To Whom It May Concern:
Margaret Eagers, ME Research Solutions

Dear Sir/Madam

It gives me great pleasure to write a referee's report for Margaret Eagers. In May 2007, I was the Chair of the 30th Annual Conference of the Australian Society for the Study of Brain Impairment (ASSBI) in Brisbane and Margaret was the organizer of the conference. She and I worked closely in planning and running the conference. I have found her to be a very efficient and meticulous organizer who possesses good social and communication skills. In addition, she can work under pressure and deal with a number of tasks at one time. I have no hesitation in recommending her as a conference organizer.

Yours sincerely
