls include no-wage or low-wage slavery, prostitution, snuff-murder child porn, Satanic ritual killings, cannibalism and organ sales. More so than adults, kidnapped children can be worth their weight in gold, and then some! The horror of this trade in human beings is such that even the Obongo administration was compelled to at least pay a bit of lip service to the problem, which ought to dispel the libtarded notion that any talk of human trafficking and sex slavery is, as major media outlets have claimed, just a bunch of "Q-related conspiracy theory." From **USA Today**:

Headline: (June 5, 2013)

Blue Campaign by DHS Aims to Combat Human Trafficking

"Human trafficking, as defined by the Trafficking Victims Protection Act, can be the recruitment, transportation or harboring of people by means of force, deception or coercion. Victims, often mentally and physically abused, can be forced into prostitution, unfair working conditions or other exploitative situations.

In September, President Obama announced several initiatives aimed at ending trafficking nationwide, including the first-ever assessment of the problem in this country."

Why was *Roseanne Barr* so viciously attacked as a "conspiracy theorist"™ for praising Trump's crackdown on child sex-abuse rings "in high places?"

Of course, the big difference between the Trump administration and that of **Mr. & Mr. Obongo** is that the former is taking active measures to stop it, whereas the latter actually aided and abetted it through its "Unaccompanied Minors" and unverified asylum claims. If the "Deep State" which created the Obongos raises funds through drug sales (*an established fact*), would it not be reasonable to suspect that DS is also involved in child sex slavery and organ sales as well?

If such human trafficking is shut down, we suspect the loss in revenue to the CIA could run *in the billions*. Beyond that lies the possibility of full disclosure of these activities which, if Q-Anon turns out to be correct, would lead us directly to the **Clinton Foundation**, the Obongo administration, and many other Global elites. Could panic be the real reason why the Demonrats and Sulzberger's henchmen are screaming in such agony about "the children" TM being separated from the undocumented adults claiming to be their "parents?"

Stay tuned.

*Q-Anon has repeatedly linked Hillary ("HRC") to child trafficking (particularly from Haiti), and has said that the truth would eventually be revealed. The worried suspect herself has suddenly chimed-in on the "separations." Said Holy Hillary: (try not to barf here!): **"I went to a lot of years of Sunday School, I even taught it from time to time, I studied the Bible -- both the Old and the New Testament. Jesus said, 'suffer the little children unto me.' He did not say, 'make the children suffer.'"***

*(Who knew this nasty she-devil was such a devout Christian after all?!
(rolling eyes))*

Hillary in 2014: "Just because your child gets across the border that doesn't mean your child gets to stay."

---Tell it, Hildebeast. Tell it!

Boobus Americanus 1: It's a real shame what is happening to those kids at the border.

Boobus Americanus 2: I can't imagine anything worse for a child than to be separated from his mother.

Mesut Ozil of Germany

NY Times: For Germany, a Defeat Both Stunning and Foreboding

REBUTTAL BY

The Anti-New York Times

Powerhouse Germany's lackluster play during its opening game 1-0 loss to Mexico in the World Cup has got the shocked football / soccer world wondering if the defending world-champion will even make it to the next round of play. Though the talking heads of TV footballdom may be at a loss to explain what happened, ~~Sugar and I~~, er, "The Sports Editors" here at **The Anti-New York Times**, knowing a thing or two about the sport ourselves, understand exactly what the problem is: **CULTURAL MARXISM!**

You see, boys and girls, under the 13-year reign of ruin of the nasty East German communist hag we like to unaffectionately refer to as "**The Frumpy Frau**," Germany's suicidal obsession with multi-culturalism [™] has extended to the all-important world of football too. Totalitarian Germany actually has a Federal Ministry which oversees sports. The German acronym is **BMI** -- for **Federal Ministry of the Interior, Building and Community**.

1. The Federal Ministry of the Interior, Building and Community oversees German sports. The boss at BMI is **Horst Seehofer -- who answers to the Frumpy Frau. -- Seehofer (tall man at left) with German National team head coach, **Joachim Löw** (black haired man on right).**

From the BMI's English version website:

"The Federal Ministry of the Interior, Building and Community sponsors German high-performance sport, thereby expressing that sport is a priority for the Federal Government. The presence and performance of German top athletes are important in shaping Germany's image in the rest of the world."

Now, we can present no evidence to confirm the existence of any official state policy mandating racial quotas for the German National Team. However, knowing German Marxists and busy-body libtards as well as we do, we are nonetheless convinced that some sort of "understanding" is in place whereby Germany's 3,000,000 Turks, 1,000,000 Africans and 1,000,000 Arabs each get to have one German-born starter on the national team. They are, respectively, **Mesut Ozil** (Turkish), **Jerome Boateng** (African / Ghana father, white German mother), and **Sami Khedira** (Tunisian father / white German mother).

Ozil, Boateng, and Khedira

With three of the ten position starters (excluding the goalkeeper) being of a foreign parent or parents, it means that the German National Team is 30% "multicultural." How special!

Now, don't misunderstand our position here. The question at hand is not about whether these three are good, professional quality football players. That they are. The question is (*apart from the fact that they aren't truly German, bloodwise*): Are they *good enough* to be starting for the legendary national team of Germany, ahead of some other "pure" German players. Answer: No, that they are not; and some German and European sports writers have, over the years, made the same observation on numerous occasions. In fact, followers of their individual European club teams have often expressed dissatisfaction with each of the three. A **Google Search** of the terms: "**Ozil overrated,**" and "**Boateng overrated,**" and "**Khedira overrated**" will turn up a plethora of both sportswriter and fan complaints about each of these three players.

1. The German-born Ozil created an unnecessary distraction for the German team by accepting an honorary Turkish Jersey from President **Recip Erdogan** of Turkey. **2.** After being booed by German fans who felt his over-the-top display of Turkishness was inappropriate, the poor baby was then consoled by teammates. **3.** Ozil -- who once said: "**I will always be Turkish,**" now plays club football in England, where the knock against him is that he is lazy and overrated.

Reading through the various critiques of each, the astute student of cultural Marxism will notice that the critical articles and comments never seem to mention the reason *why* the Diversity Trio is so overrated by the lords of German football and sports-media. That is understandable, because in the Marxified Germany of the Frumpy Frau, any honest talk about such matters might land you in a jail cell next to some 95-year-old former SS man or an 85-year-old "Holocaust Denier" TM.

The German squad may still have enough elite horses to recover and overcome this triple handicap, as they did in 2014. But Messrs. Ozil, Boateng and Khedira are all aged 30 now -- which is getting slightly "up there" for a high-level footballer. So this time around, the Germans might not get away with being so "inclusive" TM.

1. 2014: When all the eyes of the German nation and the world were upon her, the suddenly "patriotic" Frumpy Frau cheered her "multikulti" team to World Cup victory. **2. 2016:** But when someone handed "the Chancellor" a German flag to celebrate her re-election, Globobitch expressed clear disgust and quickly handed it to some butt-boy for disposal. **3.** Can the Germans rebound after their stunning loss to Mexico? Boobus Germanicus' whole pathetic life is depending upon it.

Boobus Americanus 1: I read in the New York Times that many people in Germany were shocked when they lost their opening match to Mexico.

Boobus Americanus 2: *That's not like Germany to lose a game so early in a World Cup tournament. I wonder what happened?*

Sugar: *You wanna know what happened to Germany, Boobuss? I tell ya what happened. --- Nassty ass Angela Merkel happened, that'ss what!*

Coach Hitler: Ja!

Editor: *Maybe an early exit from the World Cup might anger Boobus Germanicus enough to start asking questions. Nothing else seems to really motivate him.*

NY Times: The Example of Charles Krauthammer

NY Times: Charles Krauthammer, Prominent Conservative Voice, Dies at 68

REBUTTAL BY

The Anti-New York Times

For someone who was such a "conservative," it's awfully peculiar how the FOX talking-head pundit and nationally syndicated columnist **Charles Krauthammer** (*cough cough*) was, throughout his career and now in death, treated with such respect and reverence by the likes of the hateful hard-Left **Jew York Slimes** and **Washington Compost**. Why is that? Answer: Because the witty and oh-so-eloquent paralytic pundit -- who severed his spinal cord after diving into a pool while in college -- was actually nothing more than a deceitful, bloodthirsty, warmongering, controlled-opposition, Zionist hack masquerading as a conservative "intellectual."

Even in death, the "Pulitzer Prize winning" TM traitor, who has just died of cancer at 68, will get neither quarter nor sympathy from ~~Sugar and me~~, er "The Editorial Board" of **The Anti-New York Times**. For our "eulogy," we propose to tear off the halo of this vile Israel Firster "neo-conservative," 9/11 accomplice (*both before & after the fact*), screaming warmonger, and Marxist infiltrator.

1. Weep not for the passing of this warmongering fork-tongued Devil. 2. Instead, save your tears for someone like the dead Iraqi girl carried by a compassionate US soldier during the war which that PoS Krauthammer and his bunch engineered for the benefit of Israel. 3. Trump pegged Krauthammer correctly as "an overrated clown."

What is a "Neo-Conservative?"

"**Neo-Conservatism**" originated in the early 1970's, and blossomed by 1979. The neo-cons are actually Globalists that differ from other "liberal" Globalists in one key area. Whereas Bilderberger / Soros Globalists have no special love or loyalty for Israel, the neo-con Globalists are hard core, Israel-First Zionists.

The founders of neo-conservatism (*neo-cons*) were self-professed "ex-Marxist" Jews who claimed to have realized their error in supporting liberal Democrats like **Jimmy Carter** and wanted to embrace conservatism instead. The first of the major "New York Intellectuals" to "come out" as a neo-con was **Irving Kristol (CFR)** - "The Godfather" of the neo-cons. Kristol explains his views in a 1979 article "*Confessions of a Self-Confessed 'Neoconservative.'*"

Eager to shed the false "anti-Semitic" tag often attached to the Right, gullible "Reagan conservatives" welcomed the media-hyped, neo-con Jew infiltrators with open arms into their circles, publications and think-tanks. Big mistake! It wasn't long before these conservative-sounding "ex-Marxist" Zionists were able to hijack true conservatism, water it down to Marxism-light, and turn most of the American Right into stark-raving-mad Israel Firsters!

As for Charles Kikehammer, he was so late in "converting" that he never even voted for Ronald Reagan! But when he did finally "see the light," Leftist/Globalist Editor **Meg Greenfeld** (*cough cough*) and Leftist/Globalist Owner **Katherine Meyer Graham** (*cough cough*) -- both of the Leftist/Globalist Washington Compost -- set the crippled kike up (*and George Will too*) with a nationally syndicated column that skyrocketed his career as a "leading intellectual" of the

American Right. How magnanimous and fair-minded of those two Marxist yentas to pump-up such a "conservative," eh? (*rolling eyes*)

1. Irving Kristol (father of William) was the King of neo-con "converts" like Krauthammer. **2. Meg Greenfield** of the Washington Post and Newsweek Magazine boosted Krauthammer's career. **3. Katherine Meyer Graham** inherited the Post from her father, former Federal Reserve Chairman, **Eugene Meyer**.

The Chronicles of the "conservative" Krauthammer

- Never voted for President Ronald Reagan
- Served as a speech-writer for Democrat presidential candidate **Walter Mondale** in 1984
- Was a prominent supporter of the PNAC Group (*Project for a New American Century*) which had advance knowledge of the 9/11 false-flag attacks and warned of a "**New Pearl Harbor.**"
- Aggressively promoted the lie of "Weapons of Mass Destruction" which led to the disastrous Iraq War
- Claimed that the Iraq War would only last three weeks
- Called for war on Syria, Lebanon (*Hezbollah*) and Iran
- Defended the torture of Iraqi prisoners
- Defended every act of Israeli aggression and genocide ever committed
- Mocked believers in Intelligent Design
- Ranked Franklin D. Roosevelt as the greatest president of the 20th century
- Dismissed and disrespected the candidacy of Ron Paul in 2012
- Spewed venom at Vladimir Putin/ called for confrontation with Russia
- Refused to endorse Donald Trump in 2016 (*thus tacitly helping Hillary*)
- Supported amnesty for illegal aliens and lax border enforcement

Cheese and Crackers! With "conservatives" like Charles Krauthammer serving as the media-anointed "intellectuals" of the Right, who needs libtards? Rot in hell, Chuckie. Rot in hell.

1. Krauthammer's greasy gang of warmongering traitors had advance knowledge of the 9/11 attacks -- a mass slaughter of Americans which they then falsely blamed on a Saudi Arabian caveman hiding out in Afghanistan.

2 & 3. With a smooth rap, a sharp wit, an arsenal of \$10 words and a superficial command of conservative talking points, Krauthammer could suck-in and dazzle the conservatards and patriotards of FAUX News. Having won the trust of the target audience, he could drop his Israel First poison pill (along with a bit of liberalism) at every opportunity.

*

Boobus Americanus 1: *I have to give credit to the New York Times. Even though the Times is liberal, they wrote very respectfully of the conservative intellectual, Charles Krauthammer.*

Boobus Americanus 2: *Krauthammer was a thoughtful conservative and a voice of reason standing up to right-wing extremists and the rise of Trumpism. He will be missed.*

Trump Arms an Adversary

By BRET STEPHENS

REBUTTAL BY

The Anti-New York Times

Don't let the Anglo name and the "conservative" label fool you. Columnist **Bret Stephens** (*cough cough*) is a chosenite and an operative of the Globo-Zio crime syndicate. Much like the recently deceased **Charles Krauthammer** (*cough cough*) or the puffed-up sophist **George Will**, Stephens is skilled at playing the role of the isolated "conservative" who so dauntlessly bucks the libtard tide of his employer and supervisors. And, just like Krauthammer and Will, he can turn full libtard and/or full Ziotard, *on a dime*, whenever his paymasters deem it necessary to close a Left-Right pincer movement.

This particular double-attack piece slimes up both Turkish President **Recip Erdogan** and **Donald Trump** at the same time. Hazmat suits and gas masks on, boys and girls. Let's dive in to Stephens' felonious filth to figure out what he's so mad about.

Bret Stephens: "proudly conservative," according to HIS definition.

*

The anti-Erdoganism and anti-Trumpism of Jewish "neo-conservatives" mirrors that of the Globo-Leftist periodicals of the West. (Note how Stern Magazine (Germany) used the Turkish crescent as devil's horns on the head of "The Blackmailer")

Stephens: The Turkish Air Force took delivery of its first F-35A stealth plane this week at an elaborate rollout ceremony in Texas that featured, "a dancer who performed while wearing a pair of massive leather wings." If the performance was bizarre, the underlying politics ranged from the incompetent to the perverse.

In a word: Trumpian.

Rebuttal: Trump's politics are "incompetent" and "perverse," eh? How exactly does this Jewish house "conservative" differ from any other members of Sulzberger's seditious stable of openly libtarded loons and Marxist morons?

Stephens: In an era of American baby prisons ...

Rebuttal: "Baby prisons???" (*shaking head, sighing, palm to face*) -- So, the lone "conservative" at the Slimes advocates **openly** for no borders and *tacitly* for child sex trafficking, eh? Interesting.

Stephens: ... and Melania meta-messaging ...

Rebuttal: Well, at least the current First Lady is actually a female, if ya catch my drift -- and a damn fine one at that.

Stephens: So here's a quick primer on our former ally Turkey, which on Sunday goes to the polls for presidential and parliamentary elections.

Rebuttal: Though we don't profess to be experts on the Turkish domestic situation; the fact that scum like Stephens -- and so many other neo-cons and libtards of the Piranha Press -- are dumping on Turkey means that President Erdogan must be doing something right. Now that may be a simplistic and reactionary method for evaluating world leaders, but dammit -- it works *almost* every time!

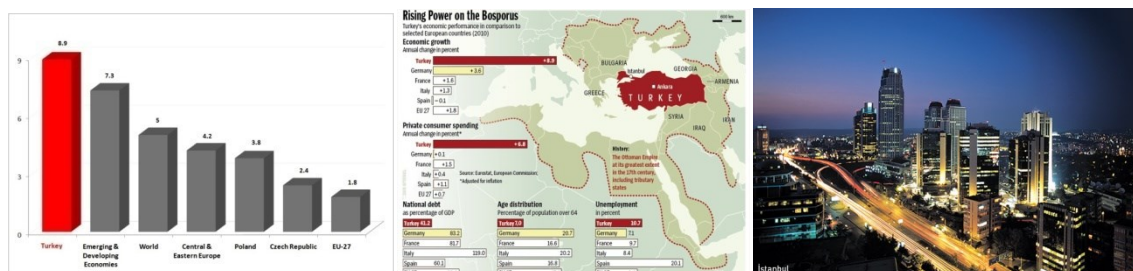

Stephens: Its economy is in crisis.

Rebuttal: Turkey's GDP growth in 2017 was a spectacular: 7.4%. The "slowdown" to 4.1% in 2018 is still far ahead of any numbers posted by Western European nations. (*Turkey actually estimates its 2018 GDP at 7.1% for 2018*)

Headline: The Economist: January 4, 2018

Turkey's Economy is One of the World's Fastest-Growing

You're busted, Stephens! Of course, there are other factors which determine the economic condition of a nation and, as previously stated, we don't profess to be experts on Turkey. We are, however, experts on recognizing Fake News and researching to correct it. Hear it and believe it from **The Anti-New York Times**: Stephens' pessimistic claim of a Turkish economy "in crisis" is every bit as false as his allegation of Trump's "baby prisons."

What "crisis?" Since the rise of Erdogan in 2014, the Turkish economy has been rocking and rolling with China-like numbers.

Stephens: The leader of a major opposition party is in prison. A state of emergency, in force since a failed 2016 military coup, has resulted in the estimated detention of nearly 140,000 people, the closure of 189 media outlets, and the arrest of more than 300 journalists.

Rebuttal: Like Trump, Erdogan was faced with a CIA-abetted coup. His bold counter-coup turned the tables on Turkey's "Deep State" and Fake News, leading to the mass arrests of thousands of traitors. Let us hope that Q-Anon is correct in forecasting that a similar counter-coup is unfolding in the USA.

Stephens: Turkey also intends to purchase advanced Russian anti-aircraft missiles that are incompatible with NATO systems.

Rebuttal: An indication that Putin and Trump are on the same page when it comes to backing Erdogan.

Stephens: An American pastor, Andrew Brunson, has been held in a Turkish prison for nearly two years.

Translation: A CIA agent posing as a "pastor" is being held in a Turkish prison.

Stephens: All this has been the doing of President Recep Tayyip Erdogan, an Islamist and vitriolic anti-Semite (he once decried the "Jewish capital" allegedly financing The Times) ...

Rebuttal: Not just an "anti-Semite," but a "virulent" TM one who properly pegged The Slimes as a Jewish newspaper. Add not just one, but two points to the Erdogan "plus" column!

Stephens: ... who has steadily consolidated authoritarian power over 15 years in power.

Rebuttal: And he is an "authoritarian," TM (*aka, a "strongman"* TM) -- JewSpeak for anyone with enough balls to buck direct orders from the **New World Order** crime syndicate. Add yet another point to the "plus" column.

Stephens: Erdogan was once genuinely popular, but his recent electoral victories have been increasingly marred by serious allegations of voter intimidation and electoral fraud.

Rebuttal: If Erdogan was "genuinely popular" when previously elected and then re-elected, and the country has continued to develop rapidly, then why would he even need to rig a third election? And who exactly is making these "serious allegations" of "voter fraud?" Answer: The CIA and its partners at Fake News Jew York Times, that's who!

Stephens: Good news? Well, yes, there is some. Precisely because Erdogan has driven the economy off a cliff, there's a modest chance he'll have to face a runoff election next month,

Rebuttal: Wait a second, Stephens? In one breath, you say that the Turkish elections are rigged in favor of Erdogan, and in the next, he might embarrassingly be forced into a runoff election? He's not much of an "authoritarian" TM if he can't rig an election in his favor, eh Stephens?

Stephens: What's an American administration to do?

Rebuttal: Here comes the Trump-bashing.

Stephens: Barack Obama tried to embrace him early on as a model for Muslim democracy, a policy that proved to be nearly as fruitless as the Russia Reset.

Rebuttal: The "Russia Reset" failed because it was nothing but a trap. Obongo and Killary smiled in Putin's face -- as their henchmen secretly planned the "Arab Spring" coups and then an anti-Russian coup in Ukraine.

Stephens: Trump has gone further, fulsomely calling Erdogan "a friend of mine" who gets "very high marks" for his leadership. That may not be surprising, since Trump seems never to have met a thug he doesn't want to imitate and flatter.

Rebuttal: A point for Trump, and another point for "thug" Erdogan.

President Trump likes President Erdogan and President Putin -- President Putin likes President Erdogan, and both Putin and Erdogan like President Rouhani of Iran.

Stephens: What's inexplicable is why the administration, led by Defense Secretary Jim Mattis, would go ahead with the F-35 deliveries after Republican and Democratic senators tried to block the delivery until Turkey releases Pastor Brunson, drops its bid to buy Russian missiles, and improves its overall behavior.

Rebuttal: Trump, General Mattis and the military power behind them don't give a damn what the "bi-partisan" TM traitors in Congress have to say -- which is why Trump is expected to meet one-on-one with Putin next month. Crank up the media-hate-machine, "bigly!"

Stephens: The F-35 was leverage. We just squandered it.

Worse, we did it just days before the election, handing Erdogan a political prize that he can wield as evidence that the United States doesn't dare to oppose him. In the meantime, a country now moving into Russia's orbit will acquire one of the most sophisticated pieces of military hardware ever made.

Rebuttal: Oh the Globalist butt-hurt! Wonderful!

Stephens: If and when Erdogan goes fully anti-American — he's already nine-tenths of the way there — what's to keep him from allowing Russian technicians to take a closer look, so they might gain a better idea of how to shoot it down?

Translation of opening clause: If and when Erdogan goes fully anti-CIA

Stephens: Or from using it against American allies in the region, including Israel?

Rebuttal: Ahhh, the penny drops! It always goes back to Israel, "our closest ally." Yeshiva Boy Stephens shows where his true loyalties lie!

Stephens: It will be a lucky thing for Turks if Erdogan fails to win another mandate for five more years of political, social and ethnic repression.

Rebuttal: If the Turks are living under such "repression," then why do they keep electing Erdogan and his party? Oh, that's right, it's the "voter fraud."

Stephens: Should that happen, history will record that the United States did nothing to help, and much to hinder, the forces of freedom. As with so much that the Trump administration does, it's not a surprise, but it's still a shock.

Rebuttal: Nothing more to be said to this deceitful, low-life, chosenite propagandist here. In closing, we present three more headlines which speak volumes about the motives behind the Slimes' hatred for Recep Erdogan.

- **Eurasia Future: Erdogan Slams George Soros and European Currency Speculators While Encouraging Turks to Dump Dollars and Euros**
- **Haaretz: Erdogan Hits Back: Netanyahu Is a 'Terrorist' and Israel Is a 'Terror State'**
- **Hurriyet Daily News: Erdogan: "I am an enemy of interest earnings. I see it as a tool of exploitation."**

You see that? Both the Globalist banker *and* the Israel Firsters wings of the International **PRC (Predatory Ruling Class)** have cause to not only hate Erdogan, but also any other world leader that cozies up to him. And, in spite of his nauseating (*and perhaps strategic?*) fawning over **Bibi Netanyahu** -- that hatred extends to Trump.

UPDATE

Erdogan has won re-election with a clear majority --- There will be no runoff.

If only Erdogan's many millions of supporters would just read the Jew York Times. Then they'd understand how "repressed" they truly are.

JUNE, 2016

June 13: In SC Primary, Ardent Trump Backer (Katie Arrington) Defeats Rep. Mark Sanford

June 24: Katie Arrington, Who Beat Mark Sanford in SC House Race, Is Seriously Hurt in Crash

REBUTTAL BY

The Anti-New York Times

When pro-Trump Republican Primary Election challenger **Katie Arrington** unseated anti-Trump incumbent Republican Congressman **Mark Sanford** of South Carolina's 1st District just two weeks ago, the message to the GOP Establishment was clear: *"Get on the Trump Train or get run over."* Trump himself had made the very unusual move of endorsing Arrington while mocking Sanford just one day before the vote. Evidently, Trump did not forget Sanford's 2016 New York Times stab-in-the-back" op-ed in which the disgraced former governor of SC joined the Demonrats and the Piranha Press in calling for Trump to release his tax returns. Wrote Sanford especially for Sulzberger in that August 14, 2016 issue:

"Among Donald J. Trump's traits is his penchant for internalizing and personalizing things — insults, rejections and even policy disagreements. Trading slights seems essential to his personality, or at least something he feels is necessary for his presidential campaign."

To him, demands that he release his tax returns are just a ploy by his opponents and enemies to undermine his campaign. But that obstinacy will have consequences. Not releasing his tax returns would hurt transparency in our democratic process."

Paybacks are a bitch, eh Markie?

1. Trump's damaging twitter-reference to 'Argentina' was a shot at Sanford's famous 2009 disappearance (while Governor). The well-publicized tweet probably won Katie Arrington the election. The disappearing governor was discovered to have been with his mistress in Argentina (Image 2) -- a scandal which ruined his beautiful family (Image 3) and caused him to resign.

All of these anti-Trump Republicans who have been mysteriously announcing their resignations (*Senators Jeff Flake (AZ), John McCain (AZ), Bob Corker (TN), Speaker Paul Ryan (WI) et al*) -- or losing to upstart Republican challengers in primaries (*Sanford (SC), Robert Pittenger (NC)*) represent what is now being referred to as "The Trump Effect."

Should the Republicans expand their Senate and Congressional majorities this coming November (*quite possible*), and should those Republican majorities become dominated by Trump loyalists or at least suddenly pro-Trump opportunists (*again, quite possible*), the "authoritarian" TM Trump may really be able to accomplish some things that will drive the 'Deep State' Globalists into desperation and panic (*early signs being seen now*).

1. Traitorous Republican Senators *Corker, McCain and Flake* all plotted against Trump --- and are now all resigning. 2 & 3. Retiring Republican Speaker *Paul Ryan* has also fallen victim to "The Trump Effect."

With this important context in mind, the instincts of Sugar the Crazy Conspiracy Cat may very well be right again in sensing that this past Friday's head-on car crash which badly injured and nearly killed **Katie Arrington** -- while killing the driver / patsy of the other car -- was no accident, but rather, a "Sicilian Message" to Republican rank & file supporting Trump. With the full blessing and aerial support of the Piranha Press propagandists "in the suites," the evil Leftist rabble "on the streets" are really turning up the heat -- especially on the *women* behind Trump. This is the classic *textbook* communist pincer strategy of "pressure from above" and "pressure from below."

Over just the past few weeks, we have witnessed the most outrageously shocking, televised incidents of verbal and/or public abuse of First Lady **Melania Trump** (*mocked repeatedly and urged to leave her husband*), First Daughter **Ivanka Trump** (*called out as a "feckless cunt"*), White House Spokeswoman **Sarah Huckabee Sanders** (*kicked-out of a restaurant*), Homeland Security Secretary **Kirstjen Nielsen** (*abused by organized Marxists at a restaurant and protested at her private home*), and pro-Trump Florida Attorney General **Pam Bondi** (*stalked and abused by Marxists at a movie theater*). The timing of the near death of Trump's South Carolina Congresswoman-to-be fits right into this pattern -- and the worst may be yet to come.

Bring it on, you filthy commies. Bring it on!

1. Sarah Huckabee Sanders: kicked out of a Virginia restaurant by Leftist owner. **2. Kirstjen Nielsen:** Verbally abused by Leftists in a DC restaurant and also at her home. **3. Katie Arrington:** Lucky to be alive after a car "accident."

COMMUNISTS DON'T LIKE TO LOSE!

1. 1933 POSTER: "An End to This System" -- The ominous German Communist Party poster above clearly suggests that a violent Red revolution against Hitler (5th from left) & Hindenberg (2nd from left) was approaching. **2. Maxine Waters (D-CA):** "If you think we're rallying now, you ain't seen nothin' yet. Already, you have members of your Cabinet that are being booed out of restaurants who have protesters taking up at their house, who say, 'No peace, no sleep. No peace, no sleep.' God is on OUR side! On the side of the children. On the side of what's right. On the side of what's honorable. And so, let's stay the course. Let's make sure we show up wherever we have to show up and if you see anybody from that Cabinet in a restaurant, in a department store, at a gasoline station, you get out and you create a crowd and you push back on them, and you tell them they're not welcome anymore, anywhere."

Boobus Americanus 1: I read in the New York Times today that Katie Arrington, a pro-Trump candidate for Congress was badly injured in a fatal car accident.

Boobus Americanus 2: I bet the Trump conspiracy theorists are buzzing all over that -- ha ha.

Sugar: It'ss not a frickin' consspiracy theory, you sstupid #^%\$(# !!! It'ss animal insstinct!!!

Japanese-American internment camp --- At least Bullschwitz had a soccer field and a swimming pool!

NY Times: Korematsu, Notorious Supreme Court Ruling on Japanese Internment, Is Finally Tossed Out

REBUTTAL BY

The Anti-New York Times

Though not invoked nearly as often as slavery or segregation, the Left has repeatedly utilized the shameful wartime internment of 100,000 Japanese-Americans as one its many attack arrows aimed at the history of evil, "racist" TM America. However, in a stunning display of Orwellian "doublethink," **St. Franklin Demono Roosevelt** -- the Leftist president who issued the Executive Order to round-up and intern the Japanese, along with a companion EO freezing their assets, remains revered and untouchable. The continuing worship of Roosevelt, in spite of his truly racist EO's, represents further proof that Marxists do not care at all about "oppressed" minorities, while their useful idiot libtard dupes lack any capacity for critical analysis.

Roosevelt's treatment of Japanese Americans wasn't the only case in which the holiest of libtard icons disrespected and abused "people of color" TM. Wait until "youse guys" hear what hell FDR and his Red henchmen unleashed upon two of America's most well-known sports legends -- both of whom were Black, and both of whom were Republicans.

1. FDR's signed the Executive Order to round-up innocent Japanese and to freeze their assets -- yet his reputation among "anti-racist" libtards remains unscathed. 2. Though the Japanese obediently complied with the Orders, armed US soldiers stood ready to apply force if necessary. 3. Many of the children interned behind barbed-wire were American-born.

In service to FDR, it was the warmongering American Left that went full-blown "racist" by turning the Japanese in monstrous "Japs"

FDR & Jesse Owens

Even the propagandists who write our history books will, if asked, openly concede the fact that their beloved hero, **FDR**, misused the **Internal Revenue Service** to harass and intimidate his political opponents. Heck, even FDR's son Elliot admitted it:

"My father may have been the originator of the concept of employing the I.R.S. as a weapon of political retribution."

Victims of such abuse included Sen. **Huey Long** (D) of Louisiana, United Mine Workers leader **John Lewis**, Rep. **Hamilton Fish** (R) of New York, Chicago

Tribune publisher **Robert "Colonel" McCormick**, Philadelphia Inquirer publisher **Moses Annenberg** (*a fierce opponent of the New Deal*), and, most notably, former Republican Treasury Secretary **Andrew Mellon**.

Jesse Owens - the famed Black sprinter / long-jumper *wrongly* said to have been "snubbed" by **The Great One** (*that's Hitler for you newbies and normies*) at the 1936 Berlin Olympics was targeted by an I.R.S. lawsuit in 1939 related to \$10,000 that Owens earned for speeches given on behalf of Republican Presidential Candidate **Alf Landon** – *the man who ran against the incumbent FDR in 1936*. Landon, though a weak candidate, criticized FDR for going too far with his socialistic schemes. Landon:

"The concentration of power in the hands of the President was not a question of temporary emergency. It was a question of permanent national policy. In my opinion the emergency of 1933 was a mere excuse.... National economic planning—the term used by this Administration to describe its policy—violates the basic ideals of the American system.... The price of economic planning is the loss of economic freedom. And economic freedom and personal liberty go hand in hand."

With the Judenpress still pumping FDR up to superman status, Landon was crushed in a landslide. By 1939, Owens had been forced to file for bankruptcy after the I.R.S. shook him down over the money he had received from the Landon campaign. As far as we can tell, Owens did indeed "owe" the I.R.S. But in light of FDR's known record of cruelty, pettiness, and abuse of I.R.S. power, a reasonable man has got to wonder if it was the vindictive FDR, or his henchmen, that put out a financial hit on the "uppity" Republican Jesse Owens.

Many years later, under the reign of another liberal Democrat hero, **Lyndon Baines Johnson (LBJ)**, the liberals and their beloved I.R.S. spit in Owens' face for a second time in 1966. Owens was convicted over taxes owed from the late 1950's. So you see, Owens was right when he wrote:

"Hitler didn't snub me. -- It was FDR who snubbed me. The president didn't even send me a telegram."

1- Alf Landon ran against FDR 2- 1936: Republican Owens with Landon 3- Owens delivering paid pitches for the Alf Landon Presidential campaign.

FDR & Joe Louis

Joe Louis, aka "The Brown Bomber" was one of the greatest American heavyweight boxing champions of all time. He reigned as the world heavyweight champ from 1937 to 1949, for 140 consecutive months. Louis is widely regarded as the first Black athlete to achieve nationwide hero status among Whites as well Blacks. During the Presidential Election campaign of 1940, the champ, like Owens had four years earlier, openly endorsed the unsuccessful Republican challenger to FDR -- **Wendell Wilkie**. At a campaign rally, Louis declared that there was **"no future on relief and the WPA."** (*welfare was known as "relief" back then, and the WPA stands for "Works Progress Administration."*)

After the Japanese attack on Pearl Harbor (*which FDR deliberately provoked*), Louis had a title fight from which he donated his substantial winnings to Navy war relief. He then volunteered for military service, yet still defended his boxing title while in the service. This time, he donated his prize money to Army relief! Since the original checks were in Louis' name, the IRS taxed them on the full amount of the winnings that he had already given away, even though he never saw a penny of it. At the end of the war, Louis was awarded the legion of merit -- as FDR's IRS was racking up massive interest charges and penalties on the money he had so graciously donated.

To pay down his ever-mounting debt, Louis was forced to continue fighting well beyond his prime, thus enduring a humiliating defeat to the great **Rocky Marciano**, who was much younger than Louis. At the end of his life, he became a greeter at a Las Vegas hotel just to make ends meet. He died in 1981.

Did FDR or one of his henchmen at the Jewish IRS originally order this financial hit to teach Black Republican Joe Louis a lesson about staying on the Marxist plantation? At the very least, even if FDR didn't give the order, he could have pardoned the debt for this Black American hero -- but neither he, nor his Democrat successor, **Harry Truman**, did so.

Joe Louis Predicts Republican Victory

BOSTON,--Heavyweight Champion Joe Louis threw his voice--if not his hat--into the political ring tonight with the prediction that "the trend is definitely toward a Republican sweep in the coming elections."

The Brown Bomber made his prediction in a letter endorsing the candidacy of Republican Robert F. Bradford for Governor of Massachusetts.

1 & 2. 1940: Joe Louis campaigns for Willkie against FDR -- "no future on Relief and WPA." 2. He later campaigned for Robert Bradford, a conservative governor of Massachusetts

After all these years, the Piranha Press still can't stop talking about the internment of Japanese-Americans as well as the cultural phenomenon of Black champions Jesse Owens and Joe Louis. And yet, the demon FDR and his Marxist minions -- who so badly abused the Japanese and those two Black icons -- continue to be glorified by these very same oh-so-compassionate and "anti-racist"™ libtards. The doublethink here is truly amazing, isn't it?

To keep Blacks on the Marxist plantation, the media, in addition to covering up for FDR, has also erased from history the conservatism of some of America's most famous Black sports icons of yesteryear.

1. Republicans Joe Louis & Jesse Owens **2.** 1968: Jesse Owens would also endorse Republican **Richard Nixon** for president. **3. Basketball legend Wilt Chamberlain** -- another conservative Republican -- also endorsed Nixon.

** We believe that the disrespect shown toward Wilt Chamberlain from most contemporary sports writers -- who ignorantly claim that his dominance was due to playing in an era of inferior players -- may be related to his conservative politics. Chamberlain (7' 1", 4.6 40-yard-dash, 48-inch vertical leap, 600 pound bench press) remains, in our analysis, the greatest basketball player of all time, in any era.*

*

Boobus Americanus 1: *I read in the New York Times today that the Supreme Court finally tossed out the infamous ruling which upheld the internment of Japanese-Americans during World War 2.*

Boobus Americanus 2: *Well, it's about time. That was one of the most shameful events in American history.*

Sugar: *Never forget, Boobuss. That wass your commie-boy Roossevelt that did it. It's all in, "**The Real Roosseveltss.**"*

Editor: *And if the war had gone badly, he would probably have exterminated them in those isolated locations.*
