Once the grant cycle has closed you will receive a concise overview of each funding request to review and then cast a vote by rating them in numerical order.

All businesses who join The Collective will receive acknowledgement through our Facebook and page, website and our pre and post grant cycle advertising. The Change Collective is not a 501c3 and does not receive any funds directly. All funds are received through NACET which is a 501c3,

in which NACET will distribute all donation receipts and the grant funds to qualified 501c3 organizations after the grant cycle. The Change Collective is completely volunteer operated and all business expenses are covered by the founder or donated, so 100% of all business pledges go directly to the non-profit organizations.

I understand by choosing to become a member of The Change Collective I am committing to making a donation in the amount selected above. I understand that these funds will be distributed to qualified 501c3 non-profits serving Northern Arizona. As a member of TCC I commit to donating on schedule and I will make every effort to send my donation in a timely manner. Also, I acknowledged that this commitment is for one year from the date signed below and that at any time I may contact TCC to adjust my donation level if needed.
