His performance was anointed by the Spirit of God. I liked that the songs were easy to sing along to. I liked spirit of humility of how Robbie delivered the songs and testimonies. Robbie is easy to communicate with. His attitude is to glorify Christ in all He does. He is very transparent in his life as a Christian. I highly recommend Robbie. Robbie was invited to perform at our Grand Opening of Sanctuary for LifeSpring AG. From start to finish Robbie was sensitive to what was happening in the service. He supported the ministry with outstanding music and humble attitude. The people loved the variety of styles and have been asking for him to return soon. So we set up a full concert in next month. Robbie has performed for us for approximately 15 years. I have had Robbie minister in my church services many times, including special events and he has always done a fabulous job! I love working with Robbie because he is so amenable and sensitive to the type of occasions he is asked to sing at. He is easy to work with and very professional in his approach to ministry and is led by the Holy Spirit....Robbie's music is of professional quality. It can be calm and meditative and also high energy, moving and very spiritual. He has a wide range of genres including classical Christian Hymns and contemporary praise choruses. Robbie is easy to work with, kind sensitive and a good friend. He can definitely sing 1 or 2 songs in a situation, or can easily carry a worship service. He can be very high energy, exciting and can be very moving as well as quiet and reflective. I have recommended Robbie many times to my pastor friends and those who have used him all give him a "thumbs up".

I am Music Minister and plan all the music for our weekly services. Robbie's vocal and professional skills are excellent, thus I have invited him to sing as often as possible. His presentations of sacred repertoire, both classical and contemporary, are very pleasing to the congregation. He adds a unique interpretation to Spirituals. He is creative in arranging standard Protestant hymns so that they become "special" music pieces! His enunciation is outstanding. His appearance and attire are always immaculate and suitable for the service. He understands sacred music and the importance of glorifying God through music. He helps, or coaches, me as a piano accompanist in bringing out my best arrangements. He is accommodating and flexible, and willing to take suggestions so that particular songs can compliment the worship theme. He is able to prepare a song(s) with short notice. I definitely recommend him and have done so previously. *Elaine Westerhout, Music Director, Seventh Day Adventist Church*

What can be said about Robbie Britt? There are not enough words to describe... But from an external examination it is not hard to see the handsome, extremely talented man that He is. From the high intensity smile to the deep soothing voice he is a man that is easy to be comfortable with. But, the highest quality Robbie has in his inventory is the knowledge of who he is. In the truest sense of the word, Robbie's identity is in Jesus Christ. Within a short amount of time of meeting Robbie his spirit stands as evidence of the power and Spirit of God that dwells with in him...As a serious believer he is a great example, but it is when you have the opportunity to experience the gift of leadership in the area of praise and worship that you will see his unique obedience to the calling of God in his life. Robbie avails himself to the leadership of the body. He hears the heart of the pastor regarding the focus and direction of the body of believers. He keeps his finger on the pulse of the body and guides and directs them to enter the throne room of Jehovah through praise and worship. He walks his fellow believers through merging into oneness with God during a time of praise and worship. What can I say about Robbie Britt? He is my brother; I am one with him because he is one with God. Being one with God he is a great example of a believer and I am a better man for it. Whether it is man, believer, brother or friend Robbie is tops.... *Pastor Steve, Refuge Church, Loma Linda, CA*

Robbie performed at our Church for Thanksgiving Dinner. What I liked is how Robbie connects with the audience immediately. He establishes from the start a rapport with each person individually that is sustained throughout the performances. Robbie delivers exactly what you ask for. I suggested Hillsong tunes and these were forthcoming to everyone's delight. I would happily and without reservation recommend him to others. *Dr. Ronald Vandermeij, Bethany Bible Presbyterian Church*

Robbie's music is inspirational, uplifting and encouraging. I would recommend him to others in a heartbeat. Robbie's performance has always been very professional. He always gives his best and is always willing to learn new songs.

Robbie is a team player. He has an amazing solo voice, but also he can blend with any singing group. Robbie is fun loving and easy going. He enjoys life and loves the Lord with all his heart. His desire is to serve the Lord in all that he does.

In a spiritual and worship setting, Robbie's gift is to bring the Spirit to the audience through his voice and presence, providing a transformative experience. He creates and holds a powerful space for praise and worship of the Lord. To hear Robbie sing a gospel song or hymn is to be touched by Grace. *Nicole Ashley, IMFT, MA Counseling Psychology, JD*
