# MATH EDGE

## MIDDLE SCHOOL MATH (Grades 7 & up)

**Math Edge** is a comprehensive math program for students from grades 7 & up. Each grade level integrates multi-step problem-solving activities with performance tasks, adopts cooperative learning, and includes individualized lessons that meet 21st-century education standards.

**Math Edge** encourages students how to think, not just what to think.

### PROGRAM ELEMENTS:

- Rigorous learning materials to help each student 'Think Like a Mathematician'
- Learns how to think flexibly, articulate solutions, and use mathematical practices to master objectives
- Aligns with 21st century education standards
- Unique approach that helps students not just meet the standards but also master them
- Goal-focused achievement planning to ensure every student is successful
