2/4 years old

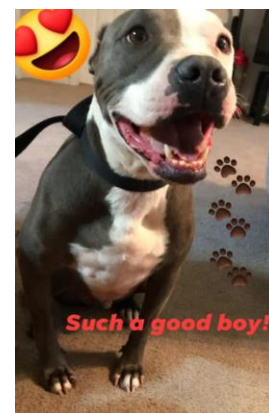

Pit Bull

Neutered

UTD on vaccinations (next vaccs due Oct 2020)

Will receive 4dx test in October 2020

Adoption fee: \$100

Tyrone is a big, sweet, loveable, baby who is waiting for his forever family to give him a loving home. He is a former GND foster and has been through a lot searching for his forever. Tyrone is very protective and will need to be an only pet baby but gets along well with kids (8+) and adults. I honestly believe with a little further training Tyrone can learn to co inhabit with other pets very well.

Are you TyTy's forever family?
