Prevent Automotive Parts Theft

with a state of the art remote video monitored surveillance system.

Increase security and protect your business with an actively monitored video surveillance security system. Auto inventory, parts area, body repair area, storage areas, offices and perimeter areas can all be protected with a monitored video surveillance solution.

**Police respond faster
to verified video
monitored alarms.**

Our 24/7 video surveillance team is equipped with the tools and technologies to rapidly dispatch local law enforcement.

With our remote guarding services, police respond faster, protecting property against damage and theft. We specialize in protecting our customers business assets and can replace a costly guard company with affordable and highly effective, state of the art remote video monitoring.

- ✓ Prevent Theft
- ✓ Track Visitors
- ✓ Protect Inventory

An actively remote video monitored camera system helps catch the criminals in the act and get them off the street.
