Management's Responsibility

The municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management are required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Council is composed of elected officials who are not employees of the municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by the management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the Municipality's external auditors.

Cogent Chartered Professional Accountants LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and administration to discuss their audit findings.

Ms. Sentura Freitag, Administrator

Mr. Howard Sloan, Reeve

Alameda, SK

INDEPENDENT AUDITOR'S REPORT

To the Council of R.M. of Moose Creek No. 33

Opinion

We have audited the financial statements of the R.M. of Moose Creek No. 33 (the Municipality), which comprise the statement of financial position as at December 31, 2018, and the statements of operations and accumulated surplus and cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Municipality as at December 31, 2018, and the results of its operations and its cash flow for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.

(continues)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. **Significant accounting policies**

The financial statements of the municipality are prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies are as follows:

Basis of accounting: The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

(a) **Reporting Entity:**

The financial statements consolidates the assets, liabilities and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources.

(b) **Collection of funds for other authorities:**

Collection of funds by the municipality for the school board, municipal hail and conservation and development authorities are collected and remitted in accordance with relevant legislation.

(c) **Government Transfers:**

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occurred, as long as:

- a) the transfers are authorized
- b) any eligibility criteria have been met; and
- c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received but not earned will be recorded as deferred revenue. Earned government transfer amounts not received will be recorded as an amount receivable.

(d) **Deferred Revenue - Fees and Charges:**

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

(e) **Local Improvement Charges:**

Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.

(f) **Net Financial Assets:**

Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.

(g) **Non-financial assets:**

Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.

(h) **Appropriated Reserves:**

Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.

(continues)

Notes to Financial Statements

For the Year Ended December 31, 2018

1. Significant accounting policies (continued)

(i) **Property Tax Revenue:**

Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council following the guidance of the Government of Saskatchewan. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.

(j) **Investments:**

Portfolio investments are valued at the lower of cost, less any provisions for other than temporary impairment. Investments with terms longer than one year have been classified as other long-term investments concurrent with the nature of the investment. The long term investments in the Saskatchewan Association of Rural Municipalities - Self insurance fund are accounted for on the equity basis. Alameda Co-operative Association Ltd, and Radius Credit union term deposits are recorded at amortized cost and all other investment are recorded at cost.

(k) **Inventories:**

Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.

(l) **Tangible Capital Assets:**

All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

<u>Asset</u>	<u>Useful Life</u>
General Assets	
Land	Indefinite
Land Improvements	15 Years
Buildings	40 Years
Vehicles & Equipment	
Vehicles	10 Years
Machinery and Equipment	10 Years
Infrastructure Assets	
Infrastructure Assets	
Water and Sewer	40 Years
Road Network Assets	15 to 40 Years

Government contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art: Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

Capitalization of Interest: The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the financial statement as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital lease and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight-line basis, over their estimated useful lives (lease term). Any other lease not meeting the before mentioned criteria is classified as a operating lease and rental payments are expensed as incurred.

(continues)

1. **Significant accounting policies** (continued)

(m) **Landfill liability:**

The municipality does not maintain a waste disposal site.

(n) **Trust Funds:**

Funds held in trust for others, under a trust agreement or statute, are not included in the financial statements as they are not controlled by the municipality.

(o) **Employee benefit plans:**

Contributions to the municipality's defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.

(p) **Liability for Contaminated Sites:**

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:

- a) an environmental standard exists;
- b) contamination exceeds the environmental standard;
- c) The municipality:
 - i. is directly responsible; or
 - ii. accepts responsibility;
- d) it is expected that future economic benefits will be given up; and
- e) a reasonable estimate of the amount can be made.

(q) **Measurement Uncertainty:**

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality. The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available. Amortization is based on the estimated useful lives of tangible capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

(r) **Basis of segmentation/Segment report:**

The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: Provides for the administration of the municipality.

Protective Services: Comprised of expenses for Police and Fire protection.

Transportation Services: Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: Provides for neighbourhood development and sustainability.

Recreation and Culture: Provides for community services through the provision of recreation and leisure services.

Utility Services: Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

(continues)

1. Significant accounting policies (continued)

(s) **Budget Information**

Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on April 18, 2018.

(t) **New Accounting Standards**

Effective January 1, 2018, the municipality adopted the following Canadian public sector accounting standards. The description of these changes and their impact on the financial statements is summarized:

PS 2200 Related Party Disclosures defines a related party and establishes disclosures required for related party transactions. Disclosure of information about related party transactions and the relationship underlying them is required when they have occurred at a value different from that which would have been arrived at if the parties were unrelated, and they have, or could have, a material financial effect on the financial statements.

The adoption of this standard has not resulted in any disclosure change.

PS 3210 Assets provides additional guidance for applying the definition of assets and establishing disclosure requirements for assets. Disclosure about the major categories of assets that are not recognized is required. When an asset is not recognized because a reasonable estimate cannot be made, the reason(s) for this should be disclosed. The adoption of this standard has no impact on the financial statements.

PS 3320 Contingent Assets defines and establishes disclosure standards on the reporting and disclosure of possible assets that may arise from existing conditions or situations involving uncertainty. Disclosure is required when the occurrence of the confirming future event is likely.

The municipality does not have any reportable contingent assets.

PS 3380 Contractual Rights defines and establishes disclosure standards on contractual rights. Contractual rights are rights to economic resources arising from contracts or agreements that will result in both an asset and revenue in the future.

The municipality does not have any reportable contractual rights.

PS 3420 Inter-Entity Transactions establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective.

This standard has no impact on the financial statements.

2. Cash and Temporary Investments

	<u>2018</u>	<u>2017</u>
Cash and Temporary Investments	\$ 4,196,910	\$ 4,673,182

Cash and temporary investments include balances with banks, term deposits, marketable securities and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Notes to Financial Statements

For the Year Ended December 31, 2018

3. Taxes Receivable - Municipal

	2018	2017
<u>Municipal</u>		
Municipal - current	\$ 46,505	\$ 51,437
Municipal - arrears	23,830	21,849
	70,335	73,286
Less - allowance for uncollectibles	-	-
Total municipal taxes receivable	70,335	73,286
<u>School</u>		
School - current	22,441	23,140
School - arrears	11,584	10,320
Total school taxes receivable	34,025	33,460
Municipal - other	28,914	51,531
Total taxes and grants in lieu receivable	133,274	158,277
Deduct taxes receivable to be collected on behalf of other organizations	(62,939)	(84,991)
Total Taxes Receivable - Municipal	\$ 70,335	\$ 73,286

4. Other Accounts Receivable

	2018	2017
Federal government	\$ 118,959	\$ 64,685
Provincial government	31,841	31,991
Local government	1,106	368
Utility	-	-
Trade	30,226	23,506
Other	36	32
Total Other Accounts Receivable	182,168	120,582
Less: allowance for uncollectibles	-	-
Net Other Accounts Receivable	\$ 182,168	\$ 120,582

5. Long-Term Investment

	2018	2017
Sask. Assoc. of Rural Municipalities - Self Insurance Fund	\$ 35,487	\$ 32,076
Alameda Co-operative Association Ltd.	34,358	34,298
Redcoat Waste share	15,944	15,944
Prairie Pride Credit Union term deposit	4,680,675	4,584,403
Total Long-Term Investments	\$ 4,766,464	\$ 4,666,721

The long term investments in the Saskatchewan Association of Rural Municipalities - Self Insurance Fund are accounted for on the equity basis.

Alameda Co-operative Association Ltd. member equity is recorded at amortized cost, which is equivalent to fair market value.

Prairie Pride Credit Union term deposits are accounted for using amortized cost and consist of a guaranteed investment certificate bearing interest at 2.1% per annum. The term deposit matures on February 9, 2022.

All other investments are recorded at cost.

6. Long-term Debt

The debt limit of the municipality is \$3,091,416 (2017 - \$2,992,005). The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (The Municipalities Act Section 161(1)).

7. Contingent Liabilities

The municipality is contingently liable under terms of the Saskatchewan Association of Rural Municipalities Self-Insurance Plan for its proportionate share of claims and future claims in excess of the Plan's reserve fund.

8. Pension Plan

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan under which both the municipality and employees make contributions of 8.15% (2017 - 8.15%). The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality pension expense in 2018 was \$ 44,099 (2017 - 42,936). The benefits accrued to the municipality's employees from MEPP are calculated using the following: pensionable years of service, highest average salary, and the plan accrual rate.

9. Comparative Figures

Certain prior year comparative figures may have been restated to conform to the current year's presentation.

R.M. OF MOOSE CREEK NO. 33
