When completed, photo and email or mail it to the address for your Local Member and the Senators. OVERLEAF.

RE: Objection to the Reproductive Health Care Reform Bill 2019

Act Compassionately to:

- **Free our medical profession & women** from the mind-numbing, soul-destroying, heart-hardening chore of terminating the lives of 60,000 unborn Australian babies per year. (a)
- **Encourage sexual responsibility** towards each other by inspiring all our young men to be who they are meant to be-- mature, selfless husbands, fathers, & protectors. And hearten our young women in their brave, selfless acts of bearing and nurturing the Nation's children in relationships that mature through life, to gain the greatest and most rewarding **gift of a son or daughter** of their very own.
- **Relieve those trying to hide** their guilt, shame, grief or anger by deceptively naming abortion as "reproductive health" & permission as "decriminalisation" to justify laws permitting murder. Or their arrogance by manipulating populations through fear.(b)
- **Stop the inequality** of life for some babies and death for others. And **relieve thousands of desperate couples** from the grief, anger, and frustration of the lack of Australian babies to adopt, because of these laws & stifling adoption laws.
- **Rightfully allow the precious hearts** of all our children to beat for their natural lifetime, just **like yours & mine do.** Admit past wrongs & provide **compassionate care for silently grieving mothers.**

BECAUSE: "Whenever you did one of these things to someone overlooked or ignored, that was me—you did it to me." Said Jesus in Matt. 25-40

ENCOURAGE RELIEF TO ALL in their acceptance of Jesus request to God "Father, forgive them; they don't know what they're doing." (Luke 23:34) as the arrogant, angry, guilty, fearful crowd murdered him.

By stopping laws that permit abortion except for well listed extreme circumstances. And initiate a Royal Commission into all laws affecting families.

I am serious enough about this issue to change my voting habits in the next election.

Yours Faithfully,

..... (Print name) (Print suburb)

Since 1969, 3 million abortions produced a loss of about 4 mil. of our Aust. relatives when State laws encouraged it.

(a) We don't have these Aussies and their children to play, argue & share with. 4 mil. represents 38 times all Aust.

Soldiers killed in all wars (c) & 15% of Aust. Pop. reaching the official replacement level fertility rate of 2.1 approx.(d)
