ANZAC DAY WAS NOT CANCELLED!

In fact it was observed with at least as much reverence and gratitude as usual—just differently.

Brinkworth-Yacka-Koolunga RSL stepped up to the mark with the traditional bugle, minute's silence and the Ode and National Anthem, as the Australian flag (at half mast) fluttered in the breeze, accompanied by the flags of the Australian Navy and Air Force and the black, red and gold Aboriginal flag.

It was a solemn and moving sight, watched by a handful of locals, standing beside their cars on the roadway, who then turned to admire a magnificent sunrise.

Others in the community performed their own #LightUpTheDawn ceremonies, whether it be with candles at their gates like Fred & Barbara Groom, Kriegs and the Whiteheads or, as in the case of Jaymi and Ziv Milic, at the Brinkworth town flag, in the Memorial Garden on Main Street.

Jaymi Milic "Surreal is my best description.

Dad did the flag duties at our town flag pole for me while I lit a candle. We played the Ode and the Last Post and held our minutes silence.

Very proud to see that numerous of our kids and grandkids did their thing out the front of their homes this morning too. Lest We Forget."

Anneliese Krieg: "I was chuffed that someone actually drove past this morning and would have seen our little candle. [photo right] Shining not just for the ANZAC's, but for all those who made the ultimate sacrifice"

Lee Anne Whitehead "We did the 'Dawn Drive-Way Service', courtesy of Cruise 1323 as Mike had to leave early to sit on the tractor. It was the perfect morning to celebrate this in peace."

And from Sarah-Grace Williams the day before, in Sydney:

As a clarinetist it is fair to say not in a million years did I ever think I would be gearing up to play The Last Post at dawn on Anzac Day. But thanks to Covid-19 here we are! Bevan will be reciting the Ode to Remembrance. Our neighbours will join us to light the morning with their candles and a local digger will march up our street in full uniform and salute. Feel like it will be a very special remembrance in local streets tomorrow morning.

Footnote: The RSL Raffle was Drawn on ANZAC DAY. This year we had 67 prizes in our raffle All winners have been notified of their wins and the prizes will be delivered. I would like to thank everyone who supported us by buying tickets this year.

The RSL Club is always looking for new members to join us and we had 3 new members sign up in April. If anyone would like to join the RSL we would be more than happy to sign you up. The price per year is very moderate and if we do not get new members soon we will not survive. Anyone over the age of 18 can join the RSL and we would love to see you join.

If you are thinking of this please contact Nick Hart 0411208041 or Gail Harris 0412003446

Thank You, Nick Hart (President)

From the Editor:

G'day all.

Apparently we, in South Australia, are pretty good at flattening the curve. (If only I could do the same with the one around my waistline!) Let's hope things start to get back to normal soon, but slowly, so we don't get a second wave of infections.

Thank you to everyone who is still working in the various support industries, including our teachers who have an even more challenging job to do at the moment than usual. I'm also thankful, as I know others in our community are, for such a pleasant environment in which to be confined. Hang in there! We can do this! Cheers, Anne.

CONGRATULATIONS

Megan Goss, daughter of Barry and Judy, married Nathan Pepper, son of Andrew and Trish, on Friday March 20th at Lower Mitcham. The ceremony, witnessed by parents and siblings, was brought forward when their June wedding became very unlikely due to Covid 19.

Hi All,

I do hope everyone is still keeping well and are managing to find plenty to do at home.

Easter was a bit to get through not being able to see our loved ones but I know many of you have managed to cope by having Face Time with Grandchildren etc

We are very lucky to be living in South Australia as people here are being very good following the rules and flattening the curve so to speak.

To those who have lost family members or have friends and family fighting this Virus my heart goes out to you. Please don't be frightened to ask for help if you need it. We are all in this together. Small communities like ours are very good at helping each other. Stay home stay safe hopefully things will get back on track soon.

Well Progress are still having their monthly meetings though a much different concept. Technology is a wonderful thing most of the time, even our older members are grasping it very well.

We as a group felt we needed to put in place a meeting order so we can keep things running smoothly at this time and it is working well.

The overnight Stay area is at present closed to travellers, we still have a family staying there and hopefully they are coping ok. The School have been very supportive as are many towns people. Keenan and his family have been a great help to us helping around the stay area.

The Pavers have arrived so hopefully they can be laid soon. So, you can check them out on your walks around town. Jobs are still being done in this area to keep it tidy thanks to our voluntary members.

We have set some Dates for future events in the hope they may eventuate:

Garage Sale 13th September 2020:

So, all that cleaning out and decluttering of your homes and sheds at this time hopefully becomes fruitful and you make some spare cash.

The Brinkworth Country Fair 24th April:

Organizing has started on this event so let's hope the new year brings a change in our present circumstances.

To people out in our community that live alone and feel cut off, in need someone to talk to or help please don't hesitate to contact me anytime.

Progress welcomes any input from the community at anytime. You can email me on normahardy@westnet.com.au 0427889927 or messenger.

Cheers

Norma.

Brinkworth Progress Association Inc. meetings will be conducted using the internet until we are allowed to go back to normal.

THOUGHTS FROM THE Paddock

- Farmers have been busy preparing for seeding over the past couple months. Seed has been cleaned, fertiliser sourced and collected, machinery given the once over and chemicals ordered
- Whilst COVID19 has changed many peoples work and lives, in reality there is little difference for farmers who are naturally socially distanced. The biggest issue has been sourcing some chemicals which are manufactured predominantly in China. Along with a very wet start in Eastern Australia, supplies such as glyphosate have been in short supply. Urea too rose in price from \$500 to above \$600/t.
- Having been blessed with fantastic opening rains at just the right time of the "traditional" ANZAC break, it is a race to get crop in the ground in a timely fashion. Canola, hay, sheep feed and vetch all went in early, much of it prior to the opening rains. Next will be wheat, lentils and then barley with peas usually late in the program. By the time you read this, Axeman is likely to have claimed the Condowie Cup.
- Sheep, lambs, beef and wool have all been solid, though with the COVID19 issue, prices have eased but still historically very good. Early lambing has begun. Grain prices are still firm for the coming season - old season wheat and pulses (lentils, beans) have surged as there is little unsold and that food demand has surged.
- Lastly, thanks to Dry Boots, whoever he (or she) was for contributing so much to the Black and White Rag over many years.
- Let's hope this season is a belter.

[And thank you, from me, to our new contributor. – Editor]

Junction Hotel ph 88306061

The current situation surrounding the coronavirus pandemic is constantly changing.

With that in mind, we here at the Junction will continue to operate as long as we are allowed, but more importantly, as long as we are all well.

We have extended our services to include a local food delivery service for any vulnerable members of our community. Please don't hesitate to call us to discuss your needs 8830 6061.

7 days a week 5-8 for food. Specials every weekend.

Pizza nights on Wednesdays coming soon!

Alcohol takeaway... Call ahead anytime after 12

Our usual takeaway service will continue for all those who can collect.

What are you doing in isolation?

Lots of people have either recommenced vegie growing or are doing it for the first time. Local farmers have been doing a roaring trade in bales of hay and straw and animal manure has become almost as precious as loo paper!

The photos above are of Jaymi and Ziv Milic's new vegie patch. Jaymi loves her rusty fence that she says reminds her of an 18th century graveyard. (Whatever turns you on, I guess 😊)

CABBAGE FAMILY (Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Chinese Cabbage, Kale, and Kohlrabi) Plant:

- Beet, celery, chard, cucumber, lettuce, onion, potato, spinach.
- Chamomile and garlic improve growth and flavor.
- Catnip, hyssop, rosemary and sage deter cabbage moth.
- Dill improves growth and health.
- Mint deters cabbage moth and ants, improves health and flavor.
- Nasturtium deters bugs, beetles, aphids.
- Southernwood deters cabbage moth, improves growth and flavor.
- Tansy deters cabbageworm and cutworm.
- Thyme deters cabbageworm.

* NB Kohlrabi and tomato stunt each other's growth.*

EASTER WASN'T CANCELLED EITHER!

Kimberley Hentschke advertised an egg hunt around Brinky. "Please make an egg and stick it in your window to bring some Easter cheer to our community."

....and later:

"Thanks to businesses and families that are spreading Easter fun in their window or on their fence. Boys and I counted 13 eggs and 1 Easter bilby!"

The Primary School also advertised this lovely table of freebies (with more inside) for anyone who wanted to take something. (*Photo below*) and the Primary & Early Childhood Centre has also engaged with the Facebook community on a regular basis, posting daily

The pub hung up a whole host of eggs for the Easter Egg hunt

challenges to keep people thinking positively. Thanks everyone :)

Letter to the Editor

(I thought a lot of people would enjoy this catch-up from Adele)

Hello, from Parkes NSW, from the Leaches!

It was a big deal moving from Clare to Parkes!

But here we are! The hardest part has to have been when we heard of Esma Krieg passing, we send our love and great big hugs especially to Leo.

We recently had a holiday further North, and had a random cricket game with Tanner, I know we all felt that Brinkworth-y warmth and kindness that he emulates! It was a real highlight!

Amelia, has been a loyal member of the Band from day dot. She is currently teaching herself Violin, keyboard and Organ, as well as expanding her trumpeting repertoire!

Keziah is still getting taller and has developed her style and skill as an artist.

She has made a name for herself in the family as Tech support Guy and Admin assistant!

Ezekiel has been growing in responsibility!

He prefers to be with Dad, who can blame him?! And has very much loved his little brother Tobias, planning to teach him many things and also reads aloud to him.

Eliora is still very bright, and loves animals. She often writes cards to people and recently

delivered Easter cards to the Parkes congregation. She loves to dance, especially ballet.

Netanya loves books and music, and seems to be a natural gardener. Most recently enjoying worms! She has grown a lovely random zucchini plant by the path, and Sweet Alyssum by her swing, lovingly restored and gifted by Marlene and Roy!

And of course Tobias loves to follow her around, at 18 months, getting muddy and pretending to read books. He has been a real joy to us all.

James and I are going with the flow, as the season brings in its challenges and successes. Our heart for farmers is alive and well, we thank God for some rain recently!!

WRC announces rate relief, grants as part of bold COVID-19 aid package

Wakefield Regional Council has approved a community support package worth up to \$867,000 as a first round of assistance as it works to steer the region through the COVID-19 crisis.

Adopted by Council late yesterday, the package directly targets those impacted by measures introduced due to the COVID19 pandemic. It includes:

- **Rate relief** for impacted businesses, ratepayers, sporting clubs and community groups, with full remission of fourth quarter 2019/20 rates and service charges for ratepayers who can show they have been directly impacted by COVID-19;
- **Grants** of up to \$5,000 for impacted businesses to assist with the engagement of professional support services or to encourage operational improvements or repositioning, and;
- **Utilities support** of up to \$5,000 to help sporting clubs and community organisations impacted by COVID-19 pay their water and electricity bills.

"This is just a first round of immediate support for those hit hardest by the COVID-19 crisis," Mayor Rodney Reid said. "We are working on further measures but, from our conversations with community groups and individuals, we feel these are the critical first steps we need to take.

"These are bold measures for a small regional Council but we owe it to our community to provide help as soon as we can.

"There are many locals who have lost work or had hours reduced to such an extent they cannot manage their bills and these measures offer immediate financial support. When the final quarter rates notices are distributed in the coming weeks, we want to ensure help is at hand for those doing it tough.

"Council has an existing policy for residential ratepayers facing financial difficulties and will extend that approach to all ratepayers, including businesses, and sporting clubs and community groups.

"For community and sporting groups we understand the utility bills are a major issue. We are suspending our annual community grants program for 2020 to distribute funding more broadly across these groups and support their capacity to pay for water and electricity. On application, these organisations will also be able to have rates and service charges remitted for the fourth quarter.

"Many businesses have been severely impacted by COVID-19 restrictions and, along with rate relief, the package offers the opportunity for them to receive grant funding to access professional support and/or undertake improvements or repositioning to support their trade.

"This is just round one. Looking ahead, we are keen to provide further support measures that keep people and clubs connected in these difficult times."

Forms, full criteria and FAQs will appear on the Council website. More information about rates remission will be sent with the rates notices.

MOVIES TO WATCH AT HOME

The following are links to some movie sites on the internet. They are offered for you if you want to have a look. I haven't checked or reviewed them so what you do is entirely at your risk and your responsibility.

"Streaming services have gotten too expensive, so you've cut back on them, too. You don't believe in piracy. Yet you still want to watch movies and TV shows. What is a person to do?

Stream for free! There is a bevy of free streaming sites out there that offer an impressive collection of films and television. Granted, you won't find the newest blockbusters (or even older blockbusters), but these free movie streaming sites are a great way to fill in the gaps in your film history, or discover unique, underground, "hidden gems" that will make you the coolest kid at the party."
