Amped Up ABOO-99A is the son of Axle, an impressive sire who was "2<sup>nd</sup> Place Elk Expo of 5 yr old 2013 competition with 48.72 lbs" velvet and a green antler score estimated at 545" in 2015. Amped Up is surpassing his sire Axle and has a very good disposition. He is an outstanding bull with tremendous width and symmetry, he shows great style and mass. Amped up will be used in the breeding program at Rusty Bucket so he can put this width into many outstanding hunt bulls in the years to come.

Caliber scored 406" on his head at two years old. He was a breeding machine at two as ultra sound confirmed his work in November. Semen collected by Dr. Martin Wenkoff. We are excited as Caliber is a nice out cross for our herd and it is a pleasure to have a walking bull looking too measure up to Good Old Prospect. We look forward to watching the Caliber cross Prospect offspring as they grow. His Sire Longitude won both Typical and Non-Typical back to back at Alberta EXPO with an official score of 498 2/8" and was 507" on his head. Caliber's DAM is a son of Cobra who scored 517" at 6 years of age. Cobra's son Levi, Scored 560" and is the sire of AGPE 430X which is Caliber's Dam. The Grand DAM is by Raisin Bread who was a 7x7 and had great style. On the sire's side, Longitude's sire is Raisin Bread and his dam is by Reed.

It has been a pleasure to have a back up bull like Presumptuous. His calves have great body size and antler production. Sons are velvetting in the top 1/3 of our herd. Not bad for back up offspring 2 to 3 weeks behind the rest of the pack. The biggest regret is that he did not see enough cows during his time on our ranch as he was shadowed by Prospect, and many AI sires we have been using. Presumptuous is getting grown out this year and may be marketed. He has improved our velvet weights and we have semen in the bank. \$200/straw collected and stored by Dr. Martin Wenkoff.

Prospect will always be one of our iconic foundation sires. His wide, reasonable typical frame, has produced many typical sons and a few hogs that are non-typical. Might have something to do with the Dam... Prospect has brought in width and added both Velvet weight and inches to the herd. He scored 568 4/8" on his head with his actual spread credit of 64", and 544 1/8" at EXPO with the calculated speed credit. A few Prospect straws will be released in Canada every year so watch for them or book your straws in advance. The only unrestricted semen sales are in the United States. Congratulations to the Foggy Bottom Boy's who brought in a 24lb Prospect son at the 2016 - National Elk Velvet & Hard Antler Showcase that placed 5th. Also take note that Prospect should get an honourable mention on Sandy Hill's 19.80 lb Bull as Prospect is on the Dam side. Sandy Hills Elk also produced a 469 2/8" five year old Prospect son which cut 55LBS at 6 years old. Have a look through the 2019 Bull book for a few of his up and coming sons we have an eye on. Contact Barry or Monte for semen sales

Scorpion cows are hard to come by these days and we where pleased to add Silver Bullets Mother to our herd. It's not often that Mark lets the good ones get away but we capitalized on the opportunity. Having Scorpion, Sultan and AS-TA 89F out of Acceleration.... Made for a great combination of genetics. The results speak for themselves with Silver Bullets production. Looking forward to more calves out of One of MSW Farms top cows.

**MSW Farms has a large event area.  
We rent space for music festivals,  
weddings, family reunions, horse  
trail rides, fitness retreats,  
association suppers and meetings or  
just a group camping trip. Book  
the space and plan your next event.  
4 cabins for rent, horse shoe pits, 2  
event tents, walking trails, riding  
trails, fishing in the river, farm  
tours of all the animals .....**
