CareSuite®
By QuickMAR®

CareSuite revolutionizes resident care, safety and staff efficiency through a simple & reliable EHR software for Senior Living and other LTC facilities, such as Group Homes, Rehab Hospitals, & Correctional Facilities - all while dynamically linking them with their LTC pharmacy. More LTC pharmacies provide CareSuite by QuickMAR than any other eMAR (see chart on reverse). Today, the QuickMAR eMAR uniquely forms a rock-solid foundation of QuickMAR's complete EHR for Senior Living, called Caresuite.
