

Credit Services

How Credit Services Works:

1. Financial Goal Setting

Our process begins with setting your financial goals and identifying the most important habits and actions to help make them a reality.

2. Comprehensive Evaluation

After gathering all the necessary reports, our evaluation will determine what steps we need to take to correct your report and improve your score.

3. We Dispute and Correct Records

We take action and begin correcting errors and erroneous data on your report using our proprietary system and team of industry insiders.

4. Your Score and Savings Improve

Most clients see positive results within 45-60 days. Improved scores allow you to save money with better rates and lower payments.

**Disclaimer: Individual results may vary. Not all items are eligible for removal or deletion from your credit reports. NCC Credit consultants only provide information based on state and Federal consumer protection laws such as: Fair Debt Collection Practices Act (FDCPA), Fair Credit Reporting Act (FCRA), and Telephone Consumer Protection Act (TCPA). We use best efforts to improve your credit scores and reports, but accept no responsibility for negative financial performance including, but not limited to, missed payments, frequent credit inquiries, debt abandonment, or bankruptcy/court filings. Contact us if you have specific questions before enrollment.*

The Credit team has combined decades of experience in the debt and credit industry. 🙌🙌

Tax Services

Your Connection to Experienced CPAs! 🙌🙌

Our Tax Services help you to navigate through the difficulty of taxes with our certified public accountants who understand tax laws and can help you to receive the greatest return each year.

**To be eligible for this service, associates must be an active member for 6 months of the tax year, be in good status and active at the time of the tax filing.*

For an additional fee, Associates may also receive:

- ✔ Complex business and personal tax returns
- ✔ Prior year tax returns
- ✔ Amended tax returns
- ✔ IRS assistance at an hourly rate
- ✔ Basic bookkeeping at an hourly rate

TaxBot

The only mileage and expense tracker you'll ever need. 🙌

Tracking business income, expenses, and mileage is not only boring, it's also time consuming. Stop spending hours typing data into spreadsheets. Ditch those complicated software programs and let Taxbot do the work for you.

Complete your accounting in as little as 12 minutes a month... With almost no work on your part.

How does it work ? ?

AUTOMATIC MILEAGE TRACKING

It's effortless...Taxbot tracks all your driving using your smartphone's GPS. Easily identify and classify your business trips later.

Each trip displays:

- Detailed map highlighting the exact route
- Full beginning and ending addresses (Not just a city)
- Easily merge trips
- Trips can be matched to calendar appointments automatically

AUTOMATIC EXPENSE TRACKING

Imagine your bookkeeping on autopilot.

Taxbot automatically imports:

- Photos of receipts you take with the app
- Email receipts you receive in your inbox
- Bank and credit card transactions

Taxbot reads your photo and email receipts and matches them to the correct bank or credit card charge. Taxbot fills in missing data*, categorizes the transaction, and sends it back to you.

Simply approve & classify with a swipe of your finger. Don't let another dollar slip through the cracks! 🙌

Legal

Legal is a service for members and their families. As legal needs arise, our partnership with Corporate Service Pro makes it easy for you to protect your assets.
