## YOUR HOME in the spotlight

Choose from a stunning range of fabrics designed to suit every room, colour scheme and shading requirement in your home, whether it be a light filtering, dimout or blackout fabric.

Our vertical blinds have been developed to allow you to add your own style and personality, by mixing and matching patterned, plain and textured fabrics, to create a statement feature blind.

## to you

Vertical blinds offer the ultimate in shading flexibility and privacy along with modern, clean lines and stunning fabrics.

Our made to measure vertical blinds can be drawn neatly to the side to offer you unlimited views, or the louvres can be rotated to allow just the right amount of light into the room to maintain an element of privacy. They are an ideal option for wide windows, bi-fold and patio doors.

Available as 89mm or 127mm louvre widths, vertical blind fabrics also feature special finishes which allow them to be easily maintained to keep your blinds looking great for many years to come.

Try mixing and matching plain and patterned louvres to achieve a bespoke blind that really reflects your personality.

You can even add one of our unique premium Slimline Vogue® headrails to give you the perfect finishing touch for your vertical blind.

All our vertical blinds are designed to be child safe and we would recommend wand operation for convenience and safety.

# IT'S THE little things

Available in a range of six contemporary colours, our UK designed and manufactured Slimline Vogue® operating systems maximise the impact of your louvre blind by co-ordinating beautifully with your chosen fabric.

Slimline Vogue® is a superior operating system that looks as good as it performs:

The elegant round profile will complement design influences.

All operating systems are life cycle tested to provide trouble free operation for years to come.

You can choose contrasting or coordinating components to allow further personalisation.

The unique fabric valance option provides an opportunity to mix or match textiles and finishes to the operating system.

In addition, you have the option of sewn in weights at the bottom of the louvre, removing the need for chain and finishing off your blind perfectly.

# DO YOU OR ANY OF YOUR LOVED ONES SUFFER FROM HAYFEVER?

  
CAN HELP

Louvolite has created a unique fabric treatment which will help relieve hayfever symptoms, it's called Pollergen™.

## HOW DOES POLLERGEN™ WORK?

Pollen, by its very nature is tacky and will stick to any surface it comes into contact with. Pollergen™ helps to increase this capture rate by the inclusion of a tackifier within the formula.

Once captured, the unique Pollergen™ formulation will denature up to 50% of the grass pollen - essentially it kills the active element rendering the affected pollen absolutely harmless to sufferers.

All Pollergen™ treated fabrics can be washed or wiped down as the active formulation continuously migrates to the surface of the fabric for continued protection.

So when selecting your new vertical blinds, make Pollergen™ your fabric choice.
