## *Your satisfaction is our top priority.*

Our service is all about you: your home, your needs, your priorities. We specialize in kitchens, bathrooms, floors and dusting and on every cleaning, we'll make sure that those areas shine. The rest of your service is up to you. We are happy to accommodate.

## *See what we can do for you:*

We are very flexible. Rather than hiring us to provide a particular service, we make it easy for you to purchase blocks of time that we use to complete whatever task is on your household "to do" list.

You can start by purchasing blocks of time. That way, you customize the exact cost of our services and the amount of work that we are able to perform for you. You choose the tasks that you want us to do and can select daily, weekly, bi-weekly, monthly or annual service- whichever fits your schedule or budget best.

Our concierge and personal assistant services require a one-hour minimum appointment. First time house cleaning can take between 5-8 hours. General maintenance cleaning usually only requires 3 hours. We also offer "extreme" or deep cleaning services. Check out our website for a complete listing of our extensive services.

We bring absolutely no toxic chemicals into your home. We use superior, environmentally-friendly cleaning supplies and equipment. Our non-toxic, biodegradable cleaners smell great and are gentle...yet effective!

Good for you...  
good for your family and pets...  
good for the earth!

We are licensed & insured too!

We think everyone deserves  
a treat now and then;  
so give yourself the gift  
of a naturally clean,  
healthy & sparkling home!
