Stimulated interest in learning.

She was very excited about the material, which made learning more fun.

Placed my interest in the subject of economic affairs, stimulating me to be more involved in local, national + global affairs.

I was relaxed, focused and at ease.

She has an amazing personality as well as a great way of explaining material

She is very energetic person so it help with the lecture.

Yes, I am more of a liberal in regard to economic; but after this class I lost sense of direction.

Jill's enthusiasm made me excited about economics - not an easy task!

I was not good at economics and with Jill's dedication towards the subject was innovative and I learned a lot

Jill has an amazing energy and her interest in the subject as well as her awesome ability to explain it and apply it to real world situations was wonderful. I learned more in 8 weeks with her than 2 quarters of undergrad Econ in college.

Lectures were given with enthusiasm which kept me engaged in the 4th course

WHAT ASPECTS OF THIS INSTRUCTOR'S TEACHING WERE MOST IMPORTANT IN HELPING YOU LEARN?

Her integration of G.I.S. software as part of the instruction!
That was awesome! What a powerful tool!

I liked the explanations that went along with the graphs rather than the graphs themselves - especially in the macro

Her passion for economics encouraged us to learn!!!
