HOW IT WORKS

All students will be running in 20-minute time blocks, organized by grade level, on the black top track in the back of the school. Each class will start at one of seven stations staggered around the track where they can place their water bottle. Parent volunteers working these stations will be documenting the number of laps on wristbands as the children run by. Students can get pledges for each lap that they run or a flat donation for the event.

PARENTS: WE NEED YOUR HELP!

Please have your child come dressed in appropriate clothing and tennis shoes -- we encourage all the participants to wear their school spiritwear or college colors. Send them with a water bottle to stay hydrated during the course of the run. Help them find pledges and donations. The envelope is attached. But most of all, encourage your children to have fun during the event!

In addition, we are seeking four or five parent volunteers from each class to help at lap tracking stations.

To volunteer, contact your child's teacher or Kim Vaughan at Kimberlie78@yahoo.com.

We ask that donations and pledges are returned by Friday, September 23, 2016.
