USSMC CORPORATE OVERVIEW

Unlimited Services Systems Management and Consultants is hereafter referred to as "USSMC"), is a minority veteran (VIP Graduate), certified economically disadvantaged woman owned small business and certified woman owned small business. The President/CEO of USSMC is Brenda Campbell. As of January 2020, USSMC celebrates 29 years of corporate business in providing successful professional services to the Federal Government and State Government organizations. Successful partnerships and agreements have been established with several HBCUs, small, medium and large business organizations. USSMC has completed successfully federal government contract requirements in both capacities as a Prime Contractor (95% of the corporate business) and as a Subcontractor (5% of the corporate business).

The company has successfully completed projects and requirements under the following market industries: Agriculture, Telecommunications, Transportation, Small Business, Education, Intelligence, Housing, Human Resources, Defense, Aeronautics and Space, Energy, Broadcasting, Land, Research, Health, Security and Finance. USSMC offers an array of management consulting/organizational development, human resource development, training, information technology/assurance, and engineering services.

USSMC also offers a Business Services Training and Management Consulting Academy for the small business community and has trained over 10,000 small businesses across the United States for the US Small Business Administration and over 5,000 veterans and thousands of federal, state, local government and commercial clients. With this experience, we believe that we can be a value added and cost effective solution for the Federal, State, Local Government and Commercial.
