

Our Mission

To improve the lives of veterans and surviving spouses by obtaining the Pension with Aid & Attendance benefit and managing the home care that allows them to live independently.

As owner of Veterans Care Coordination™, I am honored to be an advocate for Veterans and their surviving spouses in memory of my late grandfather, Norbert Laramie. He served our country during WWII, and was a Veteran who could have benefitted from this program if he or his children had only known it existed.

My passion for assisting seniors began when I was in college. Through my experience in working with seniors and their families, I have realized seniors want to maintain their independence in the comfort of their own homes.

It is my mission to educate families about this little known VA benefit. Our company has assisted thousands and we look forward to helping you.

for Veterans and Surviving Spouses

Peace of Mind

Veterans Care Coordination's staff are experts at understanding and helping you obtain the Pension with Aid & Attendance benefit.

Our 4 Steps for assisting Veterans and surviving spouses with the Pension with Aid & Attendance Benefit **help to simplify the process and get your care started as soon as possible.**

1 Screen

Our experts will save you time by assisting you with understanding the eligibility criteria needed to support your application process.

2 Apply

We simplify the application process by helping to gather original military paperwork and any necessary supporting documentation. We review the completed documentation prior to your submittal to the VA.

3 Care

The timing and establishment of home care can be a critical component of the process. We help to ensure care is in place and active as soon as it needs to be.

4 Approve

We continue to monitor the status of your claim and the establishment and quality of care while the approval process is pending.

We will remove the frustration and worry by serving you with the same honor and integrity with which you served our country.
