The Board would like to wish everyone a Happy Easter! We made it through another winter and spring is now here. As you see the Crew cleaning up the Park and getting ready for summer, please help them out if you have time.

I know I have mentioned this in the past, but if you would please park your vehicles on your allotment only and not on the side of the road, it would be greatly appreciated. If there are vehicles that will not fit on your allotment, then additional parking is available at the office or picnic grounds. I am reminding everyone of this again because I have noticed, on several occasions, cars parked in such a way that would not allow emergency vehicles to pass if needed. I understand that parking farther away is not convenient, but please understand that it is for the safety of our members and guests.

This is everyone's Park and I am available for Members questions, concerns, or comments. Feel free to email me at klikins@icloud.com and I will get back to you as soon as I can.

Faternally,

Kurt Likins

President PPMC 2018

CFO/Treasurer's Report

It's TADS time, once again!! I'll have a list of outstanding accounts next week, and will be contacting any Member who hasn't paid their TADS—if you are unable to make your payment, please reach out to the Board ASAP to set up a payment plan.

As of the last Board meeting, the outstanding A/R amount was **\$65,951.40**—up approximately \$3,400 from the previous month due to some accounts that hit the 90-day threshold.

The Budget Committee has completed the proposed 2018/2019 budget and it's been submitted to the Board. After 20+ years of no Assessment increases, it's become clear that the Corporation can't continue to "do more with less" - the costs of operating the Park rise every year (ie, insurance premiums, fuel, electric, water, etc.) but the assessments that cover those expenses has remained stagnant for far too long. Please join us at the April Open Session to discuss this issue with your fellow Members and the Board!

HAPPY SPRING!

A designated smoking area for the Social Hall has been set up across the street next to the stairs going down to the parking area. A smoking area had also been designated at the Picnic Grounds and is located by the parking area behind the stage. Please only use these areas to smoke in.

Happy Spring!!

Open Forum

Member Bob Morgan discussing the status of the Park Men's Club. His understanding that it is not defunct but is inactive. The club has a private checkbook/bank account as well as the Almoner's fund. Bob questioning where the fund are to go?

Is there interest in reactivating the Men's Club? Mark Zevanove answering that the Club is basically defunct.

Board Member Bruce still in favor of the Men's Club and reporting that everything can be checked with regard to number's and monies. All handled by the Park Bookkeeper. President Kurt adding that he can handle an audit of the club funds. Also suggesting that the funds be frozen until the Men's Club status is known. Question for Membership -If there is no longer a Men's' Club where do the funds go? All funds should go to the Almoner's Fund. End of discussion.

Member John Mancini noting in the executive minutes read at this Board meeting there was a denial of Membership and the reason given was because the vote was not unanimous. Member noting that it takes a unanimous vote to be accepted as a member but a majority vote for denial or termination. Concerned about process.

Member Sharon Simas asking the Board about the Petitions written by the Bylaws Committee. Asking Board if changes will be done prior to the Election/Annual Meeting.

Extensive discussion and debate on non-profits vs. Not for profit and how PPMC fits. Sharon Simas provided information concerning a portion of the California Civil Code and how she feels it might affect PPMC. Bob Morgan adding to the discussion/debate with his own opinion. The Board President ended the debate as a result of the back and forth on the subject.

Member Lee Heathorn encouraging the Board to put the petition on the Ballot. The Bylaws committee worked very hard to produce.

Sharon Simas asking as a non-profit are we obligated to follow California Civil Code? Encouraging the Board to ask and answer this very important question.

President Kurt has more issues than wording. Does not want Board of Directors at risk. He, Kurt, would prefer to get rid of the 2 petitions and work next year to correct. Let the Membership decide the course of action.

Question from the membership regarding the Easton Report and the Hillside issues. Steve reporting that Easton is known to take a very long time in returning the information/reports. No one is hiding any information, we just haven't gotten it yet.

Member asking for Profits and loss statement to be included in the next bulletin.

Annual Meeting will be Saturday July 7th this year.

End of Open Forum.
