

**Pamela J. Anderson Hider-Johnson – Class of 1973**

“I remember the day Mr. Herron became the first African-American principal of Southeast High School.”

**High School Memories**

My family lived at 5621 Agnes. My siblings who graduated from Southeast were:

- Alfred A. Anderson-1974
- Ricky E. Anderson-1976
- Sharron D. Anderson-1977
- Pearl A. Anderson-1979
- Alfreda S. Hider-1993 (Daughter)

My most memorable classes and teachers were Valerie Webb, Charles Dorch and Ms. Bailey. I participated in the Pep Club, cheerleading, typing club, and orchestra. I enjoyed Charles Dorch and the Jazz Lab in the band-room, Knight-Lights, homecoming games and dances, band and orchestra performances.

Away from school, I took music lessons, went to the library and church and took part in family projects.

**After High School**

I married in 1974, enrolled in college and moved away from home to an apartment. My life work has been service to the community, enjoying great music and developing related programming.

Southeast has some of the best people in Kansas City for education, law, music and public service.

This is a great project and ideas for SE alumni and it helps to keep the memories alive for future references. Good Job!
