Winter Palm House

Motivated by romance and exotic travel, design influences for this trend come from across the globe. Plush velvet, terracotta and walnut are trending materials this season. Take inspiration from bold amber oranges, leafy green tones and the combination of unusual colours.

Wilder

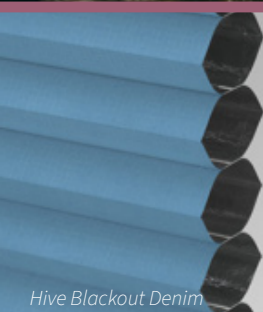

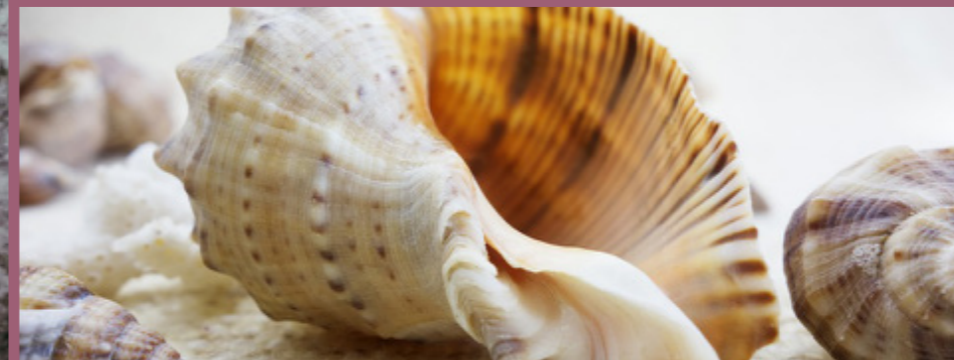

This trend is inspired by at home retreats and the feeling of isolation from the mainland. Materials are heavily textured, tarnished, worn and weathered within this trend. Textiles are soft and comforting. This colour palette is made up of stormy blue-tinged greys and chalky pastels, inspired by coastal skies at sunrise.

Lima Olive

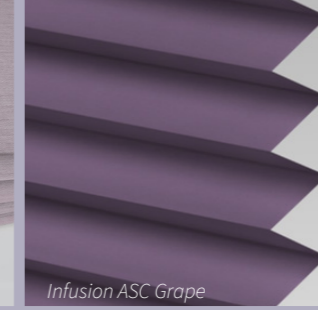

Precious Space

This trend encourages consumers to create a sacred space for wonderment and daydreaming. Celestial elements including stars and galaxies are key for print and pattern. This trend takes inspiration from the night sky, dark and rich luxurious tones. Cosmic colours including purple, turquoise, blue and subtle cloudy hues are key for this trend.
