* What Mr. Pool Service will do at opening *

- We will remove cover from pool and fold up and put where customer wants it to be stored for the season.
- If requested to clean pool cover we will either clean at customers home or bring to shop for cleaning.
- Spring assemble pool pump, filter and heater for start up.
- Pool vacuum to waste if water level is up and above normal operating range if not a system vacuum will occur and customer will have to backwash or clean more often till pool is clean.
- Reinstall pool handrails, ladders, dive boards, return fittings and skimmer baskets.
- If pool requires a second vacuum customer will have to call and schedule with the office.

* We also offer pool service maintenance to customers *
