ABOUT THE PROGRAM . . .

TUMBLEBUS is a specialized recreational gymnastic program developed for children of all skill levels. Our goal is to bring fitness to your children for their proper physical and motor development. TUMBLEBUS makes fitness fun!

TUMBLEBUS is brought to your child's school on wheels. (We do not transport your children). A full sized school bus has been refurbished into a safe, fun gymnasium in which the children have their classes. Our program offers every area (plus more) of gymnastics and tumbling in mini form. The bus is equipped with bars, beam, vault, trampoline, ropes, rings, climbing apparatus and more.

With today's busy lifestyle we have found that parents aren't always able to find the time to do all they want for their children. By bringing TUMBLEBUS to your school, we give each child the opportunity to participate in an excellent fitness program which doesn't infringe on the family's valuable private evening hours.

TUMBLEBUS is also available to your for Birthdays and Special Event Parties.
