Custom Orthotics

Designed to maintain proper alignment in the joints of the foot. Can also provide the necessary support to the structures of the foot.

Orthotics realign the foot, distribute body weight evenly and provide cushioning. This may be helpful in the effective treatment of the low back, hip, knee or foot pain.

COMPRESSION STOCKINGS

- ☒ Tired, Achy Legs
- ☒ Prolonged Standing
- ☒ Swollen Feet & Ankles
- ☒ Prolonged Sitting
- ☒ Spider/Varicose Veins

Medically graded compression stockings aid in the prevention of venous ulcers, edema and treat the symptoms of varicose veins.

We carry a full line of medically graded compression stockings, including off the shelf, sport and travel lines.
