

Men and Women For a Representative Democracy In America

August 10, 2020

The Honorable Speaker Nancy Pelosi
The Speaker of the House of Representatives
United States Capitol
Washington, D.C. 20515

Dear Madam Speaker:

Our organization, Men and Women for a Representative Democracy in America, agrees with Representative Louie Gohmert's call for Congress to ban the Democratic Party for supporting slavery. Representative Gohmert stated he will present a Resolution on Thursday in which he documents the party's support for slavery throughout our nation's history and during the Confederacy – along with other racist policies.

Citizens across America are deeply troubled by what is happening in our country. Congress needs to take the lead in re-opening the United States. Our elected officials on both sides of the aisle need to return to Congress and work together to accomplish the things for which they were elected. Businesses need to re-open; Covid-19 should not keep businesses closed. People need to work to support their families and have the opportunity to improve their circumstances. School needs to start in September so children are not deprived of an education.

What are the Democrats doing and why are you willing to destroy America? We cannot allow our country be high-jacked from within and exploited by lawless leaders, like Antifa, Marxists and others. No member of Congress should call for our government to be dismantled.

Why are Democrats allowing autonomous zones? Some Democrats are trying to appease these mobs, and it needs to stop. It is time to defend America: our values, our culture, our Heritage, and our Constitution. This anarchy must be stopped. No other country in the world has the freedom found in the United States and a history with as little violent conflict. That is why each of us knows people who came here looking for religious liberty and FREEDOM. We should be thanking Almighty God.

We need to sound the alarm if you have not heard it yet. According to Psalm 9:17, "The wicked shall be turned into hell, and all the nations that forget God." Romans 13 is clear about the role of authority and rebellion against it. "For rulers are not a terror to good works, but to evil (Verse 3). Verse 2 warns, "Whosoever therefore resisteth the power, resisteth the ordinance of God: and they that resist shall receive to themselves damnation." Members of Congress are turning away from God. Local authorizes are ignoring their responsibilities when they allow evil to reign.
