Malmo™ Luxury Vinyl Flooring

The smart design of Malmo™ luxury vinyl flooring brings beauty and elegance as well as wear resistance and functionality to any space. Malmo™ vinyl flooring is hardwearing and durable, with an embossed surface creating the authentic look and feel of wood. It is resistant to indentations, will not chip or crack and is easy to maintain too.

The range offers wooden plank, herringbone and tile effects, with a colour palette that includes classic oak through to on-trend greys and travertine - all in a contemporary matt finish. In addition, the Senses Registered Embossed Collection replicates the look and feel of wood like never before. Malmo™ is competitively priced yet offers a high performing flooring option that is suitable for a wide variety of high-end commercial and domestic applications. Quality is always guaranteed as Malmo™ comes with a warranty of up to 25 years for residential applications and 10 years for commercial applications.

Senses

Malmo™ Senses Rigid Registered Embossed Plank replicates the look and feel of real wood like never before. With the texture perfectly in line with the visual pattern of the woodgrain, it combines the beauty of wood with the durability and easy installation of Rigid vinyl.

Rigid

Rigid vinyl flooring is easy to fit, so perfect for DIY installation. It has a 1mm underlay already attached to eliminate the cost and fuss of installing it separately - and its Välinge 5G click installation system makes fitting simple even in tight spaces, with push down end joints which are extra secure and stable.

Stickdown

Professional installers and contractors choose Stickdown for vinyl flooring applications because it offers them all the features and functionality they're looking for in commercial buildings, high footfall areas and new build projects. It offers R10 slip resistance across three smart styles and is also suitable for installation in conservatories, and for use with encased water-piped underfloor heating systems.

Registered Embossed. With the flooring texture perfectly inline with the visual pattern of the woodgrain, our Registered Embossed Collection also enhances knots giving the true look and feel of a warm and natural wood floor.

Plank. The Plank range offers woodgrain colours to perfectly suit every environment - from warm and welcoming reception and living areas to cool and neutral shades. Selected colours are also available in 2.0mm thickness.

Tile. All the beauty of traditional tiled flooring, without the cost and fussy installation. Our tile vinyl range offers a design to suit every taste, from traditional travertine to contemporary grey stone and Moroccan tile effects.

Herringbone. Our Herringbone Collection offers classic styling with a smart modern twist. Its great looks are hardwearing, durable and easy to clean, too - whatever the environment.

Rigid

Easy fitting and smart styling combine with hardwearing performance and a whole host of clever features to make our Rigid vinyl flooring a real favourite with DIY fans, as well as commercial contractors. With four great styles to choose from, our Rigid ranges make a stunning floor easy to achieve.

Available in 4 styles

Registered
Embossed Plank

Wide Plank

Narrow Plank

Tile

Multi-layer construction

The advanced Välinge 5G installation system makes Rigid fast and simple to fit. Even if you're working in tricky or restricted spaces, you can easily achieve a perfect finish. Push down end joints need less positioning space, so there's no need to remove doors whilst fitting. 5G provides stronger and more stable end joints too.

Pack size: 1.75m²

The innovative design of our Senses Multi-Width Collection provides the look of reclaimed wood with random plank widths and lengths, but with all the convenience of easy to fit rigid vinyl flooring in a single plank.

Boasting a Registered Embossed texture and variance of colour, this truly replicates the look and feel of real wood flooring.

Multi-width planks

The multi-width planks create a random look, while still being quick and easy to fit.

Stickdown

Professional installers and contractors choose Stickdown for vinyl flooring applications because it offers them all the features and functionality they're looking for in commercial buildings, high footfall areas and new build projects. It offers R10 slip resistance across three smart styles, is also suitable for installation in conservatories, and for use with encased water-piped underfloor heating systems.

Three superb styles give you endless options and opportunities. Plank offers a beautiful and realistic wood effect in different plank sizes, Tile creates a stunning tile effect across a broad colour palette and Herringbone is an attractive modern twist on a traditional style. They all come in 2.5mm thickness, with selected Plank designs also available in 2.0mm.

For details of adhesives see page 49.

**Rigid Senses
Registered Embossed**

With the flooring texture perfectly inline with the visual pattern of the woodgrain, our Registered Embossed collection combines the beauty of wood with the durability of vinyl.

**Rigid
Wide Plank**

With more space to show off the lovely features and variants which occur naturally in real wood, our 220mm Wide Planks give any room a fabulous floor.

**Rigid
Narrow Plank**

Create the illusion of space in small or restricted areas with our Narrow Plank range, available in a broad choice of colours.

Rigid Tile

Cool looking but comfortable under the foot - and incredibly easy and cost effective to fit, compared to traditional tiling. Enjoy all of the looks, with none of the fuss.

Rigid

For quick and easy fitting and a great looking finish - with no advanced skills required – nothing beats our Rigid vinyl range. Ideal for every space around the home, from kitchens to bedrooms and bathrooms, and for commercial applications too.
